THE ELECTION.

Tuesday, August 1st, the day of the municipal election, was a beautiful day, bright and clear, but not uncomfortably warm, and with not wind enough to make a dust.

The democrats in the morning expressed confidence of electing their candidate for mayor, and thought they had a good fighting chance to carry the city councils, through carrying ward one. This ward was where the fight of the day was made, the politicians and ward workers of both parties congregating there in force. There were rumors of a democratic split in ward four, where the nomination of Mr. Benj. Atwell for alderman caused some discontent, but the returns show that it did not amount to much.

The first official elected was a moderator for the day, in ward two, there being a vacancy in that office in that ward, occasioned by the removal from the city of Mr. Plumer D. Norton. Charles E. Batchelder, Esq., was unanimously elected. Mr. Batchelder was also a candidate on the republican ticket to fill the remainder of the term for which Mr. Norton was chosen, and was elected as a matter of course.

There was but little excitement apparent during the day, no great amount of drunkenness, and no serious disturbances. The result of the day's voting is that the next city government will be composed of a democratic mayor, with the councils divided as last year—six republicans to three democrats in the board of aldermen, and twelve republicans to six democrats in the common council.

So far as the mayor is concerned, our democratic brethren won a victory; but their ante-election discussions as to who should be the democratic city marshal, street commissioner, and keeper of the almshouse, were evidently premature.

The total vote of the city, for mayor, was 1745, two less than in 1881. The greenback vote fell off nine, and the republican vote ninety-five, while the democratic vote increased 102.

Two of the newly elected aldermen, Messrs. Anderson and Hackett, have filled the office of president of the common council, and consequently have had experience in city business.

On all the ballots of both parties, excepting the democratic ballots in ward four, was printed a question as to whether it is "expedient for the city government to abate the nuisance" arising from the ponds, etc., the printed answer being "Yes." The yeas on that question had a decided majority, the total vote being—yes 1585, no 13.

About half-past nine o'clock some of the faithful and unterrified got the drum corps, and proceeded to the residence of the successful candidate for mayor on a visit of congratulation.

We desire to express our thanks to Messrs. James A. N. Rugg, Samuel H. Kingsbury, Fred H. Akerman and William S. Hazel, the ward clerks, for their courtesy in promptly forwarding to us the returns of their respective wards.

DEATH OF C. WESLEY RAND.

Mr. C. Wesley Rand died at his residence on Wentworth street, Monday evening, in the 39th year of his age. Mr. Rand was a worthy and respected citizen, and well known in the community; he was once a member of the police force, performing the duties efficiently though quietly, and has since been in the grocery and provision business. He has been in failing health for several years, and his mind became so affected that some months ago he was compelled to give up business. He was a member of Strawberry Bank Encampment and New Hampshire Lodge of Odd Fellows, and of the Strafford County Relief Association. He leaves a wife and three daughters, and many friends, to mourn his early death.

HOW THE BUOY SOUNDS.

A gentleman named Martin, living at the south end, was awakened at an early hour on Tuesday morning by a sound as of some person in great distress emitting most agonized and agonizing groans, the noise appearing to come from some place close to the house. Hastily arraying himself in a light and picturesque costume of coat and slippers, and lighting a lantern, he sallied forth on charitable deeds intent, but a thorough search of the premises failed to disclose anybody toward whom he could act the good Samaritan, and he again retired. Soon the mournful sounds were repeated, "nearer, clearer, deadlier than before," and after arousing the entire household, and all hands listening attentively, it was decided that the wailing notes came from the direction of Whalesback, and were no doubt caused by the newly located automatic buoy at Kitt's rock.

Another gentleman, living on one of the streets running from Pleasant street to the south pond, was aroused by the noise, and having armed himself with the bootjack and the flower-pot containing his wife's favorite geranium, cautiously opened the front window to begin war on the cats that were fighting underneath; but on opening the window the sound was found to come from a distance, and its true source was soon surmised.

Rev. C. T. Hutchins, of Melrose, Mass., will officiate in the Episcopal church next Sunday.

Gen. George L. Andrews, professor of languages at the United States military academy at West Point, is at the Oceanic.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

The verdict of the coronor's jury, at Biddeford, in the case of Philibert Cormier, who was killed there June 30th by a train on the Boston & Maine railroad, was rendered Monday. It finds that he came to his death by reason of his own negligence, combined with that of the engineer and fireman; that the train was running at too great a speed when approaching the city; that the whistle was sounded when the train was one hundred feet distant from the deceased; that the brakes were not applied till within ten feet of him, and that not till then did he attempt to get off the track; and censures the parties in charge of the engine for not applying the brakes sooner.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clear and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

SULPHUR BITTERS

Why suffer with Boils, Worms and Dyspepsia? Why suffer with Indigestion and Nervousness? Why languish and lose on that terrible Headache? Why have a Cough or Cold fasten upon your lungs? What makes you so nervous? Your nerves are all unstrung and need a good tonic to assist them to regain their tone. Your appetite is poor, your food does you no good, you have no relish for it. Your bowels are costive, and you feel as if you had a dose of poison in your system. Your blood is impure, your liver torpid, your whole system is out of order, and you need a tonic to regulate and invigorate the system. Nothing will do you so much good as a dose of Sulphur Bitters. Sulphur Bitters is a sure cure for all these troubles, and will do you more good than any other medicine you can take. Sulphur Bitters is a tonic, and will tone up the system when other tonics fail to do so. Sulphur Bitters is a mild cathartic, and will not gripe like other cathartics. Sulphur Bitters will cure Dyspepsia, Indigestion, Biliousness, Nervous Debility, Kidney Complaints, Rheumatism, Neuralgia, Boils, Blotches, Eruptions, Worms, Jaundice, Ague, Fever and Ague, Female Complaints, Nervous Prostration, Sick Headache, Constipation, Costiveness, Piles, Loss of Appetite, Loss of Sleep, Cough, Asthma, Bronchitis, Consumption, Liver Complaint, Dropsy, Erysipelas, Scrofula, Blood Poisons, Mercurial Diseases, Fever and Ague, Female Weakness, Sick Headache, Nervous Prostration

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Chandler on Hall.

It has been semi-officially announced that Hon. Joshua G. Hall, of Dover, representative in Congress from the first district, will not be a candidate for renomination. Mr. Hall is now in his second term. He has proved himself a faithful and useful member of the lower house of Congress, and his votes have always been cast on the right side. He has not sought conspicuity by joining in debate upon all occasions, or by printing long speeches in the *Record*, but he has been diligent in attending to the wants of his constituents and courteous at all times. His record is a good one, and he will return to private life with the respect and good wishes of the people of his district, irrespective of party.—*Concord Monitor.*

There are some constituents who are interested in the manufacture of knit-goods, and the maintenance of navy yards, who would have increased their respect and good wishes for Mr. Hall had he remained at Washington and added by his diligence in attending to their wants such aid as he could render, instead of leaving Congress at an important juncture to seek the comforts of home while others remained to fight his battles.

Veto Message.

The President's Objections to the River and Harbor Bill.

President Arthur on the 1st inst. returned to the house the river and harbor bill without his approval, giving his reasons for withholding his signature as follows:

To the House of Representatives:

Having watched with much interest the progress of House bill No. 6242, entitled "an act making appropriations for the construction, repair and preservation of certain works on rivers and harbors, and for other purposes," and having, since it was received, carefully examined it, after mature consideration I am constrained to return it herewith to the House of Representatives, in which it originated, without my signature and with my objections to its passage.

Many of the appropriations in the bill are clearly for the general welfare and most beneficent in their character. Two of the objects for which provision is made were by me considered so important that I felt it my duty to direct to them the attention of Congress: In my annual message in December last I urged the vital importance of legislation for the reclamation of the marshes and for the establishment of the harbor lines along the Potomac front. In April last, by special message, I recommended an appropriation for the improvement of the Mississippi river. It is not necessary that I say that when my signature would make the bill appropriating for these and other valuable national objects a law, it is with great reluctance and only under a sense of duty that I withhold it.

My principal objection to the bill is that it contains appropriations for purposes not for the common defense or general welfare and which do not promote commerce among the states. These provisions on the contrary, are entirely for the benefit of the particular localities in which it is proposed to make the improvements. I regard such appropriation of the public money as beyond the powers given by the Constitution to Congress and the President. I feel the more bound to withhold my signature from the bill because of the peculiar evils which manifestly result from this infraction of the Constitution. Appropriations of this nature to be devoted purely to local objects tend to an increase in number and in amount. As the citizens of one state find that money, to raise which they in common with the whole country are taxed, is to be expended for local improvements in another state, they demand similar benefits for themselves, and it is not unnatural that they should seek to indemnify themselves for such use of the public funds by securing appropriations for similar improvements in their own neighborhood. Thus, as the bill becomes more objectionable, it secures more support. This result is invariable, and necessarily follows a neglect to observe the constitutional limitations imposed upon the law-making power.

The appropriations for river and harbor improvements have, under the influences to which I have alluded, increased year by year out of proportion to the progress of the country, great as that has been. In 1870 the aggregate appropriation was $5,975,960; in 1875, $6,648,517; in 1880, $8,976,500, and in 1881, $11,451,200, while by the present act there is appropriated $18,743,875.

While feeling every disposition to leave to the legislature the responsibility of determining what amount should be appropriated for the purposes of the bill, so long as the appropriations are confined to objects indicated by the grant of powers, I cannot escape the conclusion that, as a part of the law-making power of the Government, the duty devolves upon me to withold my signature from the bill, containing appropriations which, in my opinion, greatly exceed in amount the needs of the country for the present fiscal year. It being the usage to provide money for these purposes by annual appropriation bills, the President is in effect directed to expend so large an amount of money within so brief a period that the expenditure cannot be made economically and advantageously.

The extravagant expenditure of public money is an evil not to be measured by the value of that money to the people who are taxed for it; they sustain a greater injury in the demoralizing effect produced upon those who are intrusted with official duty through all the ramifications of the government.

These objections could be removed and every constitutional purpose readily obtained should Congress enact that one-half only of the aggregate amount provided for in the bill be appropriated for expenditure during the fiscal year, and that the sum so appropriated be expended only for such objects named in the bill as the Secretary of War, under the direction of the President, shall determine, provided that in no case shall the expenditure for any one purpose exceed the sum now designated by the bill for that purpose.

I feel authorized to make this suggestion because of the duty imposed upon the President by the Constitution to recommend to the consideration of Congress such measures as he shall judge necessary and expedient, and because it is my earnest desire that the public works which are in progress shall suffer no injury. Congress will also convene again in four months, when this whole subject will be open for their consideration.

(Signed) CHESTER A. ARTHUR.

Executive Mansion, Aug. 1, 1882.

On the 2d the house passed the steal over the president's veto, by a vote of 123 to 59; the senate took the same action, by a vote of 43 to 15.

Naval Affairs.

The Alliance, Yantic and Enterprise arrived at Boston on the 2d inst. A ship of war was seen aground below the harbor on the previous afternoon, but got off unaided.

The sloop-of-war Dale has been in collision with the ship Cornelius Grinnell, in New York harbor; the latter lost her jibboom and had her stem started, causing her to leak badly; the Dale had her bow stove and her foresail carried away.

Louis Taggart, of Ashland, Mass., hurt his thumb July 4th with a toy pistol, was taken sick on the 12th, and died Aug. 1st after twenty days' terrible agony.

Dr. Levi Wilson, the veterinary surgeon of Uxbridge, Mass., held in $100,000 in a civil suit for seduction and breach of promise, has been liberated, H. W. Farnam of Providence, R. I., becoming his surety in that sum. It is understood that the bondsman is secured by a transfer of real estate in Uxbridge.

There is much interest in Salem over the death of George K. Proctor, who was found dead in his cellar with a bullet hole in his head, and a pistol lying nearly thirty feet away. The authorities are investigating the matter.

The "Art Amateur" for August contains valuable articles on the artist Boughton, on painting photographs in oil, on pastel painting, on taste in furniture and in hanging pictures, on watering-place needle-work, and on a variety of other practical art topics. The editorials relate especially to the Hamilton sale, and to the American exhibit in the recent Paris Salon. There are two pages of interesting drawings by Maurice and Louis Leloir, two pages of historical examples of decorative design, and numerous fine illustrations of Chinese porcelain, rare furniture and curious shoes, besides some exquisite examples of the art of illumination. The usual decorative supplements include designs for a plaque, for screens, and for a full set of eighteen tiles for a fireplace facing. The success of this periodical is really a credit to America, such leading authorities abroad as the London Academy and L'Art of Paris having lately drawn special attention to it, and regretfully acknowledged that "neither England nor France possesses a popular art magazine so excellent in quality and so moderate in price." Terms, $4 per annum; single copies, thirty-five cents. Montague Marks, publisher, No. 23 Union square, New York city.

Or plain, or beautiful, the while,
No lady can afford to smile,
Unless her teeth are like the snow;
And if she fail in this,
And can't afford to smile or kiss
She must use SOZODONT, I trow.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&w1jan82

The undersigned certifies that he was the holder of one-fifth ticket No.20,440, which drew the Fifth Capital Prize of SIX THOUSAND DOLLARS, in the Ordinary Drawing, Class G, Tuesday, July 11th 1882, of the Louisiana State Lottery Company, the said ticket having cost the sum of one dollar, at office of L. F. Crosby' No. 325 Washington St. Boston, Mass., and that the amount was promptly paid in full on presentation of the ticket at the office of the Company at New Orleans.

16 and 18 Boylston Market, Boston Mass

Two eight-years-old Irish boys of Dover have been in the habit of milking a cow pastured on the banks of the Cocheco, and on the 31st ult. the owner of the animal caught them at it, and gave chase. The little hoodlums found their only chance of escape was by water, so throwing off all their clothing they took to the river, and swam to the other side, leaving their garments in possession of the pursuer, who by this time was so much mollified that he called them back, promising not to molest them; one of them returned and got his clothing, but the other ran home without a garment of any kind, and his entire suit being found on the river bank next morning caused considerable stir until the truth of the matter was made known.

Mrs. Margaret Sanderson, who made the flag for Fort McHenry which inspired Francis Scott Key to write "The Star Spangled Banner," died in New York on the 29th ult., at the age of eighty-five years. She was the relict of Col. Henry S. Sanderson. The flag which she made has remained in her possession ever since the bombardment, seventy years ago.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

PORTSMOUTH SAVINGS BANK.

The annual meeting of the Portsmouth Savings bank was held on Wednesday of this week.

The report of the treasurer, showing the financial condition of the corporation, was read and accepted; $76,598 is the present guarantee fund; the extra dividend amounts to $54,642; number of depositors, 8084.

John T. French, Andrew P. Preston, James W. Emery and Charles E. Batchelder were added to the members of the corporation.

James W. Emery was chosen trustee in place of John Stavers, deceased, who had served as trustee from 1863 up to the time of his death.

William H. Rollins, Esq., was unanimously re-elected president.

BOARD OF INSTRUCTION.

The regular meeting of the Board of Instruction was held on Wednesday evening, the 2d inst.; present, Mayor Sise, Mrs. Knight, Mrs. Wilson, and Messrs. Locke, Goodrich, Knight, Butler, Batchelder, Vaughan and Pender.

John Pender was chosen secretary for the ensuing year.

Mercer Goodrich was elected a member of the high school committee for three years.

The following committees were appointed:

On Salaries, O. M. Knight, Garrett and Vaughan.

Text Books, Mrs. Wilson, Pender and Vaughan.

Examination of Teachers, Gardner, Batchelder and Mrs. Knight.

Truancy, O. M. Knight, George and Butler.

Purchases, Locke, Gardner and O. M. Knight.

GRADE COMMITTEES.

Grammar, O. M. Knight, Gardner and Goodrich.

Intermediate, Batchelder, George and Mrs. Wilson.

Primary, Mrs. Knight, Pender and Locke.

Suburban, Butler, Garrett and Vaughan.

DISTRICT COMMITTEES.

Dist. 1, Locke, Mrs. Knight, George.

Dist. 2, Pender, Mrs. Wilson, Batchelder.

Dist. 3, Gardner, Butler, Goodrich.

The grammar grade committee reported it feasible to do away with the first division of the grammar school in district three, the scholars in the Haven school to be transferred to district two, and the details to be left with the chairmen of the districts; and it was so ordered.

R. H. Perkins, E. C. Stimson, and Misses Susan F. Drake, Harriet L. Hill and Irene O. Clark were re-elected teachers in the grammar grade.

Voted that the secretary be directed to employ John S. Montgomery as writing master for the ensuing school year, at a salary of $800.

FUNERAL NOTICE--I. O. O. F.

Members of New Hampshire Lodge, No, 17, I. O. O. F., are notified to meet at the hall this (Thursday) afternoon at two o'clock, to attend the funeral of our late brother Charles W. Rand.

THORTON BETTON, *Secy.*

Eastern railroad stock dropped from $48.50 to $45.50 per share at the brokers' board in Boston on Tuesday. The Boston *Journal* of that date says: "The fact that the Boston & Maine refuses the Eastern's terms is sufficient to account for this decline. As regards the terms offered the Eastern by the Boston & Maine, there is not the slighest likelihood that they will be accepted, since if they are accepted Eastern stock would not be worth much of anything for the next twenty years."

On Wednesday, August 9th, at ten o'clock in the forenoon, all the furniture, pictures, silver and plated ware, etc., in the former residence of the late Col. John L. Lawrence at Kittery Point, will be sold at public auction to the highest bidder, for cash, without reserve. See advertisement.

The young democracy of the south end had a bonfire on South street, near Langdon park, on the night of the 1st inst., in honor of the election of the democratic candidate for mayor.

A four-masted schooner, deep laden, apparently a collier, was anchored in the lower harbor on Wednesday, the 2d inst. She is the first vessel of that rig which ever entered this port.

Mr. William H. Preston on July 29th tendered his resignation of the position of clerk of the Portsmouth Shoe Factory, and it was accepted on the 1st inst. Mr. William Hyde, previously employed in the factory, takes Mr. Preston's place at the books. Mr. Hyde was formerly clerk for Mr. W. W. Whitcomb, president of the corporation, at Mechanic Falls, Me.

A party of six gentlemen from Brooklyn, N. Y., arrived at Badger's island on the 1st inst., for a stay of three weeks. One of the number is Mr. Heaton, formerly of this city and a musician in the Naval band.

Mr. Lemuel B. Caswell, of Smuttynose island, Isles of Shoals, came in on the 1st inst., and reported the Appledore and Oceanic houses both filled with guests. The smaller hotel on Smuttynose, conducted by Mr. Caswell, is also receiving liberal patronage.

Hon. John S. Treat, mayor-elect, drove into town on the 2d inst. gorgeously arrayed in white gloves. [He had on other clothing likewise.] He is negotiating for a white vest.

We are informed that Mr. Samuel Rowe of this city has been removed from the position on the Capitol police at Washington, D. C., which he has occupied for a number of years.

Mr. John L. O. Coleman and family have gone to West Alton to spend a few weeks of the hot weather.

Editor Martin A. Haynes of the Lake Village *Times* was in town on the 1st inst. He would make a good-looking congressman, or governor either; as to his ability to fill either position with credit to himself and satisfaction to the public, there can be but one opinion.

The yacht Alert, of Boston, Capt. Frank Rowe sailing master, and the yacht Emily, of the East Boston club, arrived at Newburyport on the 1st inst. from this port, on their way home.

Capt. Nat. Yeaton, one of the old-style Piscataqua river boatmen, came down to this city from Durham on the 1st inst. with a party.

The workmen on the navy yard received their pay for the first half of July on the 2d inst., and were informed that the second payment for that month would be made on the 4th.

The Eastern railroad train arriving in this city at 11:05 A. M. on the 2d inst. comprised eleven cars—two baggage cars, seven common passenger coaches, and four Pullmans.

Hugh de Payen Encampment of Knights Templar, of Melrose, Mass., with ladies, will make an excursion to Portland and this city, leaving Melrose Sept. 4th.

It is reported that Mr. Jerome C. Butler has secured control of the Dow farm at Rye, and that the erection of a mammoth summer hotel at that point in the near future is among the probabilities. It is one of the best locations for that purpose on the coast, and it is a wonder it was not long ago utilized.

Mr. Lemuel B. Caswell, proprietor of the fishing station at Smuttynose island, says there are no mackerel anywhere near the Shoals, and the fishermen there are engaged in catching hake, and bluebacks for bait.

On Monday afternoon of this week, about three o'clock, the large barn on the farm in Eliot called the Jenkins place, now owned by a farmer named Rhodes, took fire from some cause (said to be from the smoking of pipes in the building by the farm hands) and was totally destroyed with its contents, being well filled with new hay just stored for the season. The loss is placed at over $1,500. About two years ago the house on the same farm was burned, but a new one has been built, which is there now. The barn burned on the 30th ult. was insured, but the hay was not.

S. G. Donnell, of the Donnell house at Long sands, York beach, was in town on the 2d inst., and reports the hotels and boarding houses at the beach are all filled with guests.

On Friday, July 28th, about half-past five o'clock in the afternoon, as Mr. Simon Estes of Lemington was at work in his field gathering potato bugs in a dish, he was struck by a ball of fire from a passing cloud, and instantly killed. The dish was found ten feet distant from the body.

Miss Annie Jenness gave two lectures at York beach last week.

Mr. William Hill, of Eliot, took into Dover on July 31st a quantity of green corn raised on his place.

How Honesty is the Best Policy.

The Inauguration of the Monthly Grand Drawings of The Louisiana State Lottery Company at the time of its inception (with its thus seemingly unnecessarily liberal offer of prizes,) was a very bold undertaking for those times. But, the Honest Intelligent and Reliable Management has never failed to perform to the moment, and to the letter, all that it has promised, and now reaps its reward for its fidelity, in having deservedly the entire confidence of the public from the St. Lawrence to the Gulf of Mexico, and from the Atlantic to the Pacific. Gen'ls G. T. Beauregard of La., and Jubal A. Early of Va., have the sole management of the drawings, and $5, or any $1 fraction of it, sent to M. A. Dauphin New Orleans, La., will receive prompt attention. The next event occurs on Tuesday, August 8th.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A Right Smart Time.

"Well, sir," observed the little old man, leaning over the counter and speaking in a confidential tone: "well, sir, we had a right smart of a time in our boarding house last night."

"Party?" inquired the cashier.

"Not exactly a party, no," replied the little man. "It was more exciting than any party. You see, the landlady had an attack of colic, and as she was pretty popular with the boarders they started in to help her out. One lady came around with ginger and filled her half full, and another prowled up with some cough mixture and didn't leave much room for the rest. That made a row."

"I should have thought so," observed the cashier. "How did they come out?"

"Well, the landlady was suffering a great deal, partly with pain and partly because she saw that some of the boarders were mad, so in order to restore peace she said she'd take a little of each prescription, and they began to ladle 'em in. They gave her brandy, root beer, schnapps, catnip, boneset, mustard, hops, salt, flaxseed, vinegar, cayenne pepper, and all that, until there were only two districts to hear from. One was a man and the other was a lady. The man suggested brandy and flour, and the rest all kicked. They said he was only entitled to one ingredient, and hammered him down to the brandy."

"What did the lady do?" inquired the cashier with considerable interest.

"Hold on till I tell you. The lady didn't have any flour, but she did have some baking powder and she ran that in on the fellow. So he mixed it up with the brandy and turned it in as their mutual dose."

"Cure her?" asked the cashier.

"Well, I should smile! She didn't have it down more'n a minute before the powder began to get its work in and swell like a regular army officer! No more room for that colic after the baking powder commenced. You never saw anything like it!"

"How did she come out?" demanded the cashier.

"Wait till I get through. When the powder was at its busiest there came a ring at the bell. 'Who is that?' asked the poor landlady. 'Gentleman to take board,' answered the servant. 'Tell him I'm full,' groaned the suffering woman. But it cured the colic. I tell you, young man, it is good for anything, bread, pains, biscuit, corns; let me sell you a couple of—"

But the cashier dropped a dumbbell on the parting of his hair, and the little old man rolled out on the sidewalk, wondering where he had made his mistake.—*Brooklyn Eagle.*

Bankers,

Doctors, Lawyers, Carpenters, Druggists, Engineers, Mechanics, in fact we have recommendations from people in all stations of life, testifying to the wonderful cures Sulphur Bitters have effected. Send for testimonials. See another column.

The Lawrence, Mass., police justice has a queer notion as to the relative difference between a horse and a Chinaman. Recently he held a respondent in the sum of $1060 for overdriving the former, and another respondent in $1500 for attempting to kill the latter.

A true friend to the weak and convalescent is Brown's Iron Bitters.

The Boston post office is approaching completion. The hall and corridors will be lighted with the electric light. The cost of the entire building, including the land, is not far from $5,000,000.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BRENTWOOD, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure every time.*
JULIUS W. DEY.

MONMONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
J. R. IVIE.

SACO, ME., Jan. 22, 1881.
HAS used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
W. T. NAYES.

ONEIDA, N. Y., Feb. 10, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. D. SPERRY.

CONWATBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have BROWN PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after 15 years of observation and use I regard its presence in my household as an *indispensable necessity.*
T. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOOTE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-five years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in a natural way, easy by getting the bowels in the habit of regular, healthy action.

Send a postal card to our office, and address for sample package.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Caring sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. "The Old Line."

A Bangor, Me., paper says:

The report that the Maine Central railroad has leased the European & North American railway is a little premature, but in all probability the European & North American railway will, within a short time, be under the control of the Maine Central railroad. The proposition that the European & North American railway company has made is that the Maine Central railroad pay all taxes, take all the property of the company, including the wild lands, assume all liabilities of the European & North American railway company, and pay five per cent interest on the European & North American stock. The first mortgage of $1,000,000 is to the city of Bangor on the road from Bangor to Mattawamkeag. The second mortgage of $2,000,000 was from Bangor to Mattawamkeag and then from Mattawamkeag to Vanceboro. The accrued interest on these bonds at the time when they came into possession by the act of foreclosure amounted to about $500,000, which, with the principal, was made into stock, making the indebtedness on the road $1,000,000 of first mortgage six per cent bonds to the city of Bangor, and $2,500,000 of stock on which the Maine Central railroad may pay five per cent and the $65,000 interest each year to the city of Bangor. It is thought that the assets of the European & North American railroad company, such as their timber lands, etc., will be sufficient to take care of the other obligations and liabilities assumed by the Maine Central company. Something more than half the road is furnished with steel rails, and every year the road has shown a large increase of business. The prospects of new business from the large pulp mills now being built, and the large business that is certain to come from the development of water-power at Oldtown, together with the growth of the agricultural and lumbering interests in Aroostook county, which is already turning an immense amount of business by the New Brunswick and New Brunswick & Canada railroads, will show within a short time that the managers of the Maine Central railroad have a higher appreciation of the value of this road than the present owners of the stock.

The projectors of the E. & N. A. R. R. were men who believed all this, but being a little early they "bit off more than they could chew."

There is no doubt that on some future day there will be a continuous line from New York to Halifax, controlled perhaps by two or three corporations, perhaps less, and that the whole line will be of an established value.

It is doubtless this prospect which suggested to the Boston & Maine directors the feasibility of leasing the Eastern road, which has for many years, with its controlling interest in the Maine Central, been gaining largely on its Maine business, and which will continue in like manner to gain.

It is true that the "boom" in Eastern, predicated upon a lease which was to provide for six per cent upon the stock, was due largely to the fact that there is held in Boston a heavy amount of stock hypothecated by speculators, who desire to unload at an advance on cost, and since the prospect of a lease has diminished, the price of the shares has receded in the market.

Every railroad manager who is conversant with the history of railway traffic concedes that the future of the Eastern is one which will afford opportunities for increased traffic, and permanent, profitable business. It is but a question of time when it will emerge from its severe load of indebtedness. The public believe that while the unwise competitive strife which wasted the energies and depleted the treasuries of both roads in the end, was an unhealthy proceeding, alike for customers as for stockholders, yet the present management of the Eastern, by a liberal policy as to passenger carriage and due regard for the freight traffic over the Eastern and connections, can far better serve the interests of the patrons than if the administration of its affairs was conducted under the direction of officers less familiar with the wants of the public on its line and the capacity for developing the future career of this property of so much acknowledged intrinsic value and public consequence.

The "Faith Convention."

The "Faith Convention" of Dr. Cullis at Old Orchard beach, Me., has closed, having commenced July 27th. July 31st, the 5th day of the convention, was "all-healing day," and crowds came from all parts. The usual meetings were more full of interest than those of preceding days. At two o'clock the tabernacle was opened to receive the invalids, of whom there were about 300. Only representatives of the press and clergy were permitted to enter. This was a great disappointment to the hundreds of people that had gathered outside. At 2:30 Dr. Cullis entered. A silent prayer was offered by all present, after which remarks were made on the importance of perfect faith, by Dr. Cullis and Capt. R. K. Carter. The hymn "He only touched the hem of his garment," was sung, and prayer again offered. Dr. Cullis then retired to the farthest end of the tabernacle, placing a chair, a pitcher of water and a glass near. The invalids were then conducted to him singly by brother ministers. Placing the patient in the chair, the nature of the disease was enquired. The doctor then offered a brief, earnest prayer that it might be removed; in some cases reading a few verses of Scripture, and anointing the head of the patient with oil. The patient was then removed, and another brought forward. Old people, some over ninety years, said they had not felt so well for years as after rising from the chair; many believed in a complete restoration to health. Where this was not the case, lack of faith is ascribed. Strength, either fictitious or real, was given the sufferers. Another afternoon was appointed for those who were unable to be present. In another part of the room exhortations on faith were going on. The healing continued until 4:30 o'clock.

New Hampshire Items.

The Washington *Critic* says of Hon. Ossian Ray, "New Hampshire has never been represented by a more level-headed, practical business man, and no constituency ever had a more vigilant, tireless and talented steward of its interests." Mr. Ray, like Senator Rollins, seems not to have become impaired in his energies by sojourning at the capital. He is indefatigable in looking after the interests of his state, and his labors for his constituents have been limited to no district lines, as very many obliged people in the first district can abundantly testify. He will be renominated with the most hearty accord on the 12th of September, when the convention for the second district meets at Concord.

The 86th annual course of lectures in the Dartmouth medical college opened Aug. 2d, with an introductory address by Prof. C. P. Frost.

Senators Rollins and Blair, and Representatives Briggs and Ray of this state voted against the passage of the river and harbor bill over the president's veto; Representative Hall was *non est*. The table of votes in the Boston *Advertiser* of the 3d inst. does not accord with the record.

AROUND HOME.

Three young fellows from Rye arrived in this city at eight o'clock in the morning on the 2d inst., coming around in a sail boat. One of them was seasick, and took the next train for Hampton, going home from there by coach. The other two started out later in the day for a sail, but ran into George Herbert's wharf, and capsized their boat. They were fished out and taken to Russell & Odion's wharf, where one of them bunked down in a coal bin; the other went up Gates street, and so far as our informant knows has not since been seen. The coal-bin lodger stuck to his cool and airy bed until the morning of the 3d, when he came out very much refreshed, but with a complexion *a la* the Congo river region.

Mr. Lawrence Cotter, who has been a shoemaker on Water street for the past fifteen years, is to remove to Salmon Falls, and run a corporation boarding house on the corner of Front and Main streets, Mrs. Cotter being there already. Mr. Cotter has been an industrious, peaceable citizen during his residence here; and he and his are worthy and reputable people.

The secretary of the navy on the 3d inst. ordered the continuance of the civil establishments at all the navy yards under the present system of organization, until the 15th inst., by which time it is hoped to make permanent provision for this class of employees.

The man-of-war which took the ground while trying to get into Boston harbor on the 1st inst., as before reported, was the flag-ship Tennessee. Her getting ashore was no fault of her officers. There is so little deep water in Boston harbor that a ship of the size of the Tennessee has to feel around to find it.

The extensive repairs on the old Orthodox church at York village are nearly completed; the painting is being done, and an 1120 pound bell, made by Wm. Blake & Co. of Boston, was hung on the 3d inst. Mr. Howard Staples, of Eliot, has done what tinning was required on the roof and around the spire, etc. The church will be rededicated the coming autumn.

Prof. John Hatch has opened a fish market at Kittery Point, near the landing of the steamer James Sampson, and parties visiting the point on chowder intent can procure of him not only fish, but onions and all other needed ingredients for the toothsome mess. With Prof. Hatch at the point, and Dr. Appleton at the navy yard village, engaged in the fish business, the Kittery people consider that industry one of the learned professions.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inanition and wasting, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renews the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the muscular frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac simile signature of Baron von Liebig, and a representation of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Barlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE DEMOCRACY COMPLIMENT THE COLONEL.

On the retreat from their testimonial to the mayor-elect, Tuesday evening of this week, the jubilant democracy halted in front of the residence of Mayor Sise, and the strains of martial music brought that functionary to the door. The spokesman of the party congratulated him,—just exactly upon what our reporter failed to ascertain,—and the colonel responded in a feeling manner.

He told the boys that he "could but regard the visit as a testimonial of their approval of his administration of the affairs of the city for the past four years. He had managed the affairs of the city while he filled the office of mayor, without consideration of party politics, and had not known democrat or republican in the discharge of these duties, but had acted wholly for the interests of the city and the tax-payers." He regarded the complimentary call "as a graceful act which touched him in a tender spot," and with a few closing words bid the visitors good night.

Notwithstanding the keen hit of the Colonel as to the "endorsement," the Judge, who was master of ceremonies, pretended not to see it, while the boys, who were too exuberant to detect anything satirical in the speech, united in hearty cheers for the Colonel, who bowed his acknowledgments, and retired to peaceful meditations.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, August 3d, Mayor Sise in the chair:

Present, the full board.

Records of last meeting were read and approved.

Committee on accounts presented approved bills amounting to $5923.67. After discussion, Ald. Martin moved that the bills be paid, so far as the appropriations would cover them; agreed to.

The Common Council were announced to be in session.

The mayor read a communication from President Phillips of the Eastern railroad, saying the management thought $500 a year for the north pond too low; the corporation was willing to lease the pond to the city for $600 per year, the road reserving the right to fill in the pond or otherwise.

Ald. Caswell hoped the railroad would fill up the whole pond.

Ald. Hartshorn said the road had no privilege to the pond.

Mayor Sise said that he could not find by the record that the road had any right to the pond.

On motion of Ald. Vaughan, the matter was referred to the next board.

Met the common council in convention, to canvass the vote for mayor. The vote having been canvassed, a resolution was passed that John S. Treat, having received a majority of all the votes cast, was elected mayor for the year following the second Tuesday of August, 1882.

President Anderson, of the common council, moved a vote of thanks to Mayor Sise for the manner in which he has performed the duties of the office; passed unanimously. The mayor in suitable terms acknowledged the compliment. The convention then rose.

In board of aldermen, resumed.

The matter of appointing a keeper of the house of correction at the city farm, was referred to the next city government. Also the suggestion to pay the city bills each fortnight, and several requests for street lights.

Ald. Green moved a vote of thanks to Mayor Sise for the able and impartial manner in which he had presided over the deliberations of the board, and it was unanimously approved.

The mayor returned thanks to the board for the uniform courtesy with which he had been treated, and the board adjourned *sine die.*

DEATH OF ADM. BEAUMONT.

Rear Admiral John C. Beaumont, U. S. N., died in Durham at about six o'clock on the evening of the 2d inst., of heart disease, at the age of sixty-one years.

He was a native of Pennsylvania, and entered the service as midshipman in 1838. He was made lieutenant commander in 1862, and commanded the gunboat Aroostook in the fights with the batteries on James river and with Fort Darling. In the same year he was made commander, and commanded the Sebago in 1862, and the monitor Naugatuck in 1863. He took part in many of the fights in Charleston harbor, and in both the attacks on Fort Fisher.

In 1866 and '67 he commanded the double-turretted ironclad Miantonomah on a cruise to Europe, in the course of which he visited Russia and was received by the czar, who presented him with a diamond ring of great value, bearing the monogram of Alexander II.

He was retired in 1868, and restored to the active list as a captain in 1873; he commanded the Powhatan in 1873 and '74, which was his last sea service.

He was promoted to be a commodore in 1877, and made chief signal officer. In May, 1879, he assumed command of the Portsmouth navy yard, continuing in that position till December, 1881, when he was relieved, having been made a rear admiral in November previous.

On being relieved from duty as commandant of this yard he resided in Portsmouth, living at the Rockingham; and in February he was placed on the retired list. In June last he went to Durham with his family to spend the summer months. He was a sufferer from gout last winter. He leaves a widow and three children.

The funeral will take place at the Church of the Immaculate Conception in this city at 11:45 o'clock A. M. on Saturday.

INSTALLATION.

POLICE COURT.

THURSDAY, August 3d.

Daniel Leary, for drunkenness, was sent to Brentwood for thirty days, and ordered to pay $9.21 costs.

Robert B. Adams, Esq., recently of this city, has removed from Lowell to Taunton, Mass., where he has assumed the agency of the Cohannett mills, a large corporation which manufactures hosiery yarns.

A pony express leaves the Gibson house on Vaughan street every morning at seven o'clock, for York beach. Messages, letters and small packages left at the hotel with George F. Smith, agent, before seven o'clock, will be promptly delivered at reasonable rates.

The steamer Startled Fawn came in on the evening of the 2d inst. with an excursion party from Haverhill, Mass., starting on her return at about half-past ten o'clock.

The reappointment of Mr. John S. Montgomery as teacher of penmanship in the public schools seems to be satisfactory to people in general.

Albert Quimby was arrested in Portland, Me., on the 2d inst., in the act of robbing the post-office box of a business firm, and was held for examination. Quimby was formerly a Pullman car conductor on the Eastern railroad.

Mr. Thomas H. Odion, who has been in poor health for some months, we are pleased to be informed is rapidly and decidedly mending.

The irreverent fishermen sailing out of this port have christened the new automatic buoy at Kitt's rock "The Jersey Bull." They'll be mighty glad to hear that bull bellow when they are running for the harbor next winter in a southeast snowstorm.

Every letting boat in the harbor was in use on Thursday last.

Capt. Barr, who was badly and it was feared fatally jammed between the tiller of his gondola and a schooner some months ago, has so far recovered as to be out of doors; he looks pretty well, but suffers much pain internally, and will not be able to lead his former active and industrious life for a good while to come. His gondola is laid up.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. The local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

News and Notes.

Mrs. Caroline V. Copes of Wilmington, Del., recently deceased, was one of the girls chosen to throw flowers for Lafayette in Savannah in 1824. She was then about thirteen years old, and she never forgot the kiss which the general gave her on that occasion.

The colored people of Rhode Island celebrated the anniversary of West Indian emancipation, August 1st.

Bishop Emberton and Richard Speakman, charged with crime against Mrs. J. B. Garrett of Tompkinsville, Ky., were shot to death while on the way to jail in custody of officers.

The yellow fever is raging at Matamoras, Mexico, and Brownsville, Texas.

Wednesday afternoon, Aug. 2d, Willis M. Dow, aged nineteen years, and Alfred H. Dow, aged sixteen, of Lewiston, Me., were cleaning and oiling a pistol. Willis snapped the lock, when the weapon was discharged, the ball entering the right lung of Alfred. The wound is probably fatal. The boys are sons of George W. Dow.

Leslie Douglass, freight conductor on the Connecticut River railroad, was killed at South Vernon, Mass., July 2d, by falling between two cars in endeavoring to jump from one to the other. He had been married a year.

In entering Boston harbor on the 2d inst. the Tennessee struck on Mussel Ridge, just inside of Boston light, and sustained some damage. In accordance with an order recently issued, the vessel was not allowed to employ a pilot, and in trying to take the ship into the harbor, she met with the accident.

A cheap edition of "Their Wedding Journey" and "A Chance Acquaintance," by W. D. Howells, illustrated, bound in paper covers, is published by Houghton, Mifflin & Co. of Boston. Mr. Howells' description of the conventional American hotel clerk in "Their Wedding Journey," the perusal of which has pleased so many readers, makes this volume especially appreciated by tourists and travellers at this season.

Willie T. French of Hopkinton, eighteen years old, was sunstruck on the 2d inst. The prospect of recovery is favorable.

—Grinnell, Iowa, was the greatest temperance town in that state. The other day a cyclone blew all the houses over, and everybody was horrified to find that the exposed cellars were full of empty bottles. Moral: People who live in temperance towns should beware of cyclones.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

There are 400 cases of yellow fever at Matamoras, Mex., and the death rate exceeds that of Havana.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BLUEMPOINT, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER never fails to afford instant relief for cramp and pain in the stomach.
JUSTUS TUCKNOTT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is sure cure every time.
JULIUS W. DEE.

MONONA, IOWA, March 15, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it never almost failed.
J. E. CALDWELL.

CARNESVILLE, Ga., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always gives relief. Would not be without a bottle in the house.
T. H. IVIE.

BACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using your Pain Killer seven years ago, it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 3, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I never allow its presence in my household as an *indispensable necessity.*
J. S. FOSTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhea, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. SOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-five years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have been convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils? Why suffer with that terrible Headache? Why pay out money to doctors, when a few bottles of SULPHUR BITTERS will do you more good than all the doctors and their nauseous drugs? Why suffer with Rheumatism? What makes you troublesome with Neuralgia and Nervous Headache? Why are you so nervous? Why are you so easily startled? Why do your limbs ache? Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Crops in the West.

The crop reports from southwestern Iowa, northern Nebraska, southeastern Minnesota and southeastern Dakota, without exception, show that the small grain crops are very fine, oats especially being a large crop. Wheat, big average and in good condition. The interest in that immediate locality centres in the corn crop, which comprises ninety per cent of the grain crop. Though late, it is coming forward rapidly under the influence of favorable weather, and nothing but unusually early and heavy frosts will prevent a good yield in nearly every quarter from which reports are received.

Dennis Dineen, a farmer on the lower Lachine road at Montreal, is about to sue the Society for the Prevention of Cruelty to Animals for having imported English sparrows. He declares they have already eaten up thirty acres of barley, destroyed his potatoes, and made general havoc with his early vegetables. He estimates the number of sparrows on his land at 5,000.

The Central railroad freight house at Albany, N. Y., 200 by 400 feet dimensions, fell with a crash on the 3d inst., and a is total wreck. There were 15,000 barrels of flour and a large amount of other goods contained in it, which are damaged to a considerable extent. Eighteen men escaped unhurt. Twelve freight cars were damaged.

PORTSMOUTH BRIDGE.

A correspondent of the Manchester *Mirror*, writing from York, Me., to that paper, makes the following scandalous assertions regarding Portsmouth bridge:

From Portsmouth across the Piscataqua river to Kittery, Maine, is about a mile, and the highway between these two points is the worst in the United States. It is nearly all bridge. Half the bridge, which is a narrow one, is owned and used by the Eastern railroad; the other half is owned by a stock company, which collects of the public exorbitant tolls, or, in other words, sells whoever wants to drive across it an excellent chance to get his neck broken.—for there is little to mark the dividing line between the railroad and the toll road, and any horse with life enough to get up without help is as certain to shy and run or turn round when he meets a train there (which he is pretty sure to do) as he would be if you attempted to drive him on to the cow-catcher of an engine. Then the bridge, which may be strong enough, is full of draws, which swing and shake and creak as soon as a train strikes them, as if they were threatening to dump the load into the river, and it is generally flanked on either side with scarecrows of one kind and another, so that it is altogether the best calculated to make man and beast nervous of any section of road I ever saw. The whole thing is a disgrace to everybody responsible for it; and why it is tolerated passes my comprehension. And this mile of road, or bridge, or man-trap, or nuisance, or whatever you choose to call it, is the first one you must travel in getting to York beach, which is eleven other miles away. You go from Portsmouth to the beach in a stage, which carries from twenty to twenty-five persons and their baggage (it is never so full it cannot take another,) and is drawn by four horses that were sold in Boston in a bunch by a horse-car company for $84. These horses are finely adapted to the first mile of their trip, for they are not afraid of cars nor any other objects under heaven, and, considering their cost, appearance, and probable age, and the up-and-down character of the road they travel, they are very fleet and land you at your destination quite seasonably, though I have it on the authority of a Manchester gentleman of undoubted veracity that a bottle of alcohol with which he started from Portsmouth became so mellowed by age during the passage that it was excellent old rum when he got there. The stage fare is a dollar. In a word, York beach is about as inaccessible as can possibly be imagined of a place only a dozen miles from a railway station. And yet three thousand people or more will this summer visit this beach and spend from three days to three months there, a fact which testifies loudly to the great attractions of the place.

Our Manchester brother of the quill must have made a stop of several hours in Portsmouth after getting out of the cars, before starting for York, which accounts for his finding the bridge "full of draws." But he was evidently able to see pretty distinctly, notwithstanding.

AROUND HOME.

It was stated on Friday that Col. William H. Sise would be a candidate before the republican convention for the nomination for state senator from this district. That would be a fair exchange. State Senator John S. Treat having been elected mayor in place of Col. Sise, it would seem all right to elect Col. Sise senator in place of Mr. Treat.

The light-house supply steamer Fern, now on her annual cruise along the coast from Eastport to Brownsville with stores for the light stations, was in the lower harbor on the 3d inst., and supplied the Whalesback and Fort Point stations. On the 4th she proceeded to the Shoals, and supplied White Island light. Mr. Robert C. Sides, Jr., of this city, is assistant engineer of the Fern.

Mr. George F. Plaisted, of York, for twenty years a correspondent of and subscriber to the *Gazette*, was in this city on Friday, and made heavy purchases for his store at York corner.

Mr. Joseph Locke on the 3d inst. sent to Mr. Kogan of Plymouth, Mass., a noted dog fancier, a red setter pup of high degree, being a descendant of the well known prize-taker, Dash Elcho.

The steamer Empire State made a trip to the Isles of Shoals on the 3d inst., from Boston.

The Boston *Traveller* of Friday evening says: "A young man named John Tibbetts, employed in the wool store of Hallowell & Coburn, No. 127 Federal street, as shipper, met a painful accident about one o'clock this afternoon. He was engaged in shipping some wool out of a doorway when one of the bales of wool struck him, knocking him on to a load of wool below in the street and thence to the ground, falling a distance of about thirty feet. He received a deep gash over his left eye, but it is thought he was not seriously injured. He was carried into the office and a surgeon called. He belongs in Portsmouth, N. H."

Miss Hattie Lewis of this city, who all her life has been troubled with a drooping eyelid which nearly obscured the sight of one eye, submitted a few weeks ago to a surgical operation by Dr. Folsom, and is now able to govern the refractory lid, and to see perfectly. The change in the lady's personal appearance is very pleasing.

A valuable watch was stolen from the room of F. M. Burroughs of Providence, R. I., at the Oceanic hotel, one day this week. Probably some member of the 47th Congress has found his way to the islands.

About four hundred fine mackerel were brought up from the weirs on Thursday of this week, and bought by C. Sullivan & Co.; also a small lot of other fish. On the previous day the small boats brought in pretty good fares of fish, Oliver Adams having 350 lbs., John Neal of Newcastle 250 lbs., David Slaney 200 lbs., Joseph Caswell 300 lbs., and others about similar catches.

Miss Mattie E. Putney, daughter of H. M. Putney, Esq., collector of internal revenue for the district of New Hampshire, has been visiting York beach, this city and places in this vicinity.

There was a big fire in the woods in Kittery, near Butler's crossing, Friday; several acres were burned over.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

Market Square. Portsmouth.

A friend informs us that the Jellison sisters, of Eliot, two of the old-time market women who still row their own boat down and up the river as in days of yore, brought green corn into this market from Eliot two weeks ago.

An express train on the Eastern railroad, due in Boston at 8:50 o'clock on Wednesday evening, the 3d inst., met with an accident soon after leaving Hampton which by the merest chance failed in resulting disastrously. The train was running at a high speed when the eccentric broke. The broken piece of machinery remained attached to the engine, and revolving rapidly, one end struck the fire box and knocked a big hole in it. The steam circulating between the two shells of the box escaped, and the train was enveloped in a cloud of vapor. Had not the eccentric broken nearly in the center, there would have been danger of the end striking the ties and thereby lifting the engine off the rails, or knocking a hole in the boiler of the engine and causing an explosion.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

"UNFINISHED BUSINESS."

The board of mayor and aldermen, at their meeting on Thursday evening—the last regular meeting of the board of 1881 and '82—referred a number of bits of unfinished business to the next board; but in the list of such legacies we search in vain for some allusion to the removal from Vaughan street of the Wilson house obstruction, which is very decidedly "unfinished business" as yet, (not having been begun,) and the most important job of the lot. It is probable that the new city government, not being responsible for the blunders of their predecessors nor particularly interested in keeping them cloaked, will go ahead in this matter, and make a start in the right place, which has not yet been done.

ACCIDENTS.

Arthur Wilson, an eight-years-old son of Jesse N. Wilson of Christian Shore, while playing about the distillery premises of William Ward on Thursday evening last, fell into a vat of hot "returns," and would have been drowned but for his companions, who quickly pulled him out. Had the accident occurred two hours earlier the lad would have been scalded to death, as the returns were then boiling hot. The boys in that vicinity have often been warned against playing on the premises, as the vats are numerous and have to be kept uncovered.

Messrs. Thomas C. Hough and Francis S. Roberts, ship carpenters residing at the south end, on Friday morning started to pull up to Freeman's point in a small boat to go to work. The tide being on the ebb, and running very rapidly, they kept in the eddy on the Kittery side until they reached Badger's island point, when they attempted to pass inside of the sloop moored there for drilling and blasting out the ledge off the point. They passed safely over one of the lines extending from the sloop to the shore, but when exactly over the second one the sloop sheered off shore, bringing the line taut and instantly capsizing the boat. The sloop's boat was quickly manned, and the wrecked carpenters rescued, the second one being picked up off Broughton's wharf, considerably exhausted; their boat and dinner pails were picked up off the navy yard.

KITTERY POINT.

While there has been wailing and gnashing of teeth among the summer hotel and boarding house keepers in nearly all quarters, during the present season of recreation, there have been more boarders at Kittery Point than ever before. The Pepperell house was well filled early in the season, and has kept full; a number of private houses have been rented for the summer, and many families have taken in boarders. Out of town parties have been looking at the site of Capt. Daniel Frisbee's former hotel, burned several years since, with a view to the erection of a much larger house there in time for next season's travel, and it is reported on what seems good authority that several cottages will be built at the point next winter; besides this, several private houses will be fixed over for the special accommodation of boarders, before another summer. The old Pepperell mansion, opened to the public this season for the first time in many years, has been visited by a large number of strangers. The establishing of Mr Keen's line of steamers between this city and the point has been a good thing for both places.

A QUEER CHARACTER PASSED ON.

Mrs. Joanna Wilson, *nee* Raynes, of York, died on the 30th ult., in the 64th year of her age. Mrs. Wilson was widely known throughout that region, from her many personal peculiarities. She could often be seen at work in the fields, planting, mowing or harvesting, wearing a man's hat and boots, and doing a man's work in full; and the rest of her dress was usually a sort of compromise between male and female attire. She possessed more than ordinary intelligence, and years ago passed a highly successful examination for teacher of a school in York, coming out far ahead of all competitors; but the committee did not give her the school, on account of her peculiar ways. With all her eccentricities, she maintained an unblemished reputation; was for a large part of her life, and up to her death, a church member; and no one was more quickly called upon in cases of sickness and trouble than Joanna Raynes, and none could have responded to such calls more promptly and cheerfully than she. Last winter she went to the Maine General hospital at Portland, and underwent a severe surgical operation for cancer in the breast, and though she temporarily recovered, she has never since been strong. Two or three years ago she was married to a Mr. Wilson, who we believe survives. She was a singular character, but her oddities harmed nobody, and no one has any reason to wish her anything but a peaceful rest after her fitful fever of life.

There was a brilliant auroral display on Friday evening.

Rev. Wm. H. Alden, D. D., left this city on Friday to be absent on his summer vacation for four weeks. During his absence the Middle street Baptist church will be closed Sabbaths.

The foundations for the new Farragut house at Rye beach were begun on Monday of this week. The building it is stated will be three hundred feet in length, provided with elevator and all modern improvements, and be unexcelled by any summer hotel on the coast. Success to it.

The receipts from internal revenue in this district for the month of July, 1882, were $31,838.46, against $28,794.68 for the corresponding month in 1881.

The Middle street Baptist society are looking around for a suitable site whereon to erect a new chapel, not too far away from the church; failing to find what they want, a new chapel will be built on the site of the present one.

Col. Sise, in responding to the vote passed by the city councils in convention last Thursday evening, thanking him for the able manner in which he had performed the duties of mayor for four years, remarked that several members of the council had been notified by the people to "come up higher" and take seats in the board of aldermen; and he expressed the hope that they would be found ready to extend to the incoming council the same courtesy and consideration which as councilmen they had previously demanded—a very pertinent suggestion.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND,

The Phosphates of the Wheat are the most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the stamp of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a tonic, and the most acceptable and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters called tonics and cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

The Egyptian muddle still drags its slow length along. Arabi and the British hurl proclamations at each other's heads, and once in a while somebody fires a musket at somebody else who is out of range. The Porte has not proclaimed Arabi a rebel, as it was stated some days ago he had done. The British forces have occupied Suez. De Lesseps, the French engineer, threatens to burst up the British Empire because British war ships and transports have passed through the Suez canal. Just what part Admiral Nicholson is taking in the performance now, is not stated.

The acting consul general of the United States in Egypt telegraphs Secretary Frelinghuysen from Alexandria, stating that the archives of the consulate, which it was feared were destroyed, have been found at Cairo, and that he is on his way to Port Said to attend to Gen. There is a foolish movement in the San Francisco school board for reducing the salaries of primary teachers. It ought not to be necessary to tell school officers in this age that the man or woman who gives a child its first training, its first mental best, should be a specially intelligent and competent teacher, a person worth liberal compensation.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is perfectly safe.

Read the following:

BATHBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER is sure, safe to speed instant relief for cramp and pain in the stomach.
NICHOLVILLE, N. Y., Feb 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is sure cure every time.
JULIUS W. DEE.
MONROE, IOWA, March 12, 1881.
I have used PERRY DAVIS' PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.
CARTERSVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
J. B. TYE.
MACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is safe, sure, and reliable. No mother should allow it to be out of the family.
H. I. HAYES.
ONEIDA, N. Y., Feb. 10, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SEYMOUR.
CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.
U. S. CONSULATE,
CRESFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I HAVE KNOWN PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
T. S. POTTER, U. S. Consul.
BRADFORD, PENN., Feb. 7, 1881.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOOKE.
21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief.
H. CLARIDGE.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't want to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore gives no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I can regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. MRS. MARY E. BRASHEAR,
173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1881.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa.
Dec. 2, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
MRS. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Naval Affairs.

The Alliance, in making a berth at the Boston navy yard, Saturday, fouled the Shenandoah, which was lying under the sheers. The Alliance carried away her mainroyalmast.

The Hartford sailed from Boston for the Pacific ocean on the 5th inst.

New Hampshire Items.

The greater part of the grading on the Pemigewasset Valley railroad is done, and much of the bridge work done.

There is some discussion going on as to the propriety of uniting Laconia and Lake Village and then adopting a city charter. It is quite probable that the next legislature will be asked to grant that privilege. The two places have many interests in common. Such a new municipality would start off with a population of about 7,000, with the probability that the figures would rapidly increase.

Mr. John Johnson, a marble polisher of Dover, was found dead in a pasture in that place on the evening of the 3d inst., having died from heart disease. He was about forty-five years old, and leaves a wife and one child. He served three years in the army during the rebellion, escaping unharmed.

Miss Ella Steele, of Thornton, was thrown from a carriage in Sandwich recently, and so badly injured that she will probably die.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

Four murderers were judicially killed on Friday last, one each in Chatham, Va., Jacksonville and Fernandina, Fla., and Mobile, Ala.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

Last June B. T. Lombard's fine $8000 house and barn in Randolph, Vt., were destroyed by fire. The fire caught in the barn, and at the time the cause of it was a mystery, but the general opinion was that an insane man perpetrated the deed. Mr. Lombard's adopted daughter, twelve years of age, has just confessed that she set the hay afire. Mr. Lombard had chided her for a misdemeanor, and being of a fiery disposition she fired the buildings for revenge. She has been taken to the reform school to remain during her minority.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will agouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

Fred Goss, thirty years of age, employed by J. N. Hammond of Marlboro, Mass., as hostler, committed a felonious assault upon Hammond's adopted daughter, seven years of age, last Thursday. Immediately afterward he drew a portion of his wages and disappeared.

Hay Fever.

For twenty-five years I have been severely afflicted with Hay fever. While suffering intensely I was induced, through Mr. Tichenor's testimonial, to try Ely's Cream Balm. The immediate effect was marvelous. I have been enabled to perform my pastoral duties without the slightest inconvenience. Have been exposed to heat, draughts and dust, and have escaped a return attack. I pronounce Ely's Cream Balm a cure for hay fever. WILLIAM T. CARR, Presbyterian pastor, Elizabeth, N. J.

MESSRS. MILLS & LACEY, Grand Rapids, Mich. Dear Sirs—Having used Ely's Cream Balm for hay fever, and experienced great relief from its use, I most cordially recommend it as the best of all the many remedies I have tried. Yours, &c., T. B. JENKS, Lawyer. Price fifty cents.

Twenty-eight more Russian Hebrews have been sent back to Europe from New York at the expense of the Hebrew Aid society. They were in a miserable condition—dirty, sick and apparently half starved—yet presenting a vast improvement on their appearance when landed. The society, after supplying their wants, saw that they would only continue to be burdens on the community, and decided to send them back. Each one—men, women and children—received a gift of three dollars before embarking.

Chicken Croquette.

Mince very fine one boiled chicken and two sweetbreads parboiled. Season with salt, pepper, celery and a little chopped onion (or cook the onion in butter to extract the flavor and use the butter). Take a teacup of cream and a little of the water in which the chicken was cooked, add to it one teaspoonful of Sea Moss Farine, boil a moment or two and heat the chicken in it. Have a dish with bread crumbs and another with beaten egg; make your chicken into shape, dip in the egg and crumbs and fry in hot lard.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man fifty years old, had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twenty different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $300 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.
Reported by
E. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Derr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.
ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for me and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, Station D, Brooklyn, N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarssparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Naval Appropriation Bill.

The conference committee on the naval appropriation bill, at a meeting held Saturday morning, agreed to the only clauses in controversy, which were in regard to the closing of navy yards. The senate conferees receded from their disagreement, and, as agreed upon, the bill leaves the closing of navy yards to the discretion of the secretary of the navy.

Fashion at Newport.

FULL DRESS TOILETTS.

For success in the fashion business here, a china crape dress does as much for the owner, as a top note, according to Mark Twain, is found to do in the music business here or elsewhere. A shield and buckler are those softened folds, enveloped in which you may tranquilly defy united batteries of grenadine, satin, brocade, veilings, and I know not what beside. They are good enough each in its way, but none of them are china crape, nor, indeed, can ever be. Formidable in rivalship, however, are grenadines whereon are depicted great ball-like flowers of plush, or where a geometrical brain bestrews hectagons, pentagons, and other 'gons too numerous to mention. Such a costume as was worn by Mrs. Bonaparte at a recent reception. An olive green grenadine ornamented by large pear shaped plush flowers in pale pink with leaves of darker green. The grenadine was made as a polonaise over a satin underskirt of harmonizing shade, where successive puffs were headed by a plaiting of pale pink. An exquisite crape dress worn on another occasion by Mrs. Bonaparte was of creamy tinged white, embroidered in colors and made over an underskirt of black and cream colored satin, while a second crape costume was of pale blue combined with yellow.

YACHTING COSTUMES

Differ considerably according to whether the wearer be still youthful or otherwise. Then again for luncheons on board a richly furnished yacht, we find the handsomest dinner toilettes looked upon as not too elaborate. Here, a city extravagance is super-added to by an *abandon* allowable only at watering places, and Pellon is piled on Ossa to bedeck the millionaire's wife. The more genuine yachting outfits worn by young ladies show a characteristic dash of the sailor costume. The style of making is eccentric, or to say the least, informal; a loose waist belted in, with broad sailor collar, usually the collar and belt matching. Turkey red or blue percale, white or blue flannel or cashmere are mixed together and compounded in many different ways, while the Jersey waist comes in to give still farther variety. Extremely coquettish too are yachting suits where the overdress is made in coat style basque and jaunty overskirt, a pretty model having been worn by Miss Astor, where white cashmere was stitched in red, and worn with a plaited underskirt of red percale. Mrs. Cornelius Vanderbilt lately wore a costume of fine blue flannel where the skirt was composed of two deep rows of plaiting, with woolen sash tied below the waist, bow and ends at the back, and Jersey waist of corresponding color with striped white and blue collar and cuffs. Miss Bonaparte wore a similar one of brown cashmere with red striped collar, cuffs and tie.

MID-DAY GERMANS

Are given by Newport hostesses because it is often impossible to secure an evening. The style of dress, of course, is not so elaborate as in the evening, and here one beholds an endless display of veilings, Surahs, Louisines, embroideries and grenadines, to many of which not only satin but velvet is brought as an adjunct. Not so much the latter as the former, because velvet is heavy for mid-day wear, but in slight touches it appears on these occasions, while during the afternoon drive, or later, it is often seen to a lavish extent. Some of the new India foulards, too, are worn at these Germans. Having a character of their own, they are easily distinguishable by the quaint red figures stamped on a creamy white surface, and a favorite combination is an underskirt of solid red silk made in successive plaitings. Chine silks, too, are in great favor, and one of the prettiest toilets in the style was worn by Judge Hilton's daughter, where the rows of Chine flowers alternated with black moire stripes. It was made all in one and without combination or accessories, as the material in itself showed sufficient variety. Moire has been successful all the season, and though hardly the highest style, will be worn during the coming winter.

It is an open secret here that the new toilet article, Dr. Scott's electric flesh brush, is to be found in the summer outfit of many a belle. Indeed, I am told confidentially that it is quite the rage, and physicians predict great benefit from its use. These brushes are made of bristles, and should not be mistaken for the wire brushes seen in shops. Three dollars will purchase one, and that sum of money could not be more judiciously expended. LUCY CARTER.

NEWPORT, R. I., Aug. 4th.

AROUND HOME.

The schooner yacht Norna came up the river Sunday afternoon, and let go her anchor near Badger's island, but was taken into the channel off Church point before the anchor brought her up. On the ebb tide in the evening she worked over to a safer and more comfortable anchorage off the navy yard.

Three new lamps on Vaughan street were lighted for the first time last Thursday evening. They give a good light.

Mr. Nicholas Zambelli, who while at work on Hon. F. Jones' farm many months ago was so terribly crushed by the fall of a clay bank that it was at first supposed he could not live, and who has since been able to move about only in a carriage, has recovered sufficiently to get around a little on crutches.

Osgood Brothers of Suncook are building a summer cottage at Newcastle, near the lighthouse.

The south millbridge—we suppose it is a millbridge, though there is no mill there and never again will be one—was replanked and put in thorough good condition last week.

Morse & Ilsley on Saturday sold at auction the real estate on Hanover street owned by Sewell W. Webber. The building on the southeast corner of Hanover and Vaughan streets, containing two stores and two tenements, was bought by John A. Pickering of Newington, for $2530; the small house on Hanover street, next to the block on the corner, was bought by Joseph Hett for $1455.

A free vocal entertainment was given in one of the cells at the police station, Saturday afternoon, by a gentleman whom the police had taken in out of the wet. He gathered an audience consisting of all the boys and girls within 2000 feet.

A detachment af fifteen marines from the Brooklyn navy yard, in charge of Lt. Logan, arrived at this yard on Saturday, for the U. S. S. Vandalia. Lieut. Logan immediately returned to Brooklyn.

Willie Robeck, son of Frank Robeck, fell out of a wagon in which he was playing on Thursday evening last, and broke one of his arms between the elbow and wrist.

The law prohibiting the shooting of plovers, yellow-legs, sandpipers, ducks, rails and woodcocks in the state was "off" on the 1st inst., and anybody who can find one of the birds named can now shoot it, or try to; but partridges and quails are protected until the 1st of September.

Mr. Charles Williams of Kittery, while pulling across the river in a boat from this city to his home on Saturday night, duplicated the accident which befell Messrs. Hough and Roberts on Friday morning at Badger's island point. He pulled over the same rope leading from the drill-sloop to the shore, as they did; and was capsized by it just as they were, and picked up by the sloop's boat.

The schooner Gulnare, Goodwin master, arrived at Marshall's wharf, York harbor, last week, from Boston, with a cargo of general merchandise. She brought down from Boston the new bell for the Orthodox church at the village.

The Sunday school of the 2d Baptist church of Kittery, Rev. Mr. Beck pastor, will come to this city on Wednesday by steamer, and take barges for Wallis' sands, where they will spend the day picnicking.

Tartar

Are barnacles on the teeth: at first creamy, then harder, then removable only by the dentist. It loosens the teeth, and makes the gums tender. Don't permit it to gather; use SOZODONT, and keep the mouth clean and the teeth healthy.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. sod&w1jan27

DROWNED.

A telephone message was received at the exchange in this city at two o'clock Monday morning, from Capt. Drew of the tug Ann, at Dover, stating that a young man named Boss, son of Mr. Joseph Boss, a farmer living on Gosling road, was drowned in the river at Dover at half-past ten o'clock Sunday night. An officer was at once sent out to Mr. Boss' residence with the melancholy tidings. The deceased was fireman on board the tug.

The Universalist grove meeting at Weirs opened on the 4th inst, Rev. A. J. Patterson, D. D., of Boston, and Rev. W. E. Gaskin of this city, took prominent parts in the first day's exercises.

A horse was fatally poisoned in Kittery a few days ago, though eating potato tops which had been sprinkled with Paris green.

—A recent marriage at Cobb, Wis., was between a widow, aged seventy-two, and her adopted son, aged twenty-three. Her first husband had on his death bed advised the match as a means of preventing the raising certain legal questions regarding his estate.

—A good farm in Indiana has been allowed to run to weeds for five years, because of a belief that it is under the curse of a former owner, whose ghost walks the fields at night, and would make it unpleasant for a tenant.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an Invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and carries a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It repairs the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It nourishes pale cheeks and appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial nutrients—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incidental to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE of his Signature, as well as that of A. VOGELRICH & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

Isles of Shoals.
Appledore and Oceanic HOTELS.
THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.
LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.
THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

ADM. BEAUMONT'S FUNERAL.

The funeral services of the late Rear Admiral Beaumont, U. S. N., were held on Saturday morning at the house in Durham where he died, Rev. Father Ryan of Newmarket officiating. The remains arrived in this city at half-past ten o'clock by the regular train over the Concord & Portsmouth railroad, and were met at the station by officers from the navy yard and the U. S. S. Vandalia, and escorted to the receiving vault at the south cemetery, ten of the Vandalia's men acting as body guard. The pall bearers were Commodore Wells, Captains Wallace and Benham, Medical Inspector Leach, Chief Engineer Macomb, and Major Butler of the marine corps. There was no religious service in this city.

FOR CONGRESSMAN.

The Concord correspondent of the Boston *Journal* mentions Ex-Gov. Prescott, Martin A. Haynes of Lake Village, Andrew H. Young and Charles M. Murphy of Dover, Emmons B. Philbrick of Rye, Warren Brown of Hampton Falls, Rev. A. H. Quint, D. D., of Dover, and John J. Morrill of Gilford, as possible candidates for the republican nomination for congressman from the new 1st district. For the democratic nomination he mentions Stilson Hutchins, of the Washington *Post*, Dr Joseph C. Moore of Lake Village, and Hon. John S. Treat of Portsmouth. Of the latter he says:

The recent election of Hon. John S. Treat, democrat, also a member of the senate, to the office of mayor of Portsmouth, gives him great prestige and popularity in his party. His unanimous nomination for representative for Congress will not be a surprise to the public. We hear prominent republicans stating that with Mayor Treat on the democratic congressional ticket there will be a strong call for the prestige and strength that would come from the nomination of a republican candidate for Congress from the first district.

The republicans of this section would no doubt favor the nomination of Mr. Treat for Congress—on the democratic ticket. The unusual local influences which aided him in his contest for the mayoralty would be wanting in a congressional contest, and he would "get left" extensively.

POLICE COURT.

SATURDAY, Aug. 5; *Batchelder J.*

The case of Howell C. Russell, complained of for allowing gambling in his place of business, (continued from the 4th,) was called up in the forenoon, and continued to four o'clock P. M., when it was again continued to Tuesday. The complainant is William Quinn, who alleges that he was drugged and swindled out of about one hundred dollars at cards, in Russell's store.

HOW IT HAPPENED.

Some of the republican papers back in the state last week gave their ideas as to what caused the defeat of the republican candidate for mayor of Portsmouth at the late election, and we give the comments of two of them. The Concord *Monitor* said:

The result of the Portsmouth municipal election is something of a surprise, for although the contest was mainly local and personal it was not thought that the candidate for mayor supported by opponents of the republican party, would win. The victory for the democracy is a barren one. A majority of the aldermen and councilmen are republicans, and it will not be possible for Mr. Treat to carry out any partisan schemes. The vote for aldermen foots up as follows: Republican 840, democratic 802. The republican candidate for mayor did not command the full republican vote. He was opposed by the liquor interest and by the extreme prohibitionists, not to mention parties who had unredressed grievances of long-standing growing out of losses incurred in connection with railroad schemes, and who took the present occasion to show that they had good memories. Portsmouth is a republican city, as will be demonstrated next November in a manner to remove the doubts of the most skeptical.

The Nashua *Telegraph* discoursed upon the subject as follows:

Portsmouth goes by the board as to mayor, but the republicans carry the councils. The republicans of Portsmouth nominated a man seventy years old for mayor, and they got "left" by the election of the democratic candidate by a plurality of 111. This result so unexpected and unnecessary, is due in part perhaps to other causes than the age of the candidates, but the fact remains that the man who was elected was the man of middle age and active life, who rallied the younger voters, and the man who was defeated belongs to a past generation and was not in special sympathy with this one. He however, was only seventy.

Our neighbor the *Times* had quite a long comment upon these explanations, commencing in this way:

It will certainly be news to our people that the republican candidate for mayor was defeated on account of his *age*. The *Telegraph* comes no nearer to the truth than the *Monitor* does. The fact, we assure our republican contemporary, is, that if age had anything to do with it, it is the age of the republican party itself, or the fing that controls the party here, that was too old to be successfully run.

Both the *Monitor* and *Telegraph* hit the facts to a certain extent. The liquor interest, which in 1881 was almost solid against Mr. Treat on account of his reform-club record, was in 1882 nearly a unit in his favor, and against Mr. Emery; and Mr. Emery, though a vigorous and active man, and well known to the older citizens, was practically unknown to the younger voters—the great body of the party.

But the main reason for the marked increase of the democratic vote for mayor over that of the two previous years was, that the democratic leaders in 1882 desired the election of the democratic candidate, and worked for it; in 1880 and 1881 they did not desire the election of their party's candidate, and did not work for it.

In '80 and '81 the democratic leaders—the men who get all the honors and emoluments of a party victory—were conspicuous at the polls from their absence; not one of them was to be seen, they being out of town on pressing business, or too unwell to appear, etc.; their contributions were "nix," and their beautiful teams were not seen on election day carrying the faithful to the voting places. The ward workers—the hewers of wood and drawers of water, who vote the ticket but never get offices and honors—had to toil unaided. In 1880 the democratic candidate for mayor—the brother-in-law of the most prominent democrat in the state—did not even vote; at least that was the story then, and it has never been denied so far as we are aware.

This year the case was very different. The republicans having nominated a candidate whose election the democratic leaders did not desire, they worked like heroes to compass the election of the man whom they had allowed to be defeated the year before; not only were they early on the ground themselves, but their immediate henchmen and their teams were kept going all day, to get voters to the polls; and to their strenuous exertions at this election, after a two-years' rest, (we might say four years, but two will answer,) much more than to the "age" question or the rum power, was due the increased democratic vote which defeated the republican candidate for mayor.

Mr. Nicholas G. Mason, who lives on Boyd's road, near the Woodbury place, has just finished haying, having cut about one hundred and sixty tons—by far the largest crop of hay ever cut on the place. After selling what he could dispose of to advantage, and filling his barns to their utmost capacity, he has had to stack about forty tons in the field.

Two thousand mackerel, of extra size and fatness, were caught in the Mitchell weir on Saturday morning.

The horse drawing Mr. D. J. Lynch's store wagon took fright at the cars on Saturday afternoon, and ran down the Vaughan street extension. The lad driving the team was thrown out, and had a thumb broken, his head cut and his face bruised; and the shafts of the wagon were broken. The horse escaped the Wilson house barricade, but was stopped near Mrs. Seavey's residence.

Smoke from a bush fire was patent to the smell and sight of people on the streets Saturday evening. It came from a fire in the fields on the place of Mr. Samuel Langdon, on Lafayette road. One of the city fire engines was hitched up, but was not started for the fire, investigation by the chief engineer having shown that there was no water available. About ten acres of mowing and pasture land was burned over, and a small grove of trees destroyed.

The steamer Mystic took out seventy-four persons to the Shoals on her Sunday morning trip with the mails. Both the hotels at the islands are full.

The John Tibbetts referred to by the Boston *Traveller* as having been injured at Hallowell & Coburn's wool store in that city on Friday, was Mr. John S. Tibbetts of Portsmouth, son of Mr. J. M. Tibbetts, the prominent milliner.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who shows that other business beyond that of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily comes to her, bearing the special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of persons who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her house in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the purpose, they relieve Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

WHIPS! All qualities and prices; LARRABEE'S 126 Congress

At a "union" caucus held in the schoolhouse of district three, Kittery, last week, the following-named gentlemen were chosen as delegates to the county convention at Alfred on the 9th inst.: Ephraim C. Spinney, Gen. Stephen L. Butterfield, Joseph Langton, Andrew J. Stimpson, Solon Frisbee, Calvin Lewis, Henry Moulton, Samuel J. Keen. It was understood by the caucus that the names of James E. Chase and Gen. Stephen L. Butterfield of Kittery would be brought before the convention, the former for register of deeds and the latter for sheriff.—The democratic caucus in Eliot chose as delegates to the county convention Horace Parker, George A. Hammond, Charles H. Cole, William Nason, Samuel Clark, Leander Plaisted and H. Staples.

A Kittery man who came to this city on Friday and struggled with a quantity of New Hampshire beverage, became so much enthused thereby that he conducted himself so as to provoke an or linarily quiet and good-tempered citizen of Portsmouth, who it is said gave him one or two vigorous slaps in the face. Later the Kittery man had a discussion in the back yard of his residence with his wife, and the arguments became so heated that the neighbors were obliged to interfere to restore peace. That man had better stick to the Maine side of the river, where there are no intoxicating liquors.

Mrs. Sophia Norton of Cape Neddick, while returning home from this city one day last week in a team accompanied by her son, when going down the steep hill this side of the bridge over York river met a team driven by an unknown man. Mrs. Norton turned out as far as it was safe for her team to go, but the other team kept to the middle of the road, which resulted in a collision by which Mrs. Norton and her son were thrown out and considerably injured, the wagon broken, and the horse badly hurt. The other team kept on, the boorish or drunken driver not stopping to render any aid.

Charles Gallagher, aged fourteen years, was drowned while bathing in the Saco river at Biddeford, Friday. He was subject to cramps, and while swimming in deep water was suddenly attacked with them, and immediately sank. He was seen to rise three times, but no one was near enough to save him. He was a son of Charles Gallagher. The body was recovered.

The Faith convention at Old Orchard closed last Friday, with 5000 people in attendance. The Protestants have little room to ridicule the pilgrimages of the French Catholics to the shrine of Our Lady of Lourdres, or of the Irish Catholics to Knock chapel, so long as 5000 people wait on Dr. Cullis' "faith cure."

Ladies by using German Corn Remover can wear "glove-fitting" boots with ease and comfort.

A coal train of seventeen cars ran away on a down grade near Pittsburg, Pa., Aug. 4th, and collided with another train, killing six men instantly, and badly wounding ten others, some of whom will die.

Lewis G. Polger, Esq., 25 Elizabeth street, Cincinnati, says he was cured by St. Jacobs Oil of a very severe attack of neuralgia in twenty minutes.

Three men and a woman were drowned by the upsetting of a boat at a picnic near Chicago on the 4th inst.

A permanent restoration of exhausted and worn-out functions follow the use of Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are lost through the lack of knowledge of a safe and sure remedy. "PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOHNSON BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in urgent cases of cramp, colic and cholera morbus, and it gave almost instant relief.
J. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not think of going without a bottle in the house.
REV. J. B. IVY.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. G. STERRY.

CONWAYBORO, S. C., Feb. 23, 1881.
Nearly every family in this section keeps PAIN KILLER in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, PRUSSIA, PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
T. S. POTTER, U. S. Consul.

LONDONDERRY, ENG., Feb.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
51 MONTAGUE ST., LONDON, ENG.

During a residence of twenty-three years in India, I have given it in cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent, safe, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. MRS. MARY E. BRANSTAD, 173 Prestman st.

Kidney Disease Cured.

Christiansburg, Va., 1881.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa. Dec. 3, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
MRS. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

SULPHUR BITTERS

THE GREAT

German Remedy.

TRUTHS FOR THE SICK.

For those deathly Bilious Spells, depend on SULPHUR BITTERS, it will cure you.

Ladies in delicate health, who are all run down, should use SULPHUR BITTERS.

The Giant Dyspepsia is cured by using SULPHUR BITTERS.

$1,000 will be paid for a case where SULPHUR BITTERS will not assist a cure. It never fails.

Operatives who are closely confined in the mills and workshops; Clerks, who do not procure sufficient exercise, and all who are confined in doors, should use SULPHUR BITTERS. They will not then be weak and sickly.

Cleanse the vitiated blood when you see its impurities burst through the skin in Pimples, Blotches, and Sores. Rely on SULPHUR BITTERS, and health will follow.

General Debility needs a gentle tonic. Use SULPHUR BITTERS, and you will not be troubled.

SULPHUR BITTERS will cure Liver Complaint. Don't be discouraged; it will cure you.

Don't be without a bottle. Try it; you will not regret it.

SULPHUR BITTERS will build you up and make you strong and healthy.

Naval Affairs.

Surgeon Thomas Hiland, from the Alaska, has been admitted to the naval hospital in New York for treatment.

Boatswain John McCaffery, who was tried by a court martial at the Brooklyn navy yard on the 5th of May, on a charge of "Conduct unbecoming an officer and a gentleman," was honorably acquitted and has been relieved from arrest.

Capt. Robert L. Meade, U. S. M. C., was tried before a general court-martial which convened at the Brooklyn navy yard May 5th, on a charge of "Conduct unbecoming an officer and a gentleman," the specifications being that he did on the 14th of April, 1882, in the officers' quarters of the marine barracks at the Brooklyn navy yard, "and in the presence of enlisted men, use violent, abusive and profane language toward First Lieut. Frank D. Webster, U. S. M. C., officer of the day at said barracks," and that after using the language referred to he did, "in the officers' quarters at said barracks, and in the presence and hearing of enlisted men and others, cause and engage in an affray with the said Webster, to the scandal and disgrace of the service." The court found both specifications proved, except as to "violent" in the first and "caused" in the second; he was found "not guilty as to the charge, but guilty of conduct to the prejudice of good order and discipline." The sentence of the court was that he be suspended from duty for one year, on three-quarters pay, and be publicly reprimanded by the secretary of the navy. The secretary approved the sentence, but shortened the time of suspension to six months in consideration of Capt. Meade's previous good record, long and faithful service, and gallant conduct during the rebellion.

Secretary Chandler says that no person will be appointed assistant secretary of the navy under the new legislative, executive and judicial appropriation bill, for three months at least.

The house on the 5th inst. passed without debate a resolution authorizing the secretary of the navy to investigate, through a board of enquiry, the loss of the Jeannette.

The *Cape Ann Advertiser* of last week says: "From all quarters come reports of a great scarcity of codfish in their usual haunts. A number of the Georges fleet, recently returned, report a catch of four to seven thousand pounds each, and the average of the fares received the past week has been only about eleven thousand pounds. The Grand bank fleet are beginning to arrive, with broken fares, the receipts from Western bank are nominal, and all along the Maine and Nova Scotia coasts codfish are reported scarce. The receipts at this port last month were only a little over half as large as in July last year; the other New England fishing ports have done but little in this line, and in Halifax the receipts do not keep up with the demand, and there is not a quintal on the market."

A recent oil strike at Litchfield, Ill., excites local interest. Three wells, producing daily 12,912 barrels of heavy lubricating oil, worth $10 a barrel, and a supply of gas, are flowing steadily, and land speculation is rife.

Patrick Hollihan of Lawrence, Mass., was run over by an engine in Newburyport on Sunday, and had his right arm cut off at the shoulder.

Edward Clouston of Boston was arrested at Schenectady, N. Y., Saturday evening, for selling counterfeit admission tickets to Barnum's circus.

A Portugese named De Bosnys is under arrest at Troy, N. Y., for the murder of a woman to whom he had been married but four weeks; her name before she married him was Betsey A. Wells, and her dead body was found in the woods with two bullet holes in the head and the throat cut. De Bosnys is believed to have murdered a colored woman with whom he lived, just before he married the Wells woman.

A prize fight took place on Wednesday, the 2d inst., at West Point, between Cadet E. N. Scudder of Mississippi and Frank A. Cook of Rhode Island, in which Alfred B. Jackson of Massachusetts acted as referee. They fought several rounds, and Scudder was whipped, and was taken to the hospital insensible.

If you have disordered kidneys don't fail to try it.

United States Deputy Marshal T. G. Hewlett shot and killed Sandy Bynum, (colored,) the most prominent leader of the republicans in Madison county, Ala., at an independent rally on the 5th inst. A mob of negroes then congregated, vowing to kill Hewlett, but they were pacified with great difficulty. Hewlett fled, but it is rumored was arrested that night.

Reward to Enterprise.

Four years ago, James Pyle of New York first introduced his celebrated Pearline to the public, and now the name of Pearline is everywhere a household word, and millions upon millions of packages are annually consumed by our intelligent housekeepers.

Benjamin Wilkshire was murdered at Chillicothe, Ohio, Aug. 5th. The circumstances point plainly to a man named Giddings as the murderer. Two weeks ago Mrs. Wilkshire eloped with Giddings. Wilkshire followed and induced his wife to return. Giddings appeared at Wilkshire's place on the 5th, and half an hour before the killing Wilkshire and Giddings were seen to enter a cornfield together, where shortly afterward a farmer, having heard two shots, found Wilkshire's dead body. Giddings escaped.

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. TUESDAY, AUGUST 8, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The State vs. Manchester.

It is quite amusing to see how, with an apparent manipulation showing the hand of a master wire-puller in control, there is just at this time an arraignment of the city of Manchester, by several of the newspapers of the state, upon the charge of an undue assumption of the public patronage!

Tables are produced showing the number of persons who have been governors, judges, etc., and at the same time had the misfortune to reside in Manchester,—as if a man who lives in a town with one-half its population composed of foreigners with whom he can have little or no intercourse, ought not to be compensated in some mode; thus the citizens of the home of Stark are charged with seeking to have all the good positions of honor and profit brought within her borders. This of course is induced by the fact that Hon. Moody Currier, who for many years had escaped the peculiar ambition which has so extensively prevailed along the banks of the Merrimac, has concluded that he has as good a right to be governor of New Hampshire as any man.

The papers at Concord and elsewhere abound in statistics, showing why Manchester should not have the governor for the next two years, and why some other section of the state should receive the honor of the republican nomination instead of our great manufacturing centre.

No one to-day refers to the close campaigns when the material aid furnished by the candidates from Manchester, or the local pride of her people, may have turned the scale in favor of one of her own citizens. The only issue raised is, "Manchester wants everything, secures almost everything, and ought not to have one of her citizens nominated for governor."

There is no doubt that Mr. Currier has every qualification for the position; that he is well educated, and could prepare an able state paper; that as teacher, poet, lawyer, banker and business man, he has large—very large ideas, acquired from a long experience; that he is the leading financier of the state, the friend of education, and in fine, all that could be desired in a candidate. Yet he lives in Manchester. That is enough.

As a city increases in population, there always will be a jealousy manifested by its less favored neighbors, just as when a man prospers in life, those who are left behind are not apt to forgive their progressive cotemporary; but it is unfair that the republican party should be in any way mixed up in this issue, and deprived of a good candidate because he happens to live in Manchester.

The last count in the indictment is, that Manchester has appropriated the collectorship of internal revenue, and deprived Concord of a deputy; that as soon as the convention decides between Mr. Currier and some other candidate, Mr. Putney is to be allowed to remove his office away from Portsmouth, where the great bulk of taxes are paid and stamps sold, to the editorial rooms of the *Mirror*; and that a deputy will be appointed for Portsmouth against the protest of the large tax-payers in this city, and to the dissatisfaction of every one. There is no doubt that this is largely used in this vicinity as an argument against Mr. Currier's nomination, and with no little success; this is the natural result of circumstances. The members of Congress who hunted down Mr. Young did not want a man to oblige the tax-payers, but they did not want to offend the *Mirror*. People were ready for a change, and Manchester said: "All right; we will take the office."

When our large tax-payers complained loudly because the office of the collector was at Dover, and at times there was found much inconvenience therefrom, the office was ordered to be established in this city, and rooms in the government building were fitted therefor. But Manchester having succeeded in obtaining the appointment of collector for one of her citizens, now insists that the duties of the office shall be performed within her borders, instead of where the taxes are levied and paid. In fact, the religion of Manchester, as the outsiders maintain, is largely made up from the scriptural assertion that "unto every one that hath shall be given; but from him that hath not, even that which he hath, shall be taken away from him."

It is to this alleged grasping characteristic of the Manchester people that the state objects, and just now the friends of Mr. Hale seem to gain recruits everywhere, because, unless there is a resistance of this centralization of power and of office, the rest of the state will become in its political and social importance what it is contended it already is in point of population, simply a "suburb of Manchester."

Official List of Patents

Granted to citizens of New Hampshire, for the week ending Aug. 1st.

Sylvanus Bartlett of Keene, saw-set; No. 261,900; application filled Feb. 11th, 1882.

The Naval Appropriation Bill.

The bill as agreed to by the conference committee passed both houses on Saturday, and was sent to the president for his signature.

The Egyptian Disturbance.

The British made a reconnoissance in force against the Egyptian forces at Mahalla junction, Saturday, and there was some sharp fighting. The British loss is officially reported at one officer and three enlisted men killed, and twenty-nine wounded. The object of the movement was to develope the force of the natives in men and guns, and this was attained.

The Egyptians fought bravely, the British estimate of their loss being between 200 and 300. One officer and fourteen men of a native regiment were taken prisoners. Neither dead nor prisoners of the British forces were left in the hands of the Egyptians.

AROUND HOME.

The yachts which arrived at the Shoals during the week ending on Sunday last were the Seada and Tarolinta, of Boston; Peerless, of New York; Edith, of Lynn; Wanderer, Kelpie, Lulu, Active and Addie of the Eastern yacht club of Boston. Nearly all the boats named were on their way back to Boston, from a club cruise to Mt. Desert.

Elvin Newton's fishing gang at Lunging island, Isles of Shoals, caught 150 barrels of bluebacks and nearly a hundred barrels of small mackerel on Saturday, and baited a large number of Georgesmen. The gang stocked $300 last week. There is plenty of bait at the island now, for bankers.

Mr. Martin Hoyt has started on a trip to Europe, going across to Liverpool from Philadelphia in the steamship Indiana, Capt. Sargent. Mr. Hoyt has "been across the herring pond" before, he having sailed from this port in the U. S. S. Kearsarge, and made the whole cruise in her, participating in the fight with the rebel steamer Alabama as a member of the crew of the after pivot gun.

Mr. Melvin, of the firm of Melvin & Badger, druggists, of Boston, arrived at the Appledore house on Monday on his 30th consecutive annual visit to that favorite summer resort.

The fishermen at Smuttynose island, Isles of Shoals, made a good catch of mackerel on Monday, the fish being of unusually large size and of extra fatness.

Rev. John A. Goss and family are occupying one of the four little cottages at the base of Cooper's hill, Newcastle.

It is now reported on excellent authority that Messrs. Walker, Jones & Winchester will commence building operations on the vacant lot corner First and Second streets, early in October, with a view to having the new stores ready for occupancy about the first of June, '83. It is also learned from the same reliable source that there is already a lively demand for the prospective stores.—*Dover Republican.*

The netting of the Harding weir, which was taken off two weeks ago for extensive repairs, was placed in position on Monday.

The families of R. H. Beacham, Rufus F. Stillings, Samuel S. Fletcher and Hosea Q. Mason, all of this city, are rusticating at the old Frisbee homestead on Gerrish's island, Kittery. Mr. Joseph G. Knights, formerly superintendent of the Portsmouth Shoe Factory, and wife, are at Pocahontas point.

The boat from which Charles Williams of Kittery was so unceremoniously tumbled on Saturday night, by the sudden tautening of a mooring line which he attempted to pull across, was picked up Sunday on Gerrish's island, and in a basket under one of the thwarts were found two bottles of rum, a demi-john, and a coat. Lucky for him the bottles were full when he was capsized. "He was found dead with an *empty* bottle by his side," is the way the paragraph usually reads; a full bottle is not so dangerous.

The fire in Kittery on Friday last, near Butler's crossing of the Eastern railroad, burned over about an acre of young trees belonging to Mr. Alexander Dennett, who estimates his loss at about $75.

A woods fire was started in Eliot, near "the ridge," Monday afternoon, by a spark from a passing train. A large gang of men were engaged in fighting the flames.

Mr. Albert Gerry, of Kittery, lost a valuable yearling heifer within a few days, through her eating Paris green.

Caswell, Guardian of said Hannah, has filed his account of said guardianship in the Probate office for said County, and will present the same at a Court of Probate to be holden at Exeter in and for said County, on the Wednesday next following the third Tuesday of August next, at 10 o'clock, A. M., for examination and allowance; and will also at the same time and place tender his resignation of said trust.

YOU are therefore hereby cited to appear at said court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the PORTSMOUTH CHRONICLE, a newspaper printed at Portsmouth, in said County, the last publication whereof to be at least one week prior to said Court. By order of the Judge.

Dated July 24th, A. D. 1882.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE stanuch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 10 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing; excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

DON'T WASTE THE WATER.

The pumping station of the Aqueduct Co. at the Sherburne spring was burned on Sunday, the building going off like tinder as soon as it caught fire; the engine, two centrifugal pumps, connections, etc., were ruined, and the clerk of the company went to Boston the first thing on Monday, to purchase more gear. The supply of water from this spring was of great value in a time of excessive drought, such as we are now experiencing, and the diminution of the supply consequent on the destruction of the pumping station renders it more than ever imperative that water users should not wantonly waste the indispensable fluid.

HE DID VOTE.

PORTSMOUTH, Aug. 7th.

Ed. Chronicle—Dear Sir: In your issue of this morning you say that the democratic candidate for mayor in the year 1880 did not vote. The statement is incorrect. I have never since my majority (in this good old town) failed when a legal opportunity presented itself to put myself on record as honestly and squarely opposed to the republican party.

Your friend and fellow townsman,
J. H. MORRISON.

MAN OVERBOARD.

Mr. John A. Cornelius, the plumber, was standing on the edge of the navy yard landing Sunday afternoon, shortly before the starting of the steamer Fearless, when a man who had been imbibing enough spider-antidote to make him want some fun remarked to several others, "Just see me send Johnny overboard!" and suiting the action to the word, made a grand rush at him with outstretched arms, but Mr. Cornelius stepped aside at the right instant, and the practical joker went flying end-over-end through the air, going half-way to the end of Broughton's wharf before striking the water, according to the stories of the bystanders. As the day was intensely warm and the acrobat a good swimmer, he sustained no damage beyond a thorough wetting, and had a nice swim around in the dock before crawling out.

SCHOONER "ANNIE F. CONLON."

The new schooner Annie F. Conlon will be launched on Wednesday, about eight o'clock in the morning, from the shipyard of Mr. Wm. F. Fernald at Freeman's point.

The Annie F. Conlon will register about 600 tons, new measurement. She is 136 feet long on the keel, 34 ft. 6 in. beam, seventeen feet depth of hold, and double decked; she is thoroughly built of New Hampshire white oak. She is intended for the general freighting business, and will be commanded by Capt. Horace M. Seaward, who has superintended her building. Charles E. Walker is the managing owner. She will be fitted for sea at Pier wharf.

As this is the first vessel built at Freeman's point—at least within the memory of the oldest inhabitant, although it is said there were ships built at that spot in ages long past—the occasion of the launch ought at least to be marked by goodly attendance, and perhaps [illegible] steamboat captain may provi[illegible] of conveniently witnessing what once was a frequent sight on the Piscataqua.

The Annie F. Conlon is similar in her construction to the E. I. Morrison and Charles E. Morrison, built several years ago by Mr. Fernald for Boston parties. Mr. Fernald's first vessel constructed here was the bark Fury, built twenty-two years ago of New Hampshire white oak, and to-day she is as sound as when built. She was thoroughly inspected last fall, and found to be in a wonderful state of preservation. We hope this yard, once established, will be continued as an industry which ought to succeed in our city as of old.

At a meeting of the directors of the Portsmouth Gaslight Co., held Monday forenoon, Christopher C. Jackson was elected president, to succeed Hon. Ichabod Goodwin, deceased.

Mayor Sise on Monday evening met the police force in the city marshal's room, and in a few brief and appropriate remarks took leave of them as an official, at the same time bearing witness to their efficiency and faithfulness, individually and as a body. Asst. Marshal Gray responded on behalf of the force.

Mr. D. J. Lynch's store wagon ran away from near Short street on Monday, propelling the horse with great speed down Russell street to Market, where a collision took place with a post in front of Mr. Plaisted's store; one shaft of the wagon was broken, the groceries scattered about, and the horse thrown down and captured. The trouble was owing to the breaking of a bolt, which let the whiffletree strike the horses heels.

A small building in Rye, near the farm of Mr. John Grover, (the old town farm of Rye,) was burned on Monday afternoon.

The young man Henry Boss, fireman of the tug Ann, who was drowned on Sunday night, was in swimming, and it is supposed was taken with cramps. The body has been recovered.

There was a "spirited" contest in the Vaughan street obstruction, Saturday afternoon, between Georgie Moody and another female, during which the Moody woman had one of her legs badly hurt. One of the combatants was arrested.

We hear it stated that Mayor Treat is to be accorded by the board of aldermen all the privileges and powers, as to the appointment of committees, etc., enjoyed by Mayor Sise. We have no fault to find with this arrangement, for we have no doubt Mr. Treat will pay what recognition is proper to the fact that there is a republican majority in the board.

Mr. Morris Green of this city fell overboard out of a boat at Kittery point on Monday, and was rescued by his boatmate, Mr. Arthur G. Brewster.

There was a large gathering of persons from this city at Wallis' sands, Rye, on Sunday last, the occasion being a chowder-party and clam-bake. The steamer Fearless took down two loads of passengers, and many persons went to the place in teams, the total attendance amounting to about four hundred. Another clam-bake at the same place, and one at Dover point, are projected for this week.

The gas lamp at the north mill has not been lighted for several nights, and it is rumored that it is to be removed. We hope the rumor is untrue, for there is hardly a place in the city where a light is of more value and necessity. There is a town landing for boats between the mill and the Raynes estate; and the steps which project from the front of the mill upon the sidewalk are likely to prove an ugly obstruction to pedestrians unless the light is retained.

Right Rev. Alexander Burgess, D. D., Episcopal bishop of Quincy, Ill., administered the sacrament at St. John's church in this city on Sunday.

The shores some weeks ago placed under the trusses of Portsmouth bridge at the first (or westerly) span, are still in position, and a great nuisance to boats passing under the bridge at that point; they should either be removed or the passage fenced across. We now believe every word the Manchester *Mirror* man said derogatory to the reputation of the bridge, and hope he will say a lot more, and worse. Whatever he may say on that subject we hereby heartily endorse.

The police on Saturday made a slight move toward the removal of the Wilson house obstruction on Vaughan street, and lodged Maud Wilbur and Edward S. Moulton, part of the obstruction, in the lockup. They were assessed $9.90 each in the police court, Monday, and will probably not obstruct that street again for some time to come.

The sloop yacht Undine, of Providence, R. I., came in on Monday and anchored near Pumpkin island. She is a very handsome boat.

The schooner Grace Choate of this port arrived on Sunday, light, from Boston, where she has been tending the fresh[illegible] market. On her last trip into Bos[illegible] took in 160 barrels of [illegible] and seven sword-fish, taken in the bay of Fundy. The sword-fish are reported to be working back this way from the provinces, following the shore.

It is rumored that Mr. Wm. H. Preston is to engage in the manufacture of shoes at the former Nowell factory on State street. Hope it's true.

About 3000 mackerel, very large and fat, were taken from the Mitchell weir on Sunday night and Monday morning; George Herbert bought 1500 of them, George W. Randall 700, and the rest were purchased by other local dealers. Elvin Newton on Monday brought in a lot of fine mackerel, caught at Lunging island, Shoals, on the previous night. George Herbert received from the small boats, Monday, about 1500 lbs. of codfish, and Caswell & Co., at the Spring market, about 600 lbs.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who is an all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a generous, and is supposed to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at relief from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

Its success of its proven merits is so recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and cures weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

Philadelphia, Pa. (G) Mrs. A. M. D.

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows the class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. Mrs. MARY E. BRASHEAR, 173 Preston St.

Kidney Disease Cured.

Christiansburg, Va., 1879.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa. Dec. 2, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

SULPHUR BITTERS

German Remedy.

TRUTHS FOR THE SICK.

For those deathly Bilious Spells, depend on SULPHUR BITTERS, it will cure you.

Ladies in delicate health, who are all run down, should use SULPHUR BITTERS.

The Giant Dyspepsia is cured by using SULPHUR BITTERS.

$1,000 will be paid for a case where SULPHUR BITTERS will not assist or cure. It never fails.

Operatives who are closely confined in the mills and workshops; Clerks, who do not procure sufficient exercise, and all who are confined in doors, should use SULPHUR BITTERS. They will not then be weak and sickly.

Cleanse the vitiated blood when you see it breaking through the skin in Pimples, Blotches, and Sores. Rely on SULPHUR BITTERS, and health will follow.

General Debility needs a gentle tonic. Use SULPHUR BITTERS, and you will not be troubled.

SULPHUR BITTERS will cure Liver Complaint. Don't be discouraged; it will cure you.

Don't be without a bottle. Try it; you will not regret it.

SULPHUR BITTERS will build you up and make you strong and healthy.

The barn of Howard Littlefield, of Wells, was struck by lightning July 28th and consumed, with 25 tons of hay; the house and outbuildings were also burned, most of the furniture being saved. The property was insured for less than half its value.

Rev. F. S. Rice, late pastor of the Universalist church at South Berwick, has closed his labors there, and accepted charge of a church at Springfield, Vt.

A man calling himself George Robinson, of Dover, is held for trial in York county for breaking into the cellar of William Waterhouse of South Berwick, and attempting to steal provisions. The fellow was caught in the cellar, and captured after a sharp tussle. Three families living near Mr. Waterhouse had their cellars visited the same night, and pork, bread, pies, etc., stolen, and it is supposed Robinson was one of a gang of thieves.

Among the wills presented for probate at the late term of court at Alfred, were those of Mary Ann Toggerson and Priscilla H. Moulton, of York, and Joshua Manson of Kittery.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

The steamer Gold Dust blew up near Hickman, Ky., on the 7th inst., and was run ashore, where she took fire, burned to the water's edge, and sank. Forty-seven persons were scalded or otherwise injured seven of whom died in a few hours; seventeen persons are missing, and are supposed to have been blown overboard.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His face, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.
Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.
ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

A War Cloud.

A London dispatch of the 8th inst. to a New York paper says: "It is now admitted that Russia has been making warlike preparations for the last six weeks. Troops have been hurried towards the Caucasus, where it is said that 200,000 men are now collected, with all the stores and munitions of war ready for a descent upon the Bosphorus should opportunity offer. It is said that the delay in England in forwarding her army to Egypt has been caused by a knowledge of these facts, and the calling out of the English reserves and the acceptance of the services of some of the volunteer artillery are due to that knowledge."

AROUND HOME.

Some extensive alterations and improvements are to be made in the Rockingham house after the close of the season of summer travel. An elevator is to be put in, new billiard and pool tables provided, a tile floor laid in the dining room, and everything else needful done.

The steamer Startled Fawn, with a party of about seventy-five excursionists from Haverhill, Mass., arrived here on Tuesday forenoon, and left again at about three o'clock in the afternoon, intending to touch at the Shoals on the way home.

Four thousand extra fine mackerel were taken from the weirs on Tuesday morning; C. Sullivan & Co. brought 2500 of them, and George Herbert the rest. Small quantities of cod were brought in by the shore boats, as usual of late.

Nathan F. Mathes, Esq., died at his home on Islington street, Tuesday morning, quite unexpectedly, though he had been in failing health for many months. He was talking with his medical adviser when he suddenly placed his hand to his side, as if in pain, and was dead in a few moments.

Rev. E. M. Grant, formerly pastor of the Universalist church in this city is passing his summer vacation here.

Eddie Zera, fourteen years old, a bellboy at the Rockingham house, some time during Monday night in a somnambulistic fit walked out of the window of his room in the third story of the hotel, and striking the ground twenty-five feet below broke both bones of his right fore-arm, and was severely shaken up in other ways. The mishap is supposed to have occurred shortly after midnight, and the boy remained insensible on the spot where he struck until about three o'clock Tuesday morning, when he was found by other employes of the house. Dr. Parson attended the patient, and had some trouble in reducing the fracture owing to the time that had elapsed; the boy was reported on Tuesday afternoon to be doing well.

One of the most flourishing kitchen gardens in this vicinity until the commencement of the drought, was that cultivated by Samuel Spinney, Esq., on that part of the Raynes shipyard between the new street and the water; his corn was simply immense, and his potatoes, beans and other vegetables looked better than most any others about here that were planted at or near the same time. When Mr. Spinney first proposed to cultivate the lot he was laughed at by some good farmers, and told that the ground was too "sour" from oak chips to ever produce anything but weeds; but he kept on the even tenor of his way, and in spite of both sourness and the drought will have a fair crop.

The old-fashioned root and spruce beer brewed by "Duke" Peverly, and sold by him at No. 101 Water street, is very popular with pedestrians over the Newcastle bridges, this hot weather.

Mr. Otis T. Haley, one of the old Shoalsmen, is boating this season for Mr. Lemuel B. Caswell of Smuttynose island. A big crowd of Portsmouth people, taken out by the steamer Mystic, descended on Caswell hotel on Sunday, clamorous for chowder, etc. They all got some. The islands and adjacent waters present a lively scene now, the hotels being taxed to their utmost to fill the demands of the throng of visitors.

The Dover *Democrat* of Aug. 5th says: "One marriage license was granted at the city clerk's office to-day. The applicant was a successful miner from Leadville, Col., and aged thirty-nine years. Twenty summers since he was engaged to a young lady, both of them living in York county, Me. He left for the west to seek his fortune. She remained at home teaching school. Correspondence was kept up all this time, but neither had seen the other during the period. He came home last week, and both were married to-day. It was rather a long courtship."

Some time ago a venerable old fellow was arrested in Kennebunk for stealing a pair of boots, and committed to Alfred jail to await trial. He was spoken of as "King David," and there has been much doubt whether it was the real King David, who belongs in North Hampton, N. H., or the Polish "count" J. Zouaski, the identity of the larcenist having been tossed back and forth between the two several times by the papers. The Great Falls *Free Press* finally decides the question in favor of our old acquaintance the "count," whom it says was bailed out of jail by Mr. Sullivan Atkins of Milton Mills, and started on his way to Montreal. The reputation of the real King David is once more spotless.

SHAMEFUL NEGLECT OF PLAIN DUTY.

Mr. Editor: You reported on Monday morning an accident and injury to a boy from a horse taking fright at the Vaughan street railroad crossing. That such does not happen every hour is the marvel of all who have need to cross it, and such risk will continue so long as our city government is so neglectful of its plain duty and so regardless of the lives of the people. Plenty of *volunteer* evidence of the utter neglect of proper precautions by the railroad company will be forthcoming when wanting. A lady was badly shaken and very much frightened within a few days, by obeying the directions of the flag man, which, when too late, she found *compelled* her to drive within *five* feet of the head of an engine standing (as i often the case) at the water tank. So long as there are no gates, and men of no *judgment or responsibility are nominally stationed at that crossing, so long is it crossed at peril to life. Manslaughter would be the verdict of any jury knowing the heedlessness there, for life destroyed. Complaints and warnings have no effect. Will a dreadful "accident" have?

P. S. The above applies in a degree to every crossing in the city, that on Islington street being specially unsafe to drive over, from rotten plank between the rails. ‡

*The crossing is a dangerous one, unquestionably, and the opening of the new highway (called by the clumsy and very absurd name of "New Vaughan street") along what was once Short street and through the Raynes shipyard, has bettered it in but a trifling degree from what it was formerly. The only way to make the crossing reasonably safe is to put gates there, and to make gates available Elm street must be closed up, and the piece of street from Vaughan street to Elm street discontinued. This was the end suspected when the road forced the "New Vaughan street" through, and it may as well be done now as at any other time; it will have to be done when the railroad orders it, in any event. But the flagmen, who are merely servants of the road, we think are not to blame for any of the annoyances at the several crossings; they have rules to go by which they *must* obey, and so far as we have ever seen (and we have crossed the Vaughan street crossing several times a day for some years past) they are earnestly attentive to their duty.—*Ed. Chron.*

LEAVE TAKING.

Monday evening, just before the police officers went on their respective beats, Mayor Sise called upon them for the last time in his official capacity. In taking leave of them he said:

Gentlemen of the Police Force:—I cannot retire from the office of Mayor of this city without expressing to you, one and all, my appreciation of the faithful manner in which you have discharged the arduous duties of your office during the time I have been at the head of municipal affairs, and I take great pleasure and pride in saying that no other city that I visit can show a more gentlemanly and efficient corps of police. With hearty wishes for your future prosperity, and the hope that no changes will be made by our new city government, I bid you good night.

He was responded to by Asst. Marshal Gray as follows:

Mr. Mayor:—In behalf of the Portsmouth police force, I return to you our sincere thanks for the kind and gentlemanly treatment which we have received from you since you have been Mayor of the city. We feel, sir, that in parting with you, we are losing one of the best Mayors Portsmouth ever had, and we hope that your political career is not yet ended, and that you may yet grace more important offices where we hope you will perform the duties as faithfully as you have performed the duties of Mayor of Portsmouth.

Notice to Mariners.

Notice is given by the light house board that on and after October 1, 1882, a *fixed red* light of the 4th order will be exhibited from the light house recently constructed on Whale rock, western entrance to Narragansett bay, Rhode Island.

The apparatus lights 315 degrees of the horizon, (W. N. W. by eastward to W. S. W.,) and the focal plane is 43 feet above the ground, and 73 feet above mean low water. The light should be seen in clear weather, from the deck of a vessel fifteen feet above the sea, fourteen nautical miles.

The structure is a cast-iron tower, in the form of a frustrum of a cone, standing on a cast-iron pier filled with concrete. The tower is painted white, the pier red, and the lantern black. The approximate position, as taken from the charts of the coast and geodetic survey, is as follows:

Beaver Tail light-house, bearing E. ½ N., distant 1¼ nautical miles;

Dutch Island light-house, bearing N. E. by N. ¼ N., distant 3¼ nautical miles;

Point Judith light-house, bearing S. W. ¼ S., distant 5¼ nautical miles;

Brenton's Reef light-ship, bearing S. E. by E. ¼ E., distant 2¼ nautical miles.

A fog-bell, struck by machinery, will be sounded, giving one blow at intervals of twenty seconds during thick and foggy weather.

By the Judge of Probate for said County.

TO the heirs at law and creditors to the estate of Hannah Caswell, late of Northwood in said County, and all persons interested in said estate, GREETING:

YOU are hereby notified that Charles A. Caswell, Guardian of said Hannah, has filed his account of said guardianship in the Probate office for said County, and will present the same at a Court of Probate to be holden at Exeter in and for said County, on the Wednesday next following the third Tuesday of August next, at 10 o'clock, A. M., for examination and allowance, and will also at the same time and place tender his resignation of said trust.

YOU are therefore hereby cited to appear at said court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the PORTSMOUTH CHRONICLE, a newspaper printed at Portsmouth, in said County, the last publication whereof to be at least one week prior to said Court. By order of the Judge.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Consumptive—will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of this preparation is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the blood, firmness to the muscles and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE INAUGURATION.

The new city government organized at the court house on Tuesday forenoon, in presence of a large number of citizens.

Mayor Sise called the meeting to order, and City Clerk Vaughan read the records of the convention which canvassed the vote for mayor. Mayor Sise then administered the oath of office to Mayor-elect Treat, and the new mayor and aldermen-elect retired.

William G. Billings was chosen president *pro tem.* of the common council, and the mayor and aldermen were notified that a temporary organization had been effected; the mayor administered the oath of office to the councils, and the common council proceeded to the election of a president, the result being as follows:

Whole number of votes	18
Necessary for a choice	10
Albert R. Junkins had	9
William C. Robinson	9

And there was no choice. There were seven ballots taken before a choice was effected. On the 4th ballot Junkins had nine, Robinson three, and Richard I. Walden six. The seventh ballot was as follows:

Whole number of votes	17
Necessary for a choice	9
Robinson	2
Walden	6
Junkins	9

And Mr. Junkins, having received a majority of all the votes cast, was declared elected. President Junkins, on assuming the chair, made a brief speech.

The common council proceeded to vote for a clerk, with the following result:

Whole number of votes	17
Necessary for a choice	9
Richard I. Walden had	1
Nathaniel K. Raynes	6
James A. N. Rugg	10

And Mr. Rugg was declared elected for the ensuing municipal year, and was sworn in by Ex-Mayor Sise.

The mayor and aldermen met the council in convention, to elect a city clerk for the ensuing year; the mayor appointed Ald. Stavers and Councilman Walden to assort and count the votes, and the committee made the following report:

Whole number of votes	25
Necessary for a choice	13
Daniel J. Vaughan had	25

And was declared elected, and was sworn in by Mayor Treat.

Prayer was offered by Rev. W. E. Gaskin, and the mayor delivered his

INAUGURAL ADDRESS.

Gentlemen of the City Councils:

We have to-day assumed the duties devolved upon us, and have sworn to exercise those duties to the best of our ability. I have no doubt that all of us will attend to whatever matters may come before us, in such a manner as shall be for the best interest of all our citizens; and my desire is that all our intercourse and deliberations shall be pleasant and harmonious, so that in the end the results shall be not only satisfactory to ourselves but to our constituents.

Having had no experience whatever in municipal affairs, you cannot expect me, had I the time and opportunity, to enter into details as to the debt, etc., of the city, but I shall hereafter communicate such information and from time to time recommend whatever in my judgment shall be for the best interests of the city.

At the late election, by an almost unanimous vote we were enjoined to abate the nuisance arising from the condition of the mill ponds, and regulate the sewerage of the city. This is no easy task, and requires a good deal of thought and attention; there will necessarily be a great many ways advanced to accomplish the desired results, all of which we shall have to weigh carefully.—But in this matter at least we must make haste to go slow, so that when completed the end will justify the means, and the ponds, cleared from their accumulation of filth, will be one of the many attractions and sources of pleasure for which our beautiful city stands pre-eminent; but this cannot be done without a large outlay, which at the present time will bear heavily upon our citizens. Whatever we do let us bear in mind that economy (not parsimony) should be the motto at all times and under all circumstances.

The poor should not only receive our kindly consideration, but should be well and even liberally provided for; "being always with us" they constantly demand our sympathy and attention.

Our schools should receive the most liberal support, for none of our public expenditures can give so good a return for the money invested. If we allow that their management under the present system is good, certainly there has been no marked improvement over the schools when the committee were elected (which I believe as nearly as possible all public servants should be) by the people, and at which time (I think) our schools received a diploma from the Paris exposition. I regret that ever the election of a school committee should have been taken from our citizens, believing them to be abundantly able to elect a committee thoroughly competent to perform its duties.

The streets should be well graded, lighted, and drained; so that they shall be not only safe so as to incur no liability to suits for damages but also serviceable, neat, and attractive, a source of enjoyment to ourselves and to the constantly increasing number of strangers who annually pass the larger portion of the summer months amongst us.

The Fire Department (if we may judge by the reports) is in excellent condition; this branch of our government cannot be too well guarded, as on it depends the safety of our property. The officers should be efficient, and the force in numbers equal for any emergency. The recent attempt to economize by a reduction of members in this department was in my opinion a mistake, although I have no doubt it was made in good faith. Our scanty water supply is a matter which needs your consideration. It seems to me that some means should be devised whereby we could have an abundance, so that our comfort and safety would be insured, and an opportunity offered for manufacturing enterprise.

The Police Department is the preserver of peace and good order, and should be composed of efficient and trustworthy men, sufficient in force for their legitimate duties, and should never be allowed to serve any *party* to the neglect of their official duty. If we find that the present incumbents are faithful and have performed their duties well, I would not recommend a change as their experience is of great value to the city.

In conclusion, gentlemen, let us remember that we are not here to labor for ourselves or our party, but for the best interest and good of our constituents. This I conceive to be our duty in the positions with which the people have honored us, and in this they have a right to hold us responsible. It will be my endeavor, as I think it will be yours, to fulfil their reasonable expectations. Let us at least so conduct the affairs of our city that our own consciences may approve us, and trust to the result.

The address was received with applause by both boards. The convention then rose, and the council adjourned. The board of aldermen, before adjourning, adopted the rules and regulations of the last board.

POLICE COURT.

TUESDAY, Aug. 8; *Batchelder J.*

The continued case of Howell C. Russell, complained of by William Quinn for permitting gambling to be carried on in his store on Water street, was called up. George E. Hodgdon, Esq., appeared for the prosecution, and Calvin Page, Esq., for the defence. The principal witness for the prosecution was Quinn, who was badly muddled in his testimony on cross-examination by Mr. Page. The complainant's statement concerning his having been drugged was dropped, but he stuck to it that he played cards in Russell's store from nine o'clock last Thursday forenoon to five in the afternoon, and lost about a hundred dollars. The magistrate considered the evidence sufficient to send the case to a higher court, and the defendant was required to recognize in $300 to appear.

POSTPONED.

On account of the calling of men to work on the navy yard, the launch of the schooner Annie F. Conlon, announced to take place this (Wednesday) morning at eight o'clock, has been postponed to nine o'clock to-morrow morning.

A DIRTY PLACE.

Members of the city councils, and citizens, were somewhat disgusted on Tuesday when they found the court house carpetless and disgracefully dirty, not having been swept since the recent election, when the room was used for voting purposes. The furniture was piled in the jury rooms, so that the mayor and aldermen with difficulty found standing room, and the court room was littered with waste paper, cigar stumps, and the ill-looking remains of an election session. No one seemed to know whose business it was to keep the building clean—whether the city government, the sheriff or the county commissioners—but all agreed that the infirmities which deprived the public of the services of "Capt. Bob" were to be deplored on the public account. The janitorship of the court house is not easily filled. Some one ought to have charge of the building, and have it kept in decent order inside. It is disgraceful to have it neglected as it is to-day.

Charles P. Williams of Kittery, concerning whose being capsized by a line at Badger's island point several items have been published, says the reports did him great injustice. At the time of the accident he was on his way from Kittery to this city to market, and in a basket under one of the thwarts were two empty bottles and a coat; and these articles, and no others, were in the boat when she was found next day bottom up. There was no liquor of any kind in the boat, and no demijohn.

The yacht Sylvester, a big New York vessel, and the Magic, of Boston, were in the lower harbor on Tuesday evening, weather bound.

Are barnacles on the teeth; at first creamy, then harder, then removable only by the dentist. It loosens the teeth, and makes the gums tender. Don't permit it to gather; use SOZODONT, and keep the mouth clean and the teeth healthy.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

Healthy Condition of Affairs in Louisiana.

At the 146th Grand Monthly Drawing of The Louisiana State Lottery at New Orleans, on Tuesday, July 11th, 1882, the following result was achieved, especially gratifying to the parties directly interested. Ticket No. 85,003 drew $15,000. It was sold in fifths at $1 each to (1) William Martin, a well known colored barber of Bangor, Mich.; (2) Phil Witzleben, care of Messrs. H. G. Dun & Co., Detroit, Mich.; (3) Wm. W. Dyer, a clerk in the Auditor's Office of the L. & N. R. R. Co., at Louisville, Ky., collected through the Western Financial Corporation Bankers; (4) Ed. E. Richardson and Joseph Lyles of Reidsville, N. C.; and (5) a party whose name is withheld by request. The second capital of $25,000 was won by ticket No. 32,336. The third capital prize of $10,000 was won by ticket No. 60,070—sold in fifths also at $1 each to several holders, among others two to C. Pittman, Mt. Vernon, Ky., collected through Farmers Nat. Bank of Stanford, Ky.; one to B. Maynard, 220 Third ct., and F. A. Magi, 102 Ursulines st., New Orleans, etc. The two fourth capital prizes—$5,000—were won by tickets No. 3,888 and 20,440, also sold in fifths—one to L. Dupeire, 354 Dauphine st., New Orleans; one to J. G. Spear, 16 Boylston Market, Boston, Mass., one to P. S. Dicharry, Ascension Parish, La.; one to Jno. H. Scott, a hostler, W. & G. R. R., Washington, D. C. The other holders decline the publication of their names. The next drawing will occur on Tuesday, Sept. 12th, and will be under the sole supervision of Gen'ls G. T. Beauregard of La., and Jubal A. Early of Va. Under the new scheme recently adopted whole tickets are $5, and fifths $1; full information can be had on application to M. A. Dauphin, New Orleans, La., who cheerfully replies to all enquiries.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who sends all other business letters over by truth fully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is modestly devoted to her work, which is the outcome of her life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering. *I joy at the success of Lydia E. Pinkham's Vegetable Compound* is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of Leucorrhœa, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For any Complaint of *either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the Liver. For Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

Col. Wm. E. Stevens, editor of the Concord *Monitor*, will leave for Smyrna to enter upon his duties as consul there the first of September. P. B. Cogswell and Edward N. Pearson will be associated in editorial charge of the *Monitor*.

Congress adjourned on Tuesday.

Frank L. Gould of Portland, Me., aged twenty-two years, died last week of starvation. He had a mother and three brothers and sisters to support, and, as he could get no work, went without food to keep them from starving. The sad case was discovered too late to save young Gould, for he was attacked by gastric fever and died in great suffering.

Widow Alexander Crooker of West Minot, Me., had a leg broken and otherwise badly injured by a vicious ram, Sunday night, while getting up her cows.

A dispatch from Paris states that two men, while attempting to climb over the railing of the Tuileries gardens during a display of fireworks on Sunday, caught hold of an electric wire used for the illumination of the grounds, and both were struck dead instantly.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

Charles Robbins, a fifteen-year-old orphan living with George Crockett, a farmer of Prospect, Me., committed suicide by hanging, Saturday evening. No cause known.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

On Saturday afternoon a young Englishman connected with a circus made a balloon ascension from Maysville, Ky., seated on a trapeze bar. The balloon alighted in the Ohio river and the balloonist was drowned.

Entirely Satisfactory.

Ladies wishing a perfume that combines novelty, delicacy and richness, find Floreston Cologne entirely satisfactory.

The fire at Gardiner, Me., was the most serious the place ever experienced. About twenty acres of ground were burned over; all the mills on the lower dam, and sixty houses, were destroyed; and 400 men are turned out of employment. The total loss amounts to $200,000.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BARNSTEAD, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The very *best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONGONA, IOWA, March 15, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 9, 1881.
For twenty years I have used your PAIN KILLER in my family. Have found it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. R. TYE.

SACO, ME., Jan. 24, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
E. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 2, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
TEPEPELO, HIRVEIN PUTUMA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
A. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

11 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it unless you believe it gives the relief claimed, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. Mrs. MARY E. BRASHEAR, 173 Freeman st.

Kidney Disease Cured.

Christiansburg, Va., 1882.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa. Dec. 2, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Daily Chronicle.

A Queer Case.

A new dodge was tried by an enterprising Gloucester attorney last week. Having an Italian for a client in the police court, to whose identity as being at a particular place at a particular time several unimpeachable witnesses testified, on the, second day's trial he placed a friend of the accused in the dock while his client took his place among the spectators. Some time elapsed before the ruse was discovered through the testimony of the witnesses, who pointed out to the court that the wrong man was in the dock. The defendant's lawyer put on witnesses to prove an alibi, and claiming that the government witnesses might easily be mistaken, made a strong point of the fact that the court, who had ample opportunity to become familiar with the appearance of the defendant the first day, did not discover the substitution. His client was acquitted.—*Cape Ann Advertiser.*

He had Heard.

A good story is told of one of the old-time Philadelphia Quakers, whose sterling integrity was ingeniously commingled with worldly shrewdness. He was an extensive vessel owner, and during his life made a fortune, which has since, in the hands of his heirs, been doubled again and again. At one time, when a long period of stormy weather had greatly delayed shipping of all kinds, he became alarmed for the safety of a ship loaded with a most valuable cargo, and several weeks overdue. Going to an insurance agent he truthfully told him that he feared the vessel had been lost, but if the agent wished to take the risk he had no objections. Of course, the agent hesitated and put him off from day to day, hoping for private information regarding the missing craft. One bright morning the Quaker drove up to the insurance office and called to the agent: "Thee need not make out those papers; I have heard from the ship."

Instantly the office was in a bustle, and in a few moments the agent hurried forward, exclaiming: "Oh, you are too late; the papers are already made out; here they are."

As the Quaker looked them over (the ink being scarcely dry,) the agent asked: "Well, what have you heard?"

"I have heard," responded the Quaker, with child-like simplicity, as he put the documents in his pocket, "I have heard that the ship has gone to the bottom."

—A man with a private library of twelve thousand books is well fixed. He isn't supposed to know anything and is never asked for information. It is the man who has scraped together a dozen volumes who is bored to death about the population of Louden and the name of the undertaker who buried Diogenes.

Officers a few days ago arrested in Medford, Mass., Mrs. Susan L. Ward, wife of Dr. Ezekiel Ward of Falmouth, and Joseph H. Pinneo, on complaint of Dr. Ward, on a charge of adultery. Before the district court they pleaded not guilty, and were ordered to furnish bonds in the sum of $1,000 each for trial. In default of sureties they were committed to the lockup in Medford. It appears that Pinneo was in the employ of Dr. Ward as a farm hand, and that he and the doctor's wife became intimate and finally eloped about the last of June, taking with them a yoke of oxen, thirteen cows, some furniture, silverware, jewelry, etc., and left for parts unknown. July 6th they arrived in Medford, where they rented a farm of E. T. Russell, and where they are said to have been living since, taking care of the cattle and managing the farm. The doctor, by some means or other, learned of the whereabouts of the runaway couple, and had them arrested. Mrs. Ward is about fifty years old, and Pinneo a Frenchman of thirty.

The loss of life by the blowing up of the steamer Gold Dust at Hickman, Ky., on the 7th inst., was greater than at first reported. The number of persons killed outright is now put at twenty-four, and the wounded at forty-eight, many of the latter being terribly scalded, and some of them fatally; a number of the wounded have died.

The Milwaukee (Wis.) *Farm and Garden* lately contained the following communication from Mr. F. Fuchs, Tiger Mills, Texas: "For sore shoulders of horses I can highly recommend St. Jacobs Oil. It is a valuable remedy, and is indispensable for the farm, as it is of immeasurable service for the different diseases to which domestic animals are subject."

Charles Sterry, a Norwich, Conn., lad ten years old is dying from the effects of over indulgence in bathing. He has been in the habit of going into the water from four to six times a day, and remaining in it until utterly exhausted.

"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

At Dayton, Ohio, a few days ago, a temporary restraining order was granted the Mutual Union Telegraph company against the Western Union company. The Western Union refused to receive from and forward for the Mutual Union despatches received by that company for points not on the Mutual Union lines, on the ground that the Mutual Union has no right to receive such messages. It is understood that this suit will be brought as a test case whether a company can refuse to accept such messages from another company.

That Baby of Mine,

Auntie, three months ago had the salt rheum so bad that his head was a mass of sores, and I had begun to loose all hopes of raising him, but my druggist recommended Sulphur Bitters, and to-day he is as fat and chipper as any baby you ever saw, and he has not a sore on his head, and just think after paying out so much, that a few dollars worth of Sulphur Bitters should cure him.—*Mrs. F. C. Hall, Lowell.*

The British ship Abbie S. Hart, which arrived at San Francisco on the 3d inst. from Liverpool, reports that on the 27th of June, when 630 miles north of the equator in the Pacific, she passed a large vessel bottom up, the copper looking like American work. Five hours later another vessel, apparently of about 1400 tons, was sighted, also keel up.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my business. You are at perfect liberty to publish this letter. WM. E. KIMBALL, Conductor L. & B. R. R.

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration as the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1878.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1849, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers. address J. H. REEVES, Station D, Brooklyn, N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

THURSDAY, AUGUST 10, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

That "Independent Republican" Movement.

About the most perfect fizzle of late days is the "independent republican" movement which the democrats of Maine, sided by two or three persistent but unfortunate republican office-seekers, undertook to set booming in the interest of the Maine democracy. A correspondent of the Boston *Globe* undertook to set the ball rolling, in a long screed in which he mentioned Gen. M. F. Wentworth of Kittery, and several other old republican war-horses, as leaders in the movement; but they each and all announced that as far as they were concerned the correspondent lied like a trooper.

A few days later a democratic paper of Portland had the following: "A call for an independent republican convention was drawn up, and 600 independent republicans were enrolled in York county, 600 in this city, 200 in Augusta, 400 in Bangor, some in Bath and some at Lewiston. The call has not been issued from the lack of a bold and courageous leader. The probabilities now are that the convention will not be held, but that the feeling of dissatisfaction with the ring will exhibit itself in a righteous slashing of Robie's name from the republican ballots, or in voting directly for Gov. Plaisted." There must have been a tremendous excitement over the matter, when out of 2000 independents "enrolled" not one could be found to take the lead. The "independent republican" dodge of the Maine democrats is simply a grand fizzle.

A New Ship yard.

A new ship yard is to be established at Bay Ridge, New York, where a site has been bought for the purpose, for $125,000, by the National Construction company, composed of Boston and New York capitalists. The lot contains about twenty-six and a quarter acres. It begins at Second avenue, New York, and extends 356 feet along the shore to Wakeman place. Large furnaces for the manufacture of steel and iron, and buildings and machinery for the construction of iron and wooden vessels of all sizes and purposes, will be erected. Among the capitalists of the company are the following gentlemen: Waldo Adams, the Boston manager of the Adams Express company; Joshua B. Kendall, a Boston capitalist; Mr. Jerusegen, of Boston; James E. Smith, shipbuilder, of Nyack; A. P. Bliven, of Bliven Brothers, marine architects, of South street, New York; Captain Moland, of the Cunard line, and others. W. A. Adams is president of the company, William D. Dinsmore treasurer, and Henry Traske secretary. The executive committee consists of W. A. Adams, Samuel Little, George H. Houghton, Edward P. Kennard. The chief construction engineer is A. P. Bliven, and the superintendent of construction James E. Smith. The cash capital is $1,000,000.

He Sees It.

The *Messenger*, of Bangor, Me., a greenback paper that has hitherto supported Plaisted and the truck-and-dicker candidates for Congress, has hauled down the market-basket flag, and placed at the head of its columns the name of Solon Chase, and the straight greenback ticket for congressmen. The *Messenger* says in an editorial that the step has been carefully considered, and gives reasons why the greenbackers cannot support Plaisted, whose election, it says, would be hailed all over the country as a democratic victory.

The Newfoundland Fisheries.

A dispatch of the 8th inst. from St. John's, Newfoundland, is as follows: "Steamer Curlew, arrived from the west coast last evening, reports the fishery prospects very discouraging on the so-called French shore. Fresh complications have arisen between Newfoundland and French fishermen. The latter insist upon the exclusive right to fish there, while the former persist in claiming concurrent rigiit according to the treaty. The French are very arbitrary in their conduct, and serious disturbance is feared. Evidently the matter will have to be submitted to the French and British governments again. Advices from Labrador report an entire failure of the fishery on the northern part of the coast."

How Alligators Eat.

An alligator's throat is an animated sewer. Everything which lodges in his open mouth goes down. He is a lazy dog, and instead of hunting for something to eat, he lets his victuals hunt for him. That is, he lies with his great mouth open, apparently dead, like the 'possum. Soon a bug crawls into it, then a fly, then several gnats and a colony of mosquitoes. The alligator doesn't close his mouth yet. He is waiting for a whole drove of things. He does his eating by wholesale. Later a lizard will cool himself under the shade of the upper jaw. Then more mosquitoes. Then a few frogs will hop up to catch the mosquitoes. Then more mosquitoes and gnats will light on the frogs. Finally a whole village of insects and reptiles settle down for an afternoon picnic. Then, all at once, there is an earthquake. The big jaw falls, the alligator blinks one eye, gulphs down the entire menagerie, and opens his great front door again for more visitors.

Great Guns.

The enormous power of modern great guns is well indicated in the statement that the largest on board of the vessels of the British fleet now in Alexandria harbor is capable of throwing a projectile weighing 1700 pounds at a velocity of over a mile in four seconds,—equal to 27,213 tons of metal falling a distance of one foot on an object. It takes 370 pounds of powder to fire this shot at this velocity, so any one versed in prices of the steel and saltpetre can calculate the cost of every shot that these guns throw on the Egyptian fortifications. It will be found that every report will cost not far from $1000.

—"Does your wife take much exercise?" asked Fenderson of Fogg, whose family is at the seaside. "Exercise!" exclaimed Fogg; "I should say so. She changes her dress six times every day."

—The Star route people may or may not be compelled to disgorge to the government any of the money received from "expedited" mails; but they have eleven lawyers to pay, so the treasury is likly to be avenged, whatever happens.

—A Cairo clergyman, who told his congregation from the pulpit a week ago that only tipplers and drunkards were sunstruck, was prostrated on the street the very next day, and now he hardly knows how to get out of his fix.

—The Memphis *Avalanche* charges the poverty of Tennessee to whiskey and dogs, and the people have become so stirred up on the matter that public opinion is now largely in favor of the total abolition of dogs.

—"Is that a tornado?" inquired a gentleman of a friend as they sat in the library smoking their after-dinner cigar. "Well, not exactly," replied the host, as the roaring increased in fury; "that is only my wife speaking to the girl for not telling you to wipe your feet before you came into the parlor."

—"How much rent do you pay?" asked Gilhooly of Hostetter McGinnis. "Twenty-five dollars." "Isn't that a little high for a place like Austin?" "Yes, it is a little high for summer; but the place has a good stout cedar fence around it, and I calculate to save forty dollars this winter in firewood, so that will bring the rent down to a reasonable figure."

—An Arkansas woman, who was fined by a magistrate $8 for using abusive language to a neighbor, had no money, but the obliging justice took twenty-one steel traps in full payment of fine and costs, and the no less obliging attorney who represented her in the trial, took a spotted dog for his fee.

—Mrs. McCoble, an Austin lady, rebuked the colored cook, Matilda Snowball, in the following words: "When I hired you you said you didn't have any male friends, and now I find a man in the kitchen half the time." "Lor bress your soul, he ain't no male friend of mine." "Who is he then?" "He am only my husband."

—A gentleman, while bathing at sea, saw his lawyer rise up at his side, after a long dive. After exchanging salutations, says he, "By the way, how about Gunter?" "He is in jail," replied the lawyer, and dived again. The gentleman thought no more of it, but on getting his account he found: "To consultation at sea, anent the incarceration of Gunter, six and eight pence."

—A western reporter recently asked General Harney, the veteran of the Florida and Mexican wars, what his actual rank on the retired list was. "Why," said he, "I'm a— there, confound it! I couldn't tell you, to save me, whether I am a major general, or a brevet major general. Let's see; I guess it's a brevet; but I don't know. But it makes no difference; rank is for younger men."

—The sermon was drier than usual, and it was only here and there that a fully wide-awake member of the congregation could be seen, when a little fellow, whose uneasy twistings had aroused his father from a comfortable nap, piped up, in a clearly audible voice; "Pa, what do we have to stay here for?" That simple childish question injected more animation into the members of the church on that evening than the pastor had aroused during his entire ministry.

—An official in the water board of a western city having departed this life, the city government, who esteemed him as a faithful employee, sent his salary for the remainder of the year with a letter of condolence to the widow. A friend of the latter in speaking of her loss remarked that the action of the city had been very considerate, etc. "Yes," said the bereaved one, "but seems 'af they might have shut off the water for half a day at least, as a mark of respect for John."

—A West Point cadet is announced as being the owner of 120 pairs of white pants. No wonder the cadets take to drinking. That number of white linen pants would wear away the young life of any man and cause him to fly to the oblivion of the bowl, unless West Point laundresses are more particular about getting the starch where it ought to be than they usually are. Nothing makes a man feel as though there was a land that is fairer than this so much as to have his linen pants starched on the inside.

The Concord *Monitor* of the 7th inst. said: "Hon. Thomas L. Tullock was in town to-day for a few hours, and went to Portsmouth on the afternoon train. He will return to Washington in about a week. U. D. Tenney, the well known artist, closed his studio in this city to-day, for a few weeks, and will go to Portsmouth in the morning to fill orders for portraits, which will probably keep him in that city till the close of September, when he will return to Concord."

Mr. Howland, a preacher of Boston, who with his wife and daughter had been stopping at the Highland house, Kennebunkport, died suddenly on the evening of the 7th inst. He had been to Old Orchard during the day, and returning, ate a hearty supper. While conversing with a gentleman in the parlor, he fell back and died instantly.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE stanch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

GEORGE F. THOMPSON, Manager.

PORTSMOUTH & DOVER RAILROAD.

The annual meeting of the stockholders of this corporation was held at the common council room in this city on Wednesday, Aug. 9th.

Hon. Frank Jones, president, took the chair, and the call for the meetng was read by Calvin Page, Esq., clerk.

The clerk read a letter from Hon. Oliver Wyatt of Dover, declining a re-election as director. On motion of Col. C. H. Sawyer, the letter was ordered to be placed upon the records.

The following resolutions in respect to the memory of the late Albert R. Hatch were introduced by the president:

We, the stockholders of the Portsmouth & Dover railroad, desiring to place upon record our recognition of the ability and fidelity with which the late Hon. Albert R. Hatch has served this corporation as a director and counsel during almost the entire period of its existence,

Resolve, That as the earnest and persistent advocate of the incorporation and construction of a railroad connecting the cities of Dover and Portsmouth, as the principal author of its lease to the Eastern railroad company, as its judicious adviser during the period of its construction and as its senior counsel during the recent legal controversy which established its position among the best financial securities of New England, the services of Mr. Hatch to this road were almost invaluable.

That by his death we feel this corporatton has lost one in whose advice we could confide without questioning, and upon whose fidelity to its interests we could always rely.

On motion of Col. Wm. H. Hackett the resolutions were unanimously adopted; and on motion of Hon. Daniel Marcy a copy was directed to be sent to the family of Mr. Hatch.

The meeting then proceeded to choice of directors, and a committee sensisting of Messrs. William H. Hackett, John S. Treat and Charles M. Murphy were appointed to receive, sort and count the votes, etc. The committee, after a ballot was had, reported that the whole number of shares voted upon was 2874, and that the result of the balloting was as follows:

Frank Jones	2874
Daniel Marcy	2874
John S. Treat	2874
Joseph A. Walker	2853
Charles H. Sawyer	2669
Frank A. Christie	2669
Charles M. Murphy	2626
Zimri S. Wallingford	205
John S. H. Frink	21

And that Messrs. Jones, Marcy, Walker, Treat, Sawyer, Christie and Murphy had received a majority of all the votes cast; and these gentlemen were thereupon declared by the president duly elected directors for the year ensuing.

The following vote offered by Col. Hackett was unanimously passed:

Resolved, That the thanks of this corporation be extended to the gentlemen who this day retire from the board of directors.

The meeting then dissolved.

The attendance was quite large, more than the usual number of Dover stockholders being present. The city of Dover was represented by the mayor and Alderman Quade.

The directors subsequently organized by the re-election of Hon. Frank Jones as president, George L. Treadwell as treasurer, and Calvin Page as clerk.

THE SCHOOL BOARD AND THE SCHOOLS.

Editor Chronicle: The inaugural of our new mayor is brief, and hence possesses merit. His confessed unfamiliarity with municipal interests prevents him, of course, from discussing at length any of the important public measures that will claim the attention of the new boards. We are pleasantly surprised to hear him suggest a return in the manner of electing a school board to the good old democratic method of a direct vote from the people. The school-board question is an old source of discontent among the republicans and democrats, and as Mayor Treat no doubt speaks by the book, the suggestion is both timely and pertinent. He says substantially "there has been no marked improvement in our schools since the time when the committee were chosen by the people," thus placing the responsibility of the failure to keep pace with the march of educational progress where it rightly belongs, viz.: on the present iniquitous manner of choosing our school supervisors. Mayor Treat has no doubt taken pains to visit not only the schools of this city, but those of other places, and made himself familiar with their methods of work, and hence knows whereof he affirms when he says there has been no progress, etc. This is the best argument we have heard against the present manner of selecting the school committee. When a new mayor can assert from personal knowledge that there has been no improvement in our methods of teaching, and no general good results witnessed in school work, since the present mode of electing a school board by the aldermen was substituted for an election by the people, it shows that there is a screw loose somewhere,—if his statement is true. Now, *is* it true? We don't know; but will some one who is familiar with the facts tell us?

A PARENT.

POLICE COURT.

WEDNESDAY, Aug. 9; *Batchelder J.*

Timothy Falvey, Frank Mayo and John McCauley, for drunkenness, were assessed $9.90 each, fine and costs. Falvey expressed a confident expectation that his fine would be paid, but the other two appeared to be under the impression that they would have to work out their allotment at Brentwood.

There was great promise of rain, Tuesday night of this week, but nothing great in the way of performance. There was a gentle fall of rain for about an hour, near midnight, but the amount was only just enough to lay the dust. Scanty as the supply was, everybody was glad to see and hear it, and it freshened up what vegetation is not wholly dead, in a remarkable manner.

The bellowing of the Kitt's rock automatic buoy, alias the "Jersey bull," was distinctly heard in this city on the night of the 8th inst., serving nicely to fill up the intervals between the blasts of the Whalesback foghorn.

Hon. Thos. L. Tullock, assistant postmaster of Washington, is in town.

The storm warning was hoisted on the staff of the signal station, Tuesday evening of this week, for the first time in many months.

About 2600 large mackerel were taken from the Mitchell weir on Wednesday morning of this week. A smaller quantity of mackerel, and some herring and bluebacks, were taken from the Harding weir.

The chime of Christ church was being tested on Wednesday of this week, such tunes as "Greenville," "Old Hundred," etc., being sounded out on the bells.

Notwithstanding the morning was so unpropitious, the beautiful grove at Dow's point, Rye, was unusually animated on Wednesday, the 9th inst. Rev. Mr. Beck, of the Christian church at Kittery, with his flock, formed a very large company—about 130; while several parties from this city and vicinity made a great show of equipages and merry excursionists on the rocks and in the grove. There were probably at least fifty teams on the premises during the day.

A naval retiring board has been appointed to meet at the navy department in Washington on the 14th inst., to examine Capt. George B. Haycock, U. S. M. C., for retirement.

A schooner was at the draw of Portsmouth bridge on the 9th inst., bound up the river to South Newmarket in tow of the tug Naumkeag, with coal for the Swamscot Machine Co.

Mr. Lemuel B. Caswell came in from Smuttynose island, Shoals, on the 9th inst. He reports that on the previous day his gang of fishermen took fifty barrels of choice mackerel, which were all disposed of to parties at the Oceanic.

It is evident that the toy pistol must go. All the larger cities and towns in the country are reported taking measures to prohibit its sale. After the manufacture of the infernal machines has ceased, Portsmouth and other progressive cities will lend their aid to the crusade against them.

The fire which destroyed Mr. John Grover's sawmill in Rye on Monday, the 7th inst., spread to Seavey's woods, close by, and burned over two acres of the woodland before it was got under. At one time a serious conflagration was threatened, as not far from the fire was a large lot of cord wood belonging to Woodbury Seavey, the ground being thickly covered with the branches and brush from the trees; had the flames reached this spot, the entire lot of 150 acres would probably have been burned over. Twenty-five men were at work Monday afternoon, and nine during the night, trenching around the fire, and carrying water from the dam of Grover's mill.

The Portland District camp-meeting at Old Orchard began on Monday evening of this week; the attendance was small, but increased greatly next day.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You may lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is enabled to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Sleeplessness, Excitability, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required in special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the *best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal in the future the Compound."

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

A Close Call.

The people of a little town in Warrick county have been hanging right over the brink of a fragrant church scandal, but are not aware of the fact, nor will they be until this copy of the *Argus* reaches its readers over there. Just before the close of the services last Sunday a good brother walked forward to the pulpit, handed the minister an announcement, as he thought, and asked him to read it to the congregation before he dismissed them. Just before time was called on the doxology the minister said: "Brother Bramley has handed in the following," and in a clear voice he read the note, which ran as follows:

MY OWN PET BRAN: Are you never coming to see me again? I am dying to see my darling once more, and gaze into his beloved eyes. The old mummy that calls herself your wife will never find it out. How can you endure her? Come, darling, to one who truly loves you. Your own, and only MARY.

The good brother had handed in the wrong announcement. At the close of the reading the minister looked horror-struck, the congregation stared at Bramley with cold, hard stares, and his wife rose up in her seat and glared at him like a tigress. He was equal to the occasion, however, and, rising calmly with a look of perfect resignation on his face, he said: "Brothers and sisters: It may appear strange to you that I should ask our beloved pastor to read such a terrible thing as that from the pulpit, but the best way to fight the devil is to fight him face to face. The writer of that vile note is unknown to me, but is evidently some depraved child of sin who is endeavoring to besmirch my Christian reputation. I shall use every endeavor to ferret out the writer, and if discovered will fearlessly proclaim her name and held her up to the contempt of all Christian people." He sat down amid the murmur of approbation and sympathy, and his wife wanted to hug him right before the congregation. That evening he told the writer of the note what had occurred, and remarked with a grin that it was the closest call he ever had in his life.—*Evansville Argus.*

Bankers,

Doctors, Lawyers, Carpenters, Druggists, Engineers, Mechanics, in fact we have recommendations from people in all stations of life, testifying to the wonderful cures Sulphur Bitters have effected. Send for testimonials. See another column.

John Connor, eighteen years old, employed at Freeman & O'Neil's wood working establishment in Claremont, had his skull crushed and was instantly killed on the 5th inst., by a piece of shafting falling upon his head.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are *lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURRITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *more cured* every time.
JULIUS W. DEE.

MORNONA, IOWA, March 13, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief.
E. P. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
J. B. IVIE.

RACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is safe, sure and reliable. No mother should allow it to be out of the family.
N. I. NATES.

ONEIDA, N. Y., Feb. 19, 1881.
We begin using it every thirty years ago, and it always gives unrelieved relief. We would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CARFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
R. PORTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOCKS.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-eighteen years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

CatarrH

Hay-FeveR

DIRECTIONS.

For Catarrh, Hay Fever or Cold in the Head, etc., insert with little nozzle a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing it thoroughly.

—A fair trial will convince the most skeptical.—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions; allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. An improved remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts. will mail a pack age. Send for circular with full information.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. Mrs. MARY E. BRASHEAR,
173 Prestman St.

Kidney Disease Cured.

Christiansburg, Va., 1881.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa.
Dec. 2, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Boston's Population.

The number of assessed polls in Boston as returned by the assessors for the current year is 102,549, showing an increase of nearly three thousand over the number returned last year, and of upwards of six thousand over those returned in 1880. The figures are interesting as indicating the rapid increase in the population of the city since the last census, when the number of inhabitants was returned as 362,839, the number of polls the same year having been 93,820. Were an accurate census of Boston to be taken at this time, the population of the city would probably be shown to be not far from 410,000.

A bottle of champagne for the "christening" of the schooner Annie F. Conlon, and a lunch intended for the children who might be launched in the vessel, sent on board by Wm. Downs & Son, previous to the launching on Thursday last, were discovered and gobbled by some thirsty and greedy gormandizers before the schooner's keel was watered. A barrel of ale sent on board by Mr. John Conlon was not discovered, or at least was not stolen.

Assistant Naval Constructor John Hanscom is at present in charge of the construction department at the Boston navy yard, Naval Constructor Wm. L. Mintoyne being absent on leave.

A fence has been built on Bow street, across the opening near the stairs leading down to the wharf, opposite the end of Chapel street. Good job; if a team had tumbled over the cliff or down the stairs at that place, as was quite possible before the fence was erected, it would have been very much mixed on arriving at the bottom.

David Santosch, a French Canadian, was killed at W. E. Ballard & Co.'s saw mill at Twin Mountain, Monday, July 30th. A stick of sawed timber caught on the saw and was driven with great force against him, and he lived about four hours.

Hiram Annis of East Colebrook was arrested Saturday evening, the 29th ult., on complaint of Hon. C. H. Jordan of Lancaster, for overdriving a horse, and was brought before Justice Cummings. He pleaded guilty and was bound over in the sum of $200 to appear at the October term of the supreme court.

Mrs. Jonathan M. Foss, of Hopkinton, drowned herself on the 9th inst. She was an excellent woman, and possessed a good deal of property. Her husband died about two weeks before, and her daughter was very sick at the time she committed suicide.

A barn belonging to S. W. Hall of Keene was struck by lightning and burned during a shower on the evening of the 8th inst.; loss $2900; insurance small.

Mr. E. A. Robbins, 148 Putnam street, New Haven, Conn., was cured by St. Jacobs Oil of a severe attack of rheumatism in the shoulder.

On the 5th inst. a tornado passed over the northern part of Garland, Me. A barn of Francis Philbrick, and an unoccupied house called the widow Fogg house, with a number of sheds, were blown down. Many trees and miles of fences were prostrated. Martin C. Gerry had about an acre of trees in his woods blown down, and one cow killed.

Pedestrianism made easy by using German Corn Remover. Get the genuine. 25c. Druggists.

A small cargo of green apples arrived in Machia, Me., the other day, and was distributed among the fruit dealers. At night the doctors were having a busy time of it.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

The bee keepers of Vermont report that this is an extremely bad year for bees; they have no surplus honey up to this time, and have sent out few new swarms. The prospect is that they will require much feeding for the winter to come.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

A humorous incident of the bombardment of Alexandria is recorded in the fact that a gentleman wrote a note to Admiral Seymour stating that a shell belonging to the Inflexible was in the drawing room of his house, and requesting its removal. The captain of the Inflexible found that the shell had not exploded, and he instructed half-a-dozen seamen to remove it. The seamen placed the shell in a feather bed, rolled it down stairs, and conveyed it back to the ship.

Hay Fever.

Messrs. Ely Bros., Druggists, Owego, N. Y.—I have been afflicted for twenty years, during the months of August and September, with Hay Fever, and have tried various remedies for its relief without success. I was induced to try your Cream Balm; have used it with favorable results, and can confidently recommend it to all similarly afflicted. ROBERT W. TOWNLEY, (ex-Mayor) Elizabeth, N. Y.

TRENTON, N. J., Oct. 23, 1880.
I have suffered for eight years with Hay Fever, during July, August and September. In the beginning of July, this year, I resorted to Ely's Cream Balm, and have been entirely free from the fever since the first application. I can recommend it as a cure. EDWARD C. Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humors, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

Geneva Award.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render much valuable services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and hopelessly missible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 81, 1877 at 4 per cent. per annum.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, Station D, Brooklyn, N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Consistency.

The democrats in the national house of representatives, on the adjournment of the late session, declined to take part in a vote of thanks to Speaker Keifer, and so the session closed without this customary compliment. We consider this action on their part sensible and consistent; they have abused and denounced Keifer as a partisan all through the session, and to have voted him thanks for his "fair and impartial" presiding, at the end of the session, would have been to make asses of themselves. When Sam Randall, a bitter and unscrupulous democratic partisan who had used his position as speaker of the house in every possible way to aid his party, in defiance often of ordinary courtesy, was about leaving the chair for the last time, he was tendered a vote of thanks for his "just and impartial" rulings, only one republican congressman (whose name we regret does not occur to us) having the manliness to vote "no." It was a silly farce, and the democratic congressmen have raised themselves in our estimation by declining to duplicate it.

Republican Nominating Conventions.

The republican state committee have appointed the times and places for holding the several conventions of the party, among the appointments being the following:

State, to nominate candidates for governor and three railroad commissioners, at Concord on Tuesday, Sept. 12th, at eleven o'clock in the forenoon, in White's opera house.

Congressional, 1st Dist., at Dover city hall, Sept. 21st, at eleven o'clock A. M.; 2d Dist., at Concord Sept. 12th, after state convention adjourns.

County, Rockingham, Exeter town hall, Wednesday, Sept. 20th; Strafford, Dover city hall, Sept. 21st.

Councillor, 1st Dist., at Dover city hall, Sept. 21st, at two o'clock P. M.

Senatorial, Portsmouth Dist., (wards one, two and four, Portsmouth,) at the Court house in Portsmouth, Wednesday, Sept. 27th, at eleven o'clock A. M.; Dover Dist., at council room, Dover, Sept. 27th; Newmarket Dist., (Durham, Epping, Greenland, Newcastle, Newington, Newmarket, North Hampton, ward three of Portsmouth, Rye, South Newmarket and Stratham,) at Newmarket town hall, Tuesday, Sept. 19th, at eleven o'clock A. M.; Rockingham Dist., (Atkinson, Brentwood, Danville, East Kingston, Exeter, Hampstead, Hampton Falls, Kensington, Kingston, Newton, Plaistow, Sandown, Seabrook and South Hampton,) at Exeter town hall, Wednesday, Sept. 20th, at twelve o'clock, noon.

AROUND HOME.

The tug Ann took down to the lower harbor from Portsmouth bridge at one tow, on Thursday afternoon last, the brick-laden schooners D. K. Ham, Emily A. Staples and Triton, from Eliot bound for Boston, and one light schooner. They all brought up below, to wait for clearer weather.

The schooner Z. S. Wallingford, of 296 tons register, belonging to the Dover Navigation Co., was launched at Bath, Me., on the 10th inst.

The North Atlantic squadron sailed from Boston on the 9th inst., to spend a few days at sea in squadron drill, and then anchor in Portsmouth lower harbor.

Collector of Internal Revenue Stevens, of Bradford, Vt., is staying at Foss' beach, Rye.

The Whalesback fogborn was sounding all the afternoon on Thursday last, and through the night. The mellow murmurings of the "Jersey bull" could also be plainly heard in this city from nightfall to daylight.

Another large supply of big and fat mackerel came up from the weirs on the 10th inst. George W. Randall bought about 2000 mackerel, and from the shore boats about 1500 lbs. of codfish; C. Sullivan & Co. bought 4000 mackerel; John Caswell & Co. bought 1100 mackerel, and 300 lbs. of codfish; and Randall & Caswell bought 2000 mackerel. The latter firm also received a considerable quantity of cunners and other small fish, in the taking of which they regularly employ a number of boats; these fish are cleaned all ready for the frying pan or chowder kettle, and sent inland in barrels, packed in ice.

The steamer Acushnet, on her arrival in the lower harbor on the afternoon of the 10th inst., found the fog so dense that it was not considered prudent to come up to the wharf, so she anchored below. Her passengers for the Isles of Shoals were taken out by the Appledore, and those for this city brought up by the James Sampson; those for the hotel Wentworth were landed in the Acushnet's boats.

"Old Probs" undertook to give us a storm, and had his warning signals hoisted on the night of the 8th inst., but he ignominiously surrendered to the drought at about midnight on the 9th, and hauled down his flag. If that's the best he can do for the public he had better sell out.

We had a brief call on Thursday last from Mr. Jere Young of Newmarket, who was one of the original crew of the U. S. S. Kearsarge, and participated in the fight with the piratical cruiser Alabama.

The hotels and boarding houses at York beach are now crowded as never before, and the landlords say they will have a profitable season after all, notwithstanding the late date at which the grand rush set in. The coaches from this city to York are loaded down inside and out on every trip, with passengers and baggage.

Several weeks ago a dog so worried a fine buck in a small enclosure of Mr. Ed. Russell's at Dover Point, that the deer broke down the fence and took to the woods, where he has since been at large, and though constantly approaching the house, had eluded capture up to Wednesday of this week. On that day a fine doe arrived at the point from Boston common, and it was hoped by the aid of this Delilah that the roving Sampson would be shorn of his liberty.

Mr. Charles Phillpot's gondola takes the stone raised by the contractors' sloops from Gangway rock and the Badger's Island ledge to the breakwater at Newcastle, the job keeping her at work about all the time.

Mr. John E. Rider, formerly of Portsmouth but now a resident of Florida, where he is paymaster of the Florida Southern railroad, arrived in this city on the 9th inst., to stay until the hot season is over at the south. If the hot season in Florida is worse than it is in New Hampshire this year he is fully justified in running away from it.

"TRUCK-AND-DICKER" CONVENTION.

The conventions of the market-basket politicians of York county, Me., were held at Alfred on the 9th inst., the so-called democratic convention being presided over by J. B. Donovan, and the alleged greenback convention by G. N. Weymouth. Committees of conference were appointed by the two conventions, and a division of the nominations agreed upon as follows:

For state senators, Samuel L. Lord of Saco, Enoch Cousins of Kennebunkport, Loring D. Staples of Parsonsfield;

For sheriff, Moses Harriman of Kennebunkport;

For clerk of courts, E. S. Morris of Biddeford;

For register of deeds, George Bragdon of Limington;

For county treasurer, Lewis B. Weeks of Sanford;

For county attorney, Henry V. Moore of Berwick;

For county commissioners, Charles H. West of Wells, and Irving Pike of Cornish.

[We regret to learn that the claims of our friends James E. Chase of Kittery, for register of deeds, and Gen. Stephen L. Butterfield of Kittery, for sheriff, were not considered at all, and that neither of them got a vote.]

After the terms of the trade were agreed upon by the committees, the conventions had a mass meeting and ratified the nominations. They were then addressed by Hon. Joseph Dane of Kennebunk, the hard money greenback president of a national bank who is a candidate for Congress on the Andrew Jackson greenback ticket.

ELDER WAITE.

It now appears likely that Rev. Arthur A. Waite will return to Lynn, and again become pastor of a religious organization there, some of his former parishioners, a number of whom were converted under his ministrations, having raised the funds required to defray his expenses to Lynn from the town in Indiana where he has of late resided, and forwarded the money to him. The Lynn *Item* says:

His people have always felt an interest in their wayward pastor. The members of the Bethel church do not endeavor to screen or cloak the fact of his going astray, but they see a chance to do a Christian act, and help Mr. Waite to perform his promises for the future. They are willing to give him a fair trial, and are confident that he will do right under favorable circumstances. If he is willing to abandon his spiritualistic, phenomenal capers, and do nothing outside of preaching the gospel, the Bethel society are ready to do everything to encourage and assist him. They recognize in him a powerful speaker and worker, and they propose to take this opportunity to save him. * * It is said that Elder Waite's indebtedness in Lynn is not much over $100. If he returns and is truly penitent, and shows that he intends to do the square thing, he will desire to settle these claims. The society will not let these bills stand in the way of his reform, but will raise sufficient money to cancel the obligations. A great many people in Lynn are desirous of having the elder return, and there is no question but that he will be well received, and if he means to do right, with the present nucleus he will be able to build up a strong society. The church has not taken any further action or made any plans other than to forward the funds for the return of their late pastor.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&wtjan82

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE LAUNCH.

The schooner Annie F. Conlon was launched from Mr. Fernald's shipyard at Freeman's point last Thursday forenoon, and is at Commercial wharf to be fitted for sea. About 250 persons were launched on board, and many spectators viewed the spectacle from Portsmouth bridge, the immediate vicinity of the shipyard, and the Kittery shore opposite. As the schooner took the water the young lady whose name she bears broke a bottle of champaign on her bow, and christened her "in due and ancient form." A nine-inch hawser fast to a tree on shore was parted, without any damage being done, and the vessel was brought up with a stream anchor. The workmen commenced to wedge up at about nine o'clock, and the schooner left the ways at 9:44. The tug Clara Batemen, assisted by the Mystic, took the schooner in charge, and towed her to the wharf. The of late years unwonted spectacle of a ship launch, once so common an occurrence on the Piscataqua river, aroused a great deal of interest.

POLICE COURT.

THURSDAY, Aug. 10; *Batchelder J.*

Levi Colby, alias Joseph A Casey, was before the court on a charge of being a vagrant, and on that charge was sent to jail for ninety days. He was further charged with having been found in possession of deadly weapons, to wit, a revolver, and on this charge was bound over in $200 for trial before the supreme court.

Colby is a young fellow about seventeen years old, and had been hanging around North Hampton for some days, sleeping in the woods, and occasionally flourishing and firing off his revolver to the terror of the peaceable inhabitants of that quiet town. Sheriff Kent happening out there on the 9th, to serve a civil process, was informed of the youthful desperado's proceedings, and hunted him up, finding him in the woods with his cocked revolver lying on his lap, and arrested him; his face and hands were stained to imitate the Cantankerous Catamount of the Rocky Mountains, and his pockets contained several dime novels of the most soul-harrowing description. Had he been charged with having dime novels in his possession, he would probably have been hung off hand out back of the police station. He is supposed to be a deserter from the reform school at Westborough, Mass.

In the afternoon there was a second session of the court, at which James H. Phelan, a South Boston rough of the mature age of eleven years, was complained of for stealing $4.50 from Mr. Wm. H. Packer of Greenland. On this charge he was sentenced to ninety days in jail, and to pay costs of $14. On a second complaint, charging him with stealing $6.51, a pocket-book and a gold watch, from Mrs. Jane A. Packer of Greenland, the young hoodlum was bound over in $200 for trial at the next term of the supreme court. All the stolen property was recovered, except one five dollar bill.

MUNICIPAL AFFAIRS.

In board of Mayor and Aldermen, regular meeting, Thursday evening, Aug. 10th:

Present, the full board, namely: Mayor Treat; Aldermen Martin, Sampson and Green, ward one; Hackett, Stavers and Anderson, ward two; Caswell, ward three; Green and Atwell, ward four.

Records of last meeting were read and approved; also records of organization of new city government.

Bills to amount of $184.76 from the fire department, approved by board of engineers, on motion of Ald. Green of ward four were referred to committee on accounts.

Bills on account of street lights and schoolhouses, approved by Ex-Alderman Slater, $76.53, and of Henry Wallace as night policeman, $21.76, approved by the city marshal, were ordered paid.

Alexander H. Ladd was granted a sidewalk on the east side of Market street.

On motion of Ald. Martin, the board voted to recede from the offer previously made [the Eastern railroad relative to leasing the north pond.

The common council gave notice of readiness to meet the board in convention for the election of city officers.

The boards met in convention, and elected officers as follows:

City treasurer, William E. Hadley.

City solicitor, Wallace Hackett.

City messenger, James L. Parker.

Street commissioner, William F. Ham.

City physician, Rolla C. Grant.

Superintendent of alms house, etc., William Shannon.

Board of health, Rolla C. Grant, Daniel Danielson, John Campbell.

Lamp lighters, Oliver W. Ham, Levi W. Pryor, Peter William Neal.

Pound keeper, Stephen Marden.

Keeper of powder magazine, Charles F. Wells.

Harbor master, George W. Pendexter.

Part wardens, Edward E. Vaughan, Otis F. Philbrick, Daniel Littlefield.

Fence viewers, George E. Hodgdon, Jefferson C. Rowe, Abraham S. Waldron.

Inspector of petroleum, Forrest J. Trafton.

Lot layer, Alfred C. Hoyt.

Weighers, Edward Newman, James M. Salter, Gardner J. Greenleaf, Augustus N. Wells.

Measurers of wood, Benjamin M. Parker, Charles W. Bailey, Frederick W. Rogers, Daniel Littlefield.

Surveyors of lumber, Benjamin M. Parker, Charles W. Bailey, Daniel Littlefield.

Surveyors of highways, George A. Murray, district one; Allen Greenough, district two; Frank E. Marden, district three; Charles S. Whidden, district four; Thomas M. Lang, district five; William P. Israel, district six.

The convention then rose.

In board of aldermen, resumed:

The quarterly report of the city marshal was accepted and filed.

Ballotted for chief engineer of the fire department, and Stephen L. Marston was elected. Also for four assistant engineers, the following being chosen: Samuel H. Kingsbury, George B. Philbrick, Ira C. Seymour and Wm. H. Deverson. James L. Parker was approved as clerk of the department.

For city marshal, Thomas R. Moore had one vote; Thomas Entwistle had eight, and was elected. Franklin Cole and Charles A. C. Gray were elected assistant marshals. Constables, watchmen and police officers were elected as follows: Joseph B. White, Michael E. Long, Charles P. Abbott, John Turner, James F. Shannon and Albert W. Parsons.

The election of health officers in convention, was confirmed by the board.

Ald. Martin said the street commissioner reported several sewer coverings in a dangerous condition; he also announced that the appropriation for sewers was exhausted. Referred to the committee on finance.

Adjourned for one week.

THE TALKED-OF CONSOLIDATION.

The Boston *Transcript* has the following to say in regard to the much-talked-of but not yet consummated consolidation of the Eastern and Boston & Maine railroads under one management:

There have been no recent meetings of the Boston & Maine and Eastern railroad company directories upon the question of uniting the interests of the roads, but several propositions have been considered in the joint committee which has had the question in charge for some months. The nub of the negotiations is just here: up to the present time the Boston & Maine railroad company has made no proposition acceptable to the Eastern railroad company stockholders, and no lease or consolidation can take place until they do. General Samuel A. Lawrence and Mr. T. C. Weeks hold a majority of the Eastern railroad stock, and they know the value of it and believe in its future dividend capacity. They will of course accept no proposition not advantageous to this stock. The Boston & Maine railroad must either have control of these blocks of stock, or make a proposition in which the Eastern will share some of the advantages of consolidation. This is the status of the matter, and here it will rest until the Boston & Maine railroad company has something further to say.

There is no doubt that the action of the Eastern road in making the connection with the European & North American railroad and other lines in the British provinces, has aroused the Boston & Maine management into a realizing sense that their road is simply a *cul de sac* leading to no point where does not exist a strong competition. The difficulty seems to be what to pay for Eastern railroad stock, which would with a quantity of bonds allow the Boston & Maine to officer the Eastern, and practically run it to suit themselves—with the expense of obtaining legislative consent to leasing, which would be secured only after most intense and costly log-rolling, a proceedure with which both corporations are sufficiently familiar.

DIED.

HAM. In this city, Aug. 3d, Miss Elizabeth Ham, aged 73 years.

☞ The funeral services of Mr. Nathan F. Mathes will be held at his late residence, No. 1 Rock street, on Friday, August 11th, at half-past two o'clock.

[*For other local matter see second page.*]

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and rescued Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Boston, Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is uniquely devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily comes to upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimony shows.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

The National Bank Greenbacker.

Mr. Dane, one of the fusion candidates for congressmen in Maine, is the president of a national bank. When a greenbacker was asked how he could consistently support such a man for office he tried to get over the difficulty in this way: "What difference does it make if he is president of the little bank at Kennebunk village? It is necessary to have banking houses, and we object to the national banks only in so far as they are banks of issue. We are opposed to banks of issue, whether state or national; and upon this question the greenback and democratic parties agree. There is, therefore, no inconsistency in our voting for Mr. Dane for Congress. But if we withhold our support from him we aid those who believe in our present banks of issue, and consequently in perpetuating the bonded debt." The weakest point in this weak argument lies in the fact that the bank of which Mr. Dane is president is just as much a bank of issue as any other national bank.

The dead body of a man supposed to be a Western Union telegraph workman, was found a day or two since beside the railroad track in Westmoreland, badly mangled by the cars.

In towns near Contoocook a number of cattle are dying in the pastures. It is supposed that the great drought forced them to crop unhealthy herbage, or that they suffered from the lack of good water. The rain of late affords much relief.

A house in Plymouth occupied by John Yeaton was struck by lightning on the night of the 8th inst., but no great damage was done.

Salt Codfish Omelet.

Soak a piece of salt codfish about six inches square over night; split six crackers and lay them in cold water, just enough to cover them. In the morning pick the fish fine and mix well with it the soaked crackers, three well-beaten eggs and a piece of butter the size of an egg; also salt and pepper. Take one quart of milk, add to it one dessert spoonful of Sea Moss Farine, boil five minutes, and pour over the fish in the dish in which it is to be baked. Bake twenty minutes.

Rev. Samuel Bell has resigned the pastorate of the Edwards Orthodox church, at Saxonville, Mass., and has been engaged by the Congregational society of Great Falls; he will soon commence his ministerial labors.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

Dogs have recently been making havoc with sheep in Dalton, having killed eight for Horace Summers, three for Dennis Ruggles, and several for W. S. Crouch. Two of the dogs were caught in the act, and shot.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

Mr. Ames and his master mechanic, Mr. Pettengill, of Peterborough, have invented a machine for trimming and finishing cloth of all widths up to 104 inches. It is said that it does the work intended for it in a satisfactory manner.

If you are sick and troubled with dyspepsia, Brown's Iron Bitters will cure you.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for CRAMP and PAIN in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
This *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 18, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and have always found instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. J. TYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 12, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
T. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
H. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. Address the proprietor, Dr. David Kennedy, Rondout, N. Y. all 4w

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.
I cannot say too much in praise of it. Mrs. MARY E. BRAHERAN, 173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1882.
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.
J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa., Dec. 2, 1881.
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief.
Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

TRUTHS FOR THE SICK.

For those deathly Bilious Spells, depend on SULPHUR BITTERS, it will cure you.

Ladies in delicate health, who are run down, use SULPHUR BITTERS.

The Giant Dyspepsia is cured by using SULPHUR BITTERS.

$1,000 will be paid for a case where SULPHUR BITTERS will not assist or cure. It never fails.

Operatives who are closely confined in the mills and workshops; Clerks, who do not procure sufficient exercise, and all who are confined in doors, should use SULPHUR BITTERS. They will not then be weak and sickly.

Cleanse the vitiated blood when you see its impurities burst-ing through the skin in Pimples, Blotches, and Sores. Rely on SULPHUR BITTERS, and health will follow.

General Debility needs a gentle tonic like SULPHUR BITTERS, and you will not be troubled.

SULPHUR BITTERS will cure Liver Complaint. Don't be discouraged; it will cure you.

Don't be without a bottle. Try it; you will not regret it.

The President's Flag.

The secretary of the navy has approved the design of a flag to be known and used in the navy as the "president's flag." It is to be fourteen feet long by eleven feet wide, and made of navy-blue bunting. In the centre is the American coat of arms, the eagle holding in its mouth a pennant inscribed, "E pluribus unum." Thirteen white stars, representing the thirteen original states, are arranged in a semicircle above the coat of arms. This flag will fly from the mainmast of every vessel used by the president. The first one to be used for this service will fly from the United States steamer Despatch, when the president leaves Washington on that vessel for New York.

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron,—all powerful, blood-making, blood-cleansing and life-sustaining—and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of waning vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick.

For sale by all druggists.

A true strengthening medicine and health renewer is Brown's Iron Bitters.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so, and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 30c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. address, J. H. REEVES, Box 3189, Boston, Mass.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

News and Notes.

It is stated that "The president and secretary of the navy contend that under the existing law eight hours constitute a legal day's work, and say that the law will be enforced at the navy yards." This is simply a common-sense decision; if the eight hour law is wrong, the proper way to get rid of it is to repeal it, and not to deliberately violate it, as has been done by the highest officers of the government ever since President Grant went out of office.

The *Journal* of Augusta, Me., says: "The independent movement attempted in this state is a failure. Two meetings for organization have been held, with nothing accomplished except to reveal lack of interest or sympathy with the movement. The opposition organs, from gossip and loose talk, assisted by lively imaginations and a hope that there would be idiots enough among the republicans to start an independent move, manufactured on paper a large and formidable independent party. This is all which exists of the independent movement. It never had any substance; it will not appear at the polls at all."

J. S. Hunter, a notary of Montreal, is accused of stealing $100,000 or more from estates entrusted to his management.

In Stewart county, Ala., Aug. 10th, James Cameron and Walter Hill fought over a game of cards. Cameron shot Hill, and ran to a swamp; Hill chased Cameron, and stabbed him; and they fell dead together.

Near Austin, Texas, Aug. 10th, two Americans and two Mexicans got into a fight, and the Mexicans were shot dead.

President Arthur does most of his official business between twelve o'clock at night and three o'clock in the morning, when there is nobody around to bother. Being president is something like being an editor.

AROUND HOME.

Rather a comical greeting for a bran new board of aldermen, to be told at their first meeting that an important appropriation is exhausted, and that they have got to run that particular department for a year on "tick."

Between quarter-past and half-past four o'clock on Thursday afternoon last, a night was witnessed on the river such as the oldest river men never saw before—seven schooners and four steamboats, all in motion, in the limited space between the Gangway rock bandstands and the narrows.

George Gustave Jott, a Russian Finn sailing as one of the crew of the fishing schooner Flying Eagle, of this port, left the schooner in his dory on Monday, the 7th inst., at about four o'clock, when she was ten miles northeast of Matinicus, to attend to his trawls, and a dense fog coming on was unable to find his way back to the vessel. After pulling around for some hours he was picked up during the night by a Nova Scotia coasting vessel, bound for Boston; and on Wednesday night, the 9th, was set adrift in his dory between York ledge and the Sisters, and rowed into this harbor safe and sound, his shipmates in the Flying Eagle being probably still on the hunt after him.

The owner and occupant of the Woods farm, adjoining the Wentworth house, states that there is no truth in the report that the property has been purchased by Hon. Frank Jones, as has been published, or sold to any other party or parties.—*Journal.*

Mr. C. A. Richmond of Dover, who has been superintendent of the central telephone office in that city, has been appointed collector of telephone rents for Dover, Rochester and Portsmouth.

Josiah G. Bachelder, of the jewelry firm of Palmer, Bachelder & Co. of Boston, died at his home in Brookline, Mass., on the 10th inst., at the age of sixty-eight years. He was a native of Portsmouth, but went to Boston when a young man, and has ever since been in business in that city.

Mrs. Sally Stevens, who died on the 9th inst. in Manchester, in her 84th year, was the widow of Capt. Phineas Stevens, who was the designer and builder of several of the factories in that city. She was a native of Peterboro', and a granddaughter of Col. James Hackett, a once celebrated ship architect of Portsmouth.

The steamer Fearless went to Dover on the 9th inst., and took on board a large party for a trip to the Isles of Shoals, returning with them in the evening.

The Dover *Republican* of Aug. 10th says: "James W. Goodwin, the proprietor of the Kearsarge house, Portsmouth, has purchased the Washington street bakery of H. A. Webster, and is to improve the premises, put on the road better carts and better horses, and maintain a first-class establishment. He will also continue his business at Portsmouth."

Kate Claxton is booked to appear in Music hall on the 28th inst., and Denman Thompson on the 31st.

The Aqueduct Co. got temporary pumping gear at work at the Sherburne spring on the 9th inst., to supply the place of that destroyed by fire on the 6th. A new engine and pump, much more powerful than the old ones, will be put in position for permanent use.

Col. James I. Christie, assistant sergeant-at-arms of the United States senate, is at Boar's Head, Hampton beach.

An excursion from this city to Newburyport, by the steamer "Gen. Bartlett," is projected for Thursday, the 17th inst. A special train will leave Manchester for this city at 6:45 o'clock A. M., and on its arrival the steamer will start, running through between Star and White islands at the Shoals on the way to Newburyport, stopping for an hour or more at Black rocks or in Newburyport, and returning along the coast.

During the vacation the interior of the Advent church on Hanover street has been renovated by W. J. Sampson & Co., to the very great improvement of its appearance. The walls and ceiling have been frescoed, and the wood work grained.

Blueberries were selling at fourteen cents a quart in this city on Thursday of this week. The supply has been plentiful since the first lots were brought in, but the berries have been rapidly drying up on the bushes, and the season for them will soon be over.

Lucius Tuttle, Esq., general passenger agent of the Eastern railroad, reports that the road is doing an immense business. The passenger receipts for June were $12,000 larger than in the same month last year, and the July receipts show a gain of $17,000.

Chief Eng'r McElwell, U. S. N., arrived in this city on Friday, to relieve Chief Eng'r Kiersted as fleet engineer on the North Atlantic station.

Mr. C. E. Stimson, the popular school teacher of this city, and family, will pitch their tent on Gerrish's island on Monday, for a week's camp-out.

Daniel G. Nason of South Berwick, who had been sick nearly three years, died on the 8th inst. The deceased was a sailor for nearly thirty years, twenty-two of which were passed in the service of the United States navy.

Mr. Charles A. Grant, of the Sea Cottage, York beach, was in Portsmouth on the 10th inst., and reported his hotel and cottages full to their utmost capacity, and business booming all along the line.

The schooner Helen, of Rockland, Me., with a cargo of coal for Mr. John Neal of Kittery, came up the river on Friday, and hauled in to Neal's wharf.

It was sad enough for our Kittery friend, Gen. Stephen L. Butterfield, to be thrown over in the hard-soft-money convention, but to be thrown over for such a bummer as Mose Harriman of Kennebunkport, the chum of Tom Swan of Minot in the famous "bribery" business at Augusta a couple of years ago, was humiliating to the last degree. But Harriman is luckier than his pal, for he is now the market-basket candidate for sheriff of York county, while poor Swan is a fugitive from his home, and a confessed liar, swindler and thief.

Harry V. Moore, the market-basket candidate for county attorney of York county, is a son of Luther S. Moore of Limerick, one of the veteran members of the York county bar; he will not be interfered with in his professional studies for the next two years, by official duties.

Mr. James Perkins, fisherman for the Atlantic house at Wells beach, Me., caught in his net on the 8th inst. about 250 mackerel, there being among them quite a large number of Spanish mackerel—the first of that fish, to any amount, ever taken at that point.

The 27th Maine regiment will hold a reunion at Old Orchard, Aug. 25th. It is proposed to form a regimental association.

At a caucus of the republicans of Kittery, held on the evening of the 10th inst., the following-named gentlemen were chosen as delegates to the county convention at Alfred on Tuesday, the 15th: M. F. Wentworth, F. E. Rowell, Cyrus Hobbs, M. D. Moore, Calvin L. Hayes, L. L. Goodrich, Charles Favour, J. L. Marden, John Wentworth and Samuel L. Paul.

A marine named Snow, said to be a grand-nephew of the late President Harrison, is charged with having been asleep on his post while on duty at the navy yard, and will be tried by summary court martial on Monday next.

The ship Prima Donna, from Manilla June 19th for New York, has put into Hong Kong leaky and with loss of sails.

Advertisement and Notice

CONCERNING THE CONSTRUCTION OF NEW STEEL SEA-GOING CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam-engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches of not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 20, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

W. C. T., F. E. Hall;
W. V. T., Miss Louise Rowland;
W. S., Miss Ida M. Deering;
W. F. S., Ceylon Spinney;
W. T., George P. Webber;
W. C., Miss Maggie S. Moulton;
W. I. G., Miss Annie A. Rowland;
W. O. G., Miss Fannie L. Peterson;
W. R. S., Miss Clara Walles;
W. L. S., Miss Jennie L. Foss;
P. W. C. T., Mrs. Amanda Holbrook.

A VERY BIG OFFICIAL.

On Thursday evening last the mayor and President Junkins of the Common Council announced the committees for the year. Desiring to publish the lists, as a matter of public interest, we on Friday sent a reporter to City Clerk Vaughan to procure them. Col. Vaughan promptly furnished a list of the aldermanic committees, and courteously informed the reporter that he was unable to supply the list of council committees, the list not having been returned to him. In the evening our representative saw the clerk of the council, and asked about the list of committees, and was answered that it was at home in his (the clerk's) desk, and he could not be bothered about it; perhaps he might furnish a list Monday, and perhaps not; if the *Chronicle* editor wanted a copy of the list, let him pay for it. We promise to give the public a list of the committees as soon as the clerk of the Common Council will graciously permit us so to do.

THE P. & D. R. R. DIRECTION.

In an article on "the directorship of the Portsmouth & Dover railroad," the Dover *Democrat* of the 10th inst. says a mistake was made at the late meeting "in not electing as one of the board of directors some man who is identified with the business and the interest of the Cocheco Manufacturing Co. As Mr. Wallingford is the agent of the company and has charge of its business chiefly, he is the man best qualified to be a director in the view we are taking. * * And in suggesting the propriety of a representation of the largest manufacturing interest which has anything to do with railroads in this section, we mean not the slightest feeling against or ill will toward a single individual of the board. But we do say it would have been a wise and shrewd movement to have elected the man who chiefly controls the very large freighting business of the Cocheco Manufacturing Co., and can, with the advice and consent of the legal officers of that corporation, send it either and both ways over whichever road he pleases,—we say it would have been wise and shrewd for the stockholders of the P. & D. R. R. to have elected him as one of their directors yesterday. From what we can learn today, the matter was not made sufficiently prominent, and in fact, the proposition was not known to those who represented the majority of the stock, or the result would have been different. It was an oversight."

REAR ADMIRAL BEAUMONT.

We make the following extract from an obituary notice of the deceased admiral, published in the Dover *Democrat*:

In the death of Admiral Beaumont the world has lost one more of the few remaining old-school gentlemen. His prevailing characteristics were ingenuousness, honesty, and a remarkable degree of geniality and sociability. One seldom meets a man so open in all his ways as was Admiral Beaumont. You knew him as intimately in a week's acquaintance as you would in years of intimacy. If he trusted you he gave himself to you at once, such was the ingenuousness of sailor character. He had nothing to conceal about himself, and he concealed nothing.

He was honesty itself. His soul was full of scorn for a dishonest and insincere man. He would have sacrificed a great deal rather than have told or acted a lie. It is said, "all men have their price;" if this is so Admiral Beaumont's price had never been found.

He was genial and social to the last degree, and without distinction of persons. He seemed to be absorbed in taking opportunities to help everybody who came in contact with him. He was literally "everybody's friend," and a most entertaining companion he was, whether he was giving interesting details of the many varied experiences of his sailor or war life, or whether he was communicating knowledge on scientific subjects, in which he was well versed, or whether he was discoursing upon books in general literature, of which he had intelligently read much. In short, he was a good man, as everybody who knew him agree in stating.

Special attention is called to the closing-out sale of cloths, clothing and furnishing goods at Brown's, No. 33 Market street. Everything in the store not previously disposed of will be sold at public auction on Tuesday, August 15th,

The story about the unlawful appropriation of a lunch, etc., sent on board the schooner Annie F. Conlon just previous to her launching, is pronounced a romance of the most brilliant order; no lunch was "hooked," because none was sent on board; neither did Mr. Conlon send on board a barrel of ale, as was stated.

The funeral services of the late Nathan F. Mathes were held at the residence of the deceased on the corner of Rock and Islington streets on Friday afternoon, Rev. Wm. A. McGinley, pastor of the North church, officiating. Beautiful floral tributes adorned the casket. There was a large attendance of the friends of Mr. Mathes, who had for many years possessed a wide circle of acquaintances, in Portsmouth and many other places. A delegation of De Witt Clinton Commandry of Knights Templar, E. C. Calvin Page, escorted the remains to the cemetery. Messrs Geo. W. Pendexter and M. R. Perkins officiated as pall bearers.

We are glad to notice the re-election by the city councils of Geo. E. Hodgdon, Esq., the able "counsel for the defence," to the honorable position of chairman of the board of fence viewers. Col. Hodgdon, though a little near-sighted, can see a "stone fence" as well as any other man, and in this view the councils did a wise act in his retention.

A despatch was received in this city on Friday announcing the death of Mr. William Sheafe, formerly of this city. Mr. Sheafe was the son of the late John Hale Sheafe, and a nephew of the late Samuel Sheafe, a wealthy merchant by whose will the nephew inherited a large estate. The authorities of our city failed to appreciate some of his liberal ideas, and he sold his estates, in Portsmouth and removed to Boston, where he largely invested in real estate, and erected some fine buildings. He will be remembered for his liberal contribution toward the improvements and enlargement of the Unitarian church edifice in this city in 1858.

Levi Colby, the dime-novel hero who is now in Portsmouth jail awaiting trial before the supreme court, it seems has worked hard to gain notoriety as a sneak thief. Advices received by the officials in this city from Newburyport, Friday, say the young fool is "wanted" in Massachusetts to answer for the commission of several crimes; some time in July he stole from a colored room-mate in Beverly a watch, and about the same time broke into the house of Deacon Parker in the same town, and stole several small articles; he also stole a watch in Ipswich, and when in Newburyport at a later date so conducted himself as to show that he yearned to secure the reputation of being a terrible ruffian. He should be properly disciplined with a shingle.

Over twenty barrels of mackerel became entangled in the eelgrass between Fishing and Gerrish's islands on Thursday last, and were left on the flats when the tide ebbed; they were secured in lots of from two to five barrels each, by parties from Kittery Point. Two barrels of mackerel were taken with lines the same day, by amateur fishermen on the bridge which connects Gerrish's island with Kittery Point. These fish were of extra large size, and fairly rolling in fat.

Sixteen picnic parties landed at different point, on the southern shore of Gerrish's island, on Wednesday of this week; most of the parties were small, being no larger than could be accommodated in a single boat; the largest party came in a schooner, and numbered thirty-eight persons from the Wentworth hotel and the boarding houses at Newcastle.

The newspaper men were not wholly forgotten in the distribution of honors by the city councils on Thursday evening last. Walter H. Page, Esq., of the *Times*, was elected assistant harbor master by the convention—or would have been, had such an office existed. N. K. Raynes, Esq., received one vote for keeper of the powder magazine, and one for pound keeper.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the kidneys and bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is seriously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purpose. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1 per bottle or six for $5, and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint *of either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its specific line, and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

The second volume of Banning & Arden's Reports of Patent Causes Decided in the Circuit Courts of the United States since Jan. 1st, 1874, has been published by L. K. Strouse & Co., of New York.

The compilers, in order to have a complete list of all patent cases decided in the United States, have examined the patent decisions in each of the several circuit courts, so that every case decided in '74 and since, will be reported, making six volumes of decisions of incalculable value to the practitioners in this branch of the profession, and as a work of reference in general law libraries. The price of the books is ten dollars per volume.

Little, Brown & Co., No. 254 Washington street, Boston, have published "The Geneva Award Acts: by Frank W. Hackett. With notes and references to decisions of the Court of Commissioners of Alabama Claims." Cloth, 8vo; price, $2.50.

Mr. Hackett was private secretary to Caleb Cushing, counsel for the United States at Geneva; and assistant counsel in behalf of the United States before the Court of Commissioners of Alabama Claims, and private counsel before that court. The book is of marked value to all persons having claims under the recent act of Congress relative to the distribution of the balance of the Geneva award.

Neuralgia and rheumatism retire whenever St. Jacobs Oil is introduced.

In Camden county, Fla., Aug. 10th, two boys aged about seventeen years seized a boy aged twelve years, forced him into a river, and held his head under water until he was drowned. They then fled, leaving the body on the river bank. When discovered it had been almost devoured by alligators. No trace of the murderers can be found.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

*"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy, "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

A German woman in Lawrence, Mass., was fatally burned Aug. 10th while lightning a fire with kerosene.

*Why is Mrs. Lydia E. Pinkham's Vegetable Compound like the Mississippi river in a spring freshet? Because the immense volume of this healing river moves with such momentum that it sweeps away all obstacles and literally flooding the country.

The British government is having no end of trouble with Ireland. The Irish constabulary threaten a general strike unless certain grievances are promptly redressed.

That Baby of Mine,

Auntie, three months ago had the salt rheum so bad that his head was a mass of sores, and I had begun to loose all hopes of raising him, but my druggist recommended Sulphur Bitters, and to-day he is as fat and chipper as any baby you ever saw, and he has not a sore on his head, and just think after paying out so much, that a few dollars worth of Sulphur Bitters should cure him.—*Mrs. F. C. Hall, Lowell.*

At Newburyport, Aug. 9th, Miss Smith, the adult daughter of Edmund Smith, called a doctor for her sick mother, when a man attempted to stop her horse; and as she was going home at a later hour the man fired a pistol to stop her, the bullet hitting the dasher.

If you are sick and troubled with dyspepsia. Brown's Iron Bitters will cure you.

Joseph William and Clayton Jarrell fought with pistols in Ogden, Fla., on the 10th inst., and within an hour both were dead.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 5, 1881.
The *very best* medicine I know of for dysentery, cholera morbus and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONMONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gives almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. R. LYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over FIFTY years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 23, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORZON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 9, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard it as the best remedy in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
H. GLADIGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels and by restoring healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, which follows those class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1882.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fine daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required?" and when informed that the elder sister was taking Brown's Iron Bitters, exclaimed "that is a good tonic, take it."

Mollie's Match-Making.

A dainty parlor with numerous easy chairs—a glowing fire in the nickel trimmed heater—a pretty little woman listening for the footsteps of the lord and master. This charming picture of domestic bliss Jack Ackerman fully appreciated, as he stepped into the room a few minutes later.

"Well, Mollie, what's the news?"

"Oh, nothing, only supper has been waiting half an hour. Come, let us hurry and eat; I want to talk with you."

"I thought there was something on your mind; didn't know but I was going to get a lecture for being late."

"You deserve one, for this is the last evening I shall speak with you for two whole weeks."

In another half hour they were back in the parlor, and Mollie began:

"I think Tom is a fine fellow, and there were never two brothers more alike than you and he."

"Thank you, my dear, I honor your judgment."

"And John, I have the most brilliant plan concerning him."

"Do tell!" said John; with a movement toward his coat pocket, where the evening paper lay in uncut solitude. Mollie observed the motion, and promptly informed him that he should not read a word until she was through talking.

"I am going away to-morrow, and then you may read the paper from the time you enter the house until midnight, with no one to bother you," she said.

Somehow the vision of the little parlor without Mollie's lively chatter did not seem to strike favorably; perhaps this was why he tossed the paper to the other side of the room, and promised to listen. Mollie perched herself on one arm of his chair, and started:

"You know my sister Amy is coming home with me for a long visit, and don't you think it would be splendid if she and Tom would fall in love with each other? They could get married, and set up housekeeping in a cottage like this one across the street—it would make me so happy!" John laughed long and heartily. "Match-making, by jove!" he said at last. "Miserable yourself, and want everybody else to be; is that it, Mollie?"

"Don't laugh, John, for I am in earnest. I know they will like each other, and I have set my heart on the match; just think how nice it would be to have Amy here, and Tom is such a darling!"

"I tell you what it is, Mollie, you don't want me to say a word of this to Tom or Amy, or they will take a dislike to each other."

"I know it," replied Mollie. "When I told Tom I was going to visit Aunt Hetty, I did not mention Amy's name, and I don't think he knows of her existence; as for Amy, I have been with her so little since I was married, that I am sure I never spoke to her of Tom."

"Well, see that you don't do so now; you couldn't mention his name without praising him to the skies, and she would see through your plans at once."

Mollie departed next morning, leaving directions enough to distract a man if he remembered half of them.

"Don't have Tom at the house when we return. Amy will be tired with her journey, and I want her to have a chance to beautify a little before she meets him."

When she reached the depot, Mollie's courage began to fail.

"I am almost sorry to go, John," she said. "Suppose something should happen to you while I am away?"

"Nonsense, darling! Go and have a good time, and be sure to come back in two weeks and bring Amy with you."

Mollie's heart was so thoroughly in her pet plan that she found it very hard to refrain from all mention of her adorable brother-in-law during the two weeks that followed; once she did refer to the cozy party of four which they could make, and then was obliged to turn it off on Jenny, the little maid-of-all-work, as making the fourth.

The day before Mollie was to return, Aunt Hetty fell ill. Amy was obliged to postpone her visit for a few days at least. Mollie could go on, and Amy would follow as soon as Aunt Hetty could spare her.

"Amy will certainly come up next week," she assured John; "but I could not wait another day."

It was so pleasant to be at home once more, and mistress of all she surveyed; a note from Amy saying she would come on the following Saturday set her mind completely at rest. She was really sorry to hear John say one morning:

"I think we had better take that run down to Camden's to-day. We must go sometime this month, and of course you won't want to go after your sister comes."

"John, you know we cannot stay away all night; I gave Jenny leave of absence until Friday, and it won't do to leave the house alone."

"I'll get Tom to come and sleep here."

"There are three keys," said she, as they left the house. "You can give one to Tom, and I will leave one with Mrs. Gates, next door. The house might get on fire and then it would be better to have a key handy, so they could get in the house and bring out the things."

"Yes," said John sarcastically; "or I might hire a squad of policemen to watch the house day and night."

About eleven o'clock that evening Miss Amy Arden alighted from an express and looked about the depot as if expecting some one.

"They could not have received my second postal," she concluded, after waiting nearly half an hour in the ladies' room. "Well, I can very soon find their house."

A hack soon deposited her in front of the pretty cottage on Lake street; all was dark and Amy pulled the bell several times without hearing a soul from within. Where could Molly and John have gone? There was a light in the next house and Amy remembered hearing her sister speak of her kind neighbor, Mrs. Gates; perhaps they were spending the evening with her, or at any rate she might know of their whereabouts. Amy ran across the small grass plot that separated the two cottages, and rang the bell. Mrs. Gates soon explained matters.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

—A lazy fellow once declared in public company that he couldn't find bread for his family. "Nor I," replied an industrious mechanic; "I am obliged to work for it."

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

—A recent marriage at Cobb, Wis., was between a widow, aged seventy-two, and her adopted son, aged twenty-three. Her first husband had on his death bed advised the match as a means of preventing the raising certain legal questions regarding his estate.

Consumption is the fatal disease of New England. Coughs and cold are allowed to go unchecked. Brown's Bronchial Troches will cure the cough and ward off consumption.

—An old citizen in the country village, on having a subscription list handed to him toward purchasing a new hearse for the place, thus excused himself: "I paid $5 for a new hearse forty years ago, and me and my folks haint had the benefit of it yet."

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL, Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use. W. B. WATSON, Lynn, Mass.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVES,

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. News and Notes.

John Q. Farley, a brakeman on the Boston & Maine railroad, while shackling cars at the Dover station, Friday morning, was caught between the bunters and seriously injured.

The mansion at Canonchet, R. I., near Narragansett pier, recently the residence of Hon. William Sprague, has been stripped of its appurtenances, which were shipped on four cars to Providence, consigned to "Mr. Butts." The property arrived at Providence on Friday, and was seized on a writ of replevin by Z. Chaffee, trustee and assignee of the Sprague estate.

The Hardy Powder works, a mile and a half southeast of Vallejo, Cal., exploded on Friday morning. The mixing, glazing and drying houses, and magazine, were blown to atoms. Nothing was left standing except the water tank, and brick work surrounding the boiler. A. A. Hall, engineer, was badly burned, but has a chance for life. George Edgrum and Ferris McArdle were killed. Fifteen tons of powder were exploded.

Suits aggregating $70,000 were entered at Wheeling, W. Va., on Thursday of last week, by the legal representatives of sufferers by the Scioto disaster. There were seven suits, in each of which $10,000 is claimed. There were fifty-seven victims, and it is likely that a suit will be entered in each case.

A family fight occurred last week near the line of Denton and Dallas counties, Texas. Three brothers named Steel, who were opposed to the marriage of their mother with a man named Green, became involved in a quarrel with the Green party. Two of the Greens and one of the Steel party were mortally wounded in the fracas; one of the Greens has since died.

The house of George Harding at Forest City, Minn., was burned last Thursday afternoon, and two children, aged one and five years, perished.

Henry Close, of Norwich, N. Y., a young man who had squandered a fortune, was two years ago sent to the Elmira reformatory for forgery. He went home six weeks ago, and committed suicide last Friday.

A construction train on the South Carolina railroad was wrecked near Branchville, S. C., on Thursday morning last, by striking a cow. The engineer was killed and the fireman and five train-men injured.

Ten men were killed at Cornwall, N. Y., last week, in three days, by a series of railroad accidents; some were crushed between cars, some run over, and the rest killed in other ways. Besides these, five persons were injured, two of them very badly.

Frosts are reported as having occurred in various places in northern Wisconsin on the night of the 10th inst., and also in the suburbs of Chicago.

New London, Conn., has a mean highway robber. With a big basket in one hand and a revolver in the other, he compelled half a dozen lads the other afternoon to "stand and deliver" all the blackberries they had picked in the long, hot day.

Two young sons of a Chinese laundryman arrived at their father's wash-house in Providence, R. I., on Wednesday, the 9th inst., from China, and were found Thursday busy with a spelling book, struggling with the English language.

The Hartford, Conn., *Courant* publishes brief reports from various parts of the state, which indicate that the drought is very severe and will prove disastrous to the crops unless soon broken by heavy rains. The pastures are drying up, and there will be no after math. The tobacco crop, while reported in fair condition in some portions of the state, in most sections will be nearly a failure. Potatoes have ceased to grow, apples are falling off and drying up, while corn leaves and stalks in most places are so dry and give so little promise of furnishing ears that much of it has been cut up for fodder.

Naval Affairs.

Commodore Shufeldt, now in the naval hospital at Mare island, Cal., for treatment, is reported as being very much worn down, and needing rest and quiet for a long time to restore him to health.

According to a Washington paper there is a kind of informal mutiny on board the Tallapoosa, in consequence of the severity of discipline practiced by Lieut. John F. Merry, the executive officer. According to this report the men take every opportunity to desert, and those whose terms of enlistment have expired have refused to re-enlist. Nor is it easy to find men to take their places, so unpopular has the executive officer become.

The U. S. S. Dispatch, with President Arthur and party on board, arrived at New York on Saturday, from Washington.

The secretary of the navy has ordered a continuance of the civil establishments at all the navy yards and stations under the present system until the first of September next.

An Odd Lawsuit.

The trial of a novel and amusing lawsuit, involving the maintenance of nine pug dogs, was recently begun at Frankfort-on-the-Main. The plaintiff is a Mrs. Brummer, who had contracted to take care of the dogs, and the defendants are the Marquise Henriette de Balado and the Baron M. Matthias. The joint owners of the pampered pugs left them in the care of Mrs. Brummer for fourteen days, agreeing to pay twelve cents a day for the support of the handsomest one, and five cents a day apiece for the others, and the following bill-of-fare was further agreed upon: Breakfast, bread and milk; dinner, soup, meat and vegetables; four-o'clock repast, bread and coffee; supper, soup, meat and bread. It was further provided that they should have white cabbage or asparagus tops to keep their blood pure, and should on no account be compelled to eat such a plebeian and unhealthful article as the potato. At the end of fourteen days, the owners not returning, Mrs. Brummer raised the price, and this is the main point involved in the trial. The judge adjourned the case to October, at which time numerous dog-doctors, nurses and hotel servants are summoned to appear as witnesses. Four lawyers are engaged in the trial.

—Look not upon the watermelon when it is red. Eat it and be ready for the next one.

—An editor, only married a week ago, yesterday printed a fierce article against "bossism."

—Instead of saying "Oh that mine enemy would write a book," the wicked man saith: "Give mine enemy a toy pistol."

—One of the "heavy dragoons," in the juvenile production of "Patience," in Memphis. Is only three and one-half years old.

—"What's the man yelling at?" asked a farmer of his boy. "Why," chuckled the youngster, "he's yelling at the top of his voice."

—"Is this your first appearance in a court of justice?" asked the recorder of a vagrant. "No Judge, it is the last time thus far—how is it with yourself?"

—While the English ships were clearing for action and their bands were playing "Rule Britannia," the French ships sailed off to the tune of "Partant pour la Syrie."

—Over eighteen hundred people get their living in Paris by making ornaments and clothing for pet dogs. Every family that really wants to help the poor should keep a pet dog.

—Doctor—"Well, Pat, have you taken the box of pills I sent you?" Pat—"Yes, sir, be jabers I have! but I don't feel any better yet; maybe the lid hasn't come off yet!"

—A Milwaukee drug clerk was whipped for putting whiskey in a prohibitionist's soda, and the next day lost his situation because he failed to comprehend the significance of an influential citizen's wink. It evidently requires a Metternich to run a soda fountain.

—Memorial Hall, erected by Philadelphia for the Exhibition of 1876 at a cost of $1,500,000, and intended to stand as a reminder of that event, is serving the latter purpose by requiring very extensive repairs. The roof cannot hold itself up much longer, and other parts of the structure are falling to ruin.

CONCERNING THE CONSTRUCTION OF NEW STEEL STEAM CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said Board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches or not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 20, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

WILLIAM E. CHANDLER,
Secretary of the Navy.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost vigor. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fulness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in hard wood, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Horlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE NORTH ATLANTIC SQUADRON.

About two o'clock Saturday afternoon the North Atlantic squadron, consisting of the Tennessee, (flagship,) Capt. Robert F. Bradford; the Alliance, Comdr. George H. Wadleigh; the Enterprise, Comdr. E. M. Shepard; and the Yantic, Comdr. Miller, were sighted from the Wentworth hotel at Newcastle, standing in for this harbor; and shortly before four o'clock they anchored in the lower harbor, off the Kittery shore, coming into port under steam alone. The Vandalia and Kearsarge (the former of which is at this navy yard undergoing repairs) belong to this squadron, but did not come in with it on Saturday; the side-wheel steamer Powhatan is also one of the vessels of the squadron, and is now under orders to rejoin it, having for some time been detached on special duty. The ships did a little maneuvering between Whalesback and the Newcastle shore, on entering the harbor, and the band on the flagship played a number of tunes; and the flagship after anchoring fired a salute, which was answered by thirteen guns from the navy yard. The squadron will remain here for a week or ten days.

POLICE COURT.

SATURDAY, Aug. 12; *Batchelder J.*

Ellen Stover, for brawl and tumult, was fined $2, costs being taxed at $8.04. She appealed, and gave bonds in $100 to prosecute the appeal. The complainant in this case was Mary Odion, the women living near each other on Partridge street. From the evidence it appeared that the trouble arose out of a children's quarrel, a ten-years-old son of the complainant having struck a four-years-old daughter of the defendant; the girl's mother threatened the hoodlum, and his mother "took it up," and thereafter for some little time there was music in the air in that neighborhood, all the residents of which turned out to see what the war was about.

FREIGHTS.

Among the engagements last week, for coastwise freights, were a schooner from Perth Amboy, to discharge at Kittery, 110 tons of coal, $1.35. A schooner from Hoboken to this port, coal, $1.25; also a schooner from same place, to discharge at Dover, $1.25. Port Johnson to this port, coal, to discharge at Dover, $1.25, (towage, etc., paid;) one schooner from same port to discharge at wharf in this city, coal, $1.25. One schooner from Hoboken, coal, to discharge at South Newmarket, $1.60.

BAND CONCERT.

Capt. Bradford, U. S. N., commanding the flagship Tennessee of the North Atlantic squadron, now in Portsmouth lower harbor, through the kindness of Adm. Cooper has made arrangements for a grand open-air concert to be given by the band of the squadron this (Monday) evening between six and eight o'clock, on Haymarket square.

GREENLAND REPUBLICAN CAUCUS.

At a meeting of the republicans of Greenland, held on the 11th inst., the following named persons were chosen delegates to the several conventions:

State — Rufus W. Weeks, John E. Holmes;

Congressional—John P. Weeks, Elias P. Wentworth;

Senatorial—J. Clement Weeks, George W. Weeks;

County—John E. Holmes, T. F. Loud;

Councillor—Alfred M. Clough, Nathan R. Foss.

The following are the officers of the Greenland republican club:

President, John P. Weeks;

Vice President, John W. Weeks;

Secretary, John E. Holmes;

Executive Committee, George W. Weeks, Elias P. Wentworth, Alfred M. Clough, N. P. Ordway, Moses Pearson, Albert N. Lane.

M. B. Leavitt's Gigantean Minstrels will give a performance in this city Sept. 8th.

Mr. J. Madison Maloon, of Newcastle, an employe in the department of steam engineering at the navy yard, while engaged in working on the U. S. S. Plymouth, Saturday forenoon, had one of his hands drawn into a block by the sudden starting of the ox-team while he had hold of the fall close to the block. He was taken to the yard hospital and had the wounds dressed by Dr. Cleborne, who found the flesh badly crushed, but no bones broken.

The old fish storehouse in the rear of the police station is being fitted up for a telephone office.

On Saturday forenoon there was a series of athletic sports at the hotel Wentworth, Newcastle, gotten up by the guests of the house; the various events occupied about three hours, and the entertainment was entirely successful. In the evening there was a dance under the management of the guests, the list of the committee of arrangements being headed by the name of Hon. Wm. A. Wheeler, ex-vice president of the United States.

Rev. Mr. DeNormandie of the South Parish will not preach in his church for the next six Sabbaths. He will resume his duties in the pulpit on the first Sunday of October, the twentieth anniversary of his pastorate. During the months of August and September Mr. DeNormandie will as usual attend to his parish duties, the pulpit being supplied by other preachers.

A new platform scale of large capacity has been put in place at the head of the coal wharf of Russell & Odion, in close proximity to the new counting room of the firm.

The grass in a small field near Gravelly Ridge, belonging to George E. Hodgdon, Esq., was set on fire by a wad from a gun on Friday afternoon. The fire ran over the field and into a small patch of woods, but was prevented from doing any serious damage by the exertions of the neighbors. The underbrush in the grove was burned, and a number of stumps set on fire, but most of the trees escaped serious injury.

The transparency over the door of Mr. H. Leveen's store on Market square took fire at about half-past eight o'clock Saturday evening, and illuminated the square in fine style for a few minutes; there was considerable excitement occasioned, but no serious damage.

In accordance with a general order received on Saturday, the flags at the navy yard and on the ships of the North Atlantic squadron will be displayed at half-mast from sunrise to sunset this day, and a salute of thirteen minute guns fired at noon from the yard and the flagship Tennessee, in honor of the memory of the late Rear Admiral John C. Beaumont.

Hon. Frank Jones on Saturday received the following letter:

EXECUTIVE MANSION, Washington, August 10th, 1882.

Dear Sir: The President desires me to thank you for your kind invitation, which he has received through the secretary of the navy, and to say that should his engagements permit, it would give him much pleasure to avail himself of the hospitalities of the Rockingham and Wentworth houses.

FRED J. PHILLIPS, Private Secretary.

The outboard joincring of the schooner Annie F. Conlon was done by Mr. Stephen L. Davis, who served a regular apprenticeship at that branch of business, and worked at different times for nearly all the best outboard joiners of the city, during the days when shipbuilding was an important industry on the Piscataqua. It makes a very marked difference in the appearance of a vessel, whether her outboard joinering is well or poorly done; that of the Annie F. Conlon is done in the very best manner.

The *American*, of Lawrence, Mass., says: "A daily line of steamers from Haverhill to Isles of Shoals, touching at Newburyport, Salisbury and the Hampton beaches, is the arrangement for next season."

We are informed that our misunderstanding with the clerk of the common council, mentioned in Saturday's CHRONICLE, was due to a misapprehension; we are the more ready to credit this from the fact that we have found Mr. Rugg, as ward clerk, especially prompt and courteous in furnishing election returns, which he was in no sense obliged to do.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

American Shipbuilding.

The joint committee of Congress to enquire into the condition and wants of American ship building, met in New York on the 11th inst., and organized by electing Mr. Page of California temporary chairman, and S. S. Cox of New York secretary. The 15th of next November was chosen for the next meeting, and the several members were requested to obtain answers from experts, etc., to queries relating to the building of iron, steel, or wooden ships, in this country; why it could not be done as well here as in Scotland, England and other countries; if these ships could be run by us in competition with those of other countries, etc.

Salt Codfish Omelet.

Soak a piece of salt codfish about six inches square over night; split six crackers and lay them in cold water, just enough to cover them. In the morning pick the fish fine and mix well with it the soaked crackers, three well-beaten eggs and a piece of butter the size of an egg; also salt and pepper. Take one quart of milk, add to it one dessert spoonful of Sea Moss Farine, boil five minutes, and pour over the fish in the dish in which it is to be baked. Bake twenty minutes.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH BURDITT.

NICHOLSVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time. JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. H. H. TUCKER.

ACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure and reliable.* No mother should allow it to be out of the family.

W. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.

W. O. SPERRY.

CONWAYBORO, S. C., Feb. 21, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CRESFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I have found no medicine in my household as an *indispensable necessity.*

I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

21 MONTAGUE ST., LONDON, E.C.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Doubly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning, and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable medicine, and the greatest alterative medicine in the world. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

Mollie's Match-Making.

[Concluded from last issue]

"You do look a little like Mrs. Ackerman when you laugh," she said in conclusion, "so I suppose it's all right to let you have the key; but she wasn't looking for you until Saturday."

"Probably she didn't receive my postal, which I mailed yesterday."

"Well, I'll give you the key, of course; but are you not afraid to stay alone in the house?"

"Oh, I'm not at all timid," said Amy.

"But there's a gang of burglars about the city," urged Mrs. Gates. "But you are welcome to come and sleep on our parlor sofa, if you are afraid."

"No, thank you," said Amy." I will risk it for one night."

She let herself into the deserted house, not without some throbs of fear, it must be confessed. How quiet everything was! Oh, if Mollie were only there! She took a survey of the rooms, the kitchen last of all, where she concluded to look for something to eat. Hark, what was that? Only the silver-toned clock, striking the midnight hour.

"That woman's talk about burglars has made me nervous," she thought, continuing her search for eatables.

Hark, again! Surely that was a key turning in the lock; then a door opened and shut quietly, and there were footsteps in the hall. Amy's small stock of courage went down to zero. Instinctively she grasped the poker lying on the range near her. The next instant the door opened, and a great broad-shouldered man, with blackened face and hands, stepped into the room. Amy felt herself growing white with fear, but she raised her poker threateningly; for a moment they stared at each other in silence; then the man spoke:

"Who the deuce are you?"

Amy tried to shriek for help, but the sound died away in her throat; she was too frightened to speak or move. Presently he came toward her.

"Will you please lower the poker, or else move away from the sink?" I would like to come there and wash my hands," he said, looking very much inclined to laugh.

Was ever such effrontery known before? Still speechless, Amy [illegible] around to what looked to be an outside door.

"Don't glare at me in that frightful way," he went on, with a glance into her terror-stricken eyes. Then came a hearty laugh, which reassured Amy a very little. Certainly, this was a most extraordinary burglar, or else there was some ridiculous mistake. She would flee to Mrs. Gates' protection at all events, she thought, dropping her weapon, and tugging away at the huge bolt with trembling fingers.

By this time the young man had finished his ablutions, and presented quite a different appearance.

"I am Mr. Ackerman's brother," he said politely; "he asked me to remain in his house to-night, as a means of protection during his absence."

"Mr. Ackerman has no brother," contradicted Amy, stoutly.

"Are you sure of that?"

"Certainly I am. Mrs. Ackerman has just made me a visit, and she would have mentioned him if such a person existed."

"Can it be that you are Aunt Hetty?"

"Aunt Hetty, indeed!"

Amy was finding courage and voice fast enough now.

"I beg your pardon," said Tom; "but Mollie told me she was going to visit her Aunt Hetty, and you said she had been visiting you; hence my mistake."

"I am Mrs. Ackerman's sister."

"Strange I never heard her speak of you. However, I am sorry I frightened you, Miss—Miss Arden, and if you will allow me I will explain matters. I am a bookkeeper at Bolton's hardware establishment—"

"You looked more like a bootblack," interrupted Amy.

"Or a burglar," added Tom. "Well, as I was saying, I am a bookkeeper, but there was a press of work in the foundry to-night, and, as they happened to be short of hands, I offered to stay and assist; this accounts for my late arrival, also for my blackened face and hands."

He looked very much like indulging in another hearty laugh, but restrained himself at the sight of Amy's white, distressed face.

"I am afraid I was rude," she said, "but it was such a shock to me; I am very tired, and—"

Tom sprang to her side, or she would have fallen from sheer exhaustion. He helped her into the parlor, brought refreshments and wine from Mollie's generous store-room, and they were soon talking matters over quite calmly. It was after two o'clock when Tom proposed to go and ask Mrs. Gates to come over for the rest of the night, but Amy protested against this, saying she was not afraid if he would remain in the house.

Mollie was almost beside herself when she came home and found how affairs had gone in her absence; crying one minute over Amy's fright, laughing the next over Tom's graphic description of the same, it was some time before they settled down into anything like quiet.

As the days and weeks went by, Mollie could not determine whether certain plans of hers were to prosper or not. Tom spent all his evenings with them, but he and Amy were always on the contrary side of every question, and they tantalized each other so unmercifully that poor Mollie sometimes despaired of their being friends, not to mention a nearer relation.

They were all together as usual one evening, and Tom for the hundredth time was describing Amy's appearance on that memorable evening, when she so nearly brained him for a burglar.

"And little did she suspect then," he went on, soberly, "she would ever have the privilege of brandishing a poker over me for life."

"What do you mean?" cried Mollie, staring first at Tom's solemn visage, and then at Amy's flushing cheeks.

"Just what I said. Amy and I are going to set up housekeeping in the opposite cottage, where I suppose she will continue to flourish all sorts of murderous weapons at me."

"John, darling, it's coming about exactly as we planned," shouted Mollie, springing up in excitement.

Well, it did come about just as Mollie desired. Mrs. Amy even made cardinal the predominating color in her parlor, and it harmonizes charmingly with the dark beauty of its mistress.

The sisters are inseparable, and as happy as two mortals can ever expect to be. Tom is something more than book-keeper in the Bolton hardware business now, and he and John are talking of buying two handsome properties in the suburbs of the city. Mrs. Mollie declares she would rather remain in the little home on Lake street, but what woman was ever proof against a handsome establishment, in an aristocratic neighborhood? Not our ambitious little Mollie, I am sure.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 206 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Journalistic Enterprise.

The National Associated Press, to which the Boston *Daily Globe* and *Sunday Globe* belong, has recently been re-organized, and has leased a special wire from New York to New England of the Western Union Telegraph company. On Monday, August 14th, the *Globe* began to receive its general news on a wire which runs directly into its editorial rooms from New York, the great centre of news of all kinds. Two or three papers in the country have special wires to Washington, but we believe this is the first instance in American journalism where a daily newspaper has been able to secure its general news on a special wire into its editorial rooms.

Marine Phenomenon.

A despatch of the 12th inst., from Gloucester, Mass., says: "Mackerel fishermen returning from the east report that for the past ten or twelve days the waters off Monhegan have presented a singular appearance, being about the color of milk and water. The white streak is about thirty miles in width, and extends from Monhegan in a northeastly direction sixty-five or seventy miles. The line of demarkation between the blue waters and the white streak is very distinct, and as regular as a wall. The white waters are semi-transparent, and mackerel seen beneath the surface present a reddish appearance. The fishermen notice that mackerel passing from the blue to the white waters are peculiarly affected by the change, becoming wild, and rushing madly to and fro. They do not come to the surface, but their movements can be plainly seen under the water. No explanation is given of the phenomenon. Captain Stephen J. Martin, a veteran fisherman and employe of the National Fish Commission, reports that the same condition of things existed at about the same place in 1849, and that a similar phenomenon occurred on the southeastern part of Georges banks in 1851, when from aloft swordfish could be seen sporting beneath the surface a quarter of a mile distant from the vessel."

News and Notes.

On Sunday afternoon a two-story tenement house on Spring's island, Biddeford, belonging to Lawrence Brodigan, took fire from a defective chimney, and was damaged to the amount of $4000; insured.

Alexander Wierber, a German saloon keeper of Evansville, Ind., with his wife and seven-years-old son, were found murdered in their home on the 13th inst. The parents were in bed, the boy having evidently been killed while trying to escape. Several men have been arrested on suspicion.

At Columbus, Ohio, on the night of Aug. 12th, Charles Wagner, aged seventeen years, killed his step-father, John Metzgen, with a penknife. The murdered man was drunk, and abusing his wife, who was drunker, when he was stabbed by his step-son, who was drunkest of all.

By an accidental explosion of a barrel of gunpowder in a tradesman's shop near a school house in Grodeno, Russia, almost all the children in the school house, who were Jews, were killed. A large number of bodies have been taken from the ruins. The windows and doors of a church and other buildings in the neighborhood were shattered.

Thomas Devine, a boy of Providence, R. I., was fatally shot on Friday last by another boy who was playing with a pistol.

The Spinners' association of Fall River, Mass., had a grand picnic at Forest Hills, Saturday. The mills shut down, and the attendance and receipts were large. Policemen who were hired to guard the grounds struck for higher pay, and, as the advance was not granted, they left the grounds. It occasioned much mirthful comment, as the spinners, who were the employers, would not consent to advance the pay of the strikers.

Rev. Joseph Bartlett, a retired Congregationalist minister of Gorham, Me., committed suicide Saturday morning by drowning in Little river. He was seventy years of age, and had shown signs of insanity.

KEROSENE VS. LARD OIL.

The lighthouses of the 3d, 4th and 5th orders were some time ago fitted to burn kerosene instead of lard or sperm oils. This change was due to the visit to England of the then engineer secretary of the lighthouse board, who found the lighthouses of the United Kingdom nearly all burning kerosene imported from America, while the American lighthouses were nearly all burning the much more costly lard oil. The experience with kerosene in the smaller lights has proved so satisfactory that those of the 1st and 2d orders are to be supplied with it; a quantity has arrived at Boon island, and a supply is expected at White Island, Isles of Shoals, immediately; both these lights being of the 2d order; the Whalesback and Fort Constitution lights, both of the 4th order, have been burning kerosene for several years. Besides being much cleaner than lard or sperm oil, and much easier to manage in the lamps, kerosene has the very important (for this latitude) advantage of never freezing.

AROUND HOME.

A well known newspaper man of this city had a friend from an inland city visit him last week, and stop over Sunday. Impelled by a laudable desire to show his friend all there was to be seen, the Portsmouth man, who is partial to boating when he has a chance, on Sunday took his friend for a sail on the river, and ran out as far as Kitt's rock buoy, that the gentleman from the interior might have a good chance to hear the bellowing of the "Jersey bull." On the way down river the Portsmouth man gave the visitor a gorgeous description of the variety and quality of tones supplied by the "bull;" but after getting where the much-vaunted machine was, though the boat laid for fifteen minutes within an oar's length of it, there was no more sound than would have come from a floating flour barrel. The Portsmouth man made a pitiful attempt to cover his discomfiture by passing the water-jug and tumbler to his friend several times in rapid succession.

The steam launch of the Tennessee, which coming up the river on Monday afternoon with the band on board, ran on the north beacon ledge, and stuck there until hauled off by the steamer James Sampson.

The steamer Startled Fawn, with a party of about seventy-five persons from Haverhill, Mass., made a trip to York harbor on Sunday, the excursionists dining at the Marshall house. The steamer left the Marshall house wharf at about half-past three o'clock in the afternoon on her return, but in clearing the harbor ran aground, and was hung up until after seven o'clock in the evening, when the flood tide floated her off, and she proceeded.

Rev. Joseph Bartlett, who drowned himself at Gorham, Me., Aug. 12th, was a brother of President Samuel T. Bartlett of Dartmouth college, and leaves a widow and one daughter in comfortable circumstances. He preached for twenty-one years in Buxton, Me., and afterward in Bradley, Me. His last settlement as a preacher was in Newmarket, N. H.

As if the drought were not enough, cabbage worms have appeared in great numbers where there are any cabbages to be destroyed, and the leaves of the bush beans in this vicinity are riddled through and through by some kind of fly or worm.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption 'Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan29

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.

THIS HOTEL has accommodations for 400 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

James Spear, one of Uncle Sam's man-o'-war's-men, for drunkenness, was fined $3, costs $6.90; paid.

THE BAND CONCERT.

The daily papers of the city on Monday announced (in accordance with apparently authoritative statements furnished them) that a band concert was to be given on Haymarket square that evening from six to eight o'clock, by the band of the U. S. S. Tennessee. At the appointed time large numbers of people were present, including many women and children from distant parts of the city, and not a little indignation was expressed when it was learned that the concert was given between five o'clock and six. Why this change was made in the arrangements, by which what had been supposed to be intended as a compliment to the citizens was made an irritating disappointment, we are unable to explain.

REPUBLICAN DELEGATE CAUCUSES.

The republicans of Stratham have elected the following delegates to the several conventions:

State, George A. Wiggin, Josiah B. Wiggin;

Congressional, Josiah B. Wiggin, Geo. H. Odell;

Councillor, Albert B. Peabody, Wesley F. Sanderson;

County, Freeman H. Burleigh, John E. Young;

Senatorial, Albert B. Peabody, James N. Rollins.

REPUBLICAN CLUB.

The following-named gentlemen of Epping were elected delegates to the republican conventions, Saturday night:

State, W. H. Stickney, H. G. Sanborn;

Congressional, Wm. L. Plummer, W. H. Norris;

County, Geo. W. Tilton, Levi Towle;

Councillor, James Wright, Frank Chase;

Senatorial, A. C. Buswell, C. D. Tuttle.

Nottingham elected as follows:

State, J. Henry Chesley, S. Hersey Durgin;

Congressional, T. B. Bartlett, N. B. Healey;

County, W. F. Watson, J. F. Kelsey;

Councillor, S. S. Dame, V. B. Tuttle;

Senatorial, R. W. Lucy, Frank B. Jones.

REPUBLICAN CLUB.

President, T. B. Bartlett;

Vice president, N. B. Healey;

Chairman of executive committee, Herbert Locke.

South Newmarket elected Hon. Amos Paul and Samuel Badger delegates to the state convention, and Dr. Varney and D. C. Langland to the county convention.

Kingston elected Col. Ora P. Patten and Ex-Postmaster Peaslee to the state convention, and Deputy Sheriff Woodman and another to the county convention.

The delegates to the state convention from Stratham are said to be divided on the governor question, one for Currier and one for Hale; South Newmarket, two for Hale; Epping, two for Currier; Kingston, two for Hale; Nottingham, two for Hale; Greenland, preference of delegates not stated.

PUBLIC LIBRARY.

Books will not be loaned from the public library until Sept. 3d. The rooms will be open on Saturday next at the usual hours, when it is requested that *all books* now out be returned.

FOR GOVERNOR.

The deplorable scramble for the republican nomination for governor has induced a correspondent of the Dover *Republican* to write to that paper thus:

I call upon you to demand a halt in the personalities of the present republican canvass. The gubernatorial contest is the most discourteous and dangerous one in the history of the party. Our only security lies in the nomination for governor of Mr. Winchester, of Portsmouth, or of Mr. Charles H. Sawyer, of Dover, or of some other such unsoliciting, unsmirched, and fully-qualified gentleman. Once a nominee would relieve the party here as Garfield's name did at Chicago, and lead the republicans of New Hampshire on to sure and harmonious victory in November next.

Foster's *Democrat* expresses a hope that Col. A. H. Young will receive the republican nomination for Congress in this district. Foster is a trifle behind, this time.

A HINT.

On Sunday afternoon, just before nightfall, a man-of-war sailor, howling drunk, gathered a large crowd of hoodlums and outraged the propriety of all decent person in the neighborhood by bawling out a mess of profanity and fighting talk near the foot of Daniel street. The disgusting exhibition was kept up for a full half hour, at the end of which time two police officers arrived, they having been summoned by a lady living near. On seeing the police the drunken hero made a brilliant retreat over a pile of lumber into the dock, whence he was fished out by the officers and taken to the station, and on Monday was asked to contribute $9.90 to the city treasury, which he did.

There is no place in the city where the presence of an officer would be productive of more good, than at the lower half of Daniel street. There is more passing through that street than through almost any other in the city, the passenger traffic to and from Kittery by the steamers being very large and constantly increasing; and daily, from four o'clock in the afternoon to eight or nine at night, the locality is infested by a horde of unwashed hoodlums who swarm on the sidewalks and corners, filling the air with profane and not unfrequently obscene language, making it an act of courage for a woman to pass along. It is high time a change was inaugurated.

AUCTION SALE.

The entire stock of cloths and clothing at No. 33 Market street, will be sold this day, Tuesday, at eleven o'clock A. M. The goods have been appraised by competent persons, and will be sold on a percentage of the wholesale cost. The store furniture and fixtures will be sold be schedule at the same time. Morse & Isley, auctioneers.

The steamer Mystic had another big load of passengers to and from the Shoals on Sunday, on her trip with the mails and newspapers.

Rev. Mr. Bicknell, formerly pastor of the Universalist church in this city, arrived here last week with a fine team.

A quantity of mail matter for Secretary of War Lincoln arrived at Thomas L. Sanborn's boarding house at Rye beach on Monday.

Mackerel were thick in the river off the Eastern railroad wharf on Monday. They were of good size—about number two's.

The schooner Wm. A. Morrill, belonging to the same owners as the schooner Cocheco, formerly of this port, came up the river on Monday, bound for South Newmarket with two hundred tons of pig iron for the Swamscot Machine Co.

There was considerable burning of gunpowder on Monday. Rear Adm. Cooper, commanding the North Atlantic squadron, visited the navy yard in the forenoon, and received the regulation salute; and at noon salutes of thirteen minute guns were fired from the yard and from the squadron in the lower harbor, as a mark of respect to the memory of the late Rear Adm. John C. Beaumont.

Mr. Morris Green, for two years past the gentlemanly clerk in John S. Rand's dry goods store, left this city on Monday morning for Nashville, Tenn., where he has accepted a position in a wholesale dry goods establishment. Since the year came in at least half a dozen of our young men have secured prominent positions in commercial and industrial pursuits in the south and west.

The barn and outbuildings of Caswell's hotel on Smuttynose island, Isles of Shoals, were burned at about one o'clock Monday morning. The guests at the house and the men employed at Caswell's fishing station, by hard work managed to save the hotel from destruction.

It is surprising and almost marvellous to witness the effect of "Preston's Insect Powder" on flies and other insect pests. It is a sure destroyer; try it, and be convinced of its efficacy.

The steamer Empire State, with about fifteen hundred excursionists on board, made a trip from Boston to the Isles of Shoals on Sunday.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A Circus Clown's Sermon.

The *Occident* publishes the following, as the searching sermon of a circus clown, said to have been delivered recently at the close of the usual ring performance in a crowded tent in Virginia: "We have taken in $600 here to-day—more than most ministers of the gospel receive for a whole year's service. A large portion of this money was given by church members, and a large portion of this audience is made up of members of the church. And yet, when your preacher asks you to aid him in supporting the gospel, you are too poor to give anything. But you come here and pay dollars to hear me talk nonsense. I am a fool because I am paid for it; I make my living by it. You profess to be wise, and yet you support me in my folly. Now, isn't this a pretty place for Christians to be in? Don't you feel ashamed of yourself? You ought to."

Why suffer from corns? German Corn Remover eradicates them at once. 25c. Druggists.

A blind boy, named Junius Giles, aged sixteen years, an inmate of the Institution for the Blind, Boston, hung himself in his father's barn at East Northwood last Friday night. Cause, despondency.

How strange that many people would rather suffer a long time, believing they were recovering by scientific still, so-called, than be cured—of rheumatism for instance—quickly by common sense—and St. Jacobs Oil. We take the latter plan and article, and observe too that the Rt. Rev. Bishop Gilmour indorses the remedy.

Many farmers along the Contoocook river have begun harvesting their corn, for fodder. The drought has shrunk the growth, and there will be no ears. Light lands will yield little or no kernel this year. There will be thousands of bushels decrease in the crop in the river towns.

"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BATHSHEBA, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOHN W. BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULINE W. TREE.

MONMOUTH, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. H. IVIE.

NEO, MS., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *my's, sure, and reliable.* No mother should allow it to be out of the house.
H. J. NAYES.

ONEIDA, N. Y., Feb. 18, 1881.
We began using it over thirty years ago, and it always gives immediate relief. We would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an sudden emergency.
I. S. POTTER, U. S. Consul.

21 MONTAGUE ST., LONDON, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
R. J. RONCO.

21 MONTAGUE ST., LONDON, ENG.
During a restless night twenty drops put in milk, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever or Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into ear, rubbing in thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical.—

ELYS' CREAM BALM

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after reading a simple package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. This we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

News and Notes.

It is not true, as some of the rival shops over the way would have us believe, that the Jordan-Marsh excursionists carry through Europe the "shop tag" of the great Boston haberdashery. The tourists have a good time, see the big guns, and do not find it according to the old song, that "Jordan is a hard road to travel."

Aminikence, or Little Thunder, chief of the Chippewa Indians, died in Chicago on the 14th inst., at Mercy hospital, aged sixty-two years. He was one of the two survivors of the Custer massacre. The body will be conveyed to Red Lake, Minn., for burial. His companions in Chicago daubed their faces with black as a token of mourning.

C. I. Hood & Co., the great sarsaparilla men of Lowell, Mass., have issued four handsome placques, which they sell for twenty-five cents. They are richly colored and finely executed, and the subjects are especially interesting. As a handsome ornament for the home they cannot be surpassed by anything of equal value. They are fitted with a hanger, and so can be easily placed.

Hay Fever.

Messrs. Ely Bros., Druggists, Owego N. Y.—I have been afflicted for twenty years, during the months of August and September, with Hay Fever, and have tried various remedies for its relief without success. I was induced to try your Cream Balm; have used it with favorable results, and can confidently recommend it to all similarly afflicted. ROBERT W. TOWNLEY, (ex-Mayor) Elizabeth, N. Y.

TRENTON, N. J., Oct. 23, 1880.

I have suffered for eight years with Hay Fever, during July, August and September. In the beginning of July, this year, I resorted to Ely's Cream Balm, and have been entirely free from the fever since the first application. I can recommend it as a cure. EDWARD C. HILLMAN, at the New Jersey State Arsenal. Price 50 cents.

Anderson of Louisiana, upon whom the democrats relied for evidence to convict Secretary Sherman of bribery in connection with the counting of the presidential vote in that state, in the days of the "visiting statesmen," and subsequently known as the red-headed lightning liar of Louisiana, is now editing a democratic paper in Nevada. He is said to be an excellent man for the place.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

The insurance companies having agents in Lancaster, Pa., have given notice that they will take no more risks in that city until the authorities make a vigorous effort to suppress incendiarism.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

A tenement house in the Highland district of Boston, occupied by six families, was partially burned on Monday night, and several of the inmates were so badly hurt as to be sent to the hospital, all of them being driven into the street in their night-clothes.

Dyspepsia, flatulency, distress after eating, cramps and pains, diarrhœa, dysentery, no appetite or strength, debility and loss of sleep, demand an immediate use of Sanford's Ginger.

C. A. Wetten, auditor of the Des Moines & Fort Dodge railroad, blew out his brains at Princeton, Ill., Aug. 14th, while an officer was reading a warrant for his arrest on the charge of bigamy.

Where appetite's fierce raging fire
Tends human misery to promote
And burning fluids feed desire,
Poured down the incandescent throat;
Then Sanford's Ginger quells the blaze,
And craving appetite allays.

Richard B. Garland, who killed Joseph Addison in a duel, has been indicted for murder by the grand jury at Meherin, Va., and put on trial. W. W. Boswell and John Roach, the seconds, are also indicted for murder.

To the rescue! Your liver is in trouble. Wheat Bitters will correct it. Remember this.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and vital secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

It gives me great pleasure to say that *Adamson's Botanic Balsam* cured me of a severe cold, to which I have been subject, especially during the winter months, and I have in many instances recommended it to my friends, and all have been benefited by its use. We think it has no equal as a cough mixture.

"In my family I have used St. Jacobs Oil for a year," writes E. W. Hopkins, Esq., of the B. & N. Steamship Co., Boston, "and in cases of neuralgia, rheumatism, sprains, bruises and the like, I can find nothing to equal it. My wife was troubled with neuralgia in her shoulders and limbs for more than one year, and after two applications of the Oil found a sudden relief."

In Newark, N. J., on the 14th inst., Wm. H. Warner shot his wife and Greenleaf D. Brown, at whose house they boarded, on account of the latter's attentions to Warner's wife. Both will probably die.

"Another sole made happy," said the druggist, on selling a bottle of German Corn Remover.

At St. Joseph, Mo., Aug. 24th, John Olsker was fatally shot by a young German named Liebel. Casper Liebel, a brother of the assailant, remonstrated wite him, when he turned, and placing his revolver against Casper's abdomen, fired, inflicting a serious wound. Liebel was arrested.

Mental depression, weakness of the muscular system, general ill-health, benefitted by using Brown's Iron Bitters.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The person that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 20c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVES, Station D, Brooklyn, N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

WEDNESDAY, AUGUST 16, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Congressional Nomination.

The men who started the Haynes boom apparently builded better than they knew. All over the district goes up the cry, "Give us a man of some snap." While Mr. Haynes may not get his name in the "*Record*" every day, he will be found to possess energy, industry, and withal a willingness to labor constantly in the interest of his constituency; and further, he will be found abundantly able to speak when he has anything to say, and to say what he wants to in a manner to command attention and respect. Of all the men thus far mentioned as candidates for the nomination, Col. Haynes to-day has the lead, and unless some new candidate of a formidable character turns up between now and September we think the colonel will have a decided walk over. That is what the boys who went to the front, predict.

YORK COUNTY POLITICS.

ALFRED, Me., Aug. 14th.

The democratic and greenback conventions were held at Alfred on the 9th inst.

These congregations were advertised with the utmost display, and a profusion of promises for a grand gathering. The great "Union mass meeting" that was to immediately follow the formal deliberations of the business meetings was guaranteed to be something immense, and inasmuch as the political forces had not been called out for two years—something new in Maine—it was expected that the announcement would prove true, especially as it is a season of rest among the farmers, who have about all harvested their hay crop. Four bands of music were to be in attendance, and the speakers were to include Gov. Plaisted, Messrs. Dodd and Murch, members of Congress, and Mr. Thing, as well as the old political war-horses of York county. It was to have been such a grand rally as had never been seen before in this old county.

The day came; the bands were present; and the conventions met, organized, and concluded their business about four o'clock P. M., at which time the mass of people would have appeared very small without the bands. Dr. Ladd was the only person not of the county who appeared to address the meetings—the *mass-meeting*—and his speech, to use the language of one of their own party, who is a good judge, too, "was the most disjointed, unmeaning, and uninteresting harangue that I ever heard." Mr. Dane, the nominee for member of Congress, discussed the questions which have been at issue between the governor and council in a brief and very acceptable speech. His remarks were the only decent ones made during the day; but the delegates and all but a few near residents had then gone home, and the court yard was nearly deserted.

The business of the democratic convention was promptly attended to, but the greenbackers got into a wrangle which lasted until late in the afternoon; meanwhile the members of the former convention vacated the court-house, where it was held, while waiting for the committee appointed to wait on the greenbackers to learn the result of their balloting for the candidates which they claimed, that they might be made a part of the grand whole—the "Union ticket."

The greenback brethren claimed the county treasurer, register of deeds, and a senator. This arrangement left Mr. Jas. E. Chase of Kittery out in the cold; he was championed as a candidate for register of deeds by Mr. E. C. Spinney of Kittery, who did not relish this much, inasmuch as the office went a begging in the very place where it was claimed to be wanted; and some half a dozen, more or less, declined the nomination before it was fixed upon Mr. Geo. Bragdon of Limington, a very worthy man, 'tis said. Mr. Chase was offered the nomination of senator, however, but promptly declined the honor, as did Mr. Thos. J. Goodwin of South Berwick, who had previously received the same compliment, presumably to atone for his failure to receive the nomination for county commissioner. Messrs. Hatch of Wells, Cole of Eliot and others, to about the same number as in the case of the register of deeds in the other convention severally declined, until Mr. Spinney of Kittery settled it upon Mr. Enoch Cousins of Kennebunkport, who was absent, and on that account drew out a prudent suggestion, that in case Mr. Cousins should decline, the county committee should be empowered to fill the vacancy. Mr. Spinney objected, on the ground that committees were in the habit of attending to too much of the people's business, and they had better look after it themselves. As Mr. Cousins is not in the habit of declining in such cases, the situation was acquiesced in for the time being; but any possibly vacancy was properly provided for by Mr. Stone, in the last moments of the convention, who, as chairman of the democratic state committee, wished the honest yeomanry to be provided with a full ticket on election day, and made such a motion as provided for any emergency or further declination in the manner before suggested.

I have never before seen such important offices go begging in a democratic convention. What does it mean? It is surprising! There is certainly a greed for office on the part of those who compose the two factions of the opposition to the republican party; it was exhibited in the manipulations prior to the ballotings in the two conventions. It is natural that those who have been long out of office should desire its gratifications and influence; then why this sudden indifference, upon the threshold of a political campaign which is heralded with so much promise for the opposition?

The reasons are plain. The democratic party has still attached to it a lot of old fossils, which were fossils twenty years ago and more, who are trying to obtain sufficient vegetable mould upon their lifeless forms by the application of green backs to enable them to be mistaken for veritable living organisms. In this they are not successful. They stand in their old tracks and reach out their tentacles like the octopus, instead of advancing like living beings. They will never pull around them those who have once been in their toils, with the certainty of holding them, while they will repel with their suspicion and speedy betrayal of their objects most of those who have been in better company.

The attempt to run two conventions at the same time is a most difficult one. "One at a time" is about enough for the democrats until they are clothed with more flesh—that is, the fossils—and from the appearance at Alfred on Wednesday of last week I should judge that there was a strong disposition on the part of the most sensible and progressive of the old party to go it single-handed until the day when Providence has decreed—if the decree has been made—that it should stand forth in its former prestige. Simmered down, the outlook in York county is good for the republican party—better than for a long time before.

The conventions held at Alfred were the most noted failures in all that appertains to unity or encouragement. The members separated and went off home, sour, disaffected, and many of them thoroughly disgusted with the entire day's proceedings. With men enough from which they might have made judicious selections, for the most part they failed to select their strongest and best men; and when they did happen to do so, the means by which it resulted was the source of the most bitter dissatisfaction between the two elements of the "Union party." There seems to be more crow to be eaten yet, and it is a question how long a party can survive of this kind of diet, which has already been devoured *ad nauseam*. We shall see. S.

Mrs. Benjamin Shaw, of York, was driving from York to Berwick on the 12th inst., and when on the way the horse took fright at a portable engine which had been left by the side of the road, and ran away, throwing Mrs. Shaw out and breaking one of her legs in two places.

The farmers in Eliot who have corn planted on high land are very generally cutting it up for fodder, and it is rather poor stuff even for that purpose. It is said that on Bolt hill, which covers a very large area and includes twenty farms or more, the corn crop is almost a total failure, and cucumbers and other vegetables are nearly ruined.

Captain Thomas Chase, of Seabrook, on Monday evening last went to drive his cow from pasture, and did not return, the cow going home alone. Search was made all night, and at five o'clock next morning his dead body was found in an open space in the woods, with his head and hands badly bruised and a huge gash in his side. It is as yet unknown whether Capt. Chase was gored to death by his cow, or was murdered.

Gen. Gilman Marston of Exeter has been visiting San Francisco, where he received much attention from Charles Main, Esq., who seems ever happy to evince his interest in visitors from his native state. The general, after seeing the sights of 'Frisco, proceeded to San Diego, where a sister resides.

Two men assaulted Cashier Pratt of the bank at Kewanee, Ill., and his lady assistant, Miss Palmer, as they were cashing up Monday evening, knocked them senseless, forced them into the vault, stole $20,000, of which $6000 was gold, and walked off.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan32

How Raldsville, N. C., has Prospered.

We announced last week that two of our young townsmen, Messrs. E. E. Richardson and Joseph Lyles, were successful competitors in the July drawing of The Louisiana State Lottery; the amount, $15,000, in actual cash, has been received and deposited in the Raldsville Bank. This is one of the most successful speculations that was ever known in our enterprising town, and we congratulate our young friends who take their good fortune in so easy and matter of fact manner. Mr. Richardson informs us that it was a plain open handed business transaction, he invested $20 for tickets, and at the regular drawing it was announced that his number was the "lucky one;" in a few days he was informed of the fact, and without trouble he sent the ticket to New Orleans, had it presented at the office of the Company—it was cashed and in due time a package came to their address by express containing the money in currency.—*Raldsville, N. C., Webster's Dollar Weekly, July 25.*

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles, as it stimulates the digestion, sharpens the appetite, invigorates the nerves, builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to sedentary pursuits—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of Baron von Liebig's signature in blue ink across the face of each bottle, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Isles of Shoals. Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Barlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

FIRE IN RYE.

There was another disastrous fire in Rye on Tuesday afternoon, Mr. Perkins' boarding house, barn and outbuildings, and Levi Thomas Sanborn's boarding house, cottage and barn, being destroyed. The fire caught on the roof of the kitchen of Sanborn's boarding house, probably from a spark from the chimney, and was discovered about one o'clock by some men passing along the road. There were plenty of willing hands, but the wells soon gave out, and as everything was dry as tinder the fire ran like the wind. The Sanborn cottage was the one occupied in years past by Secretary of War Lincoln and his friends, and at which he was expected to arrive shortly; all the buildings were full of boarders, nearly all of whose baggage was saved, as was also much of the furniture; the barns were full of hay, and nothing of account was saved from them. Another small house was in great danger, but was not destroyed. The loss is estimated at $15,000 to $20,000, with partial insurance; it was a bad fire, and a serious blow to the prosperity of the town. A large crowd of people witnessed the conflagration.

POLICE COURT.

TUESDAY, Aug. 15; *Batchelder J.*

William Nelson, a plasterer from Manchester, was fined $3, costs $6.90, for drunkenness.

A youth employed in a store was before the court on a charge of assaulting two boys. It appeared in evidence that the boys have sometimes invaded the premises back of the store, to the annoyance of the occupants; and the young fellow catching two of them in there, "fired 'em out." He was discharged.

Mary E. Odion, complained of by Annie Spinney for brawl and tumult, was dismissed. Mrs. Spinney is the mother of Annie Stover, who was fined a few days ago on a complaint for brawl and tumult brought by Mrs. Odion; and this case appears to have been a "hit back" by the Stover party, both cases referring to the same quarrel. A large number of witnesses were present.

CATHOLIC PICNIC.

The Catholics of Dover will have their annual picnic at Pinkham's grove, Dover point, on Thursday, Aug. 17th. Among the attractions of the occasion will be dancing, to the music of Reinewald & Taylor's orchestra; a five-mile race — 1st prize $5, 2d prize $3, 3d prize $2—which event it is expected will cause a lively contest, as a number of speedy runners will compete for the prizes and honors; wheelbarrow and potato races, foot ball, and athletic sports and Olympian games of all kinds. Refreshments will be procurable on the grounds.

The republican caucuses in wards one, two and four will be held this evening, for the appointment of delegates to the several conventions.

Hon. Frank Jones and Mr. J. Albert Walker left on Tuesday evening for the British provinces, on a ten-days' trip. During their absence they will visit New Brunswick, Nova Scotia, Prince Edward island and Cape Breton, and will combine business with pleasure.

The U. S. S. Plymouth was taken into the dry dock at the navy yard on Tuesday to have her bottom fitted with gear preparatory to her being hauled out on the ways in ship house No. 5. As there are but three ship houses on the yard, we will explain that all the buildings there are numbered in as regular order as possible, regardless of the uses they are put to, commencing with the old "naval store," near where the steamer Emerald lands, and ending well up in the sixties near the gate leading to the Kittery bridge, the old Franklin ship house being No. 53.

Mr. Whittier of Hampton on Tuesday evening telephoned Sheriff Kent to arrest a woman who had a team in her possession, and she was taken into custody shortly before midnight, and lodged in jail. Whether she had stolen the team, or merely got on a spree and failed to return it, our informant did not know.

The stock of cloths and clothing in the store No. 33 Market street was sold at auction on Tuesday by Morse & Ilsley, being bid off by John H. Wells at a fair price; the fixtures, tailor's implements, etc., were sold in lots to different purchasers.

There was a fine shower Tuesday afternoon, the rain coming down in torrents for a half-hour or so, but the blessing did not extend very far, Rye getting but a slight touch of it. Part of Kittery had a brisk shower, and other parts but a few drops; and there was little fell in Eliot.

The steam yacht Nameless, of Boston, ran up the river Tuesday afternoon, and then ran down again, passing the government steam launches on the river as though they were at anchor.

The sloop boat Ripple, belonging to Mr. Lewis Holmes' fleet of letting boats, was considerably damaged on Monday through being run on the rocks by bad management; she lost part of her keel and had her rudder injured, but is again ready for use, having been thoroughly repaired. Mr. Holmes is building a row-boat to match the Jumbo, and will call her the Sambo.

The I. O. F. C. I. A. went on a picnic to Wallis' sands, Rye beach, on Tuesday. We don't know where the rest of the alphabet got to.

Col. Andrew H. Young of Dover was in town on Tuesday, endeavoring to repair gaps in the political fences.

The greenback party of New Hampshire, consisting of A. J. Hoyt, Esq., of the Exeter *Protest*, and Messrs. Gardner J. Greenleaf and Stewart A. Sheldon of this city, went on a steamboat excursion on Tuesday.

Every boat kept on the river for letting purposes was in use on Tuesday, and in the afternoon not even a dingy was to be had for love or money.

One of the city officials who was sailing on the river, Tuesday afternoon, ran his boat on Pumpkin island just as the heavy shower came on, and stuck there until another boat reached him from the shore; he got wet.

A small party of Indians from Maine have been for some days encamped in Frenchman's lane, having a single large tent pitched there. One of the squaws of the party has twice been before the police court for drunkenness.

The new schooner Annie F. Conlon was on Tuesday afternoon hauled under the sheers at the navy yard to have her lower masts stepped, the U. S. S. Plymouth having been taken out of the way and put into the dry dock. She was towed across the river by the tug Clara Bateman. Her masts were made by Young of Boston, and towed around by the Acushnet.

James E. Barnard, son of Hon. Daniel Barnard of Franklin, and a member of the junior class of Dartmouth college, has taken passage from Boston for Melbourne, Australia, upon the barque Harvard, which is commanded by his brothers-in-law, Capt. Pray. Mr. Barnard expects to be absent about a year, and intends to continue his studies so as to graduate with his class. Mr. John Pray, son of Capt. John S. Pray, has also gone out in the Harvard, which sailed from Boston last week.

Special Agent Eldredge, of the internal revenue department, arrived at the Rockingham house this week. It is said that Mr. Eldredge was one of the persons who contributed material aid to the expedition of Old John Brown.

The wedding of the clerk in a prominent business house on Market street has been postponed for two weeks, on account of the absence of the head of the establishment. This is a most consummately mean application of the proverb "Business before pleasure."

James W. Pease, a native of South Newmarket, fired two shots at his wife at their home in Lowell, Mass., last week, and then sent a bullet into his own head, dying in a short time. He had been on a spree, and was drunk at the time of the shooting. He was about twenty-nine years old, and leaves three daughters, aged respectively eight, seven and four years.

REGIMENTAL REUNION.

The survivors of the Twenty-seventh Maine regiment will hold a reunion at Old Orchard, Aug. 25th. The headquarters of the regiment will be at Central Hall during the day. It is proposed to form a regimental association, and all members are requested to meet at Central Hall at twelve o'clock, noon, on that day. It is hoped that every living member will be present. The committee of arrangements are H. H. Burbank, Saco; Moses S. Hurd, North Berwick; Cyrus G. Marr, Cornish. This regiment had in its ranks many men from Kittery, York and other towns in the western part of York county, and was commanded by Col. M. F. Wentworth of Kittery.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Restruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Faverite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

Naval Affairs.

The navy department is informed that the United States flagship Lancaster arrived at Messina, Italy, July 25th, five days from Alexandria, and after coaling would leave for Ville Franche.

Commander G. D. Batcheller, commanding the United States steamer Galena, reports to the navy department under date of Gibraltar, July 27th, that the Galena left Alexandria, Egypt, July 11th, and arrived at Gibraltar on the 25th. On July 31st he intended to proceed to Rio de Janeiro.

The Tallapoosa, with Secretary Chandler and party on board, arrived at Norfolk on the 15th inst. from Washington. After inspecting the navy yard there, he would leave for League island.

Mr. Charles A. Vogeler, of the firm of A. Vogeler & Co. of Baltimore, Md., died on the 5th inst. of typhoid fever. Though but thirty-one years old at his decease, he had for eight years been the managing partner of the extensive business house above named.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

It is announced that a determined opposition to the renomination of Congressman Robeson is being developed in his district.

Consumption finds quick victims in the week. Strengthen your system against this and all other kinds of disease by using Wheat Bitters.

The war in Egypt has presented no startling features for the past week. Arabi Pasha is not yet captured or defeated, or proclaimed a rebel, and there has been no fighting of any consequence. British troops continue to arrive in Egypt.

Lobster Sauce.

Break up your lobster and put the coral to dry in the oven. Chop one teacupful of lobster, not too fine. Make a sauce of one pint of water and one teaspoonful of Sea Moss Farine and a good-sized piece of butter. Heat the lobster in this, add salt and Cayenne pepper, and rub the coral fine and sift over the top of the sauce.

Deputy Sheriff W. P. Lang of Tilton arrived home last week, having in custody Charles R. Eldredge, whom he arrested at Augusta, Me., for stealing on July 31st a yoke of oxen and a heifer from Dexter P. Webster of Belmont. Eldredge has confessed the crime, and says that he sold the cattle to John H. Weeks of Gilford for $180, very much less than their value. Eldredge is a young man, was born in the west, and had been working for the man from whom he stole the animals.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

Squire Cochrane, of Farmington, has had a little difficulty with the Farmington *News*, because that enterprising journal published something about a trial in which he was interested.

Entirely Satisfactory.

Ladies wishing a perfume that combines novelty, delicacy and richness, find Floreston Cologne entirely satisfactory.

Edmund Loud, of Drewsville, a married man thirty-three years old, and well off pecuniarily, stabbed himself seven times on the 14th inst., yet it is thought he will live.

"Buchupaiba."

From items which occasionally appear in the Dover *Democrat* we surmise that the anti-cruelty society of that city, which was organized with a great flourish of trumpets a year or so ago, does not amount to much.

Constipation, liver and kidney diseases are cured by Brown's Iron Bitters, which enriches the blood, and strengthens the whole system.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many *lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH DUROTT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
This very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure every time.*
JULIUS W. DEE.

MOUNDSVILLE, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. B. IVIE.

Have used PERRY DAVIS' PAIN KILLER for twelve YEARS. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
W. I. NAGER.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 23, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1882.
I have PERRY DAVIS' PAIN KILLER introduced from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
THEODORE POTTER, U. S. Consul.

BURNTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied by intense pain, which I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of nearly three years in India, *I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.* R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

For sale by all druggists at 25c., 50c. and $1.00 per bottle.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of costiveness, or constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

MALARIA!

THE ONLY REMEDY KNOWN

To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the elites and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's IRON BITTERS, responded "that is a good tonic, take it."

ABORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion, and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

Daily Chronicle.

The Campaign in Maine.

The "independent republican bolt" in the interests of the market-basket party, discovered and hailed with shouts of rejoicing by the Bangor *Commercial*, Portland *Argus*, Boston *Globe*, etc., and which was to sweep all over the state, raging with especial virulence in York county, has flattened out to such an extent that its discoverers do not now allude to it. It was a wondrous fizzle.

The Ellsworth *American* says: "Mr. D. H. Thing of Mt. Vernon, fusion candidate for congressman, addressed the citizens of Ellsworth, on the public square, Saturday night. Mr. Thing came here to attend the rousing fusion county convention, and to labor with the dear and oppressed people. About fifty gathered to hear him. We have seldom seen the aforesaid oppressed people so moved as they were by Mr. Thing's remarks. In fact, he moved so many of them that at the end of half an hour only about a dozen remained. The sight was certainly very touching, especially to a man who wants to go to Congress."

The straight greenback paper, *Thom Steers*, thus pays its respects to the Portland *Argus*: "It is so natural for the *Eastern Argus* to make mistakes, that it has been known for fifty years, from Scarboro' to Owl's Head, as the 'lying *Argus*.' The *Argus* made Uncle Solon say at the greenback convention, 'Let me tell those who want to vote with the party that is going to win, to vote with the democratic party.' Uncle Solon did say: 'My advice to those whose only object is to vote with the party that is going to win, is *not* to vote the democratic ticket.' It was just as natural for the *Argus* to omit the word 'not,' as it is for a cow to eat cabbage."

A staff correspondent of the New York *Herald* has arranged things all nice for the fusionists to carry Maine. "If," he says, "the fusionists succeed in getting out their full vote, and in securing the votes of the democratic stay-at-homes of 1880, and the independent republicans," they will elect Plaisted by a good majority, and secure the legislature. The brilliant staff correspondent should have added that "if" the fusion ticket receives all the votes cast in the state, the fusion candidates will be unanimously elected.

"Two Hard Cases:" sketches from a physician's portfolio, by W. W. Godding, M. D., of Washington. Boston; Houghton, Mifflin & Co.; price $1.00.

One of the recitals is a fragmentary memoir of an insane young man of Lowell, who had attempted a murder, read before the New England Psychological Society in 1877. The other is a paper upon the trial of Charles J. Guiteau, wherein the sanity of the assassin is discussed at length. The book is of course of far more interest to the professional than to any other class of readers. The author confesses his reasons for publishing are not because there is any general demand for such a work, but because he has seen during the Guiteau trial "that every medical expert witness was far down in the scale unless he had written a book, or had been elected an honorary member of some foreign society." An author who has no better incentive than this to justify his infliction upon a sinful yet redeemable world, can hardly be expected to produce a work of much importance predicated upon the repulsive chapter of events which the public long since became impatient to have ended and dismissed from memory.

—It is a singular fact that Mrs. Lincoln died in the same house, and within ten feet of the spot where she stood November 24, 1842, and was married to Abraham Lincoln.

"Lynn, Mass., always was a good place for health, but it has become a modern Bethesda since Mrs. Lydia E. Pinkham, of 233 Western Avenue, made her great discovery of the Vegetable Compound, or panacea for the principal ills that afflict the fair creation. This differs, however, from the ancient scene of marvelous cures in this important particular: The healing agent, with all its virtues, can be sent to order by express or mail all over the world.

—A Brenham (Texas) citizen relates that, being a rebel soldier, he was an orderly sergeant in the battle of Seven Pines, and carried in a pocket his Bible and a roll book of his company. Through the roll book the bullet which the Bible eventually stopped made its way, and every man whose name was struck by the ball in its passage was either killed or wounded. "Truth, my hearers, is stranger than fiction," he always adds to the story. With him we guess it is.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful indiscretion causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Senator Hale as an Economist.

The junior senator from Maine, in his remarks upon the naval appropriation bill in the national senate on the 1st inst. said: "I have a navy yard in my own state. I ought to be rallying here as a navy yard senator, to try and keep it, and I ought to want ships to go there to be repaired, I suppose, and I ought to want to keep up the proportion spent in repairing it, in order to make, as the senator from New Hampshire says, the necessity for a navy yard," etc. * * * Notwithstanding I have a navy yard in my own state, I wish, and I have been trying to do it for ten years, that the first steps should be taken for reducing these enormously expensive yards, and you never will do it until you first get some of them shut up, and have the facts reported to Congress and let them act upon the subject; and if the Maine navy yard goes, let it go." Mr. Hale added that in his judgment "with a navy yard at New York, a yard at Norfolk and at Mare island, we have got every navy yard that the country needs, either for defence or construction, and work could be better done at three great yards than by distributing it all around, and making them as they have been called political asylums in so many states; but we shall never do it unless we begin now." Fortunately for the navy the ideas of the "navy yard senator" did not have much weight in the senate's deliberations.

A Senator in Trouble.

Senator Hoar of Massachusetts belongs to that class of respectable persons in that state who never lose sight of propriety.

A few months ago he was shocked at the appointment by the President of an every-day sort of man like Worthington the collector of Boston. He was humiliated at such a want of judgment on the part of the President, who had made the appointment without asking the senators how they thought it would answer.

To-day Mr. Hoar is endeavoring to stem the tide of indignation for a vote in the senate to pass the river and harbor steal over the President's veto, which vote (as the *Advertiser*, an authority, we suppose, upon the question, insists) "was and is most emphatically condemed by a vast majority of the people of the commonwealth, there is not a shadow of a doubt." It will take until the next session of the legislature for the senator to get his constituents properly convinced upon this question.

Tornado in Bangor.

The city of Bangor, Me., was on the evening of the 15th inst. visited by the most destructive tornado ever experienced there. The wind blew with terrible velocity, the rain fell in sheets, converting the streets into roaring streams, and the whole was accompanied by incessant thunder and lightning. The destruction of property was very great. Buildings were blown down, roofs taken off, chimneys demolished, and signs and awnings carried away. The spire of the Universalist church was blown to the ground, and the roof of the county court house was taken off. The interior of the Bangor house was injured by the chimney falling through. The European & North American railway car sheds were blown down, and a train of cars imprisoned. Several fine houses were badly damaged. Hundreds of chimneys went over, and the business streets of the city were made almost impassable with brick and debris, while large numbers of trees were thrown across other streets of the city. Lightning struck the stable adjoining Maxfield's wool factory and set it on fire, calling out the department. St. John's church was struck, but not much damaged. A set of buildings in Veazie were destroyed by fire during the storm. A vast amount of damage was done to crops. The storm was local and only covered over a small territory. The total loss is estimated at from $50,000 to $100,000.

Lieut. Webster's Case.

First Lieut. Frank D. Webster, U. S. M. C., was tried before a general court-martial which convened at the Brooklyn navy yard May 5th, on a charge of "Scandalous conduct, tending to the destruction of good morals," the specification being that Lieut. Webster, while officer of the day at the Brooklyn barracks on the 14th of April, summoned to his room two marines who had witnessed an affray between Lieut. Webster and Capt. Robert L. Meade of the marine corps, and "for the purpose of influencing the testimony of said enlisted men in the event of an investigation into the matter, did, then and there, obtain from them statements of the circumstances attending the said affray; and having caused said statements to be reduced in writing and witnessed, did retain them in his possession and purposely neglect and fail to forward them with his report containing charges against said Capt. Meade, or to inform the commandant of the station of the existence of said statements."

The court acquitted Lieut. Webster of any intent of improperly influencing the testimony of the men, and of "purposely" failing to forward the depositions; but found him "guilty of conduct to the prejudice of good order and discipline" in obtaining the testimony in an unauthorized investigation, and sentenced him to be publicly reprimanded by the secretary of the navy. His offence may amount to something in the eyes of the naval authorities, but to outsiders seems to have been merely a technical breach of some rule; he has been released from arrest, and restored to duty.

As before reported by us, Capt. Meade, for his part in the quarrel, was sentenced to a reprimand, and to suspension for a year on partial pay, remitted to six months by the secretary.

News and Notes.

Mary Ann Smith, a woman sixty years old and weighing over 300 pounds, was found dead in her house at Brockton, Mass., on the morning of the 16th inst., with her throat cut. Her son, Charles Smith, twenty-five years old, has been arrested on suspicion of murder. Nither of them were of much account.

The Sprague farm and mansion at Canonchet, near Narragansett Pier, were sold at auction on the 15th inst., to Frank D. Moulton of New York, for $62,250. Wm. D. Sprague had partially torn down the bridge leading to the place, and was patrolling the grounds with a loaded rifle. The auctioneer stood on the wrecked bridge and made the sale.

Mr. Chapleau, the Dominion secretary of state, has issued his address to the electors of Terre Bonne. In it he expresses his belief in Canada ultimately attaining independence, but deprecates any attempt to force the tide of events.

The longshoremen of Boston struck for an increase of pay on Tuesday morning, the 15th inst. Vessels that were partly loaded or unloaded had their work continued at the old rates.

A statue of Daniel O'Connell, the great Irish patriot and leader, was unveiled in Dublin on the 15th inst., in the presence of an immense throng.

Dick Little, one of the notorious James gang of thieves, was arrested in Kansas City, Mo., Aug. 15th, charged with complicity in the robbery of the United States paymaster at Mussel Shoals, Ala., March 11th, 1881. The amount taken was $5,200. Little says he is innocent.

A trial of considerable interest has just been concluded in the criminal court in Chicago, of a colored man and a white woman, who have been married for sometime and lived together as man and wife. It is said they are respectable and worthy people. They were complained of under the statute for lewd and lascivious cohabitation. An old state law makes all marriages between white and colored people unlawful. Under the charge of the court the jury convicted. The case will probably be taken to the supreme court. The case it is announced affects probably 100 married couples in Chicago.

Henry Lambardt and three negroes have been arrested at Evansville, Ind., on suspicion of their being the murderers of the Weiber family on the 13th inst. Lynching was thought probable.

Mrs. Sarah C. Fuller, widow of Mark W. Fuller, died on Saturday, Aug. 12th, at Hillsborough. Mr. Fuller, who died a few years ago, left a fund for a free town library, which is highly appreciated by the people, and Mrs. Fuller had taken a great interest in the library since his death. She was seventy years of age, and had been a great sufferer from cancer. Dr. Conn of Concord, William Conn of Portsmouth, and Charles Conn of Hillsborough are her brothers, and Mrs. Bickford of Hillsborough is a sister.

Hon. Norman Williams, who was burned out by the fire in Rye which destroyed Sanborn's and Perkins' boarding houses on Tuesday of this week, was at the Rockingham house on Wednesday.

YORK COUNTY REPUBLICAN CONVENTION.

The republican convention of York county met at Alfred on the 15th inst., the meeting being very enthusiastic and the attendance large—in fact, it is said the old shire town has not for many years seen such an assembly.

The delegates were called to order by Gen. M. F. Wentworth of Kittery, and Hon. Caleb B. Lord of Alfred, one of the republican pioneers, was made chairman of the convention, with Seth E. Bryant of Kennebunk and Calvin L. Hayes of Kittery as secretaries. John Wentworth of Kittery, W. A. Copeland of Berwick, and Frank A. Knights of North Berwick, were among the vice presidents.

Nominations were made as follows:

For senators, Ernest M. Goodall of Sanford, Barak Maxwell of Wells, and Joseph Smith 4th of Biddeford;

For county attorney, Frank M. Higgins of Limerick;

For county commissioners, Richard L. Goodwin of Berwick, and Benjamin F. Pease of Cornish;

For county treasurer, Richard S. Stanley of Lyman;

For sheriff, George Getchell of Wells;

For clerk of courts, James E. Hewey of Biddeford;

For register of deeds, Justin M. Leavitt of Buxton.

The convention was harmonious throughout, though nearly all the nominations were strongly contested for—in striking contrast with the "Union" conventions held in the same place the week previous, when the fusionists had hard work to get candidates enough to fill their ticket. It was probably the largest delegate convention ever held in York county.

The ticket nominated is a strong one, and will probably have a majority of at least five hundred over the market-basket nominations.

In the afternoon there was a large meeting on the green in front of the court house, and Senator Frye spoke for about two hours, being followed by Gen. Green B. Raum. The speeches were closely listened to and heartily applauded, the large audience keeping its numbers to the close.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan22

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan22

On Thursday, Aug. 31st,

At Louisville, Ky., the Commonwealth Distribution Co. will have their 47th Popular Drawing. Tickets only $2; halves $1. Send your orders to R. M. Boardman, Courier-Journal Building, Louisville, Ky.

F. W. A. BERGENGREN, M. D., Proprietor.
Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and have been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,
Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.
W. B. WATSON, Lynn, Mass.

A lady writes: "After years of severe suffering from female complaints, nervousness and dyspepsia your Swedish Botanic Compound has entirely cured me."

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Senatorial—Chas. N. Osgood, Thornton Betton.

The delegates are elected with the single purpose of putting in nomination the strongest candidates, and are unpledged to any gentlemen who may seek a nomination.

HORRID TALK.

A writer in the *Times*, (supposed to be a prominent democrat of ward one,) telling of a steamboat excursion on a distant river where the air was pure and the smells from the shore delightful, mourns because on his return to Portsmouth he will be obliged to "inhale that beastly, nauseating and putrid atmosphere, caused principally from the dregs of that swill called beer, more demoralizing financially and morally than rum, from the fact that the poor man can spend all his day's [illegible] beer and only be stupid and have [illegible] his family, whereas the [illegible] will be drunk on [illegible] remaining [illegible] Will [illegible] or [illegible] ly atmosphere? Our city fathers have talked of drains, drains, until they have drained the subject to its dregs, and then commenced again to drain."

POLICE COURT.

WEDNESDAY, Aug. 16; *Batchelder J.*

George Laskey, for an assault on Horace Spinney committed on the 11th inst., was assessed $9.90, which he will work out at Brentwood.

James Murphy, for drunkenness, was assessed $9.90, which he paid.

Commodore James D. Smith, of the New York yacht club, with a large party of friends, including many ladies, was at the Rockingham house on Wednesday of this week. Commodore Smith's yacht, the Estelle, and several other vessels belonging to the fleet, were in the lower harbor that day.

At the Isles of Shoals, on Monday evening of this week, on board the yacht Vesta, owned by F. F. Ayer, of Lowell, Mass., a reception and ball was given; over one hundred and fifty people were present, among them Judge Clarke of New Hampshire, Judge Cox, of Washington, who presided at the Guiteau trial, and Hon. Chas. Levi Woodbury.

The "bandstands" were moved on Wednesday of this week, those over Gangway rock being shifted nearer the navy yard, and the one on Badger's island point nearer the island. The sloop belonging to the contractors at Badger's island point, after being on the railway at Kittery for a couple of days came off on Wednesday, and was towed to a point just inside of her former position over the ledge.

A tablet is to be put up in the new church opposite that of George M. Marsh, in memory of the late Albert R. Hatch, who was chairman of the board of trustees.

Mr. Josiah T. Brown, who has just given up the clothing business in this city after being twenty-two years engaged in it, left this morning for Boston, where he has accepted a position in the wholesale and retail clothing store of A. Shuman & Co.

Hon. Emmons B. Philbrick, of Rye, was quite severely hurt at the fire in that town on the 15th inst., by being struck on the head by a piece of a falling chimney; he was knocked senseless, but no permanent injurious results are anticipated.

A hearing was had in the office of John S. H. Frink, Esq., on the 16th inst., relative to the placing of gates at the Vaughan street and Green street crossings of the Eastern railroad.

The next session of the Rockingham County Temperance Association will be held at the camp ground in East Epping on Thursday, Aug. 24th, commencing at ten o'clock in the forenoon.

Edgar B. Snow, the marine tried at the navy yard a few days ago on a charge of sleeping on his post when on guard duty, was found guilty, and sentenced to a bread-and-water diet for thirty days.

"Harper's Magazine" for September has come to hand, and is now ready for delivering to subscribers and for sale by the single number, by Moses Brothers, W. G. Myers and Mercer Goodrich. The first article is on "A summer at York," with fourteen illustrations, including pictures of the Boon island and Nubble light stations and the old Junkins garrison house.

Mr. T. C. Meagher was on Wednesday of this week circulating a subscription paper in aid of Mr. Lemuel B. Caswell, who was partially burned out at Smuttynose island, Isles of Shoals, on the Monday previous.

The lower masts for the schooner Annie F. Conlon were towed across the river by row boats on Wednesday forenoon, the 16th inst., and operations were at once commenced toward stepping them.

About twelve hundred mackerel were taken from the weirs on Wednesday morning of this week, many of them weighing over two pounds apiece, and the whole catch running very large. Glad there's some crop which the drought hasn't ruined. Randall & Caswell bought the fish, at six cents for large and 2 1-2 cents for small.

Owen Rogers, of Dover, while at work for the Boston & Maine railroad in South Newmarket on the 14th inst., digging under an embankment, was buried entirely out of sight by the caving of the bank. He was quickly rescued by his companions, and found to be badly bruised from the chest downward, and his legs in particular very much hurt; but no bones were broken, and he will recover.

The seventh annual reunion of the Cater family, the descendants of John Cater, will be held at Pinkham's grove, Dover point, on Thursday, the 31st inst.

Hon. Eugene Hale is to speak at North Berwick on Saturday evening. That is about as near to the navy yard as the senator cares to come for the present.

MARRIED.

KNIGHT—MITCHELL. In Exeter, Aug. 1st, Joseph E. Knight and Emma E. Mitchell.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

Senator Hill Dead.

Benjamin H. Hill, United States senator from Georgia, died on the 16th inst. at his home in Augusta, Ga., in the 59th year of his age, his death being due to a cancerous affection of the throat and tongue. He was a remarkable man, and one of the best known men in Congress; fiery tempered and sometimes indiscreet, but honorable, respected and popular. He had long been a devout communicant of the Methodist Episcopal church, and bore the tortures of his last illness with wondrous fortitude and patience.

The "North American Review" for September has for its leading article a presentment, by Dorman B. Eaton, of the evils produced by the practice of levying "Political Assessments;" the paper is noteworthy because it will be regarded as the ultimatum of a large and influential section of the republican party, addressed to the party leaders. "Oaths in Legal Proceedings," by Judge Edward A. Thomas, is a discussion of the question whether the interests of morality and of public justice alike would not be promoted by the abrogation of all laws requiring testimony to be given under the sanction of an oath. Thompson B. Maury, late of the signal office, contributes an article on "Tornadoes and their Causes," which, in addition to its scientific interest, possesses the merit of suggesting many practical measures for averting disaster to life and property from wind-storms. "Architecture in America," by Clarence Cook, is marked by a freedom of utterance that is refreshing. Augustus G. Cobb writes of "Earth-Burial and Cremation;" and J. F. Manning, in an article entitled "The Geneva Award and the Ship-Owners," sets forth the justice of the claims of consignors of cargoes and owners of vessels to indemnification out of the Geneva Award fund, for losses from the acts of confederate cruisers. The Review is sold by booksellers and newsdealers generally.

PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time. JULIUS W. DEE.

MONMOUTH, Iowa, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief. L. P. CALDWELL.

CARNESVILLE, Ga., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. R. LYLE.

HAVE used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house. W. O. STERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.* A. PORTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

Geneva Award.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1882. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precusors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's IRON BITTERS, she began to mend, and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's IRON BITTERS, responded "that is a good tonic, take it."
ADORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

New Hampshire Items.

Mrs. John White of Nashua, who was badly burned by the bursting of a can of kerosene oil some days ago while building a fire, died on the 15th inst. of her burns.

The dam of Holden's woollen mill at West Concord burst a few days ago, damaging the mill and the bed of the Concord & Claremont railroad to the amount of $1500.

The medical examiner in the case of Capt. Thomas Chase of Seabrook, who was found dead in the woods, has decided that he was gored to death by his cow.

A whirlwind visited East Columbia on Tuesday, the 8th, during a shower, damaging the buildings of Jeremiah Shattuck considerably.

Wm. Emerson, of Barnstead, has been carrying to Haverhill from twenty to thirty bushels of blueberries every day the past week or two.

A wonderful snow and ice cavern has been discovered on Mount Tecumseh in Thornton, the existence of which has heretofore been unknown to men living within two miles of the place.

The pleasure of visitors to the White mountain region has been marred during the past few days by the smoke from extensive forest fires which has filled the northern region, sadly obscuring the views.

A despatch of the 17th inst. to London from Alexandria says that "Sir Garnet Wolseley has decided that the British advance shall be made from Aboukir. The troops will embark on Saturday, and will land and attack the Aboukir forts on Sunday. The khedive to-day visited Gen. Wolseley on board the dispatch boat Salamis, and remained an hour."

A despatch of the same date to the *Central News* from Alexandria reports that "negotiations are proceeding for the surrender at Meks of 2000 Bedouins, now with Arabi Pasha."

Another report from Alexandria says "it is believed that Gen. Wolseley will make an attack, possibly on Saturday morning, in two columns, one along the route of the reconnoissance and the other by the way of Lake Aboukir, taking Arabi at a point where his right rear rests on the Mahmoudieh canal."

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

—A young city gent dressed in a faultless suit and a pair of shoes which tapered to a point in the most modern style was visiting in a rural district. A bright little four-year-old boy looked him all over until his eyes rested on those shoes. He looked at his own chubby feet and then at his visitor, and then looking up, said: "Mister, is your toes all cut off but one?"

Lobster Sauce.

Break up your lobster and put the coral to dry in the oven. Chop one teacupful of lobster, not too fine. Make a sauce of one pint of water and one teaspoonful of Sea Moss Farine and a good-sized piece of butter. Heat the lobster in this, add salt and Cayenne pepper, and rub the coral fine and sift over the top of the sauce.

—Mrs. Wm. E. Robinson, the wife of a school principal at Detroit, Michigan, was found dead in her bath-tub. And yet there are people in St. Louis who, in spite of the awful warning conveyed by this sad example, go right along exposing themselves to this perilous engine two or three times in the summer.

—A lady who was preparing bathing-suits for a trip east for the summer wrote to an eastern fashion-paper to know what the style of bathing-suits would be for children say from five to six years old. She received a reply that this year the bathing-suits for boys were very simple, consisting of a wad of cotton in each ear. The lady will add to this suit a red yarn string around her boy's neck, and let him go loose.

"Great aches from little toe corns grow." German Corn Remover gives instant relief. 25c.

—A letter from Fort McKinney says "cattle valued at $15,500,000 are grazing in what was six years ago a hostile Indian country." And where are the Indians grazing now? And what makes beef so high?

All pain leaves when St. Jacobs Oil comes.

—A little girl was asked by her mother, on her return from church, how she liked the preacher. "Didn't like him at all," was the reply. "Why?" said the mother. "Cause he preached till he made me sleepy, and then hollered so loud that he wouldn't let me go to sleep."

Consumption finds quick victims in the weak. Strengthen your system against this and all other kinds of disease by using Wyeth Wheat Bitters.

—A lawyer said sneeringly to a clergyman: "If I had a stupid son, I'd make a minister out of him." The clergyman thought a moment and then quietly replied: "Sir, your father was not of your opinion, was he?"

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

—Mr. and Mrs. Herrick were separated by divorce, at Corinth, N. Y. eighteen years ago. Both married again, and lived a long distance apart until last week, when they met and immediately eloped together.

Entirely Satisfactory.

Ladies wishing a perfume that combines novelty, delicacy and richness, find Floreston Cologne entirely satisfactory.

—Rev. Dr. Talmage, who is at a Virginia watering place hotel, occasionally visits the ball room to see the dancing, and his wife and their young daughters and not pass a portion of every evening there, the young people always joining with a zest in the dancing.

Constipation, liver and kidney diseases are cured by Brown's Iron Bitters, which enriches the blood, and strengthens the whole system.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure which he will send FREE to his fellow-sufferers. Address J. H. REEVES

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Afflicted Ireland.

Great excitement prevails in Ireland because Mr. E. Dwyer Gray, member of parliament and proprietor of the *Freeman's Journal*, of Dublin, was on the 16th inst. sentenced to three month's imprisonment and to pay a fine of £500 for contempt of court in publishing a letter of Mr. O'Brien, editor of the *United Ireland*, accusing the jury which convicted Francis Hynes of the murder of John Doloughty, of being drunk on the night previous to the day their verdict was given, and in also publishing an article commenting thereon. Mr. O'Brien and Mr. Davitt were put out of court. Mr. Gray, after being sentenced, was handed over to the custody of the city coroner. The latter evinced some reluctance to take charge of him, but Judge Lawson, who tried the case, called upon him to do his duty. The coroner, whose intervention was necessary, because Mr. Gray is high sheriff of the city of Dublin, then conveyed the prisoner to the Richmond prison. Mr. Gray at the expiration of his term must find sureties himself for £5,000, and two others in the sum of £2,000 each. The decision of the court has caused a great sensation in the city. Mr. Gray was lord mayor of Dublin in 1880, and was nominated a second time for 1881, but declined to serve. Judge Lawson refused to adjourn the case to allow Mr. Gray to be represented by counsel. The land league leaders have issued a proclamation counselling avoidance of all violence.

News and Notes.

The body of Mrs. Russell Briggs, missing from North Adams, Mass., since March last, was found in the woods on the 15th inst. The remains were identified by the clothing. She was made crazy by the desertion of her husband, and frequently wandered off into the woods.

The board of audit to pass upon the accounts of the expenses incident to President Garfield's last illness have received a bill from Charles A. Benedict, undertaker, New York, amounting to $887, which is for the oak casket, numerous detailed expenses, and personal expenses in connection with the funeral.

Large crews of men were engaged on Wednesday, the 16th inst., in clearing the streets of Bangor, Me., of the debris from Tuesday evening's tornado. Masons and carpenters commenced the work of counteracting the terrible ravages of the storm. The damages were confined almost entirely to Bangor and the adjacent town of Brewer. The storm was the most severe that ever visited Maine.

Although the wife of Charles P. Kilbourn, a bookkeeper aged forty years, of Meriden, Conn., saw him drink an ounce of laudanum on the 15th inst., but did not summon a physician till eight hours after. Kilbourn, before taking the poison, wrote a letter to the local postmaster, to be posted in a conspicuous place, saying that he suicided on his wife's account, and that she in time will fill a dishonorable grave. He will probably recover.

In Hoboken, N. J., Aug. 15th, William A. Lee, a homeless old man, aged seventy-nine years, was arrested on a charge of vagrancy, and sentenced to ninety days imprisonment. After being placed in his cell he unsuccessfully attempted to commit suicide by taking paris green. At one time he was the Dublin correspondent of the Belfast (Ireland) *Examiner*, but was forced to leave the country during the uprising of 1848. Since then, under the nom de plume of "A Northern Protestant," he has written occasional letters to a number of the leading Irish journals.

Charles Smith, son of the woman found dead in Brockton, Mass., on the 16th inst. with her throat cut, has been released from arrest, the officers finding no evidence whatever to justify his detention. The woman, who was a confirmed drunkard, probably committed suicide.

The Boston pilot boat Edwin Forrest has been sold to parties in Pensacola, Fla., the price paid being $6,600.

A boy named McDonald, seven years old, with two other boys, on the 16th inst. broke into the house of Nathaniel Cutter at Chicopee Falls, Mass., and had a general ransack. They found a revolver, and while playing with it the McDonald boy was shot in the head, and will die.

In Toronto, Ont., Aug. 16th, Charles T. Kugler was arrested for the forgery of notes to the amount of $10,000. On hearing of his arrest, Kugler's father hanged himself.

Levi Ware, Esq., familiarly known as Judge Ware, died in Lewiston, Me., Aug. 14th, in his 94th year. Mr. Ware was born in Sudbury, Mass., and went to Lewiston forty years ago. He gained the sobriquet of "judge" by his earnest work in Washingtonian times. For forty years he had been an earnest temperance man, and even his dying words were a protest against a prescription which he suspected to contain alcohol.

Peter Sandells, a veteran of Waterloo, and one of the soldiers who fired over the grave of Sir John Moore, died in a London workhouse a few days ago, aged ninety-seven years.

A gigantic oak at Mount Vernon, which has always been known as "Washington's oak," was destroyed by a stroke of lightning a few days ago.

The latest-published work of Mrs. Harriet Prescott Spofford, is entitled "The Marquis of Carabas," and is issued by Roberts Brothers of Boston. It abounds in thrilling incidents in the life of a slaver captain, who retires to peaceful shores and is haunted by an ill-starred lieutenant, a former subordinate on his voyages. The Marquis, ignorant of his origin, has an eventful career, until he sails away upon calm seas of connubial bliss. The book is notably one of fine writing, dramatic incidents and strange plot, and like all of Mrs. Spofford's works, challenges our admiration. The characters have a touch of originality, and the career of some of them is so far from the recitals of the conventional story, that we are piqued to see how the ingenious writer will finally dispose of them. Sold by Myers; price $1.00.

AROUND HOME.

The steamer Appledore did not make her evening trip to the Shoals on the 16th inst., owing to the dense fog.

The brewery workmen of this city, with their families, had a picnic at Rye beach, near Capt. Albert Dow's woods, on Thursday last. Mr. John Whipple Smith, with a party of friends, picnicked not far away; and there were several other companies from this city at the beach. Members of Strawberry Bank Lodge, No. 54, I. O. G. T., had a picnic at Wallis' sands.

The government landing stage hitherto moored at Russell & Odion's wharf for the use of the custom-house boats, has been removed to the south side of Pier wharf.

The employes of the hotel Wentworth will have their annual dance within a few days, in one of the halls in Franklin block.

Mr. S. Augustus Preble has temporarily closed his hair-dressing rooms in Frye's block on Congress street, and is spending a few days at Union Bluff, York, for his health.

A large brig from Turk's island, West Indies, with salt to E. F. Sise & Co., is expected to arrive at this port in a few days.

A reception complimentary to the officers of the North Atlantic squadron was given at the navy yard by Capt. A. E. K. Benham, captain of the yard, on Wednesday evening, the 16th inst. A reception took place on board the flagship Tennessee, given by Rear Adm. Cooper and staff, Thursday.

At a meeting of the Maine Central railroad directors in Portland, Aug. 15th, the proposition to lease the European & North American railroad was accepted with slight modification. At a meeting of the European & North American railroad directors in Bangor on the 16th, a committee was appointed to confer with the committee chosen from the Maine Central directors. The joint committee will draft a lease which will be presented to the directors of both roads, and, if satisfactory, it will be ratified at the stockholders' meeting to be called at an early day. The lease of the European & North American road to the Maine Central (in which the Eastern has a large amount of stock) is considered an assured fact.

Young Clark M. Carr, son of the gallant Gen. Eugene A Carr, was the hero of what might have been a distressing event a few days ago at Hampton beach, New Hampshire. Young Carr has lately been placed under a tutor at Exeter, and they had gone to Hampton, nine miles from Exeter, for the summer. While engaged in study in his room at the Boar's Head hotel his attention was attracted by loud cries of "Man drowning! help! help!" outside of his window. Rushing down to the shore he saw a boat overturned and a man struggling in the water. People were calling for a boat and rushing wildly in all directions. Young Carr, with the natural quick instinct of a cool, brave nature, knowing where there was a boat close by, jumped into it without a word and rowed to the rescue of the drowning man amidst the shouts of the tardy by-standers. This young lad, it will be remembered, less than a year ago was present with his father at what was supposed to be the "massacre of Gen. Carr" in the mountains of Arizona. He stood by his father's side when the Indian scouts poured in upon the troops their deadly fire, and evinced much coolness, proving himself the worthy son of a fearless sire. He is not yet sixteen years old, but has in him the stuff heroes are made of.—*Missouri Republican, Aug.* 1st.

An asthetic young barber whose place of business is on Congress street, while returning from supper early Thursday evening was presented by a lady acquaintance with a sun-flower of the latest improved O. W. pattern. Arriving at the shop with his present he proceeded to the roof, (which is a flat one,) and fastening it to a string lowered it so as to bring the flower midway between his two front windows. Then steating himself in an easy-chair he watched the effect on the passers by. An hour later his attention was called to the string; the flower had disappeared, and instead hung one of his own hair-dressing bottles. That tonsorial artist is a surprised man, and cannot account for the wonderful transformation. The editor of the CHRONICLE was presented with a very handsome sun-flower about the size of a frying-pan, that same evening.

On Tuesday of this week, in Wells, a bush fire started by a Mr. Hilton got beyond control, and burned over a large tract of land, including some valuable young growth of trees, before it burned itself out.

The house, barn and other outbuildings of Capt. Lyman Staples, in Ogunquit, Wells, were destroyed by fire on the 14th inst., with a large quantity of hay, farming utensils, etc.; insured $1200. The fire was caused by smoking in the barn.

Mrs. T. J. Green, of Kennebunk, on the 8th inst. presented her husband with twins, one weighing seven pounds and the other but two; the larger one was still born, but the small one is bright and lively.

The national temperance camp-meeting was opened at Old Orchard on the 16th inst., by the president, Hon. Nelson Dingley, Jr., in the Tabernacle. Mr. Dingley reviewed the progress of the temperance cause in the Union during the past year. After showing the advanced position of temperance in Maine he gave a detailed account of the prohibitory contest and victory in Iowa and Kansas; also of the contest over the Sunday-closing law in Ohio, and over the question of submitting a constitutional amendment in Indiana. He also gave an account of the temperance movement in Congress, referring to the commission proposition and to the Yorktown liquor bills. In concluding he said that the outlook in the country was never more encouraging than it is to-day. Mr. Dingley was followed by Rev. D. B. Randall in a temperance speech.

A Wise Woman

Will try and preserve her charms. She may lack classic outline of form, but she should use Sozodont, and retain the beauty and usefulness of her teeth. A fine set of teeth is one of the highest charms. Sozodont will do this work.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Lynn, Mass. Proprietor.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility; so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,
Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty musicians of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MUNICIPAL AFFAIRS.

In board of Mayor and Aldermen, regular meeting, Thursday evening, Aug. 17th:

Present the full board, excepting Ald. Caswell.

Records of last meeting were read and approved.

Bonds of John Turner, James F. Shannon, Charles P. Abbott, Joseph B. White, Michael E. Long, Albert W. Parsons, Franklin Cole, Charles A. C. Gray, and Thomas Entwistle, as police officers and constables, were approved.

Petition of Alfred W. Haven and others for the acceptance of a gas lamp on Congress street, between Chestnut and Middle streets, was granted.

Petition of Dr. B. W. Curtis and others, for the establishing of a light on Washington street near Puddle dock, was referred to the committee on street lights, with power.

Met the Common Council in convention, and officers as follows were elected:

Sealer of weights and measures, Isaac Furber;

Inspectors of flour, Wm. A. Plaisted, Henry A. Yeaton, Josiah S. James;

Wm. P. Israel having declined to serve as surveyor of highway district No. 6, it was moved that Ald. Green (of ward four) be empowered to throw the vote of the convention for Henry S. Hartshorn to fill the vacancy; Ald. Anderson objected, and demanded a ballot, which resulted in the election of Edmund James, a republican;

Arthur W. Walker was elected a measurer of wood, and William P. Pickett a measurer of wood, and weigher.

In board of aldermen, resumed:

The bills of the fire department were ordered paid.

The matter of heating the engine houses was referred to the committee on city lands and buildings, with power.

On motion of Ald. Anderson, it was voted that the Northern Telephone Co. be ordered to remove their wires and brackets from the city building within two weeks, and put the building in as good repair as before they occupied a portion of it; and the committee on city lands and buildings were directed to see this order executed.

An ordinance sent up from the common council, transferring certain unexpended balances of appropriations to other departments, was concurred in under suspension of the rules.

Charles W. Roberts, Walter S. Gray, James W. Marden, Samuel Taylor, George L. Parks, Charles W. Shannon, James A. Snow, Henry Wallace and Daniel McDonald were elected supernumerary watchmen.

Ald. Green said ward four appeared not to be represented on the force. Ald. Martin said no motion had been made to appoint any person from that ward. Ald. Green moved that Wm. G. Snow be elected, but the motion did not prevail.

Adjourned for two weeks.

RECEPTION ON THE TENNESSEE.

Upon the invitations of Admiral Cooper, Capt. Bradford and the officers of the flagship Tennessee, of the home squadron, now lying in the lower harbor, quite a number of ladies and gentlemen repaired on board the Tennessee on Thursday afternoon last. The guests were received by the admiral and his officers and were heartily welcomed. The reception lasted from three to six o'clock P. M., and dancing was indulged in by the younger portion of the visitors. The occasion was enjoyed by all who were present, and will be remembered as the chief event during the visit of the squadron. Special steamers conveyed guests from the navy yard and from the navy landing in this city. The officers in full uniform, the ladies in the beauty of summer toilets, the music, the balmy air coming fresh from the ocean, and the clear skies after the refreshing rain, all combined to render the hours enjoyable in every respect. Among the distinguished personages present were Hon. Morrison R. Waite, chief justice of the supreme court of the United States, (who received the customary salute,) Hon. E. H. Rollins, United States senator, Commodore C. H. Wells, commandent of the navy yard, with many visitors from the Wentworth, Dover and this city.

The Catholics of Dover had their annual picnic at Pinkham's grove, Dover point, on the 17th inst. The attendance was very large, many persons being present from this city.

The steamer James Sampson suffered an accident to her rudder at Kittery Point on Thursday evening last, and had to give up her final trip.

A party of out-of-town people who are spending the hot season on Badger's island went down the harbor in the steamer Fearless on the 17th for a day's pleasure, and a large excursion party from Manchester embarked on the steamer Gen. Bartlett, which came around from Newburyport to take them on a trip to the Shoals and along the western shore.

There were twenty-eight loaded schooners in the lower harbor on Thursday last, among them being two loaded with empty barrels, which were piled half way to the mast heads. The scene presented in the afternoon, with the four men-of-war at anchor, the frequent passing of steamers running to and from the Tennessee, and the numerous sail and row boats flitting in all directions, was a very animated one.

A large two-masted schooner, apparently coal-laden, came into the lower harbor on Thursday, the 17th inst., having evidently been struck by another vessel; her foresail was torn, and her mainsail nearly destroyed; her starboard quarter was badly smashed, down to the water's edge, and she was kept afloat by vigorous working of her pumps. Her name we did not learn.

About three thousand mackerel were taken from the weirs on Thursday morning last, but they averaged much smaller than the late previous catches, and brought only $1.50 per hundred, by count. Two and one-half cents apiece was offered for the lot by the skipper of a fishing schooner in the lower harbor, who wanted them for bait, but the offer was declined, and the fare brought up to the city.

Mr. Albert E. Wood of this city, for several years past employed in New York, has given up his engagement in that city and gone to St. Louis, Mo., to accept a position of trust and responsibility on a paper to be started in that place by Mr. Edwin Fernald, formerly of the Great Falls *Journal*, but for some years a resident of the west. Mr. Wood is a graduate of the CHRONICLE office, and is capable, energetic and trustworthy; he will make his way wherever he goes, and whoever secures his service will have a valuable assistant.

Charles E. Walker, Esq., has bought a ten-oared boat which formerly belonged to the late James Mahoney. He will probably organize a club to pull that boat while he officiates as coxswain, unless his tastes have changed greatly from what they were twenty-five years ago, at which time he would rather have sailed five miles with a fair wind than to have pulled ten miles against a strong tide.

Mackerel have appeared in the river as far up as Dover point, and very likely have penetrated still further.

Mr. Elvin Newton, of Lunging island, Shoals, stocked $144 on Wednesday morning of this week by baiting three fishing schooners with alewives and bluebacks.

It is reported that there is strong though not conclusive evidence as to the identity of the person who recently set fire to the outbuildings of Caswell's hotel on Smuttynose island, and that he is likely to get his deserts. During the fire Mr. Caswell was struck on the head by a piece of blazing wood from one of the burning buildings, and considerably injured, a patch of hair being burned off and the scalp blistered, and a number of severe bruises inflicted.

There was a rumor on the streets last Thursday to the effect that at a dance held in a stable at York, Me., a night or two before, a drunken fight took place, in which a man was so badly injured that he died on Wednesday, the 16th.

The Boston *Post* of Thursday, the 17th inst., says: "It is understood that a deputation of three prominent democrats waited upon Hon. Frank Jones, at his home in Portsmouth, Monday night, to urge him to accept the nomination for governor, but that he absolutely declined to have his name used in connection with the candidacy. The names most prominently mentioned as probable candidates are M. V. B. Edgerly, George B. Chandler of Manchester, A. W. Sulloway, Warren Daniell of Franklin, John W. Sanborn of Wakefield, John F. Cloutman of Farmington, and Horatio Colony of Keene."

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he received an eye-lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

—The paragrapher and his girl were idly floating down the river with the tide, when she exclaimed: "Isn't it grand!" "Yes," replied the punster; "it's August." The silence that followed was so heavy that no ballast was needed on the return trip.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

—A Syrian convert to Christianity was urged by his employer to work on Sunday, but declined. "But," said the master, "does not your Bible say that, if a man has an ox or an ass fall into a pit on the Sabbath day, he may pull him out?" "Yes," answered the convert; "but if the ass has a habit of falling into the same pit every Sabbath day, then the man should either fill up the pit or sell the ass!"

Mental depression, weakness of the muscular system, general ill-health, benefitted by using Brown's Iron Bitters.

—A young lady who was squeezed between two freight cars says it felt just like trying on a pair of new corsets.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not docketed on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for Prize Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums since March 31, 1877 at 4 per cent. per annum.

MALARIA!
THE ONLY REMEDY KNOWN
To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursor of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

A Recipe for Making Pickles.

Take gherkins or small cucumbers and put them into an oaken tub or large stone jar, and pour over them a brine made of rock salt and strong enough to bear up a potato. Put a plate on top of the cucumbers to keep them covered with brine, and at the end of the day stir them up from the bottom with your hand. At the end of several days pour off the brine, scald it, and after washing the cucumbers pour the brine over them again. In three days more repeat this process, and at the end of the ninth day throw away the brine and wash the cucumbers in cold water, the colder the better. Place the pickles in a kettle and pour cold vinegar over them, cover with green cabbage, and add a lump of alum the size of a walnut, and let the vinegar just come to a boil; when remove, and at the end of a couple of days drain the pickles and pour over them cold cider vinegar. If you wish to spice, use a cup of sugar, three dozen cloves, one dozen blades of mace and the same amount of alispice to each gallon of vinegar.—*Grocer.*

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts.

AYER'S HAIR VIGOR is colorless; contains neither oil nor dye; and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous, imparting an agreeable perfume.

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. Tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. New Hampshire Items.

David M. Connell and Benjamin Harris, two young men at Plymouth, having a little difficulty, adjourned across the river to Holderness and fought it out alone in prize ring style, Wednesday afternoon, the 16th inst. Both were badly punished.

The Morse, Haley & Co. mills of Milford are again delayed in filling orders because of the scarcity of water in Souhegan river. Mr. Haley is contemplating using steam power, or, failing to make satisfactory arrangements in that direction, a removal to some place where water power can be depended upon the year round.

Naval Affairs.

Engineer Melville of the Jeannette, and Lieut. R. M. Berry of the Rodgers, with their companions, arrived at St. Petersburg, Russia, on the 18th inst.

The United States training ship Portsmouth, Commander Luce commanding, has arrived at Gibraltar from Genoa, on her way home.

The navy department is informed that the United States steamship Alaska was at Callao, Peru, July 27th, and had received her orders from Rear Admiral Balch, commanding the Pacific station, to proceed to Honolulu, and she was expected to leave on that service July 29th. Captain Henry Wilson, commanding the Lackawanna, would remain on the South American coast to look after American interests. Captain Belknap, commanding the Alaska, reports that he learns that the Essex was at Sandy Point, Straits of Magellan, June 30th, taking in coal. She had not reached Valparaiso up to July 21st.

The secretary of the navy and party arrived at the navy yard at Norfolk, Va., on the 15th inst., and made a thorough investigation of the yard. At the request of the health officer of the port a warrant was served upon Commander Kellogg of the Tallapoosa, for violating the quarantine regulations some time ago by bringing his vessel up to the navy yard when coming from an interdicted port, without stopping at quarantine as required. He was sent on to the Norfolk county court for trial, and was bailed in his own recognizance in $500. The Tallapoosa has since arrived at Philadelphia.

The August number of both "The Century Magazine" and "St. Nicholas,"—the Midsummer Holiday issue of the one and "the great travel number" of the other,—are out of print. Much larger editions of both these magazines have been sold during the past few months than in any preceding summer season. General George B. McClellan has contributed to the forthcoming number of the Century a paper on "The War in Egypt," which is said to give a clear idea of the conditions surrounding the Egyptian question, and to contain some severe criticisms of the conduct of the war by England. The writer's study of Egypt during an extended journey several years ago enables him to characterize succinctly the different Moslem elements that enter into the problem.

Mr. Aldrich, who has gone to the Novgorod Fair—a festival which he intends to describe in print—will have the pleasure of being greeted on his return by a complete collected edition of his poems, ornamented by thirty charming illustrations designed and engraved by the Boston Paint & Clay Club. Houghton, Mifflin & Co. are the publishers. The forthcoming new edition of Dr. Holmes' works which Houghton, Mifflin & Co. are preparing will be distinguished chiefly by the author's annotations and additions to "The Autocrat of the Breakfast Table." The same firm are about to bring out a handsome new edition of Hawthorne's writings, with a bibliographical introduction to each novel by Mr. George P. Lathrop.

How many readers of "Ivanhoe" know that the original of Rebecca the Jewess was an American lady, whose character was largely the counterpart of that most wholesome heroine? A short paper in the September "Century" is to give an account of the lady's relation to the novel; and, to accompany it, her miniature, by Malbone, has been beautifully engraved by Cole.

AROUND HOME.

Medical Inspector Thomas W. Leach has been detached from special duty, and ordered to the Tennessee and as fleet surgeon of the North Atlantic squadron. He reported on board the Tennessee for duty Friday forenoon.

Two of the city horses have been out to pasture for a month or two, and apparently like it, for they decline to be caught. Several attempts made to capture them have failed, the animals racing around the pasture in imitation of the wild horse of the per-rairie when approached by the men.

A repair gang of Eastern railroad employes have been making all needed repairs to stations and bridges between Boston and this city. The buildings at Seabrook station have been put in good condition, and on Friday nine men were working on the bridge across the Piscataqua. The engine house and turn-table at this station are to receive attention before the men pass along.

The schooner Annie F. Conlon was towed from the navy yard to this city on Friday forenoon, by the steamer Clara Ratemen. Her lower masts were in place early the previous day, but the services of a tow-boat could not be procured.

The buildings of Charles H. West at Wells Depot, consisting of a house, carriage house and barn, with their contents, including hay, farming implements, furniture, carriages, horse, yoke of oxen, three cows, two pigs and poultry, were destroyed by fire on the night of the 16th inst. Loss $3000; insured $2000. The fire was caused by a tramp in the barn, it is thought.

The Maine Central Railroad Company is about to equip all its freight cars with a patent automatic coupler, which, besides enabling the speedy shackling of long trains, does away with all danger to the brakemen.

William Pitt's Courage in Dealing with a Conspirator.

Shortly after the breaking out of the French revolution, its advocates denounced our premier as "an enemy to the human race;" that man, "so easy to live with," who sung the song about himself, called "Billy Pitt, the Tory." His secretary told him one day that a foreigner, who spoke English tolerably well, had twice or thrice asked to see him; but, not looking like a proper applicant, had been sent away, the great man's time being too precious for him to admit every stranger who, on frivolous pretexts, might seek to gratify an idle curiosity. This person, however, had said he should return in an hour; the secretary, therefore, thought it his duty to inform Mr. Pitt of such intention, and asked his further orders in the affair.

"Have the goodness," said the minister, "to open the top left-hand drawer in that cabinet, and bring me its contents."

These were a pair of pistols and a morocco case; opening the latter, he produced a snuff-box in which was set a portrait.

"Is that like our visitor?" asked Pitt.

"It is the man, sir," answered the secretary.

"Ha, I have expected him for some days! He is sent over to assassinate me; so, when he calls again, let him be shown up."

"Sir!" exclaimed the attached retainer, "will you expose to danger your life on which so much depends?"

"There will be no danger, I thank you; but you may be within call, if you please."

Accordingly the Frenchman, on his return, was ushered into the room where William Pitt sat alone—a loaded pistol in one hand, the miniature in the other.

"Monsieur Mehee de la Touche," said Pitt, calmly, "you see I am in every way prepared for you, thanks to an agent employed by this government. Attempt my life, and your own instantly pays the forfeit. In any case, I shall have you secured and given over to the law."

The intended assassin stood paralyzed and dumb at this cool reception.

"But," continued Pitt, "there is another alternative—personal safety and high rewards are in your power. Sell your services to Great Britain; make your market of whatever secret information you can procure, that may guard us against the machinations of your country; be, in fact, one of the necessary evils which policy forces us to use in desperate cases; do what no honorable man could do to save yourself from speedy death; your conscience is stained by proposed murder. Comply, perchance, with these conditions, and you shall be as liberally paid as you must, by all parties, be justly despised."

The clever miscreant joyfully accepted these terms, and for many years earned the bribes of a spy.—*Chambers' Journal.*

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at liberty to publish this letter. WM. E. KIMBALL,

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and 4 o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

CHIEF JUSTICE WAITE IN PORTSMOUTH.

Hon. Morrison R. Waite, chief justice of the Supreme Court of the United States, reached this city on Friday morning, coming up in a steam launch from the yacht Ruth, Commodore Watrous of New York, on board of which the judge is a guest, having recently arrived in the lower harbor from Marblehead.

The chief justice was received at the naval landing by Col. Hackett, clerk of the Circuit Court of the United States. He was accompanied by his daughter and three other ladies, and a son of Commodore Watrous. The party took carriages in waiting, and proceeded to view some of the ancient mansions of Portsmouth, including the Gardner house. At the residence of Alexander H. Ladd, Esq., the chief justice was received by Langdon Ward, Esq., of New York, and presented to Mr. Ladd. The party here were much gratified at the sight of the fine hall, stair-case and other antique features of the house. The party then proceeded to the Wentworth mansion in Pleasant street, and were received by Mr. A. S. Wentworth and shown the portraits of the colonial governors, etc. The chief justice visited the government building, called upon the collector of customs, and inspected the ancient records in the office of the clerk of the court. Afterwards a visit was made to the ancient Wentworth house at Little Harbor, whence the visitors proceeded to Newcastle and embarked upon a steam launch and returned to the Ruth, with the intention of putting to sea in the evening.

The chief justice had not visited Portsmouth for about fifteen years, and he seemed to enjoy his ramble through the older portions of the city, which have so many attractions for residents at the west. He is a native of Lyme, Conn., and removed to Toledo, Ohio, in 1850, where he lived until appointed by Pres't Grant to his present office in January, 1874. Judge Waite became prominently known from having been associated with the late Caleb Cushing and Hon. Wm. M. Evarts as counsel for the United States in the arbitration at Geneva, under the treaty of Washington. He has greatly enjoyed the sea air along the Atlantic coast during his trip on board the Ruth, which is one of the finest of the fleet of yachts seen in our harbor this season.

RYE REPUBLICAN CAUCUS.

The republicans of Rye held their caucus on the 17th inst.; John D. Marston, Esq., was chosen temporary chairman, and delegates as follows were elected to the several nominating conventions:

State—Lewis E. Walker, J. Jenness Rand;

Congressional — George G. Lougee, Emmons B. Philbrick;

Councillor—Eben W. Rand, John T. Marden;

County—Thomas W. Rand, Gilman Garland;

Senatorial—Supply F. Trefethen, Augustus Caswell.

The republican club re-organized, with officers as follows: President, Thomas W. Rand; vice presidents, George G. Lougee and Supply F. Trefethen; secretary, Lewis E. Walker; executive committee, John O. Foss, George H. Brown, Emmons B. Philbrick and Albert Rand.

DROWNING ACCIDENT.

About ten o'clock Friday forenoon, as Mr. Harry Kiggins was looking for a hammer which had been lost overboard from E. F. Sise & Co.'s hoisting scow, between the scow and the wharf, it being then low tide, he discovered the body of a man, which on being taken out was found to be that of Mr. James Tobey, a ship carpenter aged about seventy years.

Mr. Tobey was born in Eliot, Me., in a house close to the river; he was of a family of shipbuilders and ship-carpenters, and in former days worked at that trade himself. Always a hard-working man, of late years when not otherwise employed he prosecuted the lobster fishery in a small boat, going out alone without regard to the weather. He made a lobstering trip the night before his death, starting shortly after nine o'clock in the evening, and arriving in the dock at Sise's wharf about five o'clock Friday morning. He was observed going toward the wharf at about seven o'clock, but was not seen alive afterward.

One of his brothers is Stephen Tobey, and another one lives in California. He was twice married, his second wife surviving him; he leaves several daughters by his first wife, one of them being Mrs. Robert Norton of Lynn, Mass.; a son was drowned a number of years ago, while bathing near Martin's mastyard.

MARINE DISASTERS.

The schooner Loella, Capt. Amee, fouled her anchor on Thursday afternoon last in the lower harbor, and drifted on Fishing island ledge, where she bilged and filled with water. She was towed off by the steamer Fearless, Capt. Hart, at 1:30 o'clock Friday morning, and grounded on the flats at Kittery point. The Loella is from Bangor, with a load of lumber for Dover. She registers 66.88 tons, and belongs to this port.

The schooner reported as having entered the lower harbor on the 17th inst. with her sails torn and starboard quarter stove by collision, was the John Lenthall, Matthews master, bound to Exeter with a cargo of coal.

The accident to the steamer James Sampson, at Kittery point on Thursday evening last, was a trifling one, though quite important for the time being. While lying at her landing place she touched the ground aft, and unshipped her rudder. Being made of iron the rudder did not float away, and was soon replaced; and the boat was running on Friday as usual, all right.

REAL ESTATE TRANSFERS.

The following recent transfers of real estate in this vicinity have been left for record in the office of the register of deeds:

Portsmouth: Saml. S. Frye of Portsmouth to James G. Locke of Portsmouth, land, $500. S. W. Webber of Portsmouth to Amanda Pickering of Newington, land and buildings; $2530. S. W. Webber of Portsmouth to Joseph Hett of Portsmouth, land and buildings, $1455.

Greenland: James W. Newell of Boston to Gilbert A. Mann of New York, land, $1100.

Newmarket: Chas. H. Smith of Newmarket to Sewell F. Channell of Newmarket, land, $200.

South Newmarket: A. W. Richards of South Newmarket to Nellie M. Rigg of Boston, land, $625.

The passenger patronage of the South Shore Steamship Co., between this city and Boston, is quite large this season. The steamer Acushnet brought down about fifty passengers on her trip last Thursday, and had a large amount of freight besides.

A special session of the Probate court was held in this city on Friday forenoon, to hear the case of William Brennan, who makes petition to be appointed guardian of Frank Newton, son of Mr. Elvin Newton. Page for Newton; Frink & Batchelder for Brennan.

The *Journal* says the "Tourists in a Pullman Car" will probably be presented on the Music hall stage Sept. 9th.

Sheriff Kent has consented to allow the use of his name for another term as sheriff of this county. It is understood that he has a majority of the delegates thus far chosen to the convention.—*Times.*

Mr. Francis W. Ham, the watchmaker, is confined to his home by an injury to his eyes. He accidentally drew across his eyes a brush with which he was cleaning a watch, and though he at first paid little attention to the matter his eyes soon became inflamed, having apparently been seriously poisoned by the powder used for polishing.

Attention is invited to the city ordinance printed in another column, regarding the throwing of refuse matter into the streets. The reprehensible practice of many storekeepers, of sweeping waste paper, etc., from their stores into the streets, comes under the provisions of this ordinance, which we are informed will be enforced against them,—as it should be,—if they continue making nuisances of themselves in that way.

Mr. Edwin L. Teel, of the Newburyport *Germ*, was in this city Friday, and gave us a call. Mr. Jacob H. Thompson, of the New York *Times*, a graduate of this office, arrived at his old home on Friday for a brief visit.

The Exeter *Gazette* says of the two prisoners now in jail in that town awaiting trial for breaking and entering the house of Charles H. Hill at Northwood, and stealing a suit of clothes, a watch and other property, that one of them, Everett Hart, forty-three years old, belongs in this city, the other, a French boy thirteen years old, named Peter Macoy, belonging in Newmarket.

Mr. James M. Dow, formerly of this city but for some years past a resident of Concord, visited this city with his wife on Thursday last with the Concord and Manchester excursion party, and took the trip to sea in the steamer Gen. Bartlett.

The fine lot of land next west of Mr. Joseph D. Ackerman's house on State street has been purchased of Geo. W. Haven, Esq., by Hon. Frank Jones, and presented to the Middle street Baptist society as a building spot for their new chapel.—*Journal.*

The steamer Gen. Bartlett, with an excursion party of 250 persons from Newburyport, came into this port on Friday; by permission of Commodore Wells the visitors landed on the navy yard, and after seeing the sights there and rambling about the city for a while, started for home early in the afternoon. The party from Manchester which went out in the Gen. Bartlett on Thursday numbered about 400.

The steamer Mystic will leave the landing at the foot of Daniel street this afternoon at two o'clock, for a trip down the harbor and around the squadron.

Remember the temperance meeting this evening.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nourishment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in proportion as these are strong is wise to BUILD UP HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are correct in the Phosphates, while the starch and impure matter are eliminated. These Tonics in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. Read once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

—An Augusta man, who has been enjoying a few weeks' leisure at Reed's Neck, Boothbay, recently donned his rubber boots, swung a pail over his shoulder on a hoe, and started out at high tide to dig clams. Not meeting with good success, he approached a settler's cabin, and inquired where he could find the juicy bivalves. The squatter eyed him keenly for a moment, and then remarked: "Young man, I don't know much about city customs, but if you want to dig clams in a flood tide you'll have to leave these parts to do it."—*Kennebec Journal.*

Good Words from Druggists.

Malt Bitters are the best bitters.
They promote sleep and allay nervousness
Best liver and kidney medicine we sell.
They knock the 'chills' every time.
Consumptive people gain flesh on them.
Malt Bitters have no rivals in this town.
Best thing for nursing mothers we have.
We like to recommend Malt Bitters.

In West Charlton, N. Y., at nine o'clock in the evening on the 16th inst., five masked men entered a dwelling, handcuffed, bound and gagged the inmates, consisting of two brothers named Gilchrist and a sister, burst open the safe, and rifled its contents of $800 in money and about $150,000 in bonds and mortgages.

The Commander-in-Chief

of the Grand Army of the Republic, Major George R. Snyder, says: Few remedies are better known in this vicinity than Sulphur Bitters, their sale has been very general throughout this section, and the number of reliable and well attested cases of beneficial results and recovery by their use, is large and beyond dispute.

A Saratoga letter to the Philadelphia *Times* reports the engagement of Senator Jones of Florida to Miss Moseley of Newburyport, Mass. The writer says: Miss Moseley is a lovely young lady, not much over twenty years old. Her father is a banker, and well off. The romance between Senator Jones and Miss Moseley began in Washington at the time of Gen. Garfield's inauguration, which she attended with her brother and his wife, the daughter of Maj. Ben. P. Poore. Senator Jones promptly fell as deeply and freshly in love with her as a schoolboy could with his first ideal, and has never been bashful about letting his devotion be known.

☞ Faded articles of all kinds restored to their original beauty by Diamond Dyes Perfect and simple. 10 cents for any color.

Annie Stone, thirteen years old, daughter of Elijah Stone of Glover, Vt., obtained a certificate and taught a successful term of school in Sheffield, Vt., this season.

*Lynn, Mass., always was a good place for health, but it has become a modern Bethesda since Mrs. Lydia E. Pinkham, of 233 Western Avenue, made her great discovery of the Vegetable Compound, or panacea for the principal ills that afflict the fair creation. This differs, however, from the ancient scene of marvelous cures in this important particular: The healing agent, with all its virtues, can be sent to order by express or mail all over the world.

Jerry Black, a saloon keeper of Fall River, Mass., was stung on the thumb by a black spider while in the woods recently, and died from the poison.

Use, instead of unwholesome cosmetics, Glenn's Sulphur Soap, which purifies the skin. Hill's Hair Dye, black or brown, fifty cents. For chills, fever, ague and weakness, Colden's Liquid Beef Tonic. *Colden's soother.* Of druggists.

Reports continue to state that the catch of fish on the Nova Scotia coasts this season is smaller than usual.

Mental depression, weakness of the muscular system, general ill-health, benefitted by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS: Kindly send me a dozen more bottles of your *Pain Killer for cramp and pain in the stomach.* JOHN BURDICK.

NICHOLVILLE, N. Y., Feb. 5, 1881.
The very best medicine I know of for dysentery, cholera morbus, or any pain in the stomach. Have used it for years, and it is *sure cure* every time. JULIUS W. DEE.

MONRONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in my family for cramp, colic, and cholera morbus, and it gave almost instant relief. L. S. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not be without a bottle in the house. J. B. TYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. H. I. NAYES.

ONEIDA, N. Y., Feb. 18, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house. SYLVANUS SPERRY.

W. O. SPERRY.
CONWAYBORO, S. C., Feb. 23, 1881.
Nearly every family in this section keeps a bottle in the house. Dr. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an exceedingly valuable specialty.
I. S. POTTER, U. S. Consul.

RICHMOND-ON-THEMES, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOOTE.

31 MORTAGUE ST., LONDON, ENG.
During a residence of twenty-five years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for PROOF OF CLAIMS expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. Address the proprietor, Dr. David Kennedy, Rondout, N. Y. ad14w

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine.
D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clear and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils, Why are you troubled with Rheumatism? Why lay and toss on that bed of pain with Neuralgia? What makes you look so pale? Your nerves are all unstrung and you need a tonic to build you up. What makes you so irritable? Your excesses have exhausted your vitality. Nature cries out against the abuse which your system receives from poor whiskey drinks, but which taken in moderation with the other preparations which make up the Ex. TRACT OF SULPHUR in such proportions as to make it a NATURE'S GREAT RESTORER.

SULPHUR BITTERS

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it and you will be satisfied. Get it of your druggist. DON'T WAIT. GET IT AT ONCE.

Daily Chronicle.

There is not so much anxiety among plantation owners about an overflow of the lower Mississippi as is generally supposed. The deposits of sediment save the lands from exhaustion and increase their fertility. "The plantations subject to overflow," says the St. Louis *Republican*, "are held at a higher price than those in the hill country exempt from these visitations. A planter would rather have his place overflowed occasionally than not. It is estimated that an overflow adds $5 an acre to the value of a river farm." It is suggested that fortifications be built upon high lands where the inhabitants may take refuge when the river overflows, and that Congress be requested to let the American Nile alone, inasmuch as its overflows make sure double crops for three years afterward. The tumuli left by the race of mound builders in certain parts of the Mississippi valley are now supposed by some to be artificial elevations for refuge in times of inundations.

Lobster Sauce.

Break up your lobster and put the coral to dry in the oven. Chop one teacupful of lobster, not too fine. Make a sauce of one pint of water and one teaspoonful of Sea Moss Farine and a good-sized piece of butter. Heat the lobster in this, add salt and Cayenne pepper, and rub the coral fine and sift over the top of the sauce.

TRENTON, N. J., Oct. 23, 1880.
I have suffered for eight years with Hay Fever, during July, August and September. In the beginning of July, this year, I resorted to Ely's Cream Balm, and have been entirely free from the fever since the first application. I can recommend it as a cure. EDWARD C. HILLMAN, at the New Jersey State Arsenal. Price 50 cents.

A man named Joyce, and his entire family, were murdered on the evening of the 17th inst. in their own house near Cong, in county Galway, Ireland. The family consisted of Joyce, his wife, mother and daughter. They were fired at and killed by a party of men. Two boys were also wounded. It is believed in the locality that the Joyces gave information relative to the murder of the bailiffs of Lord Ardiloun, whose bodies were found bound together in Lake Cong.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, billiousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. The War in Egypt.

A despatch to London from Alexandria, dated Aug. 19th, says: "Fighting commenced this afternoon on the Mahmoudieh canal. The British are using heavy guns, which were brought to the neighborhood of Millaha Junction yesterday." A despatch of the same day dated at 4:40 P. M. announced that heavy firing had just commenced at Aboukir.

New Hampshire Items.

Alonzo F. Gould had one hand and leg painfully burned recently in Williams' iron foundry, Nashua, by reason of stumbling and spilling some molten iron from a ladle he was carrying.

J. W. Sanborn, superintendent of the state farm and lecturer at the Agricultural college at Hanover, has accepted the position of professor of agriculture recently tendered him by the Missouri State college.

News and Notes.

The greenback-labor state convention of Massachusetts was held in Boston on Friday, there being 325 delegates present. It was a lively convention, there being as much excitement as though the greenbackers really expected to elect their candidates for governor and congressmen. Two ballots were taken for a candidate for governor, Gen. B. F. Butler being nominated on the second ballot; the convention refused to make the nomination unanimous.

The Jesuits of Quebec are again agitating for restoration to them of all their property confiscated during the reign of Henry IV. The restoration is demanded as an act of justice, and the list of properties referred to contains some which is now of great value. The promoters of the agitation suggest that some of the outlying territory to the north be given as recompense.

L. S. Hayward's barns were burned recently at Williamstown, Vt., and Emma Orier, the servant girl, has confessed setting the fire. She was mad, she said, because the folks had gone visiting without her.

Herbert V. Smith, a young man about twenty-five years of age, employed on the farm of William F. Purington of Sidney, Me., shot himself through the head Friday morning, inflicting a wound from which he cannot recover. There are two theories of the cause of the rash act: One that he was disappointed in a love affair, and the other that of depression caused by ill-health. He passed the entire night in his chamber writing letters to his friends and making arrangements for his funeral, even designating the young men he wanted to act as pall-bearers. Smith has two sisters living, but his father and mother are both dead; he was a steady, promising young man.

AROUND HOME.

The steamer Mystic, Capt. Trefethen, will make a trip down the harbor every afternoon during the stay of the North Atlantic squadron, leaving her landing at the foot of Daniel street at two o'clock, and steaming around so as to give her passengers a satisfactory view of the ships of war, as well as a breath of sea air. An hour can be very pleasantly passed on board the Mystic on one of these excursions.

The schooner Richard Graham Dun, Weldon master, of and from Philadelphia, hauled in to the wharf at the navy yard on Thursday of last week with 960 tons of coal for the equipment department. This schooner registers 550 tons, and can carry 1000 tons of coal; with 960 tons on board, her draught of water when she arrived at the yard was nineteen feet.

Rev. Edward A. Rand, formerly of this city and the CHRONICLE force, made a flying visit to our sanctum on Saturday, accompanied by a lad of twelve or fourteen years whom he introduced as his son. Heigho! "how old tempus does fugit."

The steamer Mystic had a very large party on board, Saturday afternoon, on her trip down the river and around the North Atlantic squadron.

The U. S. S. Leyden took a large party from the navy yard to the Shoals on Saturday.

Six colored seamen from the Vandalia, with one banjo and six fine voices, serenaded a number of prominent citizens on Friday night.

A salute of minute guns was fired from the navy yard at noon on Saturday, in honor of the memory of the late Rear Admiral David McDougal, on the retired list of the navy.

The dredging fleet, including the dredge, mudscows and steam launch, was above Portsmouth bridge at the draw on Saturday.

The Public Library, which is now closed for the delivery of books, will be again opened to the public on Sept. 2d.

The Manchester *Mirror* charges the Concord *Monitor* with telling "a downright and ridiculous lie" in claiming that the Portsmouth delegation to the republican state convention is solid for Hale, and adds: "The most that Mr. Hale's managers in Portsmouth claim is that the delegation is uncommitted. If divided according to the preferences of the members it is nine to seven for Currier." There is no reason that we know of why the Portsmouth delegates should not vote "according to their preferences," as no pledges were exacted by the caucuses, nor attempted to be.

George W. Dow was seriously injured on the Eastern railroad at Newburyport on Wednesday of last week, and on Saturday was reported to be in a critical condition, with but small hope of his recovery.

After the reception on board the U. S. S. Tennessee on Thursday last, Chief Justice Waite and daughter, with Chas. Watrous, Esq., of the yacht Ruth, and wife, visited J. Langdon Ward, Esq., of New York, at his summer residence at Kittery Point, taking tea and passing the evening there.

Mr. Simeon L. Brackett will set up a sawmill in York woods in about two weeks.

The society and congregation of the church at Spruce Creek, Kittery, will have a picnic at York beach on Thursday, Aug. 24th, if suitable weather.

There is a scarcity of ice in that part of York in the neighborhood of the beaches, the long continued hot weather having caused the consumption of most of the large amounts stored in that vicinity last winter. A very large icehouse is being erected near the old millpond, and it is said others will be put up at other points in time for storing ice during the next cold season.

Two schooners were loading with cordwood at Marshall's wharf, York river, on Saturday.

Increase Sumner Kimball of Sanford, the Nestor of the York county bar, now rising eighty years of age, is said to be in failing health. He is the last surviving member of Gov. Kent's council, of which he was a member in 1841.

The county commissioners of York county had a hearing at the hotel Bartlett, York beach, on Saturday, in regard to the laying out of a road along the ocean shore from the Hotel Bartlett to York harbor, passing Lobster cove.

The story current last week about a murderous fight in a stable in York, in which a man was fatally hurt, is repeated by the townspeople, who state that the injured man was taken to South Berwick, where he died from his injuries.

Republican Nominating Conventions.

The republican state committee have appointed the times and places for holding the several conventions of the party, among the appointments being the following:

State, to nominate candidates for governor and three railroad commissioners, at Concord on Tuesday, Sept. 12th, at eleven o'clock in the forenoon, in White's opera house.

Congressional, 1st Dist., at Dover city hall, Sept. 21st, at eleven o'clock A. M.; 2d Dist., at Concord Sept. 12th, after state convention adjourns.

County, Rockingham, Exeter town hall, Wednesday, Sept. 20th; Stratford, Dover city hall, Sept. 23d.

Councillor, 1st Dist., at Dover city hall, Sept. 21st, at two o'clock P. M.

Senatorial, Portsmouth Dist., (wards one, two and four, Portsmouth,) at the Court house in Portsmouth, Wednesday, Sept. 27th, at eleven o'clock A. M.; Dover Dist., at council room, Dover, Sept. 27th; Newmarket Dist., (Durham, Epping, Greenland, Newcastle, Newington, Newmarket, North Hampton, ward three of Portsmouth, Rye, South Newmarket and Stratham,) at Newmarket town hall, Tuesday, Sept. 19th, at eleven o'clock A. M.; Rockingham Dist., (Atkinson, Brentwood, Danville, East Kingston, Exeter, Hampstead, Hampton Falls, Kensington, Kingston, Newton, Plaistow, Sandown, Seabrook and South Hampton,) at Exeter town hall, Wednesday, Sept. 20th, at twelve o'clock, noon.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, Aug. 16.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 1511; Sheep and Lambs 11,796; Swine 11,427; Veals 70; Horses 64; number of western cattle 1186; eastern and northern cattle, milch cows, etc., 325.

Prices of Beef Cattle ℔ 100 lbs, live weight—Extra quality $7 75 @ $ 8 75; first quality $6 75 @ 7 62½; second quality $5 75 @ 6 62½; third quality $4 75 @ 5 62½; coarse grades of coarse oxen, bulls, etc., $3 75 @ 4 62½.

Brighton hides 9 @ 9½c ℔ lb.

Brighton tallow 7 @ 7½c ℔ lb.

Country hides, heavy ones 8½ @ 9½c ℔ lb; light ones, 6½ @ 7c ℔ lb.

Country tallow 5c ℔ lb.

Calf skins 12 @ 12½c ℔ lb.

Sheep skins 50 @ 55c each.

Lamb skins 75c @ $1 each.

The trade for western cattle has been slow this week, and although cattle cost higher at the west, prices obtained for them here were no better than those realized one week ago for the same grades of beeves. The quality of cattle in market was good, but not quite equal to that of last week. The supply being light most of the stock was sold out early on Tuesday, but there was not so much activity in the trade, and but few cattle sold at our highest quotations.

Working Oxen—Not much call for them. As soon as cattle come in more freely from Maine trade for workers will revive; we note sales of 1 pr, girth 6 ft 4 in, live weight 2450 lbs at $118; 1 pr, girth 6 ft 4 in, live weight 2400 lbs at $100; 1 pr, girth 7 ft, live weight 3000 lbs at $160.

Milch Cows, Springers, etc—Good cows and springers are in fair demand; common grades sell dull. We note sales of 1 cow and calf at $52; 1 do at $45; 2 do at $50 each; 1 do at $60; 1 springer $50; 2 new milch cows for $52 50; 5 springers at $42 ℔ head; 2 extra cows at $60; 1 do at $77 50; 1 do at $70.

Veal Calves sold at prices ranging from 3@7c ℔ lb live weight.

Store Cattle—Not any call for them. Most of the small Cattle and cows that are in a fair condition were bought up for Beef.

Sheep and Lambs—Western sheep and lambs were mostly owned by G W Hollis & Co; sheep costing 5¾ @ 6c. lambs 6½ @ 7½c ℔ lb, landed at the yards. There were several large lots brought in which were intended for the English markets to be shipped the latter part of the week.

Swine—Store pigs sell slow at 6 @ 10c ℔ lb, live weight or $2 00 @ $ 6 00 ℔ head for small pigs. Western fat hogs cost 8 @ 8c ℔ lb, live weight, all owned by butchers.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment, the Extract will prove an excellent substitute for food. It neither pails upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually facilitated by a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestive of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains some rich wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment; passenger elevator operated by steam, music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THAT "NEW FLAG."

Sometime about the 9th or 10th of this month the following item of general news was sent out from Washington, and published in pretty much every paper in the country, including this one:

The secretary of the navy has approved the design of a flag to be known and used in the navy as the "President's flag." It is to be fourteen feet long by eleven feet wide, and made of navy-blue bunting. In the centre is the American coat of arms, the eagle holding in its mouth a pennant inscribed, "E Pluribus Unum." Thirteen white stars, representing the thirteen original states, are arranged in a semicircle above the coat of arms. This flag will fly from the mainmast of every vessel used by the president. The first one to be used for this service will fly from the United States steamer Despatch, when the president leaves Washington on that vessel for New York.

There have been some amusing comments on this "President's flag," in some of the papers, many editors evidently supposing that such a thing as a President's flag was never known or heard of before. The Boston *Post* of the 16th had the following allusion to this "new flag" business:

Pretty soon every government official will have to have a flag of his own, in imitation of the President. They already have the appropriations, but the old flag is no longer good enough.

The Boston *Star*—a very bright, newsy, readable paper, by the way—of the 17th gently intimated

That the stars and stripes have been good enough for the American people for over a hundred years.

That it should be good enough for their servant, or to float over the house they erected for him.

That the adoption of a new flag smacks too much of royalty, and is the first serious mistake of the present administration.

The fact is that such a flag was adopted many years ago—thirty years at least—for on a chart of the "Maritime Flags of All Nations" which came into our possession when a boy, was (and is, for we own the chart now) a representation of a flag designated the "American President," and which answers closely to the published description of the "new" flag.

This chart was published in London, for the use of shipmasters, by a house then famous for its nautical publications, and under the heading "United States" has representations of three flags, namely: "American Ensign," "American President" and "American Jack," in the order named. It is absurd to suppose that the publishers "by royal authority" invented a flag for the President of the United States; and it would have been almost a miracle for them to have so accurately depicted such a flag thirty or forty years (and probably more) before it was adopted.

As to the propriety of having a special flag to hoist at a man-of-war's masthead when the President is on board, we can see nothing very awful in it; he is commander-in-chief of the navy, by virtue of the Constitution of the United States; and why he should not have a flag to designate his rank, as well as admirals and rear admirals and commodores, we confess ourselves unable to see. Probably the flag was adopted at the time the other national flags were; we know nothing of this, but are willing to bet the soda-water that a search of the old Congressional records will show it to be so; also that it is not intended to "float over the house built for him" by the people, but is purely a "maritime flag," as our old chart calls it, intended to show when the commander-in-chief of the United States navy is a board on naval vessel. Whether or not it was ever used before we cannot say, and should be glad to learn if the frigate Wabash, at the time she came to this port to convey to Washington the then democratic President, Franklin Pierce, did or did not fly any designating flag; if she didn't she should have. V.

AN IRATE EDITOR.

The valve-suit mayors had another meeting in Boston on Thursday of last week, and the reporter of the Dover *Democrat*, as one of the officials having the matter in charge on behalf of the city of Dover, attended the "conference." Editor Foster was evidently as mad as a hornet at the absence of his lively assistant, and this is the way he talked:

Our local columns are short of the usual city news and items of interest to-day, and it may be charged chiefly to that miserable patent valve suit against the city. The mayors are on another valve junket to-day, and our reporter has gone with them. They are in Boston, and we suppose enjoying the hospitalities of the Quincy house and perhaps a sail down the harbor at the city expense. Our idea is that the way the thing is running the city would have been better off to have paid the claim at the outset, or such part of it as would probably have been accepted in settlement. Some seven hundred or eight hundred dollars have already been appropriated towards expenses, and no specifications or limits were made as to how it should be applied. Any number of hundreds may be called for and voted in the same way. If anybody can tell what these valve meetings amount to, further than to give those holding them the chance to open their valves and have a good time, we wish they would arise and explain. On the face of things the whole business looks exceedingly thin, and by-and-by there will be a fuss all round about the expenses. It is, at all events, time that this junketing business were at an end. It has not looked just right from the beginning.

THE MILLPOND NUISANCE.

Mr. Editor: Now that our new city government is in good working order, citizens will be glad to hear that something is being devised to abate the north mill-pond nuisance. The foul stenches emanating from the pond have been too thoroughly experienced to need mention here. Every west wind in the evening (and sometimes in the day) brings a moist, loathsome, foul current of air to the dwellers on the southeastern side, and I have no doubt an east wind will do the like for the inhabitants of the northwestern shore. The mill-pond question has been agitated over and over again, and as far as the north pond is concerned seems no nearer solution than when it first arose.

From actual observation and the testimony of others I am satisfied that the principal cause of the filthiness of the pond is the drainage from the breweries. On the west the Eldredge Brewing Co. drain into the pond under the bridge on Creek street. On the south, somewhat removed from the shore, is the Jones brewery, which drains into the pond through a sewer running north and south. The waste from this brewery runs into the pond under the branch track of the Eastern railroad extending to the Eldredge Brewing Co.'s brewery.

The mouth of the Jones brewery drain is but about sixty feet from where the Eldredge Brewing Co.'s drain enters the pond. Standing here one can see a dirty yellowish stream of water flowing from each drain into the pond. The rocks here sufficiently attest its filthy nature, for they are laden with slime which emits a sickening stench. Walking up on the Creek street bridge from its western side, may be seen the half-dried-up bottom of the gulley or ditch through which the Eldredge Brewing Co. discharge their waste into the pond. The bottom of the ditch is dark, foul-smelling mud, out of which peep slime-loaded rocks.

Turning back and proceeding down the track or along the northwestern shore, one's attention is called to the reddish tinge of the water, which color it retains until we pass the Eastern railroad roundhouse. All along here the water is dark and opaque, filthy and offensive beyond description, and covered with slime and fragments of vegetable growth. A little past the roundhouse the water is almost as clear and pure as when it enters the pond basin from the river. This proves conclusively that the chief cause of the pond's condition is the brewery drainage.

Now this is not right, and should not be allowed. No one man or ten men should be suffered to abuse the rights of thousands of others. And it is equally certain that neither Mr. Jones nor the Eldredge Brewing Co. can gain any right, by prescription or otherwise, to drain into the pond such refuse filth. No length of existence can legalize a public nuisance. Nor can the city grant any person or persons the privilege of maintaining such nuisance.

As to the ownership of the north pond and the sewer through which the Jones brewery drains, I am not informed. If the city owns the pond and neglects to stop this nuisance, let it be indicted. If the R. R. Co., ditto with them. If the city owns the sewer through which the Jones brewery discharges, why don't it stop such discharging? If it is Mr. Jones' drain, he should be compelled to drain his refuse elsewhere. As for the Eldredge Brewing Co.'s drain, it is theirs; let them find a new reservoir for their filth. At the city election 1600 voters demanded that this nuisance be abated. If the present city government fails to respect their wishes, they should take the trouble next time to elect one that will. KIDNEY-WORT

FOR THE PERMANENT CURE OF CONSTIPATION.

No other disease is so prevalent in this country as Constipation, and no remedy has ever equalled the celebrated Kidney-Wort as a cure. Whatever the cause, however obstinate the case, this remedy will overcome it.

PILES This distressing complaint is very apt to be complicated with constipation. Kidney-Wort strengthens the weakened parts and quickly cures all kinds of Piles even when physicians and medicines have before failed.

Advertisement and Notice

CONCERNING THE CONSTRUCTION OF NEW STEEL STEAM CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam-engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having, as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches or not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 20, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

Naval Affairs.

The Tallapoosa, with Secretary Chandler and party on board, arrived at New York on the 19th inst.

It is stated that the naval station at Port Royal, S. C., is to be abandoned, and the Wyoming will be ordered to Annapolis, Md., for use by the cadets.

Books, Magazines, Etc.

Mr. S. G. W. Benjamin, who contributed to "The Century" for July and August, respectively, papers on "The Evolution of the American Yacht," and "Steam Yachting in America," will have in the September number a third on "Ocean Steamships," in which he traces the advance in the use of steam as a marine motor from the invention of the screw to the mammoth ship-building of the present day. Models of English and American vessels are presented in the illustrations, and the present tendencies of steam navigation are the subject of interesting comment.

The almost incredible good fortune of a new romance by Nathaniel Hawthorne is announced by James R. Osgood & Co. It is called "Dr. Grimshawe's Secret," and its story pivots on the claims of an American to ancestral estates in England,—the scenes being laid on both sides of the Atlantic. It has always been a matter of regret that Hawthorne should have brought back from his last sojourn in England only the essayist's volume, "Our Old Home," and it is good to know that the unfinished "Dolliver romance" is not the last legacy. How this precious work, which is described as one of his very best, should have been so long overlooked is not explained. Julian Hawthorne's preface may tell us that and other things.—*Springfield Republican.*

A four - years - old granddaughter of Thomas Harris of this town has been visiting her grandfather. She has living a father and mother, two grandfathers and two grandmothers, two great grandmothers, one great-great-grandmother, and one great-great-great-grandmother. The latter is ninety-six years old. This makes representatives of six generations now living.—*Exeter Gazette.*

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

Miss Caroline E. Knight died at her home in Rochester on the 7th inst., in the same room where she was born seventy-six years before. She was one of the oldest school teachers in the state, having taught school during a period of fifty years. Her pupils are scattered throughout the country.

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

Samuel Clarke Buzell died at Exeter, on Thursday, aged seventy-six. He was born in Northwood, and was treasurer of Phillips Exeter academy from 1862 to 1881.

To the rescue! Your liver is in trouble. Wheat Bitters will correct it. Remember this.

There was a very heavy frost in the Contoocook river valley on Friday night; it has probably killed most of the small quantity of crops spared by the drought.

Mental depression, weakness of the muscular system, general ill-health, benefitted by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for DIARRHŒA, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 5, 1881.
The very *best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time. JULIUS W. DEE.

MONSOONA, IOWA, March 12, 1881.
I have used PERRY DAVIS' PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. CAPT. E. COLLINS.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. B. TYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. H. I. HAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house. T. O. SEERBY.

CONWAYBORO, S. C., Feb. 21, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MONROE.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 6, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
T. S. POTTER, U. S. Consul.

BURDETT-COUTTS, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premium paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precusors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning, and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, and have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

TUESDAY, AUGUST 22, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Great Fire in Derry.

The most destructive fire that ever occurred in Derry broke out Saturday afternoon in the stable of Smith's hotel, near the depot, and completely destroyed the hotel and stable, Smith & Rollins' general store, the post-office, telegraph office, freight and passenger depot, Odd Fellows' hall, Smith's hall and block, L. H. & W. S. Pillsbury's general store, a large two-story house and barn owned and occupied by Caleb A. Colby, a large block occupied by eight families and owned by Colburn, Fuller & Co., a house owned by the railroad company and occupied by Mr. Chase, and several other buildings. In all, seventeen buildings were burned, nothing but the foundation stones remaining. The losses and insurance, as far as known, are as follows: Smith & Robbins $4,000, insurance $3,000; Miss Bessey $1,000, insurance $600; Caleb A. Colby $3,500, insurance $1,200; L. H. & W. S. Pillsbury $8,000, partially insured; W. S. Pillsbury $4,500, insurance unknown; H. A. Norton, meat market, loss small, insured. The residences of Mr. James Priest and Dr. J. H. Adams were in great danger, but were saved by dint of great exertion. Assistance was sent from Manchester, but in two hours from the time the fire was discovered the property was a mass of ruins.

Afflicted Ireland.

Lord Mayor Dawson of Dublin, Ireland, in a letter, in which he encloses £10 toward paying Mr. Gray's fine, says he has prepared to take all legal steps as a member of the court which sentenced Mr. Gray to evince his want of concurrence in its action. A Dublin correspondent states that Earl Spencer, lord lieutenant of Ireland, has received authority to act as he sees fit in the case of Mr. Gray, and it is generally anticipated that he will shortly be released.

A London despatch of the 20th says: "One of the two boys who were wounded at the time the Joyce family was murdered near Cong has died of his wounds. He was only fourteen years old. The other boy, who is but twelve years old, is in a very prostrate condition. He states that the assassins, who were disguised, numbered four or five. Joyce's mother was over eighty years of age. Part of her body was devoured by dogs before her corpse was discovered. The house in which the family lived presents a shocking spectacle. The bodies of the victims lie on the floor, riddled with bullets and mangled as if they had been battered with a hammer. The murder was the most horrible that has ever disgraced even Ireland. Four persons have been arrested on suspicion of being concerned in the murder."

Mr. George Otto Trevelyn, chief secretary for Ireland, speaking at Londonderry, last week, said the Irish government was beginning to feel a sense of hope, almost of confidence, to which it was a stranger at the dark hour when it commenced its labors.

A farmer named Leahey was shot dead near Killarney on the night of the 20th, by a party of moonlighters.

The War in Egypt.

Port Said was occupied by the British forces at eight o'clock in the morning on the 20th; seventeen transports and five war ships were there, also Admiral Seymour and Sir Garnet Wolseley. Ismailia also was taken possession of by the British troops, and the Egyptians driven out of Nefick. The Aboukir forts were not shelled on the 19th, the demonstration against that point having apparently been intended only to create a diversion. The telegraph line between Suez and Port Said is held by the British. An Alexandria despatch of the 20th, dated at seven o'clock in the evening, reported that heavy volley firing could then be heard in the direction of Ramleh.

The "Eira's" Crew Saved.

The steamer Eira, commanded by Mr. Leigh Smith, which sailed from England early in 1881 to search Nova Zembla and Franz Josef land for the crew of the Jeannette, was lost Aug. 21st, 1881, having been crushed in the ice near Cape Flora, Franz Josef land. All hands escaped, saving all the boats, some sails, tents and bedding, with arms and ammunition, but only a small quantity of stores, the ship sinking in two hours after the nip. The crew encamped on Cape Flora, and wintered there in a hut built of turf and stones, and covered with sails; during the winter they killed and ate twenty-nine walruses and thirty-six bears. Leaving Cape Flora on the 21st of June, 1882, they sailed in four boats to Nova Zembla, reaching that island on the 2d of August, and were picked up on the 3d by the steamer Hope, Sir Allen Young, C. B., commanding, which sailed from London in June last in search of the expedition.

News and Notes.

At Lawrence, Mass., Aug. 19th, three boys named Smith, from eleven to fourteen years old, while crossing the land of Samuel Ames on their way to the river were ordered back, and refusing to go were shot at, and all of them hit with small shot. Mr. Ames, who is eighty-one years old, is held in $2500 for trial.

Charles Mahon, who lived five miles from Mt. Pulaski, Ill., after being missed for three days was found on the 20th inst., with two young men who had been working for him. All three were dead, blindfolded and with their throats cut. No cause is known for the crime.

The hotel Humarock, a new summer hotel opened to the public August 5th, at Scituate, Mass., was burned on the 21st inst. Loss $75,000; insurance large. About a hundred boarders were in the house at the time, and lost nearly all their effects.

John Quinlan, a prisoner on the way from Boston to the jail at Springfield, Mass., jumped from the window of the fast express, Saturday, and was fatally injured.

A four-years-old boy named Faulkner was run over and killed by a Boston & Lowell train near Wilmington, Mass., on the 19th inst.

In St. Louis, Mo., Aug. 18th, Mille Moss, a Jewess fourteen years old, attempted suicide on account of her betrayal by Fritz Meyer of Chicago, who arrived in St. Louis that day to marry Rachel Sanfelder, another Jewess.

Joseph Dillingham, aged twenty-four years, and Charles Piper, aged seventeen, were drowned in the harbor of Rockport, Me., Aug. 15th, while attempting to land from a vessel.

The brewers and liquor dealers of Milwaukee have commenced boycotting all firms and individuals who signed the petition demanding the closing of theatres and beer gardens on Sundays. Popular indignation runs high. Political significance is attributed to their action.

W. C. Coup's circus left Chicago at four o'clock Sunday morning in two sections. When between Tunnel Hill and New Burnside, forty-seven miles north of Chicago, the engine of the second section ran into the passenger coach on the rear of the first train, completely demolishing the coach, killing three drivers, and wounding twenty-five or thirty others. They were going down grade from Tunnel Hill, and the first section was heavily loaded, while the latter section was rather light.

Mr. John Pender, member of parliament, sailed from London for the United States on Sunday.

Two men, named Hughes and Chisholm, were drowned in the harbor of Parrsboro', N. S., Aug. 18th, by the upsetting of a boat.

Three schooners ran by quarantine at New York on the 17th inst. The captains of two of them have reported, pleading ignorance of the law. The penalty for the offence is very heavy.

In Chicago, Aug. 19th, William Zinck, a newsboy sixteen years old, shot and killed Herman Burling, aged nineteen, in a quarrel.

It would appear from the September "Century" that Mrs. Burnett's "Through One Administration" is about to give the reader a glimpse of the Washington lobby. Bertha, the heroine, unwittingly to herself, has acquired the reputation of a lobbyist, from the evident efforts of her husband to influence legislation through her in favor of his "private claims," and the plot is likely to acquire further complication thereby.

Neutrality Inexcusable.

The Temperance reform is destined to go forward with accelerated progress until it becomes universal. Whether we look at the simplicity of the principle on which it rests, and its adaptation to all classes of society; or whether we consider it as involved in the universal triumph of the cause of truth and virtue, which is insured to us by the promise of God; or whether we view the rapidity of its progress in the past, and reason from the past to the future; or finally; whether we look at the indirect influences which it exerts on the improvement and happiness of man, we are brought most clearly to the conclusion, that it is destined to prevail wherever there are human beings to be brought under its influence. Let every friend of temperance hold this animating consideration to his mind, until his bosom burns with brighter zeal, and he is nerved for higher efforts in this noble cause: let every enemy to the cause hold this appalling consideration to *his* mind, until he has given up his opposition to an enterprise before which resistance is like chaff in the whirlwind. Let this consideration go round through all the ranks of neutrality; let it strike like thunder upon the ear, and penetrate like an arrow to the heart, especially of those who are contented to do nothing when they have it in their power to do much; and let the question be answered by their own consciences, whether they are willing any longer to look with ignoble apathy upon a cause whose triumph is the triumph of intellect and virtue, and all the best interests of man.—*American Quarterly Temp. Mag.*

—A party of American tourists were dining at an inn in Southern France. Among them was a Chicago girl who had been educated at a fashionable ladies' seminary in that city. She had addressed the waiter in English, who politely confessed his ignorance by asking her if she would be so good as to give her order in French. While she was giving it he stared at her with growing bewilderment, and when she had concluded said: "Pardon, Mademoiselle, I vill go and zend you a garcon who understands ze Rooshian better zan I do."

There were ten seamen of the North Atlantic squadron in the station house on Monday night—"liberty men," who, rendered oblivious of the lapse of time by Portsmouth beverages and the allurements of agreeable society, had forgotten that their liberty was up.

A Wise Woman

Will try and preserve her charms. She may lack classic outline of form, but she should use Sozodont, and retain the beauty and usefulness of her teeth. A fine set of teeth is one of the highest charms. Sozodont will do this work.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption 'Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. *Sold at 25 cts a box everywhere. eod&wtjan82

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Nourisher in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates the builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inaptitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pulls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of the producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily received on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

SATURDAY, Aug. 19; *Batchelder J.*

William Williamson, blacksmith on board the U. S. S. Tennessee, was fined $3, cost $6.90, for drunkenness. Paid.

MONDAY, Aug. 21; *Batchelder J.*

Nellie Smith, for drunkenness, was fined $3, costs being taxed at $6.90.

Daniel Bragdon, ditto, ditto.

Joseph A. Brown, another drunk, was allowed to go on his promise to leave town.

John Sullivan, for larceny of lager beer bottles from the Eastern railroad station, was sent to jail for thirty days, and ordered to pay $8.81 costs.

A complaint against a saloon keeper for selling ale was quashed.

THE AMBITIOUS MAINE CENTRAL.

An evening contemporary, which has failed in its efforts to make the proposed two thousand not-eastern to the Boston & Maine, or successfully, gives out the following horrible horoscope for the Eastern:

"The Maine Central is ambitious of having its own line to this city, and at the meeting held on Tuesday a committee of the directors was appointed to confer with a committee of the Eastern railroad directors relative to leasing the latter road. It is understood that plans, details, etc., remain to be perfected after this conference shall have been held and the views of the Eastern officially ascertained. The Maine Central is very anxious that the two roads should be operated in close harmony, with a view to reducing the running time between Boston and St. John, and thus bringing this city and the Provinces into even closer commercial relation, to the great benefit of the consolidated line. The Eastern, of course, has had neither time nor opportunity as yet to give its views on the matter."

As the Eastern owns more than half of the stock of the Maine Central it will have two different methods of escaping the threatened calamity; first, by voting not to be swallowed up by its Maine extension, and secondly, by using its power with the Maine Central to refuse the proposed lease upon any terms, unless it should amount to a virtual consolidation of the two concerns.—*Boston Journal.*

The steamer Mystic will make another trip down the harbor and around the squadron this afternoon at two o'clock; this will be the last chance to take in this excursion, as it is reported that the squadron will sail on Wednesday.

The amusement season will open at Music hall on Monday evening, the 28th inst., when "The Two Orphans" will be presented by Miss Kate Claxton and her dramatic company. The advertisement appears in another column.

The central telephone office in this city was on Sunday removed from the city building to the newly-prepared office in the rear. The large number of wires entering the building gives some idea of the magnitude to which the telephone business has arrived.

A large force of workmen were engaged Sunday in constructing the first of the signal switch towers at the southern end of the Eastern railroad tunnel in Salem. A second tower is to be erected at the northern end of the tunnel, and constant communication will be maintained between the two. The new system of interlocking switches is also to be put in, and two men will be on duty, one to manage the signals and the other to throw the switches. When the switch at the southern end is set, a corresponding switch at the northern end is also thrown.

The bureau of construction and repair of the navy department has awarded contracts for furnishing lumber and various other supplies for the navy yards, to Rider & Cotton of this city, and Callender & Co. of Boston.

George W. Dow, who was injured on the Eastern railroad at Salem on the 16th inst., died in the hospital on Sunday night.

The dredging machine and five scows which have for some months been at work on the improvements up the river, have gone to the Merrimac to work on the Deer island bridge, and arrived at Newburyport on Sunday morning in tow of the steamer Farnsworth.

The steamer Mystic had another large party on her regular forenoon trip to the Shoals with the mails, last Sunday; this is one of the pleasantest trips that can be taken, and the fare is extremely reasonable. The steamer Gypsy made several trips between the hotel Wentworth and the Shoals, Sunday, and the steamer Startled Fawn brought to this port from Newburyport about fifty excursionists.

On Saturday evening, at the hotel Wentworth, a grand dinner was given to a select few by Mr. Theodore Myers, a New York banker, covers being laid for fifteen.

The steamer Gen. Bartlett brought a large party from Newburyport on Monday to see the men-of-war in the lower harbor, and by previous permission the excursionists were allowed to visit the flagship Tennessee.

The yachts White Cap, Phantom, Alice and Hope, from Boston, Grace and Ruth, from Marblehead, and Wave Crest, from New York, arrived at the Isles of Shoals during the week ending Aug. 19th.

Rear Adm. Cooper, commanding the North Atlantic squadron, is spoken of by a number of veteran man-of-war's men now residing in this city, and who before their sea-going days were over had at various times sailed under his command, in such terms of respectful admiration and good will as the retired seadog very often does *not* use when alluding to his former superiors in the service. One or two of them who have met him since the squadron arrived in the lower harbor, are quite enthusiastic over the kindly courtesy and cordiality with which they were greeted.

There was a field fire near the line of the Eastern railroad in Greenland on Monday, and a number of railroad men were sent from this city to fight it; they returned about four o'clock, having effected their object.

The schooner D. K. Ham, Capt. Garland, which sailed from this port for Boston on Friday of last week with a load of bricks, arrived at Portsmouth bridge Monday morning on her way up river for another cargo. The schooners Ocean Eagle, Maxwell master, and Satellite, Aderton master, from Boston, also arrived the same day, and proceeded up river to load.

The U. S. S. Kearsarge is expected to arrive at this port this forenoon.

George W. Weston, Esq., who has acceptably filled the office of register of deeds for Rockingham county, will be a candidate before the county convention in September for re-nomination. We have heard of no other person who has been named in connection with the office.

President Phillips of the Eastern railroad denies that he is a director in the Topeka, Salina & Western railroad.

The statement that the Maine Central railroad had appointed a committee to confer with the directors of the Eastern railroad in relation to the Maine Central leasing the Eastern is denied. That would be the tail wagging the dog.

Col. James B. Creighton, who died in Newmarket recently at the age of very nearly ninety-three years, was president of the state senate in 1840. During the war of 1812 he lived in Epping, and was captain of a company of Epping militia which was for a time stationed in this city for defence against a threatened attack by the British, the company being encamped on Portsmouth plains.

The unfinished second-rate ironclad Massachusetts, on the stocks in one of the ship houses at this navy yard, is to be broken up. If they had let her alone a few years longer she would have fallen to pieces on her own hook.

The Concord correspondent of the Boston *Post* says the report "to the effect that a delegation of three prominent democrats recently called upon the Hon. Frank Jones and urged him to accept the democratic nomination for governor, and that he peremptorily declined, undoubtedly originated in the fertile imagination of the Boston *Journal's* Concord correspondent. There are no three democrats in the state authorized to confer the nomination upon anybody, nor is there any democrat of intelligence who has had the slightest idea at any time that Mr. Jones could be induced to accept the same, this year, cheerfully as the entire party would support him."

A quantity of lime was put into the north pond at the western extremity on Monday, it was reported by the Eldredge Brewing Co.

The Rice Public Library of Kittery will be closed as to the delivering of books until Sept. 5th.

Notwithstanding the change in the weather the outward bound stages on Monday were filled, those for York beach being crowded inside and out.

There was a sharp frost in some parts of Kittery, Sunday night, the frost being visible in spots for an hour or more after sunrise.

A horse belonging to Mr. E. C. Nealley, of Kittery, fell in the harness while being driven on the road a few days ago, and died in a short time. The animal was a quite valuable one.

CONCERNING THE CONSTRUCTION OF NEW STEEL STEAM CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam-engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having, as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches of not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 20, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

Naval Affairs.

Rear Adm. Nicholson, commanding the European squadron, it is said has written a letter denying the statements that when the bombardment of Alexandria began he sent a bombastic message to the Egyptian authorities, and steamed around the British fleet and cheered the vessels, after the action. As to his landing marines, it was done at the request of the Khedive, and only to protect the American consulate.

Secretary Chandler, accompanied by Commodore English, chief of the bureau of equipment and recruiting, Commodore Shock, engineer-in-chief, and Commodore Wilson, chief constructor, visited the Brooklyn navy yard Aug. 21st, and made a partial inspection thereof. Owing to a cabinet meeting held at President Arthur's residence in New York in the afternoon, the inspection was not concluded.

Lieut. Comdr. Felix McCurley is detached from the Wabash and placed on the sick list.

Lieut. Oscar W. Farenholt is ordered to the Wabash as executive officer. Lieuts. John C. Morong, Frank W. Nichols and William Little, are ordered to the Wabash.

Black's blacksmith shop and contents, at Concord, were destroyed by fire Sunday morning. Loss about $1500; insured $1000. The fire was probably of incendiary origin.

J. M. Pinkham, Esq., foreman C. F. Sampson Manufacturing Co., North Adams, Mass., says: St. Jacobs Oil is surely possessed of miraculous powers, for it cured me of a severe case of rheumatism when other remedies failed.

The grand jury at Bath, Me., reported an indictment against Sergt. Kelley for murder and manslaughter, in four counts, two in the usual form, as committed on the person of Frank A. Smith on the 13th of August, in the county of Sagadahoc, and state of Maine, and two as committed within the jurisdiction of the United States without the jurisdiction of Maine. The question of jurisdiction will be the first to be decided by the court.

"Little thanks are due to him who only gives away what is of no use to himself." The thanks of invalids the world over are being showered on the inventor of Kidney-Wort, for it is giving health to all. Kidney-Wort moves the bowels regularly, cleanses the blood, and radically cures kidney disease, gravel, piles, bilious headache and pains which are caused by disordered liver and kidneys. Thousands have been cured—why should you not try it.

William Hackett, Jasper Cole, Florence Parker and Minnie Dawson, were struck by a train while driving over a crossing at Anoka, Minn., Saturday night; the horse was killed, and the mangled bodies and pieces of the carriage scattered along the roadbed for a distance of ten rods. The girls were about seventeen years old, and the young men about twenty-three.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is perfectly safe.

Read the following:

BATHSBRIDGE, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER is a good and instant relief for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is sure cure every time.
JULIUS W. DEY.

MORNGONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
J. B. IVEY.

SIGO, ME., Jan. 24, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and relieves.* No mother should allow it to be out of the family.
T. J. NAYES.

ONEIDA, N. Y., Feb. 28, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
T. S. POTTER, U. S. Consul.

SURVYOR-TERRY, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unknown. Of frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also gives the worst liver and kidney complaints and all diseases caused by impure blood a speedy relief. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. Address the proprietor, Dr. David Kennedy, Rondout, N. Y. all 4w

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

☞ Dearborn Ave., Chicago, Nov. 7.

I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine.

D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples, and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS. Why suffer with Tetter, Ulcers, Boils, Carbuncles, Blotches, Pimples, Ulcerated Sores, Rheumatism, Neuralgia, Nervous Debility, Dyspepsia, Sick Headache, Nervousness, Jaundice, Dizziness, Costiveness, Chills and Fever, Female Complaints, Loss of Appetite, Low Spirits, Want of Energy, Want of Sleep, Want of Strength, Want of Ambition, Want of Flesh, Want of Blood, Want of Nerve, Want of Life, Want of Something to make you feel like a man? Want of Something to make you feel like a woman? Want of Something to make you feel like a child? Want of Something to make you feel like eating your victuals? Want of Something to make you feel like digesting your victuals? Want of Something to make you feel like sleeping? Want of Something to make you feel like talking? Want of Something to make you feel like walking? Want of Something to make you feel like working? Want of Something to make you feel like living? Want of Something to make you feel like dying? Want of Something to make you feel like a good day's something? Want of Something to make you feel like a good day's everything

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

WEDNESDAY, AUGUST 23, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

An Injudicious Proceeding.

The members of the city council of Keene have signed a certificate of good character for Samuel W. Hale, and it is published in the Keene *Sentinel*. We regret that any such certificate should have been regarded either as necessary or expedient to have published. There must be something out of the common course, to require such an endorsement. A man's record in the state of New Hampshire cannot be impaired or improved either by detraction or certificates of good behavior, and pending the contest for a nomination for the office of governor, the fact that Mr. Hale would submit to the indignity of such a commonplace certificate as that to which the Keene officials subscribe will put every one outside of Cheshire county on the enquiry, "Why is this thus?"

Leigh Smith's Arctic Trip.

The London *Times* in a leading article gives further particulars of the loss of the Eira and the rescue of her crew, and says:

The voyage of Mr. Leigh Smith proves that at a certain time of the year under certain conditions of wind, Franz Josef land is pretty easily accessible. The rescued party report that during the winter at Cape Flora the snow drifted to such a height that it completely buried their hut. Notwithstanding this the thermometer inside the hut was for a considerable time at zero; while outside, spirits of wine were frozen in the bulb at forty-five degrees below zero.

The Hope would have effected the rescue of the Eira's crew sooner had she not during July struck on a sunken reef while sailing along the coast of Nova Zembla, where she remained for twenty-four hours, beating heavily. Her keel and rudder-post were damaged, and repairs had to be made before she proceeded.

Mr. Leigh Smith states that the scientific results of the voyage of the Eira are almost nothing, owing to the loss of the vessel. He desires to express the gratitude of himself and his party for the public sympathy of this and other countries.

The medical officer of the Eira reports that there were no severe frost-bites among the crew, and sickness was rare. In the spring nearly all hands were affected with a mild form of snow blindness.

New Hampshire Items.

After glancing at half our New Hampshire exchanges, we arrived at the conclusion that Samuel W. Hale would receive a unanimous nomination by the coming republican state convention; we have since glanced at the other half, and are now satisfied that Moody Currier will also be unanimously nominated.

The delegates to the republican state convention from Kensington are Weare Shaw, who is for Currier, and Chas. W. Quick, who is uncommitted. From South Hampton the delegate is B. R. Jewell.

A horse belonging to Rev. Wm. A. Rand of South Seabrook dropped dead last Sunday afternoon. S. H. Goodall, Esq., and family, of Boston, have arrived at their cottage on Seabrook beach for the season.

The Sullivan Musical association met on Monday for a five days' session at Newport. Carl Zerrahn, Mrs. Martha Dana Shepard, the Schubert male quartette, and Miss Annie Littlefield, are among the attractions of the convention.

While in the act of arresting a drunken party of four roughs at Tilton, Sunday afternoon, Police Officers Eastman and Blake were violently assaulted, and severely beaten with stones and clubs. Station Agent Perkins was also beaten while rendering assistance to the officers. Pleading guilty to charges of drunkenness and assault, the roughs were discharged on the former by filing complaints against the rum-sellers, and bound over in $200 each on the latter, to appear at the supreme court in September. Two of the party of ruffians belong in Manchester.

The house of Sewall B. Fowler, of South Seabrook, was burned on the 20th inst., and his friends have contributed a sum sufficient to rebuild it.

E. H. Hazen, of Hartford, Vt., has been prospecting upon the farm of E. E. Upham, of Bridgewater. Lead has been found in considerable quantities, also gold and copper ore.

Complaints were issued against Joseph Busha of Tilton and Tom Sanborn of Franklin, at Tilton, Monday, for selling liquor. Busha was fined $50 and costs, and released; Sanborn could not be found.

John G. Whittier is at Center Harbor, and will spend the season at the mountains.

There is to be a musical convention at Moore's opera house in Lake Village, continuing four days from August 29th.

In Keene, on the afternoon of the 21st inst., the house occupied by George M. Gowan was burned while Mrs. Gowan was at a neighbor's. When the fire was discovered the house was largely in flames. All the children were rescued except one little girl, Mamie, about four years old, who was found in a corner of the back room, terribly burned and dead. The cause of the fire is unknown. Loss, $1,500; insured $1,000.

The Laconia & Lake Village horse railroad carried nearly 2,000 passengers on Saturday and Sunday last.

The work of removing obstructions by government contract from the outlet of Lake Winnipesaukee at Weir's bridge will be completed this week.

Rev. Father John Lambert of the Catholic society was arrested Monday morning for severely flogging two boys, aged twelve years, at the convent in Laconia.

Denman Thompson's company will meet in Farmington on Saturday next for rehearsal, and begin the season in the same town on Monday. The company includes several favorites of former seasons, among them Miss Julia Wilson and Isabel Coe, and has a number of new members.

News and Notes.

Perseverence wins in the end. Charles Daley of Boston, thirty-three years old, made four unsuccessful attempts to commit suicide. On Saturday last he swallowed a dose of rat poison, and now he is dead.

Herbert Spencer arrived at New York this week from England.

The steamer Dispatch, with President Arthur and party on board, arrived at Newport, R. I., on the 21st inst.

Highwaymen attacked the stage going into Globe, Arizona territory, Aug. 20th, killed the express messenger, and stole the treasure box, containing $5000.

Philip Etting, "an eccentric farmer living near Port Jervis, N. Y.," shot Jesse Mandeville, aged twenty-three, Sunday, while the young man was picking up an apple in the farmer's orchard. This is the second person Etting has shot during the past three months for trespassing. Should say he was a little eccentric.

Thomas Wandall, a weigher at the Central elevator at Chicago, discovered two men robbing a grain car on Saturday. They assaulted him, and he shot and killed one of them, a notorious criminal named Gus Maher. The other man escaped.

Charles Crane, a hardware merchant at Hyde Park, Vt., was arraigned Monday, on the complaint of the town grand juror, for violation of the liquor law, and was fined $20 and costs.

The corporation of Dublin has passed a resolution of sympathy with Mr. Gray, the imprisoned editor. The resolution describes Mr. Gray's imprisonment as arbitary and oppressive, and expresses the opinion that proceedings for contempt should be regulated by statute. The conservative members of the corporation were absent from the meeting which passed the resolution.

AROUND HOME.

A number of Portsmouth gentlemen have rented a cottage on Sea point, Gerrish's island, Kittery, for the rest of "the season," and on Sunday last the party, with invited guests, numbered about thirty-five.

Mr. George Hanscom shot from off a stand in York, on Wednesday of last week, eighty-three wild pigeons. These birds have been more plentiful in that section this summer than for many years previous, and it is supposed they have been attracted by the large yield of acorns and beech nuts. There is also an unusual abundance of other game birds, such as partridges and woodcocks; and gray squirrels are very numerous, as also are foxes, though the latter are not hunted at present, the fur being worthless at this season. Woodchucks are thick enough to do a good deal of damage to vegetation in some sections, and are not easy to destroy; if the woodchuck gets into his hole it is generally more than he is worth to dig him out, though he makes a nice stew when caught. The game-protecting law seems to have worked well so far in causing the increase of game birds.

Mr. Albert Lewis, who lives on the post road in Kittery, near the York line, has a blood-hound which measures thirty-two inches from tip to tip of the extended ears; he is an excellent fox dog. Mr. Lewis has a Chester White sow, three months old, which weighs 125 lbs., and will be kept for breeding purposes. As a sample of what the hay crop has been this year, Mr. Lewis says he cut four tons of hay from one and one-half acres of land. Mrs. Lewis this season raised, from two Plymouth Rock hens and one Partridge Cochin, eighty-three chickens, which were sold to the hotel proprietors of York.

Mr. Frye of Berwick, who was killed last week in Dover by a fall from a building, was a native of Eliot.

A man about seventy years old was struck by the engine of an express train on the Eastern railroad at South Berwick on Monday afternoon, and received injuries which it was supposed would prove fatal. His name was not learned.

According to the Biddeford *Union and Journal* of last week the meetings of the fusionists in York county "are not opening very auspiciously. The only ones held thus far have been in Berwick and North Berwick. At the former place there were thirty-eight people present, while at the latter place but eighteen came out, and the meeting was given up."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, but will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

GEORGE F. THOMPSON, Manager.

POLICE COURT.

TUESDAY, Aug. 22; *Batchelder J.*

George Shannon was complained of for fast driving within the compact part of the city, contrary to the ordinance in such case made and provided. The evidence showed that the alleged fast-driving took place on Richards avenue, just clear of where the compact part of the city ends, according to the wording of the ordinance; so the case was dismissed.

ANOTHER WORD.

Mr. Editor: Your correspondent notices that two sewers enter the north millpond from the southeast. They are situated below the Eastern railroad roundhouse, and I am informed belong to the city of Portsmouth. I wonder what right the city has to discharge its sewers into a sheet of water lying almost in its centre, thus corrupting that water and creating such vile odors as amount to a public nuisance? Although our city councils have considered and reconsidered the millpond question over and over again, what have they *done* about it? They have indulged in a little vapory talk—no thought—and referred it to the next city government! This seems to be about all the relief citizens are to get from them. There is only one other place to seek it—in the courts. If the grand jury should happen to find an indictment against the city, and it be mulcted in heavy damages, some good might result. Perhaps it had better be tried. PISCATAQUA.

The schooner Loella, Capt. Amee, which went on Fishing island ledge on the afternoon of Thursday last, through the fouling of her anchor, sustained but slight injury, and sailed for Bangor on Tuesday of this week, having repaired damages, and proceeded to Dover and discharged her cargo of lumber, in the interior.

Schooner War Eagle, of Kittery, Frisbee master, while anchored off City island, New York harbor, on the 21st inst., caught fire in her cabin, and was damaged to the amount of $1000. The cargo is insured, but there is no insurance on the vessel.

The annual dance of the employes of the Oceanic hotel will take place this evening, and of the Appledore house employes on Thursday evening.

The U. S. S. Kearsarge, one of the vessels attached to the North Atlantic squadron, arrived in the lower harbor on Tuesday forenoon from Hampton roads, and joined the vessels of the squadron already there. She was abreast of the Isles of Shoals at eight o'clock, and let her anchor go about ten.

The fine new steamer City of Bangor will make a moonlight excursion out on the ocean next Saturday evening, weather permitting, leaving the Gas Co.'s wharf, foot of Daniel street, at a quarter to eight o'clock. The Sawyer's Mills cornet band has been engaged for the occasion, which assures excellent music, and in liberal quantity. The advertisement can be found in another column.

Large numbers of small eels, flatfish, smelts and other fish were floating on the surface of the north pond on Tuesday, dead, and went out through the gates with the ebbing tide.

The *Times* announces that "arrangements have been made to play the chime bells at the new church, on next Sunday evening, from eight to nine o'clock."

The bridge between Stratham and Newmarket has been undergoing repairs for some days, but has not been closed to travel, which however will be stopped on Thursday, as the repairs cannot be completed without. It is expected the bridge will be closed until about the 31st inst., the structure having been in a very bad condition when the work commenced.

Ex-Gov. Noyes of Ohio, late United States minister to France, who has been stopping at Little Boar's head, Rye, is going home to engage actively in politics.

The opening of the Boston Museum for the season was on Monday, when the farcical comedy of "Imprudence" was presented. The critic of the *Advertiser* writes in high terms of praise concerning Miss Norah Bartlett's "Zaida." He says "we must credit Miss Bartlett with the most charming effort of the evening, and with an impersonation more artistic and finely natural then she has yet given in Boston." Indeed Miss Bartlett seems to have merited the highest commendation for her efforts.

Four thousand mackerel were brought in on Thursday by a Salem schooner, which seined them near Boon island.

The schoonor Nettie Adams is at Russell & Odion's wharf, fitting out for sword-fishing.

Mr. Daniel Sullivan, who lives on Deer street, had a cancer removed from one of his legs on Tuesday by Dr. Sherburne.

Capt. Peterson's gondola was on Tuesday discharging at Russell & Odion's wharf a load of wood from James Jenness of Durham. The schooner Emma K. Smalley, Cousins master, from Philadelphia with 298 tons of coal to Russell & Odion, was lying in the lower harbor.

The Appledore house had 450 guests at dinner on the 21st inst.

The lower harbor looked lively on Tuesday. At anchor were five war ships, a revenue steamer and several coasting vessels; steam launches and row boats from the men-of-war, and sail and row boats from the city, were thickly sprinkled on the river, and several larger steamboats were running up and down. The Mystic took down two large loads of passengers, not being able to take nearly all that offered on the first trip. The steamer Fearless took down fifteen men belonging to the ships of the squadron, who had been picked up by the police, having failed to go aboard on the expiration of their liberty. The men of the squadron have generally behaved well on shore, no serious misdemeanors or acts of rowdyism being charged against them.

Mackerel were schooling in large numbers above Portsmouth bridge on Tuesday, on the New Hampshire side of the river, and good catches were madé of them with hooks, by men in boats.

The ordnance building at the navy yard was the scene of a brilliant dancing party on Tuesday afternoon. The guests were received by Mrs. Wells, wife of Commodore J. H. Wells, commandant of the yard, and Mrs. Wallace, wife of Capt. Wallace, commander of the Vandalia. The large armory was gaily dressed with flags, and the band from the flagship Tennessee furnished the music. There was a large attendance, and the affair seemed to be greatly enjoyed. The weather since the North Atlantic squadron arrived in port has been extremely fine, and we trust the officers have enjoyed their stay in Portsmouth.

The eleven o'clock train from Boston, Tuesday forenoon, consisted of eleven passenger cars, and they were all filled.

Repairs are being made on the north mill—*the* mill, for it is the only public grist mill within the city limits—and it will start up again immediately, under charge of Mr. Rand, the former lessee.

Mr. E. Adolph Nelson has been appointed to a clerkship in the inspector's department of the New York custom house.

George A. Hammond of Eliot, Me., and Charles E. Walker of this city, have been awarded contracts for furnishing portions of the supplies required at the navy yards, under cognizance of the bureau of construction and repair.

The sundry civil appropriation bill, as passed by Congress, contained an item appropriating $2000 to pay the Gangway rock contractor in full for the damage done to the bandstand and sloop by the U. S. S. Lancaster, at the time that vessel broke adrift from the mooring buoy off the navy yard.

In Cape Neddick, on Monday, a son of Mr. Samuel S. Swett was attacked and badly injured by a dog belonging to Mr. Peletiah Perkins. The dog, a huge brute weighing one hundred and twenty-five pounds, was set upon the lad by some other boys, and bit him savagely several times about the back and loins, inflicting very serious wounds. In the evening of the same day Capt. Swett, master of the schooner Clara E. Simpson, went to Perkins' place and shot the dog dead, the owner interposing no objections. We are not informed as to whether the boys who set the dog on their playmate have been whaled within an inch of their lives, or not; we need no information as to whether they should be.

Ephraim C. Spinney, Esq., of Kittery, has sold to Choate Burnham & Son of Boston about 1000 cords of wood which he had cut on the Rice lot last winter. The schooner Golden Gate is to carry it from Stover's wharf, Kittery.

The Pepperell house at Kittery Point had not a vacant room on the 22d inst.

Advertisement and Notice

CONCERNING THE CONSTRUCTION OF NEW STEEL STEAM CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially of all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches or not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 29, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

The following yarn, which sounds immensely like a story of a cock and a bull, comes all the way from Mobile, Ala., under date of the 21st inst.:

A bundle of papers was found in Choctaw county, Ala., on the 15th inst., which disclosed a well organized plot among the negroes to kill the entire white population of that county. On the 17th, Jack Turner and six other ringleaders were arrested. The plot has been in existence since 1878, and the conspirators now number 400. They have powder, shot and guns. Sunday night, Sept. 17th, had been appointed as the date for the consummation of the plot. The papers showed that this date was selected because then the white people would be at camp-meeting unarmed. A mass-meeting called for Saturday brought together about 700 men, among whom were about 150 negroes, who, after hearing the papers read, by an almost unanimous vote decided that Jack Turner was a dangerous character and that the public demanded his death. He was accordingly hung at 1:15 P. M., in the presence of the assemblage. The crowd dispersed, and all signs of a disturbance ceased. Everything was quiet Saturday night. The other prisoners are still in jail to await further developements.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness. Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

The despatches from Egypt announce that the British troops have been attacked by Hacmatria Adizaz. This is not a Russian general or Egyptian pasha, but a disease induced by drinking the impure waters of the canals.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

When one of the Indian basket-makers at Atlantic City was handed a bogus quarter by a pale-face, the other day, he immediately exclaimed; "Och! the divil take yees for a haythen! Yees can't fool the son of Kilmuck-a-muck wid yer dirty quarter."

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

A boating party of seventeen persons were upset in Pleasant bay, South Orleans, Mass., on the 21st inst. All were gotten out alive, but four of them are likely to die from the effects of the accident.

To banish contagion from garments and linen, disinfect with Glenn's Sulphur Soap.

Pike's Toothache Drops cure in one minute.

The nutritive properties of Colden's Liquid Beef Tonic sustain the body without solid food. Colden's; no other.

A peach train of nine cars went off the track at Franklin, Mass., early Monday morning, and the engine and eight cars were badly smashed.

The best cure for diseases of the nerves, brain and muscles, is Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp colic and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CANNEYVILLE, Ga., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always *cures.* Would not feel safe without a bottle in the house.
J. R. EVE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NATES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 4, 1882.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard it as a necessity in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found it afford instant relief.
H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have proved it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated sandy ridges, where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The bottomes on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

THURSDAY, AUGUST 24, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

A Prophet Without Honor in His Own County.

The republicans of Nelson, in their caucus held Saturday evening, the 19th inst., passed by a vote of more than two to one the following resolution:

Resolved, By the republicans of Nelson in caucus convened, that the nomination of Samuel W. Hale for the governorship of New Hampshire is a measure unwise, and that our delegates to the state convention be instructed to use all fair and honorable means to prevent his nomination.

Nelson is eight miles from Keene, and this fire in the rear is hardly in keeping with Mr. Hale's prediction that Cheshire county would be solid for him in the convention. The county will go for him, but a portion at least "goes for him" in the wrong way.

The Life-Saving Service.

Mr. Sumner I. Kimball, general superintendent of the Life-Saving service, has given orders for manning the life saving stations on the Atlantic and Gulf coasts for the ensuing active season. The stations in the 1st, 2d and 3d districts, including the coasts of Maine, New Hampshire, Massachusetts, Rhode Island and Long island, are to open Sept. 1st; all others will open Sept. 15th, and all will remain open until May 1st.

Afflicted Ireland.

London advices say the murder of the farmer Leahy, near Killarue, was conducted more like a military execution than a murder. The leader ordered "No. 1" to fire, and he did so, and badly wounded Leahy. "No. 10" and "No. 14" were then ordered to fire, and the man was killed. Five young men, sons of farmers, have been arrested on suspicion.

Ten men have been arrested as the murderers of the Joyce family at Cong, and they have been identified by several witnesses of the butchery. A despatch says:

The inhabitants of the Cong district profess the liveliest joy at the capture of the band, which had long been a terror to honestly disposed persons. The prisoners are described by the people as the ten biggest devils in the country. The witnesses gave their evidence with the greatest firmness and without hesitation. Police protection is unnecessary, as the entire population are their body guard. The people shook hands with the witnesses, saying, "God bless you," and expressing gratitude and joy that the murderous gang had at last been run to earth. During the investigation the prisoners frequently put questions which only helped to prove their guilt.

In the commission court at Dublin, on the 22d inst., Patrick Walsh was found guilty of the murder of Martin Lyden in April last, and was sentenced to be hanged Sept. 2d.

News and Notes.

The political friends of Hon. Joseph Davis, of Lynn, have issued an address to the republicans of the sixth congressional district of Massachusetts in behalf of his nomination for Congress by the republicans.

Howard Underwood, who killed Belle Lucas a year ago, has been sentenced to be hanged at Charleston, Mo., Sept. 29th.

T. E. Bailey, a jeweller of North Attleboro', Mass., left his family a week ago, with a note stating that he had gone to Mexico, and should never return. His affairs were found to be in excellent order, and so arranged that his business could be continued, a percentage to go to his wife. Domestic troubles, founded on religious differences, are said to be the cause of his desertion.

Some of the New Haven, Conn., papers are rebuking the band master for having the "Walter Malley March" performed by his musicians on the green during the public concerts for which the city makes an appropriation.

The late Dr. William K. Otis of Willimantic, Conn., got an Indiana divorce from his wife twenty-five years ago. Since his death she has claimed to be his lawful widow, and brought a suit to recover the property. The heirs compromised, however, by allowing her $5,000.

It appears that Charles McMahon and his two hired men, recently found murdered at Mount Pulaski, Ill., were murdered for money, $2000 having been stolen from McMahon's house. A man who formerly worked for McMahon is suspected of the crime, and if captured will be lynched.

The wheat crop in Minnesota is being harvested. The yield is reported as large, and nearly all No. 1.

The English steamship Castalia has been chartered to load 500 mules at Philadelphia, to be taken to Alexandria, Egypt, for the British government.

President Arthur when in New York on the 19th inst. visited Governor's island to call on Gen. Hancock. There was nothing official in the visit; it was simply one true gentleman calling upon another.

As the threshing advances in the central part of Kansas, where most of the wheat of the state is raised, a larger yield is shown than was anticipated by the state board of agriculture. Reports received from eleven counties say the crop will run from sixteen to forty-six bushels an acre, and has shown an average of twenty-eight bushels. The general average of that part of the state is estimated at twenty-three bushels, and in some few counties will run to twenty-five bushels, as was the case in 1878.

They have lively church festivals in the south. While one was in progress at Cleveland, Tenn., on the 22d inst., a riot occurred, during which knives, pistols and clubs were freely used. Mose Gerley was shot dead. One woman was stabbed to the heart, and several others were dangerously wounded.

At Rock Creek, Wyoming territory, Aug. 21st, Robert Aiken was killed by a hunter named Gibbon, who was soon after hung by the citizens.

After undergoing two trials in the United States district court, one of which was for perjury, and the other for using the mails for fraudulent purposes and conspiracy with Vondumme and Welsh to swindle eastern manufacturers, Robert Cunningham was sentenced at Philadelphia Aug. 21st to an imprisonment of sixteen months.

In a fight with the Apaches in the Sarharupi district the Mexican troops lost forty-five men, and the Indians left thirty-eight dead on the field. Eighteen women and twelve children were killed on the road between Sarharupi and the Trinidad mine.

A sudden rise in the Rio Grande river on the night of the 20th inst. carried away part of the International & Great Northern railway bridge and of the Mexican National bridge, preventing railroad communication between Texas and Mexico, probably for several days.

A New York journalist went home the other afternoon, and sat down on the porch of his house in Clinton place to get a breath of fresh air. A policeman came up, dragged him off to the station, and had him shut up over night in a filthy cell with a dozen criminals, on a charge of "loitering." The journalist proposes to prosecute the officer and the sergeant who committed him, to the full extent of the law.

At Philadelphia, Aug. 22d, Wm. H. Robinson, alias "Gopher Bill," a well known counterfeiter, was sentenced to eight years imprisonment and $500 fine. Alfred Hubbard, convicted of making and passing counterfeit money, was sentenced to two years and six months imprisonment and $500 fine.

A peculiar and violent dysentery has assumed the proportions of a small epidemic at Orleans, Mass. Three deaths have so far resulted. One who watched with the fatal cases is lying dangerously ill of the same malady, and many cases are reported in various parts of the town.

Alfred Walfert, a young musician, and Mrs. Ferdinand Levy, wife of a wholesale milliner of Dresden and Berlin, Germany, who eloped with $70,000 belonging to the firm, have been captured at Sonora, Cal. The authorities of that place have asked what reward is offered for their arrest. As there is no reward, and as Levy is in New York for the purpose of attaching money held by the Bank of the Metropolis to the credit of the fugitives, it is probable they will not be held. Levy says it is the money and not the wife he wants.

During a recent tornado in Brewer, Me., a plank was blown with such force against a cistern with wooden walls an inch and a half thick, that the board penetrated some distance through the wall into the water which filled the reservoir. Upon observation subsequently it was found the board was wedged in so closely that the water did not leak out, and the owner sawed the plank off, leaving the remainder sticking through the wall into the cistern. The reservoir is perfectly water tight, and is as full as before.

AROUND HOME.

A yacht belonging to Messrs. Hutchings & Pryor, of South Boston, arrived here on Wednesday of this week from Boston, having been sailed around by Mr. Henry T. Hutchings, the senior member of the firm, formerly a resident of Kittery.

On the 22d inst., as Mr. Amos H. Twombly of this city was working on the Goodwin place (formerly the Gerrish place) on Gerrish's island, Kittery, a hammer with which he was working glanced and broke the forefinger of his left hand.

Charles A. Card and John E. Yeaton have been chosen delegates to the republican state convention from Newcastle.

Simeon Locke, now living at Newmarket at the age of ninety-one years, was the sheriff who arrested John Drew, charged with horse stealing, and who was the first person committed to the New Hampshire state prison.

Mr. L. V. Newell of this city was at Gerrish's island, Kittery, on the 22d inst., taking stereoscopic views of the Burnham farm, Pocahontas point, and the old Frisbee homestead.

A gentleman and wife from Alabama, who have been for some time at Old Orchard beach, are the parents of triplets, two girls and a boy, and the three children taking an airing in one baby-carriage is one of the most attractive sights at the beach, at least to the ladies.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption 'Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. sod&wtjan22

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Dyspepsia, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the flow of milk, sharpens the appetite of the mother and imbues the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renovates the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It relishes pale ale with the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, to whom even artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of life-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

RIVER AND HARBOR IMPROVEMENTS.

The following are extracts from the report of Gen. Thom, U. S. A., engineer in charge of river and harbor improvements in New England, north of Provincetown harbor, Mass.:

Amount available for improvements in Lake Winnipiseogee, July, 1881, $7395; expending during the year ending July 1st, 1882, $4129; balance available, $3266; improvements will probably be completed in August, and will greatly facilitate navigation on the lake.

Amount available July 1st, 1881, for improvement of Lamprey river, below Newmarket, $9991; expended to July 1st, 1882, $4316; appropriated August 1882, $10,000; available during the year ending June 30th, 1883, $15,674; estimated amount necessary to complete, $4000, which can be profitably expended during the year ending June 30th, 1884.

For the removal of sunken rocks in Exeter river, there was appropriated June 14th, 1880, $20,000; March, 1881, $15,000; of this amount $31,973 was available July 1st, 1881; the rocks have been removed from the channel, and the whole amount has been expended.

At Portsmouth harbor, New Hampshire, the estimated amount necessary for the removal of rocks and bars and improvement of breakwater was, in 1879, $155,000; from March, 1879, to March, 1881, $55,000 was appropriated; July 1st, 1881, the available amount was $40,409; for the year ending July 1st, 1882, the amount expended was, including outstanding liabilities, $9990; August, 1882, appropriated $17,000; amount available for the year ending July, 1883, $47,419; estimated amount necessary to complete repairs, $83,000, of which $50,000 can be profitably used during the year ending June 30th, 1884.

JOSHUA WHITCOMB.

Thursday, August 31st, Den Thompson and his well known creation of Joshua Whitcomb will hold the boards at Music hall. It has been two years since Den Thompson last visited here, and we are glad to welcome back the ideal old Yankee farmer, with his honest face, quaint sayings, and big heart. We want once more to pass an evening of enjoyment and laugh dull care away in the atmosphere of his genial society. Josh, ever welcome, will probably be greeted with a large house.

OFF FOR PORTLAND.

The steamers Tennessee, Enterprise, Alliance and Yantic, of the North Atlantic squadron, steamed out of the lower harbor at five o'clock on Wednesday morning, the 23d inst., in the order named, leaving the Kearsarge, which arrived from Hampton roads the previous day, at anchor in the lower harbor. As soon as the ships were well outside of Whalesback the Tennessee signalled to make sail, and the squadron stood off to the eastward in good shape, to run into Portland after four days drill at sea. At Portland the squadron will be joined by the Kearsarge, and after a short stay there will proceed further to the eays ward.

The yacht America, with Gen. B. F. Butler on board, arrived at Charlottetown, Prince Edward island, on the 16th inst. It is rumored that two prominent business men of Portsmouth will join him there, to enter into a mining speculation.

A young man started in a boat from one of the moorings off Russell & Odion's wharf, Tuesday, for a sail down the harbor, and while running in to the old foundry wharf to take on board some young ladies was struck by a flaw, and the sheet being belayed the boat capsized, wetting the young man, and causing the ladies to lose all desire to go sailing with him that day.

During the past two months there has been a gradual decrease in the membership of Good Templar's lodges in this city. In fact Good Templarism is on the decrease all over the country.—*Newburyport Herald.*

This is not the case in this city, where the several Good Templar organizations are active and flourishing, and make new members at almost every meeting.

All the schools of the city will open on Monday, Aug. 28th,—a happy relief to many a wearied mother.

In making your plans for Saturday evening, do not forget that the elegant steamer "City of Bangor" makes a moonlight excursion at that time, with music by the favorite Sawyer's Mills cornet band. This promises to be *the* event of the season on excursion trips. Tickets can be secured in advance at Mr. Beaumont's office, No. 67 Daniel street.

Mr. Fred Conroy, clerk with Mr. George Herbert, has in his possession quite a curiosity, which was made by one of the seamen on board the U. S. S. Vandalia. It is a bottle six inches long and two inches square, and with a small neck; within this bottle is a representation in wood of a lighthouse, pilot boat, tug boat, ship, and a dingy with two men rowing. The making of the toy must have called for the exercise of much ingenuity and patience.

Mr. Thomas C. Cole, the milkman who lives on the former Parsons farm, has in his possession a tall old English clock, which has been in his family over forty years. It is claimed that Mr. Cole has good proof that the clock is over two hundred years old, and was formerly owned by Queen Victoria's father.

The gondola S. B. Spinney, Capt. Cheney, came down the river on the 23d inst. from Durham, with twenty-six oak piles to be used in the extension of Jones' wharf, back of Mr. Jones' office. The gondola left behind at Durham another lot of twenty-four piles, to be brought down for the same purpose.

The steamer Appledore left for the Shoals on Wednesday morning of this week with a very large number of passengers. She brings in many people on every trip, but the numbers going out are fully equal, so far.

The steamer Acushnet arrived here on Tuesday afternoon of this week about a quarter before five o'clock—the quickest passage she has yet made from Boston. She brought a number of passengers, and a large cargo of general merchandise.

A horse race for $100 a side, between "Honest Lion," owned by Mr. Carpenter of Exeter, and "Billy Bundle," owned by Mr. Charles Storer, has been arranged to come off at the Rockingham trotting park on Sept. 5th.

A telegram received on the 23d inst. announced the probable arrival at this navy yard of the U. S. S. Tallapoosa on the 28th, and her stay here for several days to effect some trifling repairs.

The associated press calls Frank P. Cram of Hampton Falls "F. P. Crane of Exeter." We suppose that is on the supposition that he will have a neck long enough to swallow all the nonsense produced in the suit for abating a railroad tax wherein he is sitting as one of the referees at Concord.

The following conversation between a Portsmouth man and a Boston sojourner at the seaside, occurred in Conductor Garland's train recently: Boston man—"I notice that Frank Jones and Mr. Walker have gone to Nova Scotia together. What's up now?" Portsmouth resident—"Well, I suspect Mr. Jones has gone to Nova Scotia with a view of buying the province, and has taken Al. with him to put a valuation upon the coal mines."

Several loaded freight cars got off the track near the southerly end of the Noble's island bridge, Wednesday forenoon of this week. Trains were able to get by on another track, and the inconvenience was not great. The cars were soon replaced, and the damage was trifling.

The latest fashionable agony in the carriage line is the dog-cart, a vehicle which seems to be a cross between a wheelbarrow and a coal-cart, bigger than one and not so big as the other, and about as easy to ride in as either. The costermongers and cats-meat-men of London use them in their business, and who in the world imported the fancy for the ill-looking and uncomfortable things cannot be told; but no doubt they are commendable on the score of economy, as they must be cheaper than almost any other kind of carriage.

The Dover *Republican* is shocked because some of the tradesmen of that city have been waiting upon customers in their shirt sleeves, and by way of illustration asks what would be thought if female clerks did so?—*Manchester Union.*

We can tell our brother what most all the men would think, and that is, that the stores where the female clerks dressed that way were the ones most deserving of their patronage. And those who pretended to think differently would all go there to buy things they wanted, or didn't want.

FROM A WINDOW IN CHAMOUNI.

Long waited for, the lingering Sun arose:
Hid was the low East, flushed with crimson shame,
By stately hills, to which his glory came
One after one, kindling the virgin snows,
That on their brows eternally repose,
To glowing welcome of his godlike claim
To be their Lord and Lover, and his flame
Of ravishing passion to disclose.
Even so for you, impatient hearts, that wait,
Cold 'neath the snows of your virginity,
The hour shall come that warms you, soon or late:
Though long your night, the longest night goes by,
Strong Love shall shine in triumph from your sky,
And with his kiss of fire fulfill your fate.

—LOUISE CHANDLER MOULTON, *in Harper's.*

A Blackmailer Caught.

In Lawrence, Mass., Aug. 22d, Charles Cate, a prominent contractor and builder, was arrested on the charge of threatening the life of Mrs. M. S. Anderson, and also attempting to extort money from her. Mrs. Anderson keeps a millinery store on Essex street. She alleges that Cate has been forcing his attentions upon her, and upon their rejection he threatened to shoot her. On the afternoon of the 22d he went to her store, and, in the hearing of officers who were concealed, offered not to trouble her more if she would give him $75. He claims that Mrs. Anderson owes him $150 which she will not pay. A few week's since the woman's store was burglarized, and $400 stolen, and the following day Cate presented her with a check for $150.

Sour Grapes.

The editor of the *Sun* claims to be very much exercised because Secretary Chandler is about making an official visit to the navy yards in the Tallapoosa. It is the secretary's right, duty and privilege to use this vessel for just such a purpose. It probably will cost the *Sun* man, as a taxpayer, not more than the one-thousandth part of one mill, if it does that much. We will venture to hazard a new hat if the editor in question had the chance to be secretary of the navy he would travel in a frigate, as the Tallapoosa would not accommodate his *cuisine*, wine locker and army of French cooks. The *Sun* gets awfully worried about other people's affairs—needlessly, we think. He is very fond of the water—for navigation purposes—that we know, but he does not like to see anybody else take a sail. Poor fellow, he makes a considerable splutter in this world, but then it don't amount to much after all.—*Nautical Gazette.*

A Solved Problem.

"Jack," said an affectionate mother the other morning, "you really must come home earlier nights. Do you suppose Esmeralda likes to have you stay so late?"

"I'll tell you how it was," replied Jack. "You see, she was sitting on my hat, and I felt a little delicate about mentioning the fact."

"Very well, I'll give you a bit of advice. The next time don't fold your hat in your lap."

She knew how it was herself.

* * "Every truth has two sides; look at both before committing yourself to either." Kidney-Wort challenges the closest scrutiny of its ingredients and its grand results. It has nothing to fear from truth. Doctors may disagree as to the best methods and remedies, for the cure of constipation and disordered liver and kidneys. But those that have used Kidney-Wort, agree that it is by far the best medicine known. Its action is prompt, thorough and lasting.

L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
R. PITE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 18, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without it in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CHEFOO, NORTH CHINA, Feb. 4, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard it as present in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days patient sufferer from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER and found almost instant relief.
H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing new cases expires January 14, 1883. All cases not entered on or deep; in that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the direct effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Portsmouth Chronicle.

FRIDAY, AUGUST 25, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The War in Egypt.

The British at Port Said have captured Ruchdi Pasha, formerly the khedive's minister of finance, and Zulfikar Pasha, of the khedive's household, who had espoused the cause of Arabi Pasha.

The military police have arrested nineteen Greeks who were pillaging in the Arab quarter of Ismailia. Ten of the prisoners were shot. The water in the fresh water canal is falling perceptibly at Ismailia. It is feared that Arabi Pasha has diverted its course. The canal company has issued a notice requesting economy in the use of the water.

Alexandria advices of the 23d reported that "there are increased signs that Arabi Pasha is retiring from Kafr-el-Dwar. Fires were observed last evening in the neighborhood of Aboukir and Kafr-el-Dwar. It is believed that part of the Egyptian force is burning the villages, either during or preparatory to a retreat. Since the engagement at Shaluf the enemy have left every position they held between Suez and Ismailia, and are retreating in disorder toward Zagazig." Other reports are to the effect that Arabi is strengthening his position instead of retreating.

News and Notes.

The republican papers of Maine are cautioning the party against over confidence, a mistake which led to the partial loss of the state in 1880.

Congressman Crapo of Massachusetts declines to make any explanation of his vote on the river and harbor bill. A public meeting was announced for the purpose of giving him such an opportunity, but as he refused to speak the project was abandoned.

The distinguishing feature of the Iowa democratic platform is its hostility to prohibition and protection. So the party will go into the campaign as the advocate of free rum for everybody and low wages for workingmen.

The three men who robbed the stage coach going into Globe, Arizona territory, Aug. 20th, and killed the express messenger and Dr. W. F. Vallon, have been caught, and one of them has made a full confession. They will never commit another murder.

Thomas T. Doland, twenty-one years old, of Winchendon, Mass., has gone to state prison for seven years for ravishing Mary W. Sullivan of Gardner, a girl thirteen years old.

A two-mile swimming match for $1000 a side, between Capt. Webb, the English champion, and Thomas Riley of Newport, R. I., came off on the 23d inst. at Nantasket beach, and was easily won by Webb.

Fishery Inspector Kiel has stopped Americans from fishing in Canadian waters. A number of steam yachts and small boats have been operating in the vicinity of Wolfe and Simoos islands. The inspector has informed the crews that they had no right there unless licensed. Some tourists declined at first to move, but did so on a threat being made that their boats would be seized.

Frank P. Livermore, of Bradley, Me., a member of the last legislature of that state, had both legs cut off by a circular saw on the 23d inst., and died in two hours.

Parker C. Crane, fifty-two years old and long an invalid, fatally shot himself at Bangor, Me., Aug. 23d.

Adoniram B. Smith, of Brownville, Me., a peddler, thief and bummer generally, is awaiting trial on a charge of setting fire to the buildings of W. B. Cookson in Palmyra, Me., Aug. 15th.

Melissa Watson, aged forty years, a married woman, hung herself in a cell of the jail at Newport, R. I., Aug. 23d, while in a fit of delirium tremens.

At St. John, N. B., Aug. 23d, a Mrs. Leeman was killed and her daughter and a young man seriously injured, through a horse running away and throwing them down an embankment.

The man lost from the U. S. S. Tallapoosa, on the trip from New York to Newport, was acting quartermaster Henry Kratz. The crew were at their customary exercise of lowering the life boat, when the forward tackle got away and let the bow down by the run, throwing three men into the water. Kratz was probably stunned, as he did not come up to the surface at all; the other two men were picked up, one of them having a broken rib. The steamer anchored for the night, and boats were kept out until daylight in hope of finding Kratz, but in vain.

Rev. C. H. Hanford of Clinton, Mass., a member of the New England conference, has been appointed to the Methodist church at Exeter, to take the place of Rev. J. W. Walker, resigned.

On the 16th inst. a stranger giving the name of S. E. Montgomery called at Littlefield's livery stable in Saco, hired a team to be gone two or three days, and has not returned. He represented himself as a commercial traveller, but investigation tends to show that he is an old offender at horse stealing. The officers feel confident of his capture.

AROUND HOME.

The funeral of Mr. Thomas Salmon, late of Russell street, took place on Thursday last from the Church of the Immaculate Conception, and was very largely attended, the esteem in which the deceased was held by his companions and acquaintances being also indicated by the choice floral emblems provided. Mr. Salmon, who was but twenty-three years old at the time of his death, was a young man of more than ordinary intelligence and promise, of very quiet and unassuming character, and greatly liked by those with whom he was brought in contact. He was a boiler-maker by trade, and of late employed on the navy yard; and it is supposed that the disease (typhoid fever) of which he died was occasioned primarily by a severe cold contracted from entering a boiler and lying down on the cold iron, while at work.

Mr. Charles A. Neal, who drives one of the city teams, accidentally fell from his seat on the team, Thursday of this week, and severely sprained one wrist and one ankle.

On Friday, the 18th inst., Mr. H. S. DeRochemont of Newington loaned one of his horses for a drive to Rye beach. The horse, which was a large, powerful and valuable animal, appeared in perfect health at starting, but was taken sick at the beach, and was got home with some difficulty; and though everything was done for its relief that could be, death ensued on Saturday night.

A number of gentlemen from this city who attended a clambake at Dover point on Wednesday of this week, are satisfied that the custom of Portsmouth people is not wanted at that place.

The Charlotte Thompson dramatic company will on Tuesday evening, Sept. 5th, perform in Music hall the great drama "Jane Eyre,"—a new version prepared especially for Miss Thompson.

The elderly man who was struck by an Eastern railroad train in South Berwick on Monday of this week, as before reported, was named William Low, but his place of residence was not found out; he was struck by the express train from North Conway, at Davis' crossing, and had several ribs broken, also one arm and one leg, and was badly injured internally. Persons who saw him previous to the accident say he acted and looked as if he was crazy.

The coaches for York and Rye beaches left this city on Thursday morning loaded to their utmost capacity. The travel to and from the beaches seems to increase as the season draws toward its close.

The Geneva Award.

Portsmouth has a stake in the bill which passed Congress at the last session, re-establishing the Court of "Alabama Claims" and providing for the distribution of the remainder of the $15,500,000 awarded to this country as compensation for the depredations of rebel cruisers. A *volume has lately been published by a member of the Washington bar, which contains an exhaustive history of the proceedings of the original court, and the text of the act which established and continued it. In this volume is given a description of the new features of the act of 1882, and a copy of all the acts is appended.

An interesting correspondence with Judge Richardson, formerly Secretary of the Treasury, is also printed, setting forth the process by which the $15,500,000 were placed in the United States treasury without disturbing the balance of trade and without the transfer of a single coin. This method, which was highly ingenious and successful, is now made public for the first time.

The treatise is of much value to the profession, and to all who are to have business with the new court. It is the work of a gentleman who has had large experience of the whole matter, as private counsellor, and as United States counsel. It shows proof of laborious study and research, and will add to the reputation of the author.

GONE.

From my sleep I start, and gaze without.
What is this load—this load of doubt—
This weight, that presses so hard and deep
Upon my heart that I cannot sleep?
That presses so hard—with such a heat—
That my burning heart will scarcely beat?
Sunk is the star that beckoned me on!
She whom I loved is gone, is gone!

I gaze from my window—I gaze on high:
Coldly the moon slants downthe sky—
Cold as the cold and icy twilight
That lies in the Valley Desolate—
That lies in the valley of death and gloom
Where earth for its beautiful bride made room.
Sunk is the star that beckoned me on!
She whom I loved is gone, is gone!

Faint on my bed falls the light of stars:
Red at the door of his tent stands Mars—
Red as the lurid light that throws
Vesuvius' shade on Italian snows.
—Faintly it falls on her lowly mound,
And reddens the landscape all around.
Sunk is the star that beckoned me on!
She whom I loved is gone, is gone!

O what to my heart remains of good!....
—I mind thyt when last by her side I stood,
She pointed her finger—she pointed high:
"I die," she murmured, "we shall not die!"
That finger uplifted I still can see;
And it beckons, eternally beckons to me.
She whom I loved—ah no! not gone!
The star that once beckoned still beckons me on!

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, ballroom, and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MOONLIGHT EXCURSION.

The moonlight excursion to-morrow (Saturday) evening by the fine steamer City of Bangor will no doubt be largely patronized if the weather is favorable. The Sawyer's Mill cornet band, favorably known to our citizens as a musical organization of more than ordinary merit, has been engaged for the occasion, and the price of tickets is trifling. See advertisement.

THE "TWO ORPHANS."

On Monday evening next, after a long season of quiet, an entertainment of high order will be given in Music hall, when and where Miss Kate Claxton and her dramatic company will present the "Two Orphans." This is well known as one of the most effective emotional dramas ever put on the stage, and Miss Claxton has long been acknowledged as without a rival in the great character of Louise, the blind girl; she is supported by Charles A. Stevenson as Jacques, Miss Henrietta Vaders, and a full company of selected performers of high merit.

DIRTY WATER.

A boat belonging to Mr. George J. Fernald's fleet of letting boats has been in the north pond during a portion of the summer, having been hired by a person or persons who had occasion to cross the pond several times a day, to save travelling a much longer distance around. Recently the boat was taken back to Mr. Fernald's place in the rear of No. 81 Market street, hauled out on the wharf, and turned bottom up. The keel and bottom were thickly covered with foul matter, which under a hot sun emitted a most overpowering stench, and made the boat look as though she had been charred over a smouldering and smoky fire; this filth was easily scrubbed off with a broom and water, taking the paint with it. The sides of the boat above the waterline were streaked and discolored to the gunwale, as was also the inside paint to a less degree; and a thorough scrubbing and scraping inside and out, and repainting, were necessary to make the boat again fit for letting purposes, or indeed for any purpose except the transportation of offal. When the water in a pond is so impure that the gases arising from it will turn black and blue the inside of a boat floating on its surface, it cannot but be injurious to health; that the pond when it moveth itself aright is destructive of comfort, every person in the city was long ago made painfully aware.

THE COLOR LINE.

A colored man attached to either the Vandalia or the Kearsarge in the capacity of steward, on Thursday last visited every barber shop in the city that he could find—and he thinks he did not miss one—but could not get shaved in any one of them. He was a well-dressed, clean-looking and respectable-appearing man, and told our informant that this was the first seaport he ever visited where he experienced any trouble in getting a shave, or any other proper accommodation for which he was prepared to pay.

FIRES IN YORK.

The house owned and occupied by Ben. P. Moulton of York, better known as "Uncle Ben," was burned about five o'clock in the afternoon on the 23d inst. Uncle Ben is well known in Portsmouth, having for many years appeared on the Parade at intervals with loads of ladders or charcoal. The house was built for him some years ago by his neighbors and friends in the charcoal-burning district of York, who "chipped in" the materials and also contributed their labor. The loss is a serious one for the unfortunate man, though we are informed there was a small insurance on the property. The fire caught from Uncle Ben's pipe, he having smoked in bed. The flames spread to the bushes, and at one time threatened to reach four hundred cords of wood piled not far away, belonging to Grant Brothers and others, but the neighbors by hard work averted this.

The farm house, barn and out-buildings of Albury A. Norton at Cape Neddick village, were burned between one and two o'clock in the morning on the 24th, probably by an incendiary fire. The furniture in the house and the contents of the barn were nearly all consumed. Loss stated at about $800; insured.

MATTERS IN RYE.

RYE, August 23d.

The roads have been so very dry that Rye has seemed less attractive than usual, so far as drives are concerned, this season. The loss of the Farragut has had an everywhere-visible effect on the summer business at Rye. The diminution of travel at the Rye beach station of the Eastern railroad has been apparent to every one. The burning of the Perkins and Sanborn boarding houses leaves a sad spot on the road to the beach, and the suggestion is made that with so many valuable buildings in town, we should have some apparatus for extinguishing fires.

At Little Boar's head among the notables are Gov. Bell, and Ex-Secretaries Blaine and Robeson. Mr. Blaine, as does every one who comes to Little Boar's head, admires the location, and he is greatly moved to build a cottage here. A cottage facing the ocean is rented by Miss Baker, a wealthy lady from Cincinnati, for $500 for the season of two months. The new cottage of Major Chas. Adams Scott, of Lowell, Mass., completed this season, is the finest building of the kind on the coast. It was designed by a Lowell architect, and constructed by Mr. Dearborn of North Hampton. It is stated that the major received a tempting offer from a would-be purchaser before he occupied it last month. A lot on the head has been sold for $5000, and taken by two new owners. One of these, Miss Baker, will build a fine summer residence facing the ocean, which like Major Stott's will be a great addition to the appearance of the spot. Judge Minot's new cottage is occupied by his son-in-law, Geo. R. Fowler, Esq., of Boston, and has one of the finest ocean views on the coast. The fresh southeasterly winds have sent in the rollers, and the long calm on the ocean is succeeded by a surf much greater than any before seen during the season.

Hon. Emmons B. Philbrick, we are happy to state, is improving. A severe blow upon the head of the ex-senator has kept him until this week confined to his bed, but he is gradually recovering, and sits up at intervals. His escape from a more serious injury is a source of congratulation among his many friends in Rye, as well as in other parts of the state.

The selectmen have been notified that the court has accepted the report of the county commissioners ordering the widening of the Sandy Beach road, and judgment has been ordered thereon. We infer that the work of widening and straightening will be completed this fall. This is one of the finest drives in town, and now that the contest is over, it is admitted that the improvement is one which, though the selectmen observed the wishes of a majority of the voters in resisting the petition, ought to be made.

Potatoes are being harvested already.

BREAKFAST HILL.

FARMING BY AN AMATEUR.

"Plant cucumber seeds the first day of June before sunrise, and the bugs won't trouble the vines," is an old adage among farmers, and one which we carefully observed this year by getting up about four o'clock June 1st, and planting a few hills of cucumber seeds, intending to raise our own pickles. They did beautifully. They grew rapidly; and, sure enough, the old adage was right—the bugs never appeared. By and by the vines began to run, and then the yellow blossoms came in thick profusion, and we eagerly looked for the "green prickly cucumber," as the label had it, to appear. Soon came forth from those blossoms a chunky something of a dark green color, covered with long, white, hairy down. Not long prickly cucumbers, certainly, we reflected. The other half of us slurringly suggested that it was complimentary to the good taste of the bugs to refrain from eating such vines. However, we waited patiently a few days, and the ill-shaped cucumbers grew and grew until they reached the size and about the shape of a regulation base ball, only they were harder and probably not so good to eat. Determined not to be cheated out of our pickles, we cut them off and salted and fixed them all up nicely in vinegar and spices. After they had been standing the customary length of time for the vinegar to "strike through," we trotted them out on the table and invited a friend in to enjoy them with us. When the fruit of our garden was passed around, an old lady with whom we are on intimate terms, who has made more pickles than we are days old, remarked, "Well, I declare; so you have pickled cantelope melons; I never heard of such a thing, but I should think they might be nice." And that was the joke of it. They *might* have been nice, no doubt, if we had let them grow for melons, but for pickles they were an utter failure! The moral of which is, don't plant melon seeds when you want to raise cucumbers. And another moral is, don't cut them off and pickle them, and thus cheat yourselves out of some nice yellow melons. A FARMER IN EMBRYO.

Lydia E. Pinkham

LYDIA E. PINKHAM'S

VEGETABLE COMPOUND,

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Woman. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh color of life's spring and early summer time.

Physicians Use It and Prescribe It Freely.

It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of humor from the Blood, and give tone and strength to the system, of most scrofulous character. Insist on having it.

Both the Compound and Blood Purifier are prepared at Nos. 233 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

Sold by all Druggists. (1)

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is needed to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. It works wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find a remedy equal to this healthful blood and nerve food tonic. For sale by all Druggists. $1.00 per bottle. Prepared only by WHEAT BITTERS CO., Office 19 Park Place, New York City.

Bathing and Exercise.

Proper and appropriate exercise is essential to health. There can be no healthy development without it. No subject is so much talked about and so little understood by most persons. Every one can discourse glibly on the subject, and in a general way prescribe it for every ailment. Twenty years ago the hobby was cold-water bathing; ten years later warm water was substituted for cold; then the gymnasium, with its dumb-bells and "lifting" machines—"health lifts," as they are called, and I think very properly, because no device, save dumb-bells, could lift a man's health and carry it away more effectually. Strictly speaking, cold bathing may not be considered exercise; but I desire to say a few words on that subject. There are many mothers even now who bathe their infants in cold water every day, in the belief that it is a sanitary practice. It seems to me that a little reflection will cause any intelligent mother to abandon it at once. The infant is a delicate and sensitive creature, who has but three chances in four of ever getting out of his swaddling clothes under the ordinary treatment. Were he intelligently cared for, his chanches of reaching manhood would probably be ninety-nine in a hundred. But the average baby has his feet forced into shoes several sizes too small for him; his dress "commences low and ends high," leaving shoulders and knees exposed to cold air; he has but one third enough food to eat, and hardly a thimbleful of pure cold water to drink during the day; if he survives these tortures, a few cold water baths often suffice to chill the blood so that it ceases to flow; and, finally, the responsibility for this cruel ignorance is sacrilegiously attributed to Providence. The gymnasium would be a valuable institution if all who go there to exercise would limit there gyrations and contortions within reasonable bounds. But there is always more or less rivalry in the performance of difficult feats, and the actors are often goaded on beyond the point of safety. Hundreds of young men have been broken down in this way beyond the hope of restoration to health. All bodily motion is induced by contraction or extension of the various muscles of the body at command of the will; now, if the individual becomes excited and eager to excel in some difficult feat, he forgets himself; that is, reason for the time loses control of him, and he over exerts himself. The muscles have been so long on the stretch that they are tired out and lose their elasticity and have not the power to regain it. A man who has had much of this sort of experience may display some muscles of abnormal development, but it is often found that the material has been taken from points where it was needed far more. It is perhaps better to take no exercise than to carry the thing to excess; but it should be an easy matter to regulate the amount to the requirements of the individual. If this is done its effects are marvellous. A few simple rules are sufficient. Never exercise to the extent of great fatigue. Stop short of that and you are always gaining strength; go beyond and you lose strength in proportion. The best exercise is horseback riding, because it keeps all the muscles in motion, *involuntarily*; the horse lends you his muscles. Walking is the next best method; all the muscles are brought into use, but it requires an effort of the will to maintain the motion, and this detracts from its value. Every one has noticed how much more a sprained wrist, for example, is relieved when rubbed briskly by another person than when rubbed by the other hand of the patient. There is something soothing in passivity. It is said that lazy people live the longest, and that may be the reason.—*Hall's Journal of Health.*

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

—At a recent Sabbath evening service in Chicago, the pastor, who was going to Europe for the summer, took a very affecting leave of his congregation, and at the close requested that all should join with him in repeating the Lord's prayer, "after which" the choir would "sing a hymn. As soon as the prayer was finished the basso struck up "Rocked in the cradle of the deep," and the organist favored the audience with a mock thunder storm, with howling winds, etc., between the verses! And then the benediction!

Highly Esteemed.

The youthful color and a rich lustre are restored to faded or gray hair by the use of Parker's Hair Balsam, a harmless dressing highly esteemed for its perfume and purity.

—"Vegetables are ever so much better for a person than meat this hot weather," remarked the head of the family, as he reached for the last slice of beef and left an unsatisfactory ear of corn for the rest of the household.

—A colored congregation recently discharged their pastor because he made too frequent and uncomplimentary references to "de powers ob darkness." That kind of talk did not match the complexion of the congregation.

Indigestion, dyspepsia, heart-burn, nausea, etc., cured by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaints, etc., and is *perfectly safe.*

Read the following:

BRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and do not care ever little. JULIUS W. DEE.

MONMOUTH, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and chronic diarrhœa, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. T. R. TYER.

Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. T. I. NAYES.

OSWEGO, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house. W. O. SPERRY.

CONNAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard it as a treasure in my household as an *indispensable necessity.* J. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. SOOBY.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to afford relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the diree effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. Address the proprietor, Dr. David Kennedy, Rondout, N. Y. 4i1 4w

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clear and smooth. *These Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils? Why are with that terrible Headache? Why have that foul taste in your mouth? What make you feel so dull, with Rheumatism? Why feel so nervous? Sulphur Bitters are all that make you feel so well. They are a gentle stimulant, and a most reliable tonic to assist nature to repair the damage which your nervous system has caused. It is also a most powerful remedy for all Kidney Complaints. It is composed of the choicest Roots, Herbs, and Berries combined with the extract of SULPHUR in such proportions as to make it NATURE'S GREAT NERVINE.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the cheapest, the *best and cheapest* medicine. Try it, and you will be satisfied. Get it of your druggist. DON'T WAIT. GET IT AT ONCE.

News and Notes.

A rather diaphanous story comes from Mt. Desert, Me., of another attempted highway robbery.

Smallpox is epidemic in the poorer districts of Baltimore.

Garland, tried for murder at Lunenburg, Va., for killing Addison in a duel, was cleared by the jury. Roswell and Roach, the seconds, also indicted, had their cases dismissed. The evidence was clear against them all.

Mary Glynn was convicted at Bangor, Me., on the 24th inst., of murder in the 1st degree for killing her daughter's illegitimate child.

Ira Draper, seventy-seven years old, hung himself in Bellows Falls, Vt., Aug. 29th. He was no doubt insane.

Mrs. Chas. F. Whitmore, aged twenty-four years, was instantly killed by the cars at Walpole, Mass., early on Thursday morning last.

A telegram from Vienna states that over one hundred women are on trial at Gross Becskerek, Hungary, charged with poisoning their husbands. The guilt of thirty-five of the women has been proven.

Henry J. Hall, paying teller in the Rhode Island Hospital Trust Co., of Providence, is a defaulter to the amount of $21,000. He confesses his guilt, and that he has been stealing for several years; the money was consumed in extravagant living.

The congressmen who have not tried to explain why they voted for the harbor bill have, on the whole, got along better with their constituents. Senator Hoar may outlive his fault, but he will never quite recover from his letter of explanation. Henry Clay unquestionably lost his chances for an election in 1844 by writing a short letter of a few lines; Lewis Cass lost his nomination by the celebrated Nicholson letter. These examples remind every statesman of the French aphorism, that no man was ever written out of reputation except by himself.—*Philadelphia Press.*

The next number of the "Atlantic" will contain a further account by Mr. Frank Cushing of the "Nation of the Willows," and also an article on European travel by Mr. Charles Dudley Warner.

Miss Virginia Johnson's "English Daisy Miller" is said to have been founded on fact, that lady having met during her travels abroad a young English girl whose manners she exactly reproduced. The denouement was an actual occurrence.

By Universal Accord,

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use, and being sugar-coated, they are pleasant to take. In intrinsic value and curative powers no other Pills can be compared with them; and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.

For sale by all druggists.

At Waterville, Me., last Thursday, while a crew were engaged in moving a small building, Lawrence Lessor was by some means thrown under the wheels of the moving building, and one passed over the lower part of his head and neck, killing him instantly. Deceased was a Frenchman, about forty-five years old, and leaves a widow and six children.

At Visalia, Cal., Aug. 22d, Ben Harris, a colored man, fatally shot his wife, mortally wounded a fourteen-years-old step-daughter with an axe, and severely wounded another step-daughter, aged ten. He then fled, and thirty armed men started in pursuit.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

At Buffalo, N. Y., at eleven o'clock at night on the 24th inst., the roof of the Erie railway elevator was blown off by an explosion, the cause of which is unknown, and the building burned to the ground. The flames were confined to the elevator, with the exception of one or two small shanties. The engineer, John Bonner, John Kemp and Henry Lee are supposed to have been burned up. Timothy Driscoll was fatally injured. The loss was over $425,000.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 35c.; Cuticura Shaving Soap, 15c.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing premature Decay, Nervous Debility, Lost Manhood, etc., having tried vain every known remedy, has discovered a simple remedy, whereby he cured himself. Will send this FREE to any fellow-sufferer. Address J. H. REEVES, Station D, Brooklyn, N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

SATURDAY, AUGUST 26, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

That "Negro Conspiracy."

A Washington despatch of the 21st inst. was as follows:

A meeting of colored men, who are natives of Alabama, residing here, will be held Saturday night to take action on the hanging of Jacob Turner in Choctaw county, Alabama. An Alabamian named William V. Turner, in a card in the *National Republican* of this morning, denounces the story of the plot for killing the whites there, and says the alleged reading of papers disclosing the plot was a trumped-up charge, to excuse the hanging of Turner.

The story of the negro conspiracy in Choctaw county, as first told, was more wildly absurd than anything ever invented by Jules Verne; and probably not an editor in the country, democratic or republican, placed the slightest faith in it from the start. We certainly did not, and called it a cock-and-a-bull yarn when it first appeared. That four hundred southern negroes had "conspired" to murder 6000 southern white men, and while having meetings right along, and keeping most damming records of the same, and gathering ammunition and arms to carry out their nefarious purpose, could for five years prevent any hint of their plans from becoming public, required more credulity than we possess, to swallow. The Alabama democrats most egregiously overdid the cock-and-a-bull business. As the matters now looks, Jack Tanner was a colored man of more than ordinary intelligence, courage and energy and had great influence with the colored people of his section; he was endeavoring to organize his people in opposition to Bourbon democracy; hence he was a "dangerous character," and was brutally murdered by a democratic mob; and that is all there is of it.

AROUND HOME.

Editors are favored mortals. On Friday we received from a neighboring city a postal card bearing the following message: "*Mr. Editor*: Send me a picture of 'Pocahontas point,' at your own expense." The mercury in the thermometer over our desk fell twenty-seven degrees when we held that postal card up to it. But the picture shall be forwarded.

The *Journal* announces that Mr. A. T. Van Laer, who has taught classes in painting and drawing for several years past in this city, has been appointed to a professorship in the young ladies' seminary at Jacksonville, Illinois, to take charge of the art department therein, and will assume the duties of the position early in September.

The employes of the Oceanic and Appledore houses, Isles of Shoals, had their annual dances this week, the Oceanic hop coming off on Wednesday night, and that at the Appledore on Thursday.

The *Great West*, of Denver, Colorado, of date August 19th, has the following: "Dr. J. F. Hall, a prominent physician of Portsmouth, N. H., arrived in Denver on Monday, Aug. 14th, with his family, en route to visit friends in Fort Collins, and after that to visit the Atlantic-Pacific Tunnel. He favored this office with a call, and will be more than welcome when next he comes. Dr. Hall is a thorough representative man, and if he will stay here and grow up with the country there will be one more deserving family here in Colorado, the future treasury of the United States."

The Rockingham County Temperance association held its monthly meeting on the Hedding camp ground at East Epping on the 24th inst. The weather was pleasant, and the attendance large. Rev. G. W. Norris, of Lawrence, Mass., gave the address, and short speeches were made by Mrs. Hattie E. Shurff of Epping, Rev. C. B. Pitblado, Rev. Fred E. White of Epping, Rev. Otis Cole of Suncook, and others.

A New Hampshire Veterans' association has been organized at Lynn, Mass., with Willis L. Hidden, formerly of this city, as secretary.

At a meeting of the directors of the First National bank, held on Wednesday forenoon, the 23d inst., Edward P. Kimball, cashier, was elected president of the bank, vice Ichabod Goodwin, deceased; Robert C. Peirce was elected to the cashiership. William H. Goodwin, President of the Elliot National bank of Boston, and Robert C. Peirce, were elected directors of the First National bank, vice Ichabod Goodwin and John Stavers, deceased.

A boy named Rowland Orne, eleven years old, was run over at Rochester about eight o'clock on Friday morning by the Conway freight train on its way to this city, and had one leg cut off. The boy was trundling a velocipede on the platform of the railway station, and ran off the platform and in front of the locomotive too late for the engineer to stop the train.

The following named gentlemen were elected delegates to the several conventions by the republicans of Newcastle: State, C. E. Whitehouse and C. D. Rand; congressional, C. E. Campbell and J. M. Meloon; county, John E. Yeaton and Charles A. Card; councillor, Moses R. Curtis and Albert H. Bickford; senatorial, Robert W. Yeaton and Jesse O. White. The republican club organized as follows: President, Charles E. Campbell; vice presidents, W. R. Yeaton and B. F. Curtis; secretary, C. E. Whitehouse; treasurer, Albert A. White; executive committee, C. E. Whitehouse, J. M. Meloon, A. H. White, J. E. Yeaton, Daniel Amazeen, R. A. Yeaton, John W. Amazeen, Wm. J. Frost, N. P. Campbell.

About four hundred mackerel were sent in from the Shoals by steamer on Thursday. The shore boats have generally made fair catches for a few days past, and brought in enough fish to keep the local market fairly well supplied. Lemuel B. Caswell, at Smuttynose island, and Elvin Newton at Lunging island, have done a good business within the last two or three days, baiting schooners.

It is said the new Farragut house at Rye beach will be one continuous building 300 feet long, with a dance-hall separate. The architecture will be of the Queen Anne style, and each chamber will have an open fireplace. It is intended to make the hotel second to none on the coast. It will be open next season, and the statement is made that two-thirds of the rooms have already been engaged.

President Chamberlain of Bowdoin college has been invited to give the address at the re-dedication of the Congregational church in York.

Mr. James Buckley, the Water street hairdresser, on Thursday last at the Plains threw a base-ball on a wager, and covered a distance of 125 yards by tape-line measurement. It is said that one of the noted professional base-ballists has thrown a ball 185 yards, but the story sounds rather tough.

The man who was reported to have died in South Berwick from injuries received in a drunken row at York beach, is not dead at all, and does not live in South Berwick. He is a resident of Salmon Falls, N. H., and is slowly recovering from the effects of the brutal pounding given him by his drunken companions.

The people of York are divided in sentiment concerning the summer hotels and the guests they attract, many of the farmers being "down on" both houses and visitors. They say that the hotels stock large sums of money in a short time, yet are so lightly assessed that they do not pay their fair share of the taxes, while demanding the construction of new roads, etc., that will not benefit the town at large in any way. Also that many of the summer boarders seem to think they own the whole place, including the highways, and when driving along the roads do not pretend to do their share of the turning out for country teams. They are but little mollified by being reminded that the summer hotels make a good market for the poultry, eggs, garden sauce, etc., raised in the town, and that it is ill-bred boors only, and not gentlemen, who exhibit a disregard for the courtesies and rights of the road.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 400 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

STEAMBOAT EXCURSIONS.

The moonlight excursion on this (Saturday) evening by the fine steamer City of Bangor will no doubt be largely patronized if the weather is favorable. The Sawyer's Mill cornet band, favorably known to our citizens as a musical organization of more than ordinary merit, has been engaged for the occasion, and the price of tickets is trifling. See advertisement.

By a notice in our advertising columns it will be seen that the regular trip of the South Shore line steamer from this city to Boston, on Monday next, is to be omitted; and instead thereof the City of Bangor will make a trip to Boston on Sunday, the 27th inst., leaving this port at ten o'clock in the forenoon. All trips after Monday will be as per time table.

Jerry Murphy, Jr., drunk; this was the young man's first appearance before the court, in consideration of which, and of his signing the temperance pledge, he was allowed to go on probation.

THE PRICE OF MILK.

The milk-dealers of this city, following the example set almost everywhere else in southern New England, have decided to raise the price of milk to six cents a quart on and after the 1st of September. The total failure of fall feed in the pastures, and the consequent necessity of feeding the milch cows on hay and vegetables, not only results in a great increase in the cost of keeping the cattle, but in a serious decrease in the yield of milk; and the producers allege, with a good show of reason, that it is impossible for them to make a living at the business with milk bringing only five cents a quart.

EXCURSION TO THE WHITE MOUNTAINS.

There will be an excursion over the Eastern railroad to the Fabyan house and Mount Washington on Thursday, Sept. 14th. Train will leave the Eastern station at 7:30 o'clock A. M., sharp; tickets for the round trip to Fabyan house and return, $2.55,—good to return on for six days. Everybody who can should take this trip, as it is by far the cheapest one of the season.

THE CHIMES.

The great bell of the Christ church chimes will ring at 7:45 o'clock Sunday evening, and the chimes from eight till nine—ending with Old Hundred and the great bell at nine. Familiar hymns will be rung, of course—only such as can be played in a limited scale without chromatic intervals.

A GENUINE HERO.

On Tuesday forenoon of this week, at a reasonably early hour, the persons invited to attend a picnic at Rye beach commenced to assemble at the appointed rendezvous. Lady after lady put in an appearance,—wives and maidens, every one equipped with well furnished basket,—but no men; husbands and "fellows" were all so busily engaged that it was impossible they could attend the picnic, much as they desired to. This thing kept on until forty ladies were ready for the start, the masculine element being noticeable only for its total absence, when—oh, joy!—a man hove in sight, bearing in his hand a basket.

As many as possible of the ladies concealed themselves, so as not to scare him away, and he was hopelessly embayed before he discovered that he was on a lee shore at all. As he sat down his basket and looked around, the full horror of the situation dawned upon him, and the forty ladies observed the phenomenon of a man's hat rising four and one-half inches above his head, and remaining in that position with no visible means of support. But our friend, who is a tall, sturdy, good-looking young fellow, is also possessed of courage of no ordinary kind; and the first shock over, he arose nobly to the necessities of the situation. The forty ladies observed as follows:

His eye—he has two good eyes, but fine writers never speak of but one—his eye gleamed with the fire of one about to lead a forlorn hope into the imminent deadly breach; his lips closed until his mouth looked like a pencil mark made straight across his face; and smashing his hat down on his nose he said he was ready to go on a picnic to Rye beach, or anywhere else.

No more men appearing in sight, the procession started, thirty-four of the ladies packing themselves in a four-horse beach wagon, while a two-seated carryall accommodated six of the younger ladies and *the* man. The latter, as he became accustomed to the situation, apparently found it very nice, and the do-and-dare look on his face gradually gave place to an expression of placid happiness which caused the passengers in the Wentworth house coaches, as they drove past and gazed curiously at the picnickers, to speculate much as to whether he was a Mormon elder of high rank or a Turkish pasha.

The party went to Wallis' sands and remained there till evening, and the gentleman says he never knew what true bliss was before that day. He will never again be afraid of forty women, or four hundred.

MAN DROWNED.

The body of a young man of about nineteen years, name unknown, but said to be a native of Maine, was found dead in the river at Dover point, at noon on Thursday last. He was last seen alive on the previous Wednesday evening, on the river side, and he is supposed to have fallen in and been drowned.

[A later report says the unfortunate youth's name was William Bradley, and that his body was found in Sturgeon creek at Eliot, Me., on Thursday morning, by workmen employed in Hodgdon's brickyard. And still another report says his name was Rowe, and that he belonged in Dexter, Me., was employed in Ford's brickyard at Dover point, and was probably drunk when drowned, he having visited Portsmouth on Wednesday and partaken freely of intoxicants.]

On Monday evening, at Music hall, one of the most noted emotional dramas of modern production, "The Two Orphans," will be presented with the celebrated actress Kate Claxton in the leading part and supported by a strong company. Tickets now on sale at Preston's.

Rev. C. R. Eliot, who is to preach at the South Parish to-morrow, is a son of the distinguished Rev. W. G. Eliot, D. D., of St. Louis, and recently settled over the First church in Dorchester.

Mr. James M. Salter, clerk with C. E. Walker & Co., the Water street coal firm, is with his family spending a week at Kittery, to recover from the fatigues of business, as the guest of Capt. Horatio W. Trefethen.

The front of the new Telephone Exchange, in the rear of the city building, looks very nicely in its new coat of paint.

The premises in the rear of the city building are no longer to be used as a dump ground for rubbish. The band stand will be kept in some other spot. The pump will be put in order to accommodate the public wants, and a walk laid around the rear of the building. The general aspect of the surroundings will be improved, and the using of the place as a receptacle of coal ashes and dirt will be prevented, as orders have been given to the police to enforce the ordinance in this respect.

Rev. Edmund Quincy Sheafe Waldron, pastor of the Catholic church of St. Charles Borromeo at Pikesville, near Baltimore, Md., fell from a bridge near his home early in the evening of the 17th inst., and laid where he fell until next morning, when he was found unconscious, and with his head badly injured; as he is about seventy years old the most serious results are feared. Father Waldron was born in this city, and was a convert to the Catholic faith.

A report was current on the streets, Friday, that Mr. Thomas Neil, who is summering at Tamworth Iron Works with his family, had been badly injured by a fall from a staging. It is quite possible that the story arose from the accident which befell Mr. Charles A. Neal, one of the city teamsters, on the previous day, Mr. Neal having fallen from his seat and injured himself considerably.

The Summerside (Prince Edward island) *Journal* announces the arrival at the Clifton house in that place, on the 22d inst., of J. Albert Walker of Portsmouth.

Say, maiden, with the raven hair,
So beautiful and lithe and tall,
With eyes so bright and cheeks so fair,
Why let your teeth destroy it all?
For they are dark, and feel the want
Of a soft brush and SOZODONT.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption 'Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. More War.

Frank D. Moulton, the purchaser of the Canonchet estate, near Providence, R. I., was repulsed from the property on the 24th inst. by ex-Gov. Sprague. On the 25th, Trustee Chaffee, with his lawyer, went down to put Mr. Moulton in possession, and found the place occupied by men hired and armed by Sprague. An anomalous flag was flying on the house, an armed man was on the roof, and men on the lawn and at various entrances. After an interview with Sprague's boy, who said entrance would be resisted by rifles, Gatling guns and mitrailleuses, Trustee Chaffee decided to withdraw and give the state of Rhode Island a chance to enforce the law. There was some firing on the grounds, apparently in the way of bravado or as signals.

Naval Affairs.

The training ship Jamestown sailed from Boston on the 24th inst. for Newport, R. I., in tow of the U. S. S. tug Leyden.

The training ships Portsmouth and Saratoga sailed from Gibraltar on the 29th inst. for Tangier and Madeira, and then home.

Cincinnati's accomplished aeronaut, Mr. James Hayden, says St. Jacobs Oil is the best medicine ever put up, and has done him immense service in curing his rheumatism.

The Exeter *Gazette* says a rich vein of water was struck in that town recently, near the gas works. "After digging the well down several feet, an anger hole was bored, when the water immediately spurted to the top in such quantities that it could not be pumped off fast enough to allow bricking up the sides. Another well, beside the first, therefore had to be dug, and bricked before boring."

Dyspepsia, flatulency, distress after eating, cramps and pains, diarrhœa, dysentery, no appetite or strength, debility and loss of sleep, demand an immediate use of Sanford's Ginger.

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH HURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure* cure every time. JULIUS W. PIER.

MONRONA, IOWA, March 12, 1881.
I have used PERRY DAVIS' PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. A. B. IVY.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. H. I. NAYES.

ONEIDA, N. Y., Feb. 9, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house. W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. Dr. E. MORSON.

U. S. CONSULATE,
CHEFELU, KINGDOM OF PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was first made, and after years of observation and use I regard its presence in my household as an *indispensable necessity.* I. S. POTTER, U. S. Consul.

BURTON-UPON-TRENT, Eng.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. W. H. NCOOK.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief. R. CLARKSON.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing those causes, enables me to render special services to claimants. Time for filing expires January 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Prisoners paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of prisoners, to March 21, 1877 at 4 per cent. per annum.

MALARIA!

THE ONLY REMEDY KNOWN To Destroy this Deadly Pest.

The most alarming fact, in our sanitary conditions, is the prevalence of Malarial Poison not only in marshy, low-lying districts, but in the cities and upon elevated ground where, a few years since, it was unheard of. Frequently fatal disorders of the digestive functions, wasted and enfeebled body and even insanity are the dire effects of malarial poisoning, the sure precursors of death if the poison is not neutralized. The boatmen on the Del. & Hudson Canal, as well as the inhabitants of the adjoining country, have been great sufferers from Malaria. Not until a few years past did they find a reliable remedy. Now thousands testify that there is but one real and speedy cure for malarial poisoning and that is Dr. Kennedy's "Favorite Remedy," which by its action upon the blood purifies it and restores a healthy tone to the entire system. As a preventive in localities where this danger lurks, it is invaluable. The "Favorite Remedy" also cures the worst liver and kidney complaints and all diseases caused by vitiated blood. For sale by all druggists, price $1 per bottle. It is an absolutely safe, purely vegetable remedy, the greatest alterative medicine in the world. health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.

Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.

JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

The Veterans' Reunion.

The annual reunion of New Hampshire veterans at Weirs will begin on Tuesday, Sept. 12th, and close on Friday, the 15th. Thursday is the day of greatest public interest, as the oration by Gen. H. W. Fuller, of Boston, and poem by Col. A. S. Twitchell, of Gorham, are announced for that day, and also a reception to Gov. Bell and his staff. Camp fires will be held each evening, with music, speeches and stories, and other popular entertainments will be furnished, including an exhibition of camp and battle scenes, portraits, etc., with the stereopticon. The *Knapsack* will be issued and on sale as usual. Comrade A. J. Farrar is to have charge of the cafe, where meals will be furnished for twenty-five cents each, and lodging in the state barracks (capable of accommodating 1,000 men) will be free for veterans. Music will be furnished during the encampment by the Third Regiment band, H. G. Blaisdell director, assisted by Prof. T. W. Henry, of Boston, an orchestra, and the G. A. R. Drum Corps of Manchester. Return tickets can be obtained at a large reduction over all New Hampshire railroads.

Oyster Sauce.

Take one pint of oysters and scald them in their own broth; add salt, pepper and a blade of mace. Let them boil up once and skim them out. To the broth add a cup of cream in which you have mixed a teaspoonful of Sea Moss Farine, boil a few moments, add a piece of butter and return the oysters to heat, but not boil.

We have received "The Season" for September. This is a ladies' illustrated magazine, and may confidently claim to stand first in rank among the various publications of a similar kind, thanks to the care taken in the publication, and the excellent manner in which the editor has fulfilled his task of teaching his subscribers the wise principles of real economy, by putting into their hands the means of making themselves independent of others, so that, by the help of excellent patterns selected from the newest and most ladylike styles, accompanied by clear and precise explanations, they may find no difficulty in cutting out and making their own dresses without the help of a dressmaker. For sale by all booksellers and newsagents; price thirty cents per single number, or $3.50 per year.

Beware of worthless imitations of German Corn Remover. All druggists keep the genuine. 25c.

Miss Rochila Blair, daughter of Col. L. W. R. Blair, the leading greenback politician in South Carolina, who was recently killed at Camden by Capt. J. L. Haile, committed suicide on Wednesday of last week at her father's late residence in Columbia, S. C. At first it was thought she died in a fit, but at the inquest a witness stated that a bottle of strychnine was found on her person, and the jury rendered a verdict of death by strychnine, administered with suicidal intent. Miss Blair was about eighteen years of age. A singular fatality has attended Col. Blair's family. His grandfather was hanged for murder; his father committed suicide when a member of Congress from South Carolina; he himself was tried for murder, and was at last killed in a street fight; and now his daughter has committed suicide.

*** "Slow and steady wins the race." Steadily, but not slowly, Kidney-Wort is distancing all competition for universal popularity and usefulness. This celebrated can now be obtained in the usual dry vegetable form, or in liquid form. It is put up in the latter way for the especial convenience of those who cannot readily prepare it. It will be found very concentrated and will act with equal efficiency in either form. Read advertisement.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest, by a timely use of this pure medicine.—*Observer.*

The confidential clerk of J. B. Peabody & Co. of Chicago, named O'Niel, who, having lived a wild life, drank and played heavily, fled the city, leaving his accounts from $3,000 to $5,000 short, was arrested on Thursday while paying a visit to his mistress.

If you have a cold take Adamson's Botanic Balsam. A sure cure for coughs, sore throat and all pulmonary complaints. To the afflicted we recommend a trial of this superior remedy.—*Boston Saturday Evening Express.*

A mine loaded with magnets on Thursday last discovered the wreck of the schooner Vermillion in Lake Erie, where she was lost fifty years ago, with a cargo of copper ingots valued at $150,000.

Remember! Glenn's Sulphur Soap presents all the advantages of sulphur baths at a cheap rate.

"Hill's Hair and Whisker Dye," 50c.

Physicians prescribe Colden's Liquid Beef Tonic for the weak, worn, and dyspeptic; no other.

A water spout or tornado visited Johnston, R. I., Aug. 24th, travelling about a mile and a half, unroofed one barn, turned another around, and uprooted large trees, but injured no human being or animal life.

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—*Enquirer.* See another column.

The volunteer team from Great Britain, which is to compete with the American national guard team at Creedmoor, is expected to arrive at New York in the Alaska, Sept. 3d. A reception will be given the riflemen, who will go to Garden City, L. I., where they will sojourn till after the match, which occurs on the 14th and 15th.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

Hay Fever.

Messrs. Ely Bros., Druggists, Owego N. Y.—I have been afflicted for twenty years, during the months of August and September, with Hay Fever, and have tried various remedies for its relief without success. I was induced to try your Cream Balm; have used it with favorable results, and can confidently recommend it to all similarly afflicted. ROBERT W. TOWNLEY, (ex-Mayor) Elizabeth, N. Y.

TRENTON, N. J., Oct. 23, 1880.

I have suffered for eight years with Hay Fever, during July, August and September. In the beginning of July, this year, I resorted to Ely's Cream Balm, and have been entirely free from the fever since the first application. I can recommend it as a cure. EDWARD C. HILLMAN, at the New Jersey State Arsenal. Price 50 cents.

Apply into nostrils with little finger.

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1881.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.

Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. The War in Egypt.

Gen. Wolseley reports that with a force of about two thousand men he held his ground at Magfar throughout the 24th inst. against ten thousand Egyptians, taking possession of a dam which the Arabs had constructed across the fresh-water canal, between the villages of Magfar and Mahatta. He states that the Egyptians were largely reinforced from Tel-el-Kebir. On the 25th he continued his advance, capturing the Egyptian camp at the Meshameh railway station, securing five Krupp guns and seventy-five railway carriages laden with provisions, and a large quantity of ammunition and rifles. General Wolseley announced that he would on the 26th advance to the Kassassia lock of the fresh-water canal, two and a half miles west of the Meshameh station. This will, he thinks, secure a safe passage across the desert lying between Ismeilia and the cultivated land of the Delta. General Wolseley does not anticipate that the enemy will make a decided stand until he reaches Zagazig. The British loss on Thursday was five killed, and two officers and ten privates wounded. The Egyptian loss is put down at 400 or more.

A Philosophic Forger at Concord, Mass.

The managers of the Concord School of Philosophy, the officers of the Concord bank, and a Boston tailor, Mr. Tolman, are anxious to secure the apprehension of an affable young man, who has been known to them for two months past by the name of G. W. Cushman. This individual attended the full term of the school, in the service, as he claimed, of the Chicago *Times*. He hailed from Evanston, Ill., and exhibited to Mr. F. B. Sanborn, as a means of identification, a receipt for a registered letter, which he had previously had sent him from Evanston. He was presented by Mr. Sanborn to Mr. Samuel H. Emory, another officer of the school, and the latter in turn identified the young man at the bank where he wished to cash a draft. A genuine $25 draft on a Chicago bank was first cashed, and subsequently two checks of $250 and $370 respectively were paid. The latter proved to be forgeries. Of Mr. Tolman, who lives in Concord, he bought a $60 suit of clothes, giving in payment a check for $350, which was cashed. He then disappeared on the 14th inst. He was a great favorite among the visitors at Concord, and appeared to be of exemplary character. The newspapers which he claimed to represent have pronounced him an impostor.

AROUND HOME.

The crops at Newington are reported as hardly worth calling crops at all, excepting hay; potatoes will not amount to more than one-third, and corn to about one-eighth, of an average yield. Mr. Lewis DeRochemont, who used phosphate liberally, will have about 500 bushels of potatoes from three acres of land; but his is the only decent crop in the town, of late potatoes. Some of the early potatoes yielded well, but many fields of late potatoes will not pay for digging, and will not be dug. Some corn fields which six or eight weeks ago promised magnificently, now present a comical yet desolate appearance, most of the stalks having been cut down for fodder, with a hill or single stalk left here and there wherever there was a prospect of a decent ear. As to turnips, our informant has heard of none being put in; cucumber and squash vines are dried up, and cabbages have not commenced to head.

The Laconia *Democrat* says that "Stephen Patch, a cutter in L. F. Busiel's hosiery mill, took a little swim the other day that we think few would care to attempt. Starting from Durkee brook, near Gove's point, about one o'clock P. M., he struck out, entirely alone, for the Sanbornton shore, and after swimming across (a distance of about two miles) took a short rest and then swam back, reaching his starting point about half-past three. That's what we call a pretty good swim for a warm day." Mr. Patch belongs in Kittery, and is the son of Mr. George Patch of Kittery Point.

Mr. Granville Knox, of Newington, finding his supply of water running short during the dry spell, recently got Mr. Carkin of Gravelly Ridge to locate a new well for him. Mr. Carkin, who it is said uses a bit of whalebone for an indicator, directed the sinking of a well at a spot where he intimated they would probably have to go about fifteen feet to find water. The well was commenced on, and one evening when the workmen had reached the depth of twelve feet they left their tools, including several crowbars, in the bottom of the hole; next morning water was found standing within two feet and eight inches of the surface of the ground, and all the bailing the men could do did not suffice to lower it sufficiently to enable them to reach the crowbars, which are there still. The water is of good quality, and is now being used for all purposes required.

On Wednesday of last week a load of brick from Aaron Pinkham's brickyard at Dover point was delivered in Dover by Capt. W. F. Nason's gondola, the "Sturgeon." On Friday Capt. Nason took to the brickyard of Oliver Roberts, at Dover point, a load of sand from Mr. Robert's place in Eliot, this sand being especially fitted for brickmaking purposes; and he had still another load to deliver.

Mr. Albert Mason of Kittery recently received from his son in Colorado a fine collection of the minerals of that state, and also many interesting articles from the ancient haunts of the Pueblo Indians or cliff-dwellers.

Lucky Fishermen.

The largest fare of codfish ever landed by a Gloucester schooner was recently carried in by the Centennial, Capt. Bernard A. Williams. The Centennial sailed for Grand bank March 25th, and arrived at Gloucester on the 15th of August, weighing off 302,760 pounds of codfish, and stocking $11,162.55. The master's share and commission amounted to $1,796; William Hall, the first mate, secured $668.86, and Ramey Huas, second mate, $431.96. Last year the Centennial landed a bank fare of 270,000 pounds, and in 1878 a fare of 250,000 pounds. The only larger fare than that above mentioned ever landed in Gloucester was brought in in 1880 by the British schooner Kelso, Capt. Benjamin Hines, viz: 220,000 pounds large codfish, 90,000 to 100,000 pounds medium and small codfish, and 16,000 pounds of fletched halibut. The Centennial's stock is the largest ever made in a single trip in this branch, the next best being $7,888 by the schooner Carrie P. Morton, Capt. Charles A. Keene, on a five months trip in 1873, the crew sharing $326.16. The schooner Reunion, Capt. Belcher Torrey, stocked $8,354 on a fletched halibut trip in 1868, and the schooner Herman Babson stocked $11,-734.60 on a four months halibut trip to Greenland last year. Schooner Nellie N. Rowe of Gloucester has stocked $20,-560 net in the mackerel fishery since March 8th.

The nineteenth annual exhibition and fair of the New England Agricultural Society will be held at Worcester, Mass., Sept. 5th, 6th, 7th and 8th, and is expected to be larger and more complete than any of its predecessors. The officers of the society are: George B. Loring, president; Daniel Needham, secretary; George W. Riddle, treasurer.

Diary of a Summer Boarder.

Monday, P. M.—Arrived at the Ramnobscot hotel. Found it commodious as advertised; self and family only boarders as yet. Meals excellent for those who are contented with hornpouts and blueberries.

Tuesday—Blueberries and hornpouts for breakfast. Landlord says hornpout fishing is abundant. Took a walk, the only thing one is allowed to take in this prohibition town. Hornpouts and blueberries for dinner. I took a ride in the afternoon; cut myself severely trying to mow. Hornpouts for supper.

Wednesday—Tried to play croquet. The set left by last season's guest is imperfect, consisting of one hoop and seven mallets. Hornpouts for supper.

Thursday—Had a great fight with the mosquitoes last night, and should have been vanquished if a large owl had not flown into the room and scared me and the insects into fits.

Friday—Chased by a bull, but tripped him up with a stone wall.

Saturday—Left.

Say, maiden, with the raven hair,
So beautiful and lithe and tall,
With eyes so bright and cheeks so fair,
Why let your teeth destroy it all?
For they are dark, and feel the want
Of a soft brush and SOZODONT.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&w1jan82

Capt. Frisbee, of the schooner War Eagle, writes to his brother at Kittery Point that the damage to the vessel in New York harbor by fire was about $100. The energetic fist of the New York reporter placed too many 0's in his estimate of the extent of the loss.

Eight boats from Eliot neck were fishing at the mouth of the harbor several days last week, for skates, the fins of which are dried. One of these boats on Thursday caught seventeen skates.

J. H. Hale, special agent of the internal revenue service, was in this city last week examining the books of the office here.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a gentleman flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inanition and weariness, the result of disease, ever-study, or nervous strain, will derive substantial benefit from its use. It renovates the system in the normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are fastidious in Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE of his signature, as well as that of A. TOUGELER & CO., RAYMOND, MAY, Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 400 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both Inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

BOAT THIEVES.

The police were notified by wire at about eleven o'clock Friday night, that a yawl-boat belonging to the schooner Julia A. Berkele, Crosby master, at Dover discharging a cargo of coal from Perth Amboy, had been stolen, and requesting them to look out for her. Search was at once instituted, and the yawl was at length found alongside the ruins of the old fish wharf at Noble's island, just east of the railroad bridge, occupying the berth where had been moored the fine whale-boat belonging to Mr. James Hooper, freight conductor on the Eastern railroad, the latter boat having disappeared. A boy in charge of the yawl reported that a man whom he called Peter, either a mate or seaman of the Julia A. Berkele, on Friday afternoon took the yawl and started for this city, bringing the boy with him to help. After arriving here, some time during the early part of the night Peter was joined by a Portsmouth man, and the two took Mr. Hooper's boat and went down river, leaving the boy in charge of the schooner's boat. It is supposed that the thieves had planned to take the boat to some port where they could sell her, and clear out with the money. The police at once sent out advices, giving a description of the boat and thieves, to all the ports when they would be likely to arrive; they could hardly get to the eastward with the wind and sea as they were on Friday night, and it was expected the boat would be found at some port between here and Boston. The boat is a two-masted one of the whaleboat pattern, similar to those of the southend fishing fleet, but fitted up as a pleasure boat. The name of the man "Peter" is said to be Thomas H. Robertson, or Peterson, and he is described as being over six feet tall, and as thin as a fence rail.

FREIGHT CHARTERS.

Among the freight charters last week reported were a schooner from Elizabethport to this port, and one from Port Johnson to this port, with coal at $1.30 per ton, each; also a schooner from Rondout to this port, cement at twenty-six cents.

THE "TWO ORPHANS."

At Music Hall, this evening, the amusement season will open with Miss Kate Claxton and her dramatic company in the Two Orphans. This remarkable play is too well known to need special mention, and Miss Claxton is confessedly the ideal "Louise." Tickets at Preston's.

A three-years-old son of Willard Gray was run over on Pleasant street last Friday afternoon by a store team, and had his collar bone broken. So far as we can learn the driver of the team was not to blame.

Peaches were selling on the street, Saturday, from teams, at thirty for a quarter. The venders appeared to be driving a good trade.

Den Thompson, as Uncle Josh Whitcomb, will appear at Music Hall on Thursday evening, the 31st inst.

The city band-stand, which has encumbered Haymarket square since the "concert" given there by the band of the U. S. S. Tennessee, was knocked to pieces and hauled off on Saturday.

A large piece of pine woods in the southwestern part of the city, belonging to Samuel Langdon, was burning fiercely Sunday afternoon, and was reported as still burning late at night.

A brakeman named Carter, belonging in Hampton, was killed at Salem, Mass., early last Friday morning, by falling from the freight train from Portland for Boston over the Eastern railroad. He was not missed until the train reached Lynn, when word was sent back and the body was searched for, being found cut completely in two and shockingly mangled, having evidently been dragged along the track for a distance of five hundred and forty feet.

The schooner Mary Willey, Williams master, on Saturday completed the seventh round trip she has made this year between Bangor and Portsmouth, by arriving here with 60,000 feet of lumber and 500,000 shingles, to John H. Broughton. The schooner Uncle Sam, Shaw master, arrived the same day from Rockland with 400 barrels of lime to Mr. Broughton.

The U. S. S. Kearsarge, Commander Bridgman commanding, sailed from the lower harbor on Saturday morning at an early hour direct for Portland, where she will rejoin the other vessels of the North Atlantic squadron.

On the Eastern railroad, between June 1st and August 16th, 41,964 pieces of baggage were checked at the Boston station.

The yachts Magic, Brenda and Tarolinta, from Boston, Edith, from Lynn, and Winsome, from Quincy, arrived at the Isles of Shoals during the week ending August 26th.

Capt. Nat. Danielson has tendered his resignation as master of the transport Paul Jones, Jr., plying between Dover and Portsmouth in connection with the Boston steamers.

Chas. E. Walker, Esq., will go to the White mountains for a brief season of recreation, after the return from his summer vacation of his clerk, Mr. James M. Salter.

The schooner John Lenthall, Capt. Matthews, belonging to the Exeter Coal Co., was towed down from Exeter on Friday by the tug Naumkeag, and berthed at C. E. Walker & Co.'s wharf to be repaired by a gang of workmen under the superintendence of Mr. Warren Keen. The schooner discharged her cargo of coal at Exeter, having made the trips up and down the river without trouble, notwithstanding the damages she received through being run into off Cape Cod when on her way here. The collision occurred at three o'clock in the morning on the 16th inst., in a thick fog, a large three-masted schooner striking the John Lenthall on the starboard quarter, driving in her plank-shear, starting several planks, moving the after house six inches, and badly tearing her sails. The other schooner, which lost her jibboom but was otherwise apparently unharmed, gave a false name on being hailed. The sea at the time was fortunately very smooth, or the John Lenthall must have been sunk. The torn sails are at T. S. Gay & Co.'s loft to be repaired.

The boys who go in swimming around the north end wharves are much exercised in their minds over the plentifulness of monkfish, several boys having recently been chased out of the water by the hideous-looking creatures. The monk-fish consists principally of mouth, but though so formidable in appearance has little jaw-power, and while it might scratch a boy's legs badly with its sharp teeth, would not be very likely to swallow him whole if he kicked well. Boys who are caught by monkfish should bear this in mind.

About 250 persons living on the line of the Concord & Portsmouth railroad came to this city Saturday forenoon, and went on an excursion in the steamer Gen. Bartlett, which came around from Newburyport for the purpose of taking them out. The sea was pretty rough and about 249 of the excursionists were seasick.

Water being scarce at the Oceanic hotel, Isles of Shoals, the Clara Batemen carried out 5000 gallons of that standard article, Portsmouth aqueduct water, for the use of the guests, on Sunday afternoon.

A correspondent of the Boston *Post*, writing from Brunswick, Me., calls the republican ticket of York county a "very weak" one, and adds: "The unionists have not a brilliant ticket to put against this one, but it can honestly be said of it that it is respectable. One of their candidates in particular deserves election. I refer to Moses Harriman, the nominee for sheriff." When a county ticket depends for its "respectability" on bearing the name of such a notorious political bummer as "Mose" Harriman of Kennebunk, the party must be pretty hard pushed for decent material. But there are some respectable men on the market-basket ticket of York county for all that.

As Mr. Joseph R. Stacy, of Eliot, was crossing the river to Dover point on Wednesday of last week to attend the clam-bake there, when in mid-channel his boat was capsized by a flaw of wind, and he was caught under the boat, but after some very lively scrabbling he got out from beneath her, and was rescued by one of a number of boats which put off from the Eliot shore to his aid.

Advertisement and Notice.

CONCERNING THE CONSTRUCTION OF NEW STEEL STEAM CRUISING VESSELS FOR THE UNITED STATES NAVY.

INVITATION is hereby extended to all engineers and mechanics of established reputation, and all reputable manufacturers of vessels, steam-engines, boilers or ordnance, having or controlling regular establishments, and being engaged in the business, all officers of the navy, and especially all naval constructors, steam engineers and ordnance officers of the navy, having plans, models or designs of any vessels, or of any part thereof, of the classes authorized by the naval appropriation act of August 5, 1882, to submit such plans, models and designs to the Naval Advisory Board, directed to be organized by the Secretary of the Navy under the provision of said act, for his advice and assistance in the designing and constructing of said vessels, in order that the same may be examined by said board in accordance with the provisions of said act.

The vessels authorized by said act are to be two in number, to be constructed of Steel of domestic manufacture, having, as near as may be, a tensile strength of not less than sixty thousand pounds to the square inch, and a ductility in eight inches of not less than twenty-five per centum; to be provided with full sail and full steam power, and to be of the highest attainable speed, and adapted to be armed with suitable armaments, described in said act; and one is to be not less than five thousand nor more than six thousand tons displacement, and the other of not less than forty-three hundred nor more than forty seven hundred tons displacement.

Said plans, models and designs should be submitted within the period of sixty days after August 29, 1882, and should be transmitted to the Navy Department, Washington, D. C.

The Department will, upon application, forward copies of so much of the naval appropriation act as relates to said vessels, and will answer all letters of inquiry and furnish all desired information on the subject.

SOMETHING EVERY LADY OUGHT TO KNOW.

There exists a means of securing a soft and brilliant Complexion, no matter how poor it may naturally be. Hagan's Magnolia Balm is a delicate and harmless article, which instantly removes Freckles, Tan, Redness, Roughness, Eruptions, Vulgar Flushings, etc., etc. So delicate and natural are its effects that its use is not suspected by anybody.

No lady has the right to present a disfigured face in society when the Magnolia Balm is sold by all druggists for 75 cents.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Honors, Titleless —

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondence love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements, and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headache, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to health is freely given to the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

Railroad Change.

At the last session of the Massachusetts legislature the privilege was given to the Boston & Albany railroad company of exchanging its five per cent bonds, with twenty years to run, for the commonwealth's holding in the capital stock of the railroad of 24,155 shares, the price to be paid for the stock to be $160 per share. At a special meeting of the stockholders of the railroad this privilege was accepted, but not, however, without considerable opposition. Within a few days the exchange of the state's stock for the Boston & Albany's bonds has been completed, the railroad company handing over to the treasury of the commonwealth $3,858,000 in face value of its five per cent twenty-year bonds, and receiving in exchange 24,155 shares of the company's capital stock. The railroad company also paid the state $400 in money, to equalize the exchange. The interest on the bonds is payable on October 1st and April 1st. By this exchange the interest which the state has always held in the directory of the railroad ceases, and the five state directors lose their positions. This leaves the board with only eight directors, and as it is not proposed to fill the vacancies until the annual meeting in February, the present board will necessarily have to act unanimously upon any questions submitted to them, since the by-laws of the company provide that eight directors shall constitute a quorum. With this transaction closes the active but profitable connection between the railroad and the state of Massachusetts, which began nearly half a century ago, when the state aided in the construction of the Western railroad, now a portion of the Boston & Albany

"It is the common observation that the standard of natural health and normal activity, among American women, is being lowered by the influence of false ideas and habits of life, engendered by fashionable ignorance and luxurious living. It is a happy circumstance that Mrs. Lydia E. Pinkham has come to the front to instruct and cure the sufferers of her sex.
